INDEPENDENT AUDITORS' REPORT

To the Participants and Administrator of
The Goodyear Tire & Rubber Company Employee Savings Plan for
Retail Employees
Akron, Ohio

Report on the Financial Statements

We have audited the accompanying financial statements of The Goodyear Tire & Rubber Company Employee Savings Plan for Retail Employees (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2018 and 2017, the related statement of changes in net assets available for benefits for the year ended December 31, 2018, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2018 and 2017, and the changes in net assets available for benefits for the year ended December 31, 2018, in accordance with accounting principles generally accepted in the United States of America.

Report on Supplemental Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year), referred to as "supplemental information," is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accounts of The Goodyear Tire & Rubber Company Savings Plan for Retail Employees (the "Plan") are maintained on the accrual basis of accounting.

Plan Year

The Plan Year is a calendar year.

Trust Assets

All qualified savings plans sponsored by The Goodyear Tire & Rubber Company (the "Company" or "Goodyear") in the United States maintain their assets in a master trust entitled The Goodyear Tire & Rubber Company Commingled Trust (the "Commingled Trust") administered by The Northern Trust Company (the "Trustee"). During 2018, the Company sponsored five savings plans that participated in the Commingled Trust, including the Plan. The Plan's divided interest in the Commingled Trust is presented in the accompanying financial statements in accordance with the allocation made by the Trustee.

Recordkeeper

Empower Retirement, the retirement services business of Great-West Financial, is the recordkeeper of the Plan.

Investment Valuation and Income Recognition

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts (See Note 8). Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they initiate permitted transactions under the terms of the plan.

The fair value of investments held by the Commingled Trust is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date (See Note 7). The value of the Plan's interest in the Commingled Trust is based on the beginning of the year value in the Commingled Trust plus actual contributions and allocated investment income (loss) less actual distributions and allocated administrative expenses. Investment income (loss) and investment expenses relating to the Commingled Trust are allocated daily to the Plan based on the Plan's value in each applicable fund within the Commingled Trust.

THE GOODYEAR TIRE & RUBBER COMPANY
SAVINGS PLAN
FOR RETAIL EMPLOYEES
NOTES TO FINANCIAL STATEMENTS
December 31, 2018 and 2017

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Commingled Trust's gains and losses on investments bought, sold and held during the year.

Notes Receivable from Participants

The Plan document allows notes from participants. These notes are reported at the unpaid principal balance plus accrued interest. Notes are deemed distributions by the Plan when they are determined to be in default.

Concentration of Credit Risk

The Stable Value Fund of the Commingled Trust invests part of the fund in investment contracts of financial institutions with strong credit ratings and has established guidelines relative to diversification and maturities that are intended to maintain stability and liquidity (See Note 8).

The Goodyear Stock Fund invests in the common stock of Goodyear. Significant changes in the price of Goodyear Stock can result in significant changes in the Net Assets Available for Benefits.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the basic financial statements and related notes to financial statements. Changes in such estimates may affect amounts reported in future years.

Risk and Uncertainties

The Plan invests in various investment securities which are exposed to risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Subsequent Events

The Plan has evaluated subsequent events through the date of issuance of the financial statements. There were no subsequent events which required recognition or disclosure in the financial statements.

NOTE 2 - GENERAL DESCRIPTION AND OPERATION OF THE PLAN

Inception

The Plan is a defined contribution plan, subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), and became effective April 1, 2007.

Eligibility

Salaried and hourly employees who work at a retail store location and are not covered by a collective bargaining agreement become eligible to participate in the Plan after completing one year of continuous service with the Company and provided they are not leased employees.

Effective January 1, 2017, Wingfoot Commercial Tire Systems, LLC merged with and into the Company and certain former employees of Wingfoot Commercial Tire Systems, LLC became participants in the Plan. Those employees participated in the Wingfoot Commercial Tire Systems, LLC Hourly Employee Savings and Retirement Plan (Wingfoot Hourly Plan) or the Wingfoot Commercial Tire Systems, LLC Salaried Employee Savings and Retirement Plan (Wingfoot Salaried Plan) and the respective account balances from the Wingfoot Hourly Plan and Wingfoot Salaried Plan totaling \$55,282,908 were transferred to the Plan during 2018.

On July 1, 2018, Goodyear formed a 50/50 joint venture with Bridgestone Americas, Inc ("Bridgestone") that combined the tire wholesale distribution businesses of Goodyear and Bridgestone to create TireHub, LLC ("TireHub"). Effective as of that date, participants in the Plan who became employees of TireHub were no longer eligible for Plan contributions and commenced participation in the TireHub, LLC 401(k) Savings Plan. On October 1, 2018, account balances totaling \$14,996,894 for those participants were transferred from the Plan to the TireHub, LLC 401(k) Savings Plan.

Vesting

Employee contributions are fully vested. Employer contributions vest after the participant has completed two years of continuous service with the Company.

