INDEPENDENT AUDITORS' REPORT

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Famous Tate Electric Company 401(k) Savings and Retirement Plan, which comprise the statements of net assets available for benefits as of December 31, 2018 and 2017, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Massachusetts Mutual Life Insurance Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2018 and 2017, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets held for investment purposes as of December 31, 2018, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

401(K) SAVINGS AND RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2018 AND 2017

Note 1 – Description of Plan

The following description of the Famous Tate Electric Company (Company) 401(k) Savings and Retirement Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan covering all employees with three months of service who are at least 21 years of age. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). An administrative committee oversees governance of the Plan. Massachusetts Mutual Life Insurance Company (Mass Mutual) serves as the trustee of the Plan and holds the Plan's investments. The Plan was amended effective July 1, 2017, to permit Roth after-tax contributions.

Contributions – Each year the Company may match a percentage of employee contributions up to 6% of the employee's wages. Additionally, the Company may contribute a percentage of employees' wages to eligible participants as a profit-sharing contribution. Participants may contribute up to 100% of their annual compensation, up to statutory limits. The Plan includes an eligible automatic contribution arrangement whereby all eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate, with a default deferral rate set at 3% of eligible compensation. Amounts withheld on behalf of participants and Company matching contributions are paid into the Plan each payroll date.

Participant Accounts – Each participant account is credited with the participant's contributions and withdrawals, as applicable, and allocations of the Company's contributions and Plan earnings and expenses. Plan earnings and expenses are allocated pro rata within each investment on a daily basis based on the participant's account balance. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants – Participants may borrow from their fund accounts a minimum of $1,000 and up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates that range from 3.00% to 5.25% for loans outstanding at December 31, 2018 and 2017. Principal and interest are paid each payroll date through payroll deductions, and the loans become due through 2026. The loans are reported at their unpaid principal balances plus any accrued but unpaid interest. At December 31, 2018 and 2017, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Vesting and Forfeitures – Participants are immediately vested in their voluntary contributions and allocated earnings and expenses thereon. Vesting in employer contributions is based on years of credited service. A participant is 20% vested after one year of credited service, and an additional 20% is vested for each additional year of service until fully vested after five years. Unvested forfeitures of withdrawn participants may be used to offset subsequent employer contributions.

Note 1 – Description of Plan – continued

Payment of Benefits – Distributions are available upon death, disability, retirement, termination of employment, or financial hardship, subject to certain restrictions and limitations. Distributions are payable in lump sum or installment payments. If a participant's vested benefit in the Plan does not exceed $5,000, then the benefit must be distributed in a single lump sum payment as soon as administratively feasible.

Note 2 – Date of Management's Review

In preparing these financial statements, the Company has evaluated events and transactions for potential recognition or disclosure through September 3, 2019, the date the financial statements were available to be issued.

Note 3 – Summary of Significant Accounting Policies

Basis of Accounting – The accompanying financial statements are presented on the accrual basis of accounting. Benefits are recorded as distributions to participants when paid.

Investment Valuation and Income Recognition – Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the plan. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Expenses – Substantially all operating costs associated with maintaining the Plan are paid by the Company, including professional fees and insurance. Investment-related expenses are included in net appreciation (depreciation) - pooled separate accounts and earnings - guaranteed investment contract. Certain administrative expenses directly relating to a participant's account, such as loan processing fees, are specifically allocated and deducted from the specific participant's account.

Note 4 – Fair Value Measurements

FASB *Accounting Standards Codification 820, Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
Level 2	Inputs to the valuation methodology are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies.
Level 3	Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for the asset measured at fair value. There has been no change in the methodology used at December 31, 2018 and 2017.

Pooled Separate Accounts: Investments in pooled separate accounts are represented by a "unit of account" and per unit values whose value is the result of the accumulated values of the underlying investments. These underlying investments are public investment vehicles valued using the Net Asset Value ("NAV") provided by the administrator of the mutual fund investments. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The Plan's investment has no restrictions on the net asset value per share or its equivalent. There are no known or anticipated redemptions, no unfunded commitments, and no notice is required to sell the shares/units at any given time.

Note 4 – Fair Value Measurements – continued

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017:

	Level 1	Level 2	Level 3	Total
December 31, 2018				
Pooled separate accounts*	$ -	$ -	$ -	$5,393,885
December 31, 2017				
Pooled separate accounts*	$ -	$ -	$ -	$5,142,888

*The investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy in accordance with FASB *Accounting Standards Codification 820, Fair Value Measurements*. The fair value amounts included above are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Note 5 – Data Certified by Trustee

For 2018 and 2017, substantially all of the Plan's investments were held by Mass Mutual. The plan administrator has elected the method of compliance permitted by CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, as permitted under such election, the plan administrator instructed the independent certified public accountants not to perform any auditing procedures with respect to information certified by the trustee, except for comparing certified information to information included in the financial statements.

The following reconciles the certified information to the investment accounts:

	2018	2017
Investment accounts		
Certified by trustee	$7,228,708	$7,630,934
Investment income (loss) - net		
Income (loss) certified by trustee	$ (299,681)	$ 726,760
Investment expenses	(5,877)	(5,848)
TOTAL	$ (305,558)	$ 720,912

Note 6 – Investment Contract with Insurance Company

For 2018 and 2017, the Plan entered into a traditional fully benefit-responsive investment contract with Mass Mutual. Mass Mutual maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan, subject to the limitations described below.

As described in Note 3, because the guaranteed investment contract meets the criteria to be considered fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statements of net assets available for benefits at contract value. Contract value, as reported to the Plan by Mass Mutual, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract at December 31, 2018 and 2017, was $1,834,823 and $2,488,046, respectively. The crediting interest rate is discretionary to Mass Mutual and the method used to determine the rate may be changed at any time. Such interest rates are reviewed on a quarterly basis for resetting. The guaranteed interest contract does not allow the crediting interest rate to be less than 3.00%.

Certain events limit the Plan's ability to transact at contract value with Mass Mutual. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the Employee Retirement Income Security Act of 1974. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring.

The guaranteed interest contract does not permit the insurance company to terminate the agreement unless the Plan is not in compliance with the investment agreement.

Note 7 – Forfeited Accounts

The Plan’s forfeited nonvested accounts totaled $1,334 and $374 at December 31, 2018 and 2017, respectively. These accounts may be used to reduce future employer contributions. During 2018, $6,716 of the 2018 employer contributions were paid from the forfeited nonvested accounts. During 2017, $2,345 of the 2017 employer contributions were paid from the forfeited nonvested accounts.

Note 8 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 9 – Party-in-Interest Transactions

Plan investments are issued by Mass Mutual, the trustee of the Plan. Therefore, these transactions qualify as exempt party-in-interest transactions. Investment and administrative fees related to these investments paid by the Plan totaled $9,626 and $7,103 for the years ended December 31, 2018 and 2017, respectively.

Note 10 – Income Tax Status

The Plan did not obtain a Plan specific determination letter as it is operating under a volume submitter plan document. The Internal Revenue Service has advised that the volume submitter plan is acceptable under Section 401(a) of the Internal Revenue Code. Therefore, the Plan is exempt from federal income tax under Section 501(a). The Plan has been amended since the advisory letter date. However, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code, and therefore believes that the Plan is qualified and the related trust is tax-exempt. (See Note 13 for a description of a contingency.)

Accounting principles generally accepted in the United States of America require the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) for any uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

Contributions received from participants for 2018 and 2017 are net of payments of $12,880 and $12,588, respectively, required to be made to certain active participants to return to them excess deferral contributions as required to satisfy the relevant nondiscrimination provisions of the Plan. Contributions received from participants for 2017 are also net of payments of $401 required to be made to participants who were admitted to the Plan before becoming eligible. The Plan’s statements of net assets available for benefits includes excess contributions payable at December 31, 2018 and 2017.

Per financial statements	$7,429,555	$ (383,702)	$7,813,257	$1,094,409

Note 12 – Risks and Uncertainties

The Plan provides for investments in various securities. Investments, in general, are exposed to various risks such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 13 – Contingency

The U.S Department of Labor (DOL) performed an examination of the Plan for the year ended December 31, 2010. In December 2013, the DOL informed the Plan trustee that for 32 out of 75 payroll periods examined, employee contributions and participant loan repayments were remitted to the Plan beyond the time that amounts could reasonably be segregated from the employer's general assets. It is the DOL's view that the Plan has violated, and remains in violation of, the fiduciary provisions of ERISA until lost earnings resulting from the untimely deposit of employee contributions and participant loan repayments to the Plan are restored to the Plan. Although the DOL concluded that further action was not warranted at that time, information indicating that a prohibited transaction has occurred was referred to the Internal Revenue Service. Plan management cannot predict or determine the outcome of this matter or reasonably estimate the amount or range of amounts of lost earnings to be restored to the Plan or any excise taxes or penalties levied against the Company that might result from an adverse outcome.

Note 13 – Contingency – continued

As a result of the DOL's findings, the Company changed its policy regarding the remittal of amounts withheld from participants. Effective October 2014, employee contributions and loan repayments are paid into the Plan each payroll date. The potential liability for lost earnings, excise taxes, and penalties related to periods prior to the policy change has not been determined.

Note 14 – Subsequent Event

The Plan was amended to increase the deferral rate for participants who were automatically enrolled in the Plan (and did not subsequently elect to change the deferral percentage) by 1% annually effective January 1, 2019, with a maximum deferral rate of 10%.

Fee and Compensation Disclosure Report

This document is intended to assist a plan administrator ("you") in completing the Form 5500 Schedule C[1] by identifying different types of compensation paid with respect to the product utilized by your plan.

As permitted under the Schedule C rules, compensation is disclosed in the attached report as an actual dollar amount, an estimate or a formula or rate.

- Where an actual dollar amount of compensation is disclosed, no further notation regarding compensation calculations is generally provided.
- Where an estimate of the compensation amount is disclosed, we have used a reasonable method to arrive at the estimate and we have described the method used to arrive at the estimated amount.
- Where a formula or rate is provided to report compensation, we have used a reasonable method to arrive at the estimate and we have described the method used to arrive at the estimated amount. This formula or rate may be disclosed to describe the compensation to which it applies under the Schedule C rules. Alternatively, for purposes of Schedule C disclosure or in connection with your fiduciary review of the compensation paid with respect to the services, products and investment options utilized by the plan, you may calculate and disclose an actual or estimated dollar amount by multiplying the rate by the total assets to which it applies.

Please note that, unless otherwise indicated in the descriptions contained in this report, direct compensation is presented on a plan year basis 01/01/2018 - 12/31/2018 and indirect compensation is presented on a calendar year basis ending 12/31/2018.

This report includes compensation actually paid to or by MassMutual within the indicated plan year as part of your MassMutual-serviced product. *(Note: If the plan year period or plan year end indicated in this Schedule C reporting package is incorrect, please notify your MassMutual customer service representative immediately).* This report does not include amounts deducted from plan assets and paid to third parties (other than MassMutual). In addition, the report does not include compensation related to investments held by the plan that are not serviced on our recordkeeping system. You should contact your other service providers for reportable compensation information. You may also receive information on the compensation reported here from other service providers as is described below.

Please note that we have provided suggested service codes with respect to services provided through our product. Please review all Schedule C and other Form 5500 materials with your experienced benefits counsel and other professionals to determine the most appropriate codes for your plan. In addition, please note that because plans with fewer than 100 participants (as of the beginning of the plan year) are generally not required to file Schedule C, you should refer to the instructions provided by the IRS for Schedule C and/or review the applicability of Schedule C to your plan with your experienced tax/benefits counsel, to determine whether it is necessary for the plan to report the information contemplated by this report.

Please contact your MassMutual Service Team should you require additional information regarding the compensation paid to or by MassMutual with respect to your plan.

Information provided in this document and related materials we provide are not intended to be and shall not be deemed tax advice, tax form preparation services, legal advice, advice to plans regarding compliance with ERISA reporting compliance, or accounting or other professional services. As described above, the information contained in this report may not cover all of the compensation received by the plan's service providers. We strongly encourage you to review all Schedule C and other Form 5500 materials with experienced benefits counsel and other professionals.

---

[1]Please refer to the Schedule C of the Form 5500 and its instructions (available at: http://www.dol.gov/ebsa/5500main.html), and please confer with experienced benefits counsel and other professionals, to determine the applicability of Schedule C to your plan.

FORM 5500 SCHEDULE C REPORT
SCHEDULE C, LINE 2(h) AND LINE 3(e) FORMULA DESCRIPTION

FAMOUS TATE ELECTRIC CO 401K PLAN (820056)
EIN #: 59-2045478

Please note that, unless otherwise indicated in the descriptions contained in this report, direct compensation is presented on a plan year basis 01/01/2018 - 12/31/2018 and indirect compensation is presented on a calendar year basis ending 12/31/2018.

For use with lines 2(h), 3(c), 3(d), 3(e)

Total Direct Compensation Paid **$9,625.85**

The total amount identified above reflects all fees deducted from plan assets at the plan administrator's direction for the plan year. Service providers which have received portions of these direct fees are listed below, along with the amount of fees they received. Please note that if there is a discrepancy between the total direct fees reported above and the sum of the direct fees reported below, you should contact your other service providers or your plan records to identify the recipient(s) of the fees and any other information relevant to your Schedule C filing.

Recipient: Massachusetts Mutual Life Insurance Company EIN: 04-1590850

Service Codes: 15, 23, 37, 38, 54, 55, 59, 60, 62, 63, 64, 65, 66, 99, 50 (if direct compensation amount reflected below)

Direct Compensation **$9,625.85**

The total amount identified above reflects fees deducted from plan assets at the plan administrator's direction for the 2018 plan year for the above named recipient. Please review other service providers, below, to determine whether direct fees were also paid to them. Also, please review your records to determine whether other service providers may have received any compensation not reported below (e.g., a reimbursement paid to any plan fiduciary, your employee benefits counsel, or a plan auditor).

Note: Due to system accounting protocols (including 'cash basis' accounting), amounts reported as Direct Compensation and amounts reported as paid to Massachusetts Mutual Life Insurance Company ("MMLIC") are the net result of aggregating direct compensation after the effects of adjustments processed in 2018, some of which may have pertained to prior years.

Please review the detailed breakdown at the end of the report for further information.

Indirect Compensation

Annual referral fee for Millennium Trust Automatic Rollover service

Service code: 49

Payor: Millennium Trust Company, LLC EIN: 36-4400066

Millennium Trust Company, LLC (MTC) paid MassMutual a one-time referral fee of (i) $40 for each participant IRA rollover with a balances of $500 or more, (ii) $10 for each participant IRA rollover with a balances between $75 and $500, and iii) $0 for each participant IRA rollover with a balance of less than $75.

Float compensation **$221.83**

Bank accounts and investments associated with short-term investment pool

This is an estimate based on the annual average rate of float (0.43% for 2018) earned on the bank accounts and investments associated with the short-term investment pool for the 2018 calendar year multiplied by an estimate of the assets related to uncashed checks.* This estimate does not include float earned for any other reason (e.g., if amounts remitted cannot be immediately invested because they are not in good order). Please review or request a copy of the current float disclosure for more information about the other circumstances in which float is earned.

