Report of Independent Auditors

To the Administrator of Ortho Clinical Diagnostics 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Ortho Clinical Diagnostics 401(k) Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2018 and 2017, and the related statements of changes in net assets available for benefits for the years ended December 31, 2018 and 2017, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on the financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Voya Institutional Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2018 and 2017 and for the years ended December 31, 2018 and 2017, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on the financial statements.

Other Matter

The supplemental schedule of assets (held at end of year) as of December 31, 2018 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Ortho Clinical Diagnostics 401(k) Plan

Notes to Financial Statements

December 31, 2018 and 2017

1. Description of Plan

The following description of the Ortho Clinical Diagnostics (the “Company”) 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering all full-time employees of the Company and its wholly owned subsidiaries. The Plan is subject to the provisions of ERISA. On June 30, 2014 the Company was spun off from Johnson and Johnson (J&J). As a result of this spin off, there are special Plan provisions that apply only to J&J Transferees who are defined as employees that transferred to Ortho from J&J and had at least one year of service as of June 30, 2014.

The Plan Administrator is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan’s investment offerings, monitors investment performance and reports to the Plan’s Board of Trustees.

Contributions

Each year, participants may contribute up to certain IRS limitations (\$18,500 and \$18,000 in 2018 and 2017, respectively) of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3 percent of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. The Company contributes 75 percent of the first 6 percent of base compensation that a participant contributes to the Plan. The Company makes a special contribution to the Plan (the “Enhanced 401(k) Contribution Program”) on behalf of each J&J Transferee who had at least one year of service at June 30, 2014 and is still employed on December 31 of each plan year. The contribution percentage ranges from 0.5% to 2% of eligible pay based on the participant’s age on June 30, 2014 and vests on a 3 year schedule.

Participant Accounts

Each participant’s account is credited with the participant’s contributions and Company matching contributions, as well as Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are vested immediately in their contributions, matching, plus actual earnings thereon. For J&J Transferees, vesting in the Company’s contribution portion of their accounts is based on years of continuous service and a participant is 100 percent vested after three years of credited service.

Notes to Financial Statements

December 31, 2018 and 2017

Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account. The loan interest rate, determined quarterly, is set at 1 percent above the prime rate, as defined. Principal and interest is paid ratably through monthly payroll deductions.

Payment of Benefits

On termination of service due to death, disability, or retirement, a full distribution of the participant's vested interest will be made. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.

Forfeited Accounts

At December 31, 2018 and 2017, forfeited nonvested accounts totalled \$2,380 and \$1,648, respectively. These accounts will be used to reduce future employer contributions or pay plan expenses. In 2018, the Company did not use forfeited account balances to pay Voya Institutional Trust Company ("Voya") for plan administrative. No forfeited account balances were utilized to reduce employer contributions in 2018 or 2017.

Subsequent Events

The Plan has evaluated subsequent events through June 20, 2019, the date the financial statements were available to be issued. Effective January 1, 2019, the Plan revised the automatic enrollment provisions to increase the default contribution rate to 6% and add an auto escalation of 1% each year to a maximum percentage of 10%. There were no other subsequent events.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Fully benefit-responsive investment contracts (FBRIC's) are reported at contract value, which is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in FBRICs through the Voya Fixed Account.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value and contract value for investment contracts. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as the unrealized appreciation and depreciation of those investments held at year end.

Notes to Financial Statements

December 31, 2018 and 2017

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis at rates of 4.25% through 6.25% for both 2018 and 2017. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 or 2017.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2018 excess contributions to the applicable participants prior to June 30, 2019.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable and other participant transaction fees from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Recently Issued Accounting Standards

In August 2018, the FASB issued accounting standards update No. 2018-13 ("ASU 2018-13") Fair Value Measurement (Topic 820), Disclosure Framework-Changes to the Disclosure Requirement for Fair Value Measurement, which modifies removes, modifies, and adds certain required footnote disclosures for assets and liabilities measured at fair value. The amendments of ASU 2018-13 apply to all entities that are required, under existing generally accepted accounting principles (GAAP), to make disclosures about recurring and nonrecurring fair value measurements. The new guidance is effective for annual reporting periods beginning after December 15, 2019. Early adoption is permitted. The Plan is currently assessing the potential impact that the adoption of these provisions will have on its financial statements.

3. Information Certified by the Trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, all investments and notes receivable from participants held at December 31, 2018 and 2017 and net appreciation (depreciation) in fair value of investments, interest on notes receivable, and interest and dividends on investments for the years ended December 31, 2018 and December 31, 2017, disclosed in the accompanying financial statements and supplemental schedules were obtained or derived from the information supplied to the plan administrator and certified as complete and accurate by Voya.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Ortho Clinical Diagnostics 401(k) Plan

Notes to Financial Statements

December 31, 2018 and 2017

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The availability of observable market data is monitored to assess the appropriate classification of assets and liabilities within the fair value hierarchy. Changes in economic conditions, changes in observability of significant inputs, or changes in model-based valuation techniques may require the transfer of an asset or liability between levels of the fair value hierarchy. The Plan's policy is to recognize transfers between levels at the actual date of the event or circumstance that caused the transfer. For the years ended December 31, 2018 and 2017, there were no transfers in or out of levels 1, 2 or 3.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Mutual Funds

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017:

Assets at Fair Value as of December 31, 2018				
	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 207,549,270	\$ -	\$ -	\$ 207,549,270

Total assets at fair value	\$ 196,397,473	\$ -	\$ -	\$ 196,397,473

5. Guaranteed Investment Contract With Voya

In 2014, the Plan entered into a fully benefit-responsive guaranteed investment contract with National Insurance Company ("National"). National maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statement of net assets available for benefits at contract value in arriving at net assets available for benefits. Contract value, as reported to the Plan by Voya, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses.

Ortho Clinical Diagnostics 401(k) Plan

Notes to Financial Statements

December 31, 2018 and 2017

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 1 percent. Such interest rates are reviewed on an annual basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are probable of not occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

6. Related-Party Transactions and Party In Interest Transactions

The Trustee of the Plan, Voya, is party-in-interest with respect to the Plan. The Voya Fixed Account is available through a group funding contract issued by Voya Retirement Insurance and Annuity Company and the Voya Government Money Market Fund is available to hold forfeited participant balances. The Plan also pays fees to the Trustee. Subject to the terms of the Plan document, the Plan makes certain loans to participants who are employees of the Company, and are who therefore parties-in-interest with respect to the plan.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

8. Tax Status

The Internal Revenue Service ("IRS") has determined and informed the Company by letter dated August 7, 2017, that the design of the Plan meets the requirements for qualification under Code section 401(a), on which the tax exemption of the Trust under the Code section 501(a) is based. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt. The Plan administrator and the Company's benefits counsel believe that the current design and operation of the Plan are consistent with preservation of the qualification of the Plan and exemption of the Trust in the context of applicable IRS procedures.

Ortho Clinical Diagnostics 401(k) Plan

Notes to Financial Statements

December 31, 2018 and 2017

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations prior to 2015.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

10. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2018 and 2017, to Form 5500:
