1 - DESCRIPTION OF THE PLAN

GENERAL

The Moroch Holdings, Inc. 401(k) Savings Plan (the "Plan"), is a defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The Plan was established on March 1, 1990, and amended and restated August 1, 2016, covering substantially all employees of Moroch Holdings, Inc. and related employers (the "Company" or "Plan Administrator"). Fidelity Management Trust Company ("Trustee" or "Fidelity"), in conjunction with Fidelity Workplace Services LLC, serves as the Plan's Trustee and record keeper, respectively. The following description provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

ELIGIBILITY AND PARTICIPANT ACCOUNTS

Employees become eligible for participation upon completing one month of eligible service, as defined by the Plan document. Participants become eligible for discretionary Company contributions after completing one month of service, as defined by the Plan document. Employees are auto-enrolled in the Plan at a 3% deferral rate on the first day of each month following the date on which eligibility requirements are satisfied. Participants' deferrals are auto increased annually by 1% to a maximum of 10% of compensation. Subject to certain limitations on annual additions, each participant's account is credited with employee salary deferrals, Company matching contributions, and an allocation of Plan earnings or losses, and charged with administrative expenses related to loan and distribution fees if requested by participants. The allocations are based on participant account balances, as defined.

CONTRIBUTIONS

The Plan is funded through employee pre-tax elective deferrals, Roth deferrals, rollover contributions, and Company contributions. Employees can contribute a portion of his or her pretax compensation of up to 90%, subject to certain maximum limitations imposed by the Internal Revenue Code ("IRC") ($18,500 for 2018). Employees who are eligible to make elective deferrals under the Plan and who have attained the age of fifty before the close of the plan year are also eligible to make catch-up contributions subject to the maximum limitation imposed by the IRC ($6,000 for 2018). Rollover contributions representing distributions from other qualified defined benefit or contribution plans are permitted and may be made prior to meeting the eligibility requirements for participation in the Plan.

1 - DESCRIPTION OF THE PLAN (CONTINUED)

CONTRIBUTIONS, CONTINUED

The Plan allows for Company discretionary matching contributions in amounts to be determined by the Company. For the year ended December 31, 2018, the Company made discretionary match contributions of $345,582. Employer contributions were made in an amount equal to 25% of employee contributions.

INVESTMENT OPTIONS

The Plan provides for contributions to be invested by the Trustee among various investments, including mutual funds of registered investment companies, a money market fund, self-directed brokerage accounts, and a common collective trust in accordance with participant investment elections and the provisions of the trust agreement. Participants should refer to the Plan website for additional fund information.

FORFEITURES

Forfeitures are available to reduce Company contributions or pay administrative expenses. At December 31, 2018 and 2017, forfeited non-vested accounts available for future use totaled $30,267 and $9,976, respectively. Those amounts are reported as a component of net assets available for benefits. During 2018, $44,268 of forfeitures were utilized to reduce the Company match and $44 of forfeitures were utilized to reduce the Plan expenses.

VESTING

Participants are immediately vested in employee elective deferrals and rollovers, plus actual earnings thereon. Vesting in the Company's contributions is based on a rate of 20% for each year of service beginning after two years, until six years of service when accounts become 100% vested. Additionally, a participant becomes 100% vested upon death, disability, or upon reaching normal retirement age.

DISTRIBUTIONS TO PARTICIPANTS

Upon normal retirement age, death, disability, or termination, a participant's benefits are payable in a lump-sum amount or may be made in fund shares of marketable securities equal to 100% of the participant's vested account balance. Employees may also make hardship withdrawals on the balance of their account related to their elective deferral contributions. If a participant that has terminated service has a vested account balance of $1,000 or less, Plan management will direct that such amounts be paid in lump sum cash payments. Plan management will direct that terminated participants with vested account balances between $1,000 and $5,000 be rolled over to an individual retirement plan designated by the Plan Administrator.

1 - DESCRIPTION OF THE PLAN (CONTINUED)

NOTES RECEIVABLE FROM PARTICIPANTS

Borrowings are available for all participants. Notes receivable from participants are limited to a minimum of $1,000 up to a maximum of the lesser of $50,000 or 50% of their vested account balance, subject to certain restrictions as defined by the Internal Revenue Service ("IRS"). The notes are secured by the vested balance in the participant's account and bear interest at a fixed rate. The Plan Administrator determines rates based on comparable rates charged by lending institutions in the area. Note terms range from 1-5 years, unless for the purchase of a primary residence which may be up to 10 years, with periodic repayment of principal and interest deducted through payroll withholdings. Effective August 1, 2017, the Plan disallows the ability to receive a loan for terms greater than 5 years. Notes receivable from participants, as of December 31, 2018, have interest rates ranging from 5.25% to 7.00% and maturities from April 2019 through August 2023. Notes receivable from participants, as of December 31, 2017, have interest rates ranging from 5.25% to 6.25% and maturities from January 2018 through December 2022.

ADMINISTRATIVE EXPENSES

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of distributions and notes receivables from participants are charged directly to the participant's account and are included in administrative expenses. Investments related expenses are included in net depreciation of fair value of investments.

PLAN TERMINATION

Although the Company expects to continue the Plan, the Company may terminate the Plan at any time subject to the provisions of ERISA. In the event the Plan is terminated, each of the participants will have a non-forfeitable 100% vested interest in his or her account balance, including all Company contributions, subject to payment of liquidation costs and expenses.