* A complete listing of distribution checks that remain outstanding for your plan is available on the Retirement Plan Access web site under the Standard Reports section (Report R03998-Outstanding Distribution Checks). Uncashed check assets will continue to remain in a float-earning bank account until such time direction is received from the Plan Sponsor, subject to applicable regulation. The Plan Sponsor should consult with the Plan's/Plan Sponsor's tax advisor or benefits counsel to determine if assets attributable to uncashed checks should be included on the Form 5500 filing.

Non Monetary Compensation

Please note that items of nonmonetary compensation need to be reported for Schedule A or C (Form 5500) purposes if they exceed certain *de minimus* amounts. Transactions generating nonmonetary compensation may include gifts, gratuities, or certain types of in-kind benefits. In addition, if applicable to the plan, MassMutual agents may qualify for certain forms of non-monetary compensation as a result of the sale of MassMutual contracts. These forms of non-monetary compensation include health, vision, life and disability coverage; matching contributions to 401(k) plans; cash balance and nonqualified pension plan contributions; participation at MassMutual-sponsored conferences based on recognition; and other non-monetary compensation (meals, entertainment, prizes, awards, gifts). If applicable, each plan in the agent's book of business is allocated compensation based on a pro rata basis using the number of plans representing the agent's book of business as of 12/31/2018.Information concerning reportable transactions undertaken between or among non-MassMutual parties may not be available to MassMutual. Please consult with your legal or tax advisors if you have any questions.

Under the variable investment options available through your plan's group annuity contract or funding agreement, contract values are invested in Massachusetts Mutual Life Insurance Company separate accounts that, in turn, invest in underlying registered investment companies (i.e., mutual funds) and collective investment funds.

The above list includes any investment option held by the plan on at least one month end during the 2018 calendar year. To arrive at an estimate of the dollar amount that MassMutual received from each investment option, multiply the rate of fees received from each investment option by your plan's year-end balance (or if the investment option was liquidated prior to year end, the balance on the liquidation date) and, if applicable, the per participant fee by the number of participants in the investment option at year end (or the liquidation date if earlier). This will be an estimate because your plan's balance and number of participants will vary over the course of the year, so the year-end balance and number of participants may be higher or lower than the daily balance. In addition, these fees are calculated on a daily basis.

[*] This amount is the sum of the fund's distribution, management and other fees, which are also identified in the fund's prospectus. INDEPENDENT AUDITORS' REPORT

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Famous Tate Electric Company 401(k) Savings and Retirement Plan, which comprise the statements of net assets available for benefits as of December 31, 2018 and 2017, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Massachusetts Mutual Life Insurance Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2018 and 2017, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets held for investment purposes as of December 31, 2018, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

FAMOUS TATE ELECTRIC COMPANY
401(K) SAVINGS AND RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2018 AND 2017

Note 1 – Description of Plan

The following description of the Famous Tate Electric Company (Company) 401(k) Savings and Retirement Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan covering all employees with three months of service who are at least 21 years of age. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). An administrative committee oversees governance of the Plan. Massachusetts Mutual Life Insurance Company (Mass Mutual) serves as the trustee of the Plan and holds the Plan's investments. The Plan was amended effective July 1, 2017, to permit Roth after-tax contributions.

Contributions – Each year the Company may match a percentage of employee contributions up to 6% of the employee's wages. Additionally, the Company may contribute a percentage of employees' wages to eligible participants as a profit-sharing contribution. Participants may contribute up to 100% of their annual compensation, up to statutory limits. The Plan includes an eligible automatic contribution arrangement whereby all eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate, with a default deferral rate set at 3% of eligible compensation. Amounts withheld on behalf of participants and Company matching contributions are paid into the Plan each payroll date.