Contributions

Eligible employees may elect to contribute from 1% to 50% of earnings, including wages, certain bonuses, commissions, overtime and vacation pay into the Plan, subject to certain limitations under the Internal Revenue Code ("IRC"). In addition, the Plan permits catch-up contributions by participants who have attained age 50 by December 31 of each year. Participating employees may elect to have their contributions invested in any of the funds available for investment under the Plan. The Company calculates and deducts employee contributions from earnings each pay period based on the percent elected by the employee.

THE GOODYEAR TIRE & RUBBER COMPANY
SAVINGS PLAN
FOR RETAIL EMPLOYEES
NOTES TO FINANCIAL STATEMENTS
December 31, 2018 and 2017

Employees may change their contribution percent, including suspending contributions, at any time. The change will become effective as soon as administratively possible after it is submitted.

The Plan has been established under Section 401 of the IRC. Therefore, employee (except for Roth 401(k) contributions) and employer contributions to the Plan are not subject to federal income withholding tax, but are taxable when withdrawn from the Plan unless rolled over to an individual retirement account or other eligible retirement plan.

All participants are entitled to elect their employee contribution to be on a pre-tax basis or as a Roth 401(k) contribution, subject to certain limitations under the IRC.

Participants receive Company matching contributions equal to 50% of the first 4% of eligible compensation contributed by the participant through elective deferrals to the Plan. In addition, the Company provides Retirement Contributions to the Plan for employees forty years of age and older, at percentages ranging from 1% to 2%, dependent on age. However, participants must be hired before January 1, 2005, participated in a Company defined benefit pension plan, and participating in the Plan during the contribution period to be eligible to receive the Company Retirement Contribution. Participants can elect to invest these contributions in any of the investment options available for employee contributions. Participants may not elect to invest more than 10% of Company Retirement Contributions in the Goodyear Stock Fund.

Participants may transfer amounts attributable to employee or employer contributions from one fund to the other daily subject to compliance with applicable trading policies of the Plan. Participants may not hold more than 10% of the portion of their account balance attributable to Company Retirement Contributions, immediately after a transfer of funds, in the Goodyear Stock Fund.

Participant Accounts

A variety of funds have been established for investment by participants of their accounts under the Plan. All fund accounts are valued by the Trustee at the close of business following each business day.

Interest and dividends (in funds other than the Goodyear Stock Fund) are automatically reinvested in each participant's respective accounts and reflected in the unit value of the fund which affects the value of the participants' accounts.

Under the Employee Stock Ownership Plan (the "ESOP") portion of the plan, participants may elect to receive cash dividends on the Goodyear stock held in their employer match account. Such election results in a distribution to the participant. For the year ended December 31, 2018 total dividends paid on the Goodyear stock held were \$147,866.

Plan Withdrawals and Distributions

Participants may take in-service distributions of vested amounts from their accounts if they:

- Attain the age of 59½, or
- Qualify for a financial hardship.

The Internal Revenue Service ("IRS") issued regulations governing financial hardship. Under the IRS regulations, withdrawals are permitted for severe financial hardship. Employee contributions to the Plan are automatically suspended for 6 months subsequent to a financial hardship withdrawal.

Participant vested amounts are eligible to be paid upon retirement, death or other termination of employment.

All withdrawals and distributions are valued as of the end of the day they are processed, and may be subject to income tax upon receipt. Any non-vested Company contributions are forfeited and applied to reduce future Company contributions and Plan expenses by the Company. As of December 31, 2018 and 2017, the Plan had forfeiture credits of \$88,151 and \$116,405, respectively.

Notes Receivable from Participants

Eligible employees may borrow money from their participant accounts. The minimum amount to be borrowed is \$1,000. The maximum amount to be borrowed is the lesser of \$50,000 reduced by the highest outstanding balance of any notes during the preceding twelve-month period, or 50% of the participant's vested account balance. Participants may have up to two notes outstanding at any time. The interest rate charged is a fixed rate established at the time of the application based on prime plus one percent (6.25% and 5.25% at December 31, 2018 and 2017, respectively).

Repayments, with interest, are made through payroll deductions. If a note is not repaid when due, the outstanding balance is treated as a taxable distribution from the Plan.

Rollovers

Employees, Plan participants, or former Plan participants may transfer eligible cash distributions from any other employer sponsored plan qualified under Section 401 of the IRC into the Plan by a direct transfer from such other plan.

Expenses

Expenses of administering the Plan are paid partly by the Company and partly by the Commingled Trust. Trustee's fees and brokerage commissions associated with the Company Stock Fund are paid by the Company. Expenses related to the asset management of the investment funds and the independent fiduciary of the Goodyear Stock Fund are paid from such funds which reduce the investment return reported and credited to participant accounts. Recordkeeping fees are paid from funds in which a participant invests.

The Professional Management Program offered by Advised Assets Group, LLC., an affiliate of Great-West Financial, is available to all participants. This program provides personalized portfolio management for participants who wish to delegate their investment decisions about fund choices within the Plan to a professional manager. Participation in the program is paid solely by enrolled participants. The expenses reduce the investment return reported and credited to enrolled participant accounts.

