NOTE 1 DESCRIPTION OF PLAN

The following description of the Swanson, Martin & Bell, LLP 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) plan established for the benefit of the employees of Swanson, Martin & Bell, LLP (the Employer). The Plan has been amended throughout the years to comply with tax legislation and most recently amended effective January 1, 2015. The Plan excludes leased employees, nonresident aliens, employees of affiliated or acquired employers, contract attorneys, and employees covered by a collective bargaining agreement. The Plan and the Trust, of which it is a part, are intended to satisfy all of the requirements for a qualified retirement plan under the appropriate provision of the Internal Revenue Code (IRC) and similar state tax laws. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Eligibility

Employees (including noncontract partners) who have reached 21 years of age and have completed one year of service, as defined, are eligible to participate. Each eligible employee may become a participant on the semi-annual entrance dates of January 1 or July 1, after attainment of eligibility.

Contributions

Each year, participants may make salary deferral contributions up to 100% of their compensation, as defined by the Plan, subject to limitations imposed by the IRC. The Plan also provides for automatic enrollment at 4% of compensation for participants who become eligible to participate in the Plan, unless otherwise elected by the participant. A participant may elect to contribute Roth elective deferrals. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover).

Employer contributions to the Plan may be made at the discretion of the Employer's Board of Directors. Employees that have completed a year of service, of at least 1,000 hours, during the Plan year, and are employed on the last day of the Plan year, are eligible to share in the Employer contribution. Employer contributions amounted to $1,815,712 and $1,807,171 for the years ended December 31, 2018 and 2017, respectively. All contributions are subject to certain limitations, as outlined in the Plan agreement.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Employer's contribution and Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations of annual contributions are based on compensation and classification of each participant as described in the Plan agreement. Allocations of earnings or losses and administrative expenses are based on participant account balances or participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Participants' Investment Options

Participants must direct their salary deferral and the Employer's discretionary contributions to selected investments as made available and determined by the Plan administrator. Participants may change their investment options at any time. The Plan currently offers various mutual funds, a money market fund, and a collective trust fund as investment options for Plan participants.

Vesting

Participants are immediately vested in their contributions, plus actual earnings thereon. Vesting in the Employer's discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant becomes 20% vested after two years of credited service and increases 20% for each additional credited year until fully vested after six years. All participants become fully vested upon attaining age 65, death, or disability.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at a rate which is commensurate with local prevailing rates. Note terms range from one to five years, or longer if the loan is for the purchase of a primary residence. Principal and interest is paid ratably through semi-monthly payroll deductions. These notes mature at various dates through April 2030.

Benefit Payments

Upon termination of service due to death, disability, retirement on or after normal retirement age, or other reasons, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in their account, or installment payments if the account balance exceeds $5,000. If the installment method is selected, the installment period cannot extend beyond the life expectancy of the participant or the joint life expectancy of the participant and the designated beneficiary. Participants' accounts of $1,000 or less are paid as a lump sum and do not require the participant's consent. The Plan's provisions also provide for in-service withdrawals or withdrawals in the event of financial hardship, as defined by the Plan.

Forfeitures

Forfeitures are first used to pay administrative expenses of the Plan and any remaining forfeitures may be used to reduce the Employer's contributions. Forfeitures totaled $32,106 and $36,738 as of December 31, 2018 and 2017, respectively. Forfeitures of $29,208 and $32,442 were used to pay administrative expenses during the years ended December 31, 2018 and 2017, respectively. Subsequent to year-end, forfeitures of $39,384 were used to reduce the Employer's contributions for the year ending December 31, 2018.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable, if any, are recorded as distributions on the basis of the terms of the Plan document.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

The Employer absorbs certain administrative costs of the Plan. Expenses incurred in the administration of the Plan are paid by the Plan unless paid by the Employer.

Subsequent Events

Management evaluated subsequent events through August 20, 2019, the date the financial statements were available to be issued.

NOTE 3 FAIR VALUE OF INVESTMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

NOTE 3 FAIR VALUE OF INVESTMENTS (CONTINUED)

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2018 and 2017.

Money Market Fund: Valued at cost, which approximates fair value.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Trust Fund: Valued at the NAV of units of the trust company collective trust. NAV is a readily determinable fair value and is the basis for current transactions. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

NOTE 3 FAIR VALUE OF INVESTMENTS (CONTINUED)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2018			
	Level 1	Level 2	Level 3	Total

Collective Trust Fund	-	3,666,245	-	3,666,245
Total Investments at Fair Value	$ 51,247,858	$ 3,666,245	$ -	$ 54,914,103

NOTE 4 CERTIFICATION OF INVESTMENT INFORMATION

TD Ameritrade Trust Company, the custodian of the Plan, has supplied the Plan administrator with a certification as to the completeness and accuracy of all investment information reflected on the accompanying statements of net assets available for benefits as of December 31, 2018 and 2017, the statements of changes in net assets available for benefits for the years then ended, and the supplemental schedule of assets (held at end of year) as of December 31, 2018.

NOTE 5 PLAN TAX STATUS

The Plan, through its adoption of a prototype plan from the custodian, has obtained opinion letters issued to the custodian, the latest of which is dated March 31, 2014, from the Internal Revenue Service (IRS) stating that the prototype plan is qualified under Section 401(a) of the IRC and that any employer adopting this plan will be considered to have a qualified plan under Section 401(a) of the IRC. The prototype plan opinion letter has been relied upon by this Plan. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan has been amended since receiving the opinion letter. However, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 6 PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 7 PARTY-IN-INTEREST TRANSACTIONS

The Plan invests in a money market fund managed by the custodian, therefore, the investment transactions qualify as party-in-interest transactions. Fees paid to the recordkeeper and the custodian amounted to $95,421 and $106,648 for the years ended December 31, 2018 and 2017, respectively. These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

NOTE 8 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.