Participant Accounts – Each participant account is credited with the participant's contributions and withdrawals, as applicable, and allocations of the Company's contributions and Plan earnings and expenses. Plan earnings and expenses are allocated pro rata within each investment on a daily basis based on the participant's account balance. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants – Participants may borrow from their fund accounts a minimum of $1,000 and up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates that range from 3.00% to 5.25% for loans outstanding at December 31, 2018 and 2017. Principal and interest are paid each payroll date through payroll deductions, and the loans become due through 2026. The loans are reported at their unpaid principal balances plus any accrued but unpaid interest. At December 31, 2018 and 2017, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Vesting and Forfeitures – Participants are immediately vested in their voluntary contributions and allocated earnings and expenses thereon. Vesting in employer contributions is based on years of credited service. A participant is 20% vested after one year of credited service, and an additional 20% is vested for each additional year of service until fully vested after five years. Unvested forfeitures of withdrawn participants may be used to offset subsequent employer contributions.

Note 1 – Description of Plan – continued

Payment of Benefits – Distributions are available upon death, disability, retirement, termination of employment, or financial hardship, subject to certain restrictions and limitations. Distributions are payable in lump sum or installment payments. If a participant's vested benefit in the Plan does not exceed $5,000, then the benefit must be distributed in a single lump sum payment as soon as administratively feasible.

Note 2 – Date of Management's Review

In preparing these financial statements, the Company has evaluated events and transactions for potential recognition or disclosure through September 3, 2019, the date the financial statements were available to be issued.

Note 3 – Summary of Significant Accounting Policies

Basis of Accounting – The accompanying financial statements are presented on the accrual basis of accounting. Benefits are recorded as distributions to participants when paid.

Investment Valuation and Income Recognition – Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the plan. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Expenses – Substantially all operating costs associated with maintaining the Plan are paid by the Company, including professional fees and insurance. Investment-related expenses are included in net appreciation (depreciation) - pooled separate accounts and earnings - guaranteed investment contract. Certain administrative expenses directly relating to a participant's account, such as loan processing fees, are specifically allocated and deducted from the specific participant's account.

Note 4 – Fair Value Measurements

FASB *Accounting Standards Codification 820, Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
Level 2	Inputs to the valuation methodology are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies.
Level 3	Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for the asset measured at fair value. There has been no change in the methodology used at December 31, 2018 and 2017.

Pooled Separate Accounts: Investments in pooled separate accounts are represented by a "unit of account" and per unit values whose value is the result of the accumulated values of the underlying investments. These underlying investments are public investment vehicles valued using the Net Asset Value ("NAV") provided by the administrator of the mutual fund investments. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The Plan's investment has no restrictions on the net asset value per share or its equivalent. There are no known or anticipated redemptions, no unfunded commitments, and no notice is required to sell the shares/units at any given time.

Note 4 – Fair Value Measurements – continued

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017:

	Level 1	Level 2	Level 3	Total
December 31, 2018				
Pooled separate accounts*	$ -	$ -	$ -	$5,393,885
December 31, 2017				
Pooled separate accounts*	$ -	$ -	$ -	$5,142,888

*The investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy in accordance with FASB *Accounting Standards Codification 820, Fair Value Measurements*. The fair value amounts included above are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Note 5 – Data Certified by Trustee

For 2018 and 2017, substantially all of the Plan's investments were held by Mass Mutual. The plan administrator has elected the method of compliance permitted by CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, as permitted under such election, the plan administrator instructed the independent certified public accountants not to perform any auditing procedures with respect to information certified by the trustee, except for comparing certified information to information included in the financial statements.

The following reconciles the certified information to the investment accounts:

	2018	2017
Investment accounts		
Certified by trustee	$7,228,708	$7,630,934
Investment income (loss) - net		
Income (loss) certified by trustee	$ (299,681)	$ 726,760
Investment expenses	(5,877)	(5,848)
TOTAL	$ (305,558)	$ 720,912

Note 6 – Investment Contract with Insurance Company

For 2018 and 2017, the Plan entered into a traditional fully benefit-responsive investment contract with Mass Mutual. Mass Mutual maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan, subject to the limitations described below.

