1. DESCRIPTION OF PLAN

The following brief description of the City Cab Company of Orlando, Inc. 401(k) Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was established by City Cab Company of Orlando, Inc. (the "Employer" and "Plan Sponsor") as a defined-contribution plan. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. Federal income taxes on amounts contributed by the participants were deferred in accordance with Section 401(k) of the Internal Revenue Code ("IRC").

On July 17, 2018, the Plan Committee approved a resolution, effective on or about October 1, 2018, to merge the City Cab Company of Orlando, Inc. 401(k) Savings Plan into the Mears Destination Services and City Cab Company of Orlando 401(k) Savings Plan (the "Merged Plan"). As a result of the merger, all Plan assets were transferred out of the Plan into the Merged Plan on November 9, 2018.

Eligibility

Substantially all employees who were at least age 21 and who had completed one year of service, as defined by the Plan agreement, were eligible to participate in the Plan. Employees were eligible to participate in the Plan as of January 1, April 1, July 1, and October 1 coincident with or immediately following the date that the employee satisfied the eligibility requirements. After the first 12-month eligibility service period, the Plan measured the eligibility service period on an anniversary basis.

Participant Contributions

Participating employees could elect to contribute up to 75% of compensation, not to exceed the IRS limits for the Plan year. Participants directed the investment of their contributions into various investment options offered by the Plan. A participant could suspend contributions at any time, or could increase or decrease their level of participation at any time during the Plan year.

Employer Contributions

The Employer could, at its discretion, match participant deferral contributions. For the Plan year, the Employer elected to match 50% of each participant's deferral contributions up to 6% of the participant's compensation, as defined by the Plan agreement. Employer matching contributions were transferred to the Plan throughout the year. Additionally, the Employer could make periodic nonelective contributions to the Plan at the discretion of the Employer's Board of Directors. Allocations of these Employer discretionary contributions were made to individual participants' accounts based on the ratio of each participant's eligible compensation to the total eligible compensation of all participants for that year. There were no nonelective matching contributions made to the Plan from January 1, 2018 to November 9, 2018.

Participant Accounts

Individual accounts were established for each participant. Each participant's account was credited with the participant's elective deferrals and (a) matching contributions, (b) discretionary contribution, if any, and (c) Plan earnings. Allocations were based on participant earnings or account balances, as defined. The participant's account was reduced by withdrawals, losses on investments, administrative fees, and any forfeitures. The benefit to which a participant was entitled was the benefit that could be provided from the participant's vested account.

Vesting
The benefits to which a participant was entitled were those that could be provided by the contributions and earnings thereon, including net unrealized gains and losses, which were credited to the participant's account. Participants were fully vested in their elective contributions and earnings thereon at all times. Participants became fully vested in Employer contributions and earnings thereon upon retirement, at death, upon total and permanent disability, or after two years of service, as defined in the Plan. Participants became fully vested upon the merger.

Notes Receivable From Participants
Participants could obtain notes based upon their vested account balances, subject to certain conditions. The minimum note permitted is $1,000 and the maximum note amount is the lesser of 50% of the participant's vested account balance or $50,000. Interest rates on participant notes are determined based on a reasonable rate of interest. The rate of interest was a fixed rate equal to the prime rate of interest at the date of the note plus 1%. Note payments consisting of principal and interest were made through payroll deductions over a term of one to five years or up to fifteen years for the purchase of a primary residence.

At December 31, 2017, the notes earned interest at a rate between 4.25% and 5.25%. All outstanding loan amounts were transferred to the Merged Plan as of November 9, 2018.

Payment of Benefits
All of the participants' vested balances were payable upon the participants' normal retirement, termination of employment, total and permanent disability or death, and financial hardship, subject to certain limitations. In the event that the participants' vested accrued benefits were less than $5,000, the Plan administrator could make a distribution without the election or request of a terminated participant. The Plan required that such distributions of amounts less than $5,000 but greater than $1,000 be rolled over to an individual retirement account unless the participant elected to receive the distribution directly.

Investment Options
Upon enrollment in the Plan, a participant could direct participant deferral contributions and Employer contributions to any of the Plan's investment options offered by SunTrust Bank (the "Trustee"). Participants could change their contribution allocations periodically and could transfer amounts between funds daily.