Plan management determined that a partial plan termination occurred during 2017 due to significant company-driven workforce reductions. Accordingly, active participants in the Plan who were terminated as a result of this reduction in workforce were made fully vested in their account balances.

2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The financial statements have been prepared under the accrual method in accordance with U.S. generally accepted accounting principles ("U.S. GAAP").

2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

INVESTMENT VALUATION AND INCOME RECOGNITION

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The income earned on participant accounts is allocated on a daily basis using the previous day's ending account balance. Net appreciation (depreciation) includes the Plan's gains and losses on the investments bought and sold, as well as held during the year.

BENEFITS

Benefits are recorded when paid.

NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest, which approximates fair value. Delinquent notes receivable from participants are reclassified as distributions based upon terms of the Plan document or loan policy of the Plan.

ESTIMATES AND ASSUMPTIONS

The preparation of financial statements in conformity with U.S. GAAP requires the Plan's management to make estimates and assumptions that affect certain reported amounts of assets and liabilities, changes therein, and associated disclosures. Accordingly, actual results may vary from the estimates used in preparing the accompanying financial statements.

RECENT ACCOUNTING STANDARDS

In August 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2018-13, *Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurement*. ASU No. 2018-13 modifies the disclosure requirements for fair value measurements in Topic 820, Fair Value Measurement. The amendments are based on the concepts in the FASB Concepts Statement, *Conceptual Framework for Financial Reporting—Chapter 8: Notes to Financial Statements*, which the Board finalized on August 28, 2018. ASU No. 2018-13 is effective for fiscal years beginning after December 15, 2019. Early adoption is permitted. Management is currently assessing the impact that ASU No. 2018-13 will have on the Plan's financial statements.

3 – FAIR VALUE MEASUREMENTS

INVESTMENT VALUATION AND LEVELING

FASB Accounting Standards Codification ("ASC") Topic 820 for Fair Value Measurements and Disclosures provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 Significant observable inputs other than quoted prices in active markets for which inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

In establishing a fair value hierarchy for the Plan's investments in accordance with ASC 820, the following value methodologies were used for each type of investment:

Mutual funds of registered investment companies: Valued at the net asset value ("NAV") or quoted market prices of shares held by the Plan at year end.

Money market fund: Short-term money market instruments are valued at cost, which approximates fair value based on quoted market prices available on an active market.

Self-directed accounts: These include investments that are valued at the closing price reported on the active market on which the individual securities are traded and classified within level 1 of the valuation hierarchy.

3 – FAIR VALUE MEASUREMENTS (CONTINUED)

Common collective trust: Valued at the NAV of units of the collective trust, held by the Plan at year-end. The NAV, as provided by the Trustee, is used to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. The NAV is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. There are no unfunded commitments on these accounts at December 31, 2018 and 2017.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. The Plan believes its valuation methods are appropriate and consistent with other market participants; even so, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018:

	Level 1	Level 2	Level 3	Total
Mutual funds of registered investment companies	$ 19,042,716	$ -	$ -	$ 19,042,716

4 - FINANCIAL INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE (UNAUDITED)

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Company instructed the independent auditors not to perform any auditing procedures with respect to the following information certified as complete and accurate by the Trustee and party in-interest as defined by ERISA, as of December 31, 2018 and 2017, and for the year ended December 31, 2018, except for comparing such information certified by the Trustee to information included in the Plan's financial statements and supplemental schedule. This information consists of the following:

	2018	2017
Investments:		
Mutual funds of registered investment companies	$ 19,042,716	$ 23,877,787
Self-directed brokerage accounts	243,827	258,865

Interest on notes receivable from participants	$ 13,176	
Net depreciation of fair value of investments	$ (2,457,897)	

5 - TAX STATUS

The Plan is based on a prototype plan developed by Fidelity. Fidelity received a favorable opinion letter dated March 31, 2014, from the Internal Revenue Service ("IRS") stating that the Fidelity prototype plan constitutes a qualified plan under Section 401 of the IRC. The Plan Administrator believes the Plan, as adopted and amended, is operating within the guidelines of the IRC and continues to be tax exempt. Accordingly, no provision for federal income taxes has been provided in the accompanying financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the DOL or IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examination for years prior to 2015.

6 - RISKS AND UNCERTAINTIES

The Plan provides for various investment options in mutual funds of registered investment companies, self-directed brokerage accounts, a money market fund, and a common collective trust. Investment securities are exposed to various risks, such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of the investments will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

7 – PARTY-IN-INTEREST TRANSACTIONS

Plan investments include shares of mutual funds of registered investment companies, self-directed brokerage accounts, a money market fund, and a common collective trust managed by Fidelity. Fidelity acted in capacity as record-keeper and Trustee during the year; therefore, these investments qualify as party-in-interest investments. Fees paid by the Plan, to the Trustee, for various administrative expense, including investment management services totaled $100,290 for the year ended December 31, 2018.

9 - SUBSEQUENT EVENTS

The Plan has evaluated events or transactions occurring after December 31, 2018, the Statement of Net Assets Available for Benefits date, through September 11, 2019, the date the financial statements were issued, and determined no such events or transactions which would impact the financial statements for the year ended December 31, 2018, other than the following:

Effective July 1, 2019, the Company amended the Plan to increase the automatic enrollment for initial pre-tax deferral contributions from 3% to 5% beginning on August 5, 2019 and increase the annual automatic increase limit from 10% to 15%.