Termination Provisions

The Company anticipates and believes that the Plan will continue without interruption, but reserves the right to discontinue the Plan. In the event of termination, the obligation of the Company to make further contributions ceases. All participants' accounts would then be fully vested with respect to Company contributions.

NOTE 3 - RELATED PARTY TRANSACTIONS

An affiliate of the Trustee serves as the fund manager of the S&P 500 Index and Russell 1000 Index Funds which are offered as investment funds available to participants under the plan.

The Goodyear Stock Fund is designed for investment in common stock of the Company, except for short-term investments needed for Plan operations. During 2018, the price per share of Goodyear common stock on The Nasdaq Stock Market ranged from \$18.79 to \$36.07. The closing price per share of Goodyear common stock on The Nasdaq Stock Market was \$20.41 at December 31, 2018 (\$32.31 at December 31, 2017). The common stock of Goodyear and a Short-Term Investments Fund are the current investments of this fund. The portion of this fund related to employer matching contributions is designated as an ESOP.

NOTE 4 - TAX STATUS OF PLAN

The IRS has determined and informed the Company by a letter dated August 29, 2017 that the Plan is qualified and the trust established for the Plan is exempt from Federal Income Tax under the appropriate Sections of the IRC. The Company and Plan's tax counsel believe the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 7 - FAIR VALUE MEASUREMENTS

Assets and liabilities measured at fair value are classified using the following hierarchy, which is based upon the transparency of inputs to the valuation as of the measurement date:

- Level 1 – Valuation is based upon quoted prices (unadjusted) for identical assets or liabilities in active markets.
- Level 2 – Valuation is based upon quoted prices for similar assets and liabilities in active markets, or other inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.
- Level 3 – Valuation is based upon other unobservable inputs that are significant to the fair value measurement.

Investments Measured at Net Asset Value:

Total Investments at Fair Value				<u>\$ 2,102,279</u>

The classification of fair value measurements within the hierarchy is based upon the lowest level of input that is significant to the measurement. Investments that were measured at net asset value ("NAV") per share are not classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to total investments at fair value of the Commingled Trust. Valuation methodologies used for assets measured at fair value are as follows:

Mutual Funds: Valued at the NAV of shares held by the Commingled Trust at year end, as determined by the closing price reported on the active market on which the individual securities are traded.

Common Stock: Valued at the year-end closing price reported on the active market on which the individual securities are traded.

Common collective trusts: Valued at the NAV of units held by the Commingled Trust at year end. The NAV, as provided by the trustee of each common collective trust fund, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by each fund less its liabilities. This practical expedient would not be used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. If the plan were to initiate a full redemption of any common collective trust, each investment advisor reserves the right to temporarily delay withdrawal to ensure that securities liquidation will be carried out in an orderly business manner. The common collective trust funds had a fair value of approximately \$1,707,925,000 and \$1,866,688,000 as of December 31, 2018 and 2017, respectively, with no unfunded commitments, daily pricing frequency, and full redemption notice periods that extend no greater than 30 days.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 8 - INVESTMENT CONTRACTS

One investment fund available under the Commingled Trust is the Stable Value Fund, which has entered into benefit-responsive guaranteed investment contracts and wrapper contracts with various financial institutions. The Stable Value Fund is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The value of the Commingled Trust's investment in the Stable Value Fund was approximately \$608,928,000 and \$630,232,000 as of December 31, 2018 and 2017, respectively.

As described in Note 1, because the guaranteed investment contracts held by the Commingled Trust are fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contracts. Contract value, as reported to the Commingled Trust by the manager of the Stable Value Fund, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the contract issuers or otherwise. The crediting interest rate is based on a formula agreed upon individually with the issuers.

The Stable Value Fund has purchased wrapper contracts from the financial institutions. The wrapper contracts amortize the realized and unrealized gains and losses on the underlying fixed income

investments, typically over the duration of the investments, through adjustments to the future interest crediting rate (which is the rate earned by participants in the fund for underlying investments). The issuers of the wrapper contracts provide assurance that the adjustments to the interest crediting rate do not result in a future interest crediting rate that is less than zero.

Certain events limit the ability of the Plan to transact at contract value with the issuer. These events include termination of the Plan, a material adverse change to the provisions of the Plan, if the Commingled Trust elects to withdraw from a wrapper contract in order to switch to a different investment provider, or if the terms of a successor plan (in the event of the spin-off or sale of a division) do not meet the wrapper contract issuer's underwriting criteria for issuance of a clone wrapper contract. The events described above that could result in the payment of benefits at market value rather than contract value are not probable of occurring in the foreseeable future.

The wrapper contracts do not permit the issuers to terminate the contracts unless the Plan loses its qualified status, has incurred material breaches of responsibilities, or material and adverse changes occur to the provisions of the Plan.
