MACTac 401(k) and Profit Sharing Plan
Notes to the Financial Statements
December 31, 2018 and 2017

A. PLAN DESCRIPTION

The following description of the MACTac 401(k) and Profit Sharing Plan (the “Plan”) sponsored by the Morgan Adhesives Company, LLC (the “Company” and “Plan Sponsor”) provides general information. Participants should refer to the Plan agreement for a complete description of the Plan’s provisions.

General - The Plan, effective as of January 1, 2015, is a defined contribution plan with an Internal Revenue Code (“IRC”) Section 401(k) arrangement which covers substantially all eligible employees who have attained age 18, except collective bargaining employees, students working as interns, and employees not headquartered in the United States. Entry into the Plan was immediate through October 31, 2018. Effective November 1, 2018, the Plan was amended to change eligibility to 90 days after an employee’s hire date. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Company is the Plan’s administrator and has appointed the Plan trustee to receive and invest the funds in the trust in accordance with the Plan’s provisions.

Contributions - Contributions to the Plan include both employee salary deferrals and employer contributions. Each year, subject to the IRC 402(g) limit, participants may contribute from 1% to a maximum of 50% of their annual compensation on a pre-tax or post-tax (“Roth”) basis. Until the August 1, 2017 amendment, employees who did not make a deferral election were automatically enrolled in the Plan with a 3% salary deferral. After August 1, 2017, employees are automatically enrolled with a 6% salary deferral which automatically escalates by 1% to a maximum of 10%. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan Sponsor may be required to limit contributions of certain employees to comply with the IRC.

The types of employer contributions are as follows:

Matching Contributions

The Plan Sponsor may make a discretionary matching contribution. For the year ended December 31, 2018, the Company matched 75% of each dollar of contributions up to 6% of participants’ annual eligible compensation and 25% of each dollar of contributions between 6% and 8% of participants annual eligible compensation. For the year ended December 31, 2018, the Company made matching contributions totaling \$1,139,829.

True-up Contributions

The Plan Sponsor may make a true-up contribution to eligible employees on an annual basis. For the year ended December 31, 2018, the Company made true-up contributions totaling \$23,660.

Discretionary Profit Sharing Contribution

The Plan Sponsor may make a discretionary profit sharing contribution to eligible employees who have performed 1,000 hours of service in the Plan year and are employed at year end. For the year ended December 31, 2018, the Company did not make a discretionary profit sharing contribution.

The Plan also permits rollover contributions from other qualified retirement plans.

Participant Accounts - Each eligible participant’s account is credited with the participant’s deferral contributions, employer matching contributions, allocation of the Company’s discretionary contributions, rollover contributions, investment earnings thereon, and charged an allocation of administrative expenses. Allocations of administrative expenses may be charged based on participant account balances or may be charged equally to each participant. The benefit to which the participant is entitled is the benefit that can be provided from the participant’s vested account.

MACtac 401(k) and Profit Sharing Plan
Notes to the Financial Statements
December 31, 2018 and 2017

Participants may direct their contributions to the investment options offered by the Plan. Participants may change their allocation of contributions or transfer money between investment options any time during the year.

Vesting - Participants are immediately vested in their deferral contributions, rollover contributions and actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after three years of continuous service.

Notes Receivable from Participants - Participants may borrow from their salary deferral accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested balance. The note is secured by the balance in the participant's account. The loan bears interest at a rate determined at the time the loan is taken based on prime rate plus 1% (6.50% and 5.50% at December 31, 2018 and 2017, respectively). Principal and interest are paid ratably through payroll deductions.

Payment of Benefits - Upon termination of service, death, disability, retirement, or other reasons, a participant may elect to receive his or her account balance as a lump-sum payment, in periodic installments, in non-recurring partial payments, or in the form of an annuity contract, as defined. The Plan Administrator may automatically make a distribution, lump-sum or installments, for account balances less than \$5,000. Participants terminated are entitled to receive their benefits as soon as administratively feasible. Distributions from a participant's account may be authorized at any time by the Plan Administrator under certain hardship conditions.

Forfeited Accounts - Unvested amounts forfeited by terminated participants may be used by the Plan for the payment of Plan expenses, reduction of employer matching contribution, or reduction of discretionary profit sharing contribution. Re-allocated forfeitures totaled \$89,410 and \$72,622 for the years ended December 31, 2018 and 2017, respectively.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - The Plan's investments are held in a trust and are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisor, custodian, and trustee. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits - Benefits are recorded when paid.

Administrative Expenses - Administrative expenses, including recordkeeping, custodian, and trustee fees are paid from the Plan. Advisor and annual audit fees are paid by the Plan Sponsor. Investment management and fees attributable to distributions and loans are paid by the participants. All other expenses of maintaining the Plan are paid by the Plan Sponsor. Investment related expenses are included in net depreciation of fair value of investments.

MACTac 401(k) and Profit Sharing Plan
Notes to the Financial Statements
December 31, 2018 and 2017

Subsequent Events - The Plan has evaluated subsequent events through September 5, 2019, the date that the Plan's annual financial statements were available to be issued.

C. INFORMATION CERTIFIED BY THE TRUSTEE

The Company has elected to restrict the scope of the auditor's examination with regard to statements or information prepared and certified by Reliance, the trustee.

Reliance has certified as to the completeness and accuracy of the investments it holds and changes in net assets arising from said investment activity as of December 31, 2018 and 2017, and for the year ended December 31, 2018.

Reliance has certified as to the completeness and accuracy of the schedule of assets (held at end of year) as of December 31, 2018.

D. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The levels of the fair value hierarchy under Financial Accounting Standards Board guidance in these financial statements are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement

The asset or liability's fair value measurement level within the fair value hierarchy is based upon the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

MACTac 401(k) and Profit Sharing Plan
Notes to the Financial Statements
December 31, 2018 and 2017

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017:

		Assets at Fair Value as of December 31, 2018	
		Level 1	Total
Mutual funds		\$ 31,029,788	\$ 31,029,788
Investments at fair value		\$ 31,029,788	\$ 31,029,788
		Assets at Fair Value as of December 31, 2017	
		Level 1	Total
Mutual funds		\$ 30,643,555	\$ 30,643,555

E. RELATED-PARTY TRANSACTIONS

Certain Plan investments are managed by the trustee of the Plan. The transactions involving these investments are allowable party-in-interest transactions under ERISA.

F. PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

G. FEDERAL INCOME TAX STATUS

Effective January 1, 2015, the Company adopted a prototype plan sponsored by ADP which received an Internal Revenue Service ("IRS") Opinion Letter dated January 30, 2006. Subsequently, the Plan was restated for certain language requirements of the Pension Protection Act effective as of January 1, 2015 through the adoption of a prototype plan sponsored by ADP which received an IRS Opinion Letter dated July 16, 2014. The Plan Administrator believes that the Plan is currently being operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the company has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Notes to the Financial Statements
December 31, 2018 and 2017

H. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

I. PLAN AMENDMENTS

Effective November 1, 2018, eligibility for purposes of employee, employer, and profit sharing contributions is defined as 90 days following a participant's hire date. Prior to this amendment, employees were immediately eligible on their date of hire.

Effective August 1, 2017, the automatic deferral provision was modified to increase the initial automatic deferral percentage from 3% to 6%. This will increase annually by 1% of compensation, up to a maximum of 10% of compensation. This provision is not applicable to participants that were automatically enrolled prior to the effective date of this amendment.