As described in Note 3, because the guaranteed investment contract meets the criteria to be considered fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statements of net assets available for benefits at contract value. Contract value, as reported to the Plan by Mass Mutual, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract at December 31, 2018 and 2017, was $1,834,823 and $2,488,046, respectively. The crediting interest rate is discretionary to Mass Mutual and the method used to determine the rate may be changed at any time. Such interest rates are reviewed on a quarterly basis for resetting. The guaranteed interest contract does not allow the crediting interest rate to be less than 3.00%.

Certain events limit the Plan's ability to transact at contract value with Mass Mutual. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the Employee Retirement Income Security Act of 1974. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring.

The guaranteed interest contract does not permit the insurance company to terminate the agreement unless the Plan is not in compliance with the investment agreement.

Note 7 – Forfeited Accounts

The Plan’s forfeited nonvested accounts totaled $1,334 and $374 at December 31, 2018 and 2017, respectively. These accounts may be used to reduce future employer contributions. During 2018, $6,716 of the 2018 employer contributions were paid from the forfeited nonvested accounts. During 2017, $2,345 of the 2017 employer contributions were paid from the forfeited nonvested accounts.

Note 8 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 9 – Party-in-Interest Transactions

Plan investments are issued by Mass Mutual, the trustee of the Plan. Therefore, these transactions qualify as exempt party-in-interest transactions. Investment and administrative fees related to these investments paid by the Plan totaled $9,626 and $7,103 for the years ended December 31, 2018 and 2017, respectively.

Note 10 – Income Tax Status

The Plan did not obtain a Plan specific determination letter as it is operating under a volume submitter plan document. The Internal Revenue Service has advised that the volume submitter plan is acceptable under Section 401(a) of the Internal Revenue Code. Therefore, the Plan is exempt from federal income tax under Section 501(a). The Plan has been amended since the advisory letter date. However, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code, and therefore believes that the Plan is qualified and the related trust is tax-exempt. (See Note 13 for a description of a contingency.)

Accounting principles generally accepted in the United States of America require the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) for any uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

Contributions received from participants for 2018 and 2017 are net of payments of $12,880 and $12,588, respectively, required to be made to certain active participants to return to them excess deferral contributions as required to satisfy the relevant nondiscrimination provisions of the Plan. Contributions received from participants for 2017 are also net of payments of $401 required to be made to participants who were admitted to the Plan before becoming eligible. The Plan’s statements of net assets available for benefits includes excess contributions payable at December 31, 2018 and 2017.

Per financial statements	$7,429,555	$ (383,702)	$7,813,257	$1,094,409

Note 12 – Risks and Uncertainties

The Plan provides for investments in various securities. Investments, in general, are exposed to various risks such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 13 – Contingency

The U.S Department of Labor (DOL) performed an examination of the Plan for the year ended December 31, 2010. In December 2013, the DOL informed the Plan trustee that for 32 out of 75 payroll periods examined, employee contributions and participant loan repayments were remitted to the Plan beyond the time that amounts could reasonably be segregated from the employer's general assets. It is the DOL's view that the Plan has violated, and remains in violation of, the fiduciary provisions of ERISA until lost earnings resulting from the untimely deposit of employee contributions and participant loan repayments to the Plan are restored to the Plan. Although the DOL concluded that further action was not warranted at that time, information indicating that a prohibited transaction has occurred was referred to the Internal Revenue Service. Plan management cannot predict or determine the outcome of this matter or reasonably estimate the amount or range of amounts of lost earnings to be restored to the Plan or any excise taxes or penalties levied against the Company that might result from an adverse outcome.

Note 13 – Contingency – continued

As a result of the DOL's findings, the Company changed its policy regarding the remittal of amounts withheld from participants. Effective October 2014, employee contributions and loan repayments are paid into the Plan each payroll date. The potential liability for lost earnings, excise taxes, and penalties related to periods prior to the policy change has not been determined.

Note 14 – Subsequent Event

The Plan was amended to increase the deferral rate for participants who were automatically enrolled in the Plan (and did not subsequently elect to change the deferral percentage) by 1% annually effective January 1, 2019, with a maximum deferral rate of 10%.
