Note 1 - Plan Description

The following description of Buckeye Corrugated, Inc. 401(k) Plan and Trust (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Buckeye Corrugated, Inc. who are not covered by collective bargaining agreements and who have attained age 18 and completed 90 days of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

The Plan provides for employee salary deferral contributions subject to maximum tax-deferred limitations established by the Internal Revenue Code. Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan. The Plan contains an autoenrollment feature in which eligible employees will be automatically enrolled at 6 percent of their annual pretax compensation.

The Plan provides for employer matching contributions equal to \$0.30 on each dollar deferred for the first 3 percent of the employee eligible compensation, and, for deferrals above 3 percent, the Company will match \$0.15 on each dollar deferred up to 15 percent of employee eligible compensation.

The Company may make profit-sharing contributions to the Plan at the discretion of Company's board of directors. There were no discretionary employer profit-sharing contributions made to the Plan for the year ended December 31, 2018.

Participant Notes Receivable

The plan document does not authorize loans from the Plan to active eligible participants. However, in 2017, the Drake Container 401(k) Plan (the "Drake Plan") merged into the Plan, and the Drake Plan previously authorized loans. Therefore, all loan balances were transferred to the Plan during 2017 in accordance with a merger and transfer agreement, which allowed the loans in the Plan. Loans were made to any eligible participant demonstrating a qualifying need. The minimum amount of a loan was \$1,000. The maximum amount of a participant's loan was determined by the available loan balance restricted to the lesser of \$50,000 or 50 percent of the participant's vested account balance. All loans are covered by demand notes and are being repaid through payroll withholdings over a period not to exceed five years, unless the participant is paying the loan in full. Interest on the loans is based on the prime rate plus 2 percent. As the Plan does not allow for loans, no new loans have been authorized by the Plan since the Drake Plan merger.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and plan earnings and charged with an allocation of administrative expenses. Allocations are based on participants' compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

Vesting

Participants are immediately 100 percent vested in employee salary, employer match, and rollover contributions and any income or loss thereon. Participants will vest in the additional employer discretionary contribution based on a six-year graded schedule starting with 20 percent after two years of service and 20 percent each successive year through year six, at which time the participant is fully vested.

December 31, 2018 and 2017

Note 1 - Plan Description (Continued)

Benefit Payments

Distributions are payable upon retirement, death, disability, or termination of employment in the form of a lump-sum amount equal to the vested balance of a participant's account.

Participants may request that all or a portion of their accounts be distributed in the case of financial hardship, as defined in the plan document.

Forfeitures

If a participant is not fully vested on his or her termination date, the nonvested amount of the account is forfeited. The Company allocates forfeitures to participants based on the participant's compensation, as defined. Allocations of forfeitures are considered additional company contributions and are subject to the vesting provisions of company contributions.

Termination

While it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the plan document and ERISA. Upon termination of the Plan, participants become 100 percent vested in their account balances.

Note 2 - Summary of Significant Accounting Policies

Investment Valuation and Income Recognition

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date.

Participant Notes Receivable

Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Participant notes receivable are written off when deemed uncollectible.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

Various administrative costs, including legal and professional fees, are paid by the Company. These transactions qualify as party-in-interest transactions.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

December 31, 2018 and 2017

Note 2 - Summary of Significant Accounting Policies (Continued)

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including September 3, 2019, which is the date the financial statements were available to be issued. Effective January 1, 2019, the Plan changed recordkeepers from Alliance Benefit Group of Michigan to Schwab Retirement Plan Services, Inc. At that time, the Plan also adopted a new plan document with similar provisions except for the replacement of the employer matching contribution with a 3 percent employer safe harbor contribution.

Note 3 - Unaudited Information

Charles Schwab Bank (the "Trustee") holds the Plan's investments and participant notes receivable and executes all related transactions. The investment and participant notes receivable balances and related income and losses included in the accompanying financial statements and supplemental schedule of assets held at end of year are based solely on information certified by the Trustee.

Note 4 - Tax Status

The Plan, as adopted, is a volume submitter plan, which does not require an application for a determination letter from the Internal Revenue Service (IRS). The volume submitter plan has received a favorable notification letter from the IRS dated March 16, 2010. The Plan has been amended since receiving this determination. However, the plan sponsor believes the Plan still complies with applicable laws under the Internal Revenue Code.

Note 5 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the valuation techniques and inputs used to measure fair value.

Level 1

Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2

Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Level 3

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

Notes to Financial Statements**December 31, 2018 and 2017****Note 5 - Fair Value Measurements (Continued)**

In instances whereby inputs used to measure fair value fall into different levels of the fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

The following valuation methodologies have been used to value the Plan's investments:

Mutual Funds

Mutual funds are valued at quoted prices reported in active markets

Common Collective Trust Fund

The common collective trust fund (CCT) is valued at net asset value per share (NAV) or its equivalent of the fund, which is based on the fair value of the fund's underlying assets.

During 2018, the Plan determined the common collective trust fund is valued at NAV. Previously, the common collective trust fund was classified at fair value as a Level 2 investment. Accordingly, the 2017 fair value hierarchy table has been updated to reflect this change in presentation of the CCT.

The following tables present information about the Plan's assets measured at fair value on a recurring basis at December 31, 2018 and 2017:

		Assets Measured at Fair Value on a Recurring Basis at December 31, 2018	
		Investments (at Fair Value)	Level 1
Mutual funds		\$ 30,855,039	\$ 30,855,039
Investments measured at NAV - Common collective trust fund		2,881,981	
Total investments at fair value		<u>\$ 33,737,020</u>	
		Assets Measured at Fair Value on a Recurring Basis at December 31, 2017	
		Investments (at Fair Value)	Level 1
Mutual funds		\$ 33,716,029	\$ 33,716,029
Investments measured at NAV - Common collective trust fund		2,806,732	
Total investments at fair value		<u>\$ 36,522,761</u>	

There were no unfunded commitments or redemption restrictions on the investments described above.