Forfeited Accounts
The Plan allocated forfeited amounts to reduce Employer contributions in the year forfeitures occur. Forfeitures were not significant in 2018.

Plan Expenses
Certain administrative expenses were paid by the Plan. These expenses were primarily investment management fees paid to the Trustee. The Employer paid substantially all administrative expenses of the Plan, including legal and audit fees.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation
The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP"). The Plan used the accrual basis of accounting for the presentation of financial statements.

Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from these estimates.

Notes Receivable From Participants
Notes receivable from participants were measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable were reclassified as distributions based upon the terms of the Plan document.

Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Trustee determined the Plan's valuation policies utilizing information provided by the investment advisors. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest and dividend income are recorded on the accrual basis. The net change in the fair value of investments during the Plan year is included in the statement of changes in net assets available for benefits. Net appreciation or depreciation in the fair value of investments consists of the net realized gains or losses on investments sold and the net unrealized gains or losses on investments held.

Payment of Benefits
Benefits were recorded when paid.

Subsequent Events
Plan management has evaluated subsequent events through September 5, 2019, the date which the financial statements were available to be issued. Based upon this evaluation, the Plan has determined that no subsequent events, except as disclosed in Note 1, have occurred which require adjustment to or disclosure in the financial statements.

3. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described below:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices in active markets for identical assets or liabilities that the Plan can access at the measurement date.

- Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:
  - Quoted prices for similar assets or liabilities in active markets;
  - Quoted prices for identical or similar assets or liabilities in inactive markets;
  - Inputs other than quoted prices that are observable for the asset or liability; and
  - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

  If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 – Inputs that are unobservable inputs for the asset or liability.

The following are descriptions of the valuation methodologies used for the Plan's assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017. All assets were transferred to the Merged Plan as of November 9, 2018.

Mutual funds: Valued at the daily closing price as reported by the funds. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective trust ("CCT"): Valued at the NAV as determined by the trust. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the trust less its liabilities. Participant transactions may occur daily. The Plan has no unfunded commitments related to these collective trust funds and the funds are redeemable on a daily basis without restriction. There is no redemption notice period.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value of the CCT was measured using the NAV practical expedient, and in accordance with ASU 2015-07, it was not required to be categorized within the fair value hierarchy.

The following table sets forth investment assets measured at fair value at December 31, 2017.

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 4,899,540	$ --	$ --	$ 4,899,540
Total assets in the fair value hierarchy				$ 4,899,540
Collective trust measured at net asset value				1,425,185
Total investments				$ 6,324,725

The following table summarizes investments for which fair value was measured using the NAV per share practical expedient as of December 31, 2017.

	Fair Value at December 31, 2017	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Collective trust	$ 1,425,185	N/A	Daily	None

4. PARTY-IN-INTEREST TRANSACTIONS

The Plan's investments and notes receivable from participants were held by the Plan's Trustee and certain investments were managed by the Trustee or an affiliate of the Trustee. These transactions qualified as party-in-interest transactions. The Plan paid fees for investment management services of $29,607. In addition, there were transaction fees charged by the Trustee that were absorbed in investment income that were not readily determinable.

5. INCOME TAX STATUS

Effective September 1, 2015, the Plan Sponsor adopted an amended and restated SunTrust Bank Defined Contribution Prototype Plan and Trust. The Internal Revenue Service ("IRS") determined and informed SunTrust Bank by opinion letter, dated March 31, 2014, that the prototype plan is acceptable under applicable sections of the IRC. The Plan Sponsor relies on the opinion letter and the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan Sponsor and Trustee believe the Plan is currently operated in compliance with applicable requirements of the IRC and, therefore, believe the Plan is qualified and the related trust is exempt from federal income taxes as of the financial statement date.

The Plan Sponsor has evaluated tax positions taken by the Plan and recognizes a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Sponsor has analyzed the tax positions taken by the Plan and has concluded that as of November 9, 2018, and December 31, 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by the IRS; however, there are currently no audits for any tax periods in progress.

6. SUMMARY OF INFORMATION CERTIFIED BY THE PLAN TRUSTEE (UNAUDITED)
