FIBER-LINE 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

1. PLAN DESCRIPTION:

The following description of the Fiber-Line 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General -

The Plan is a defined contribution plan covering all eligible employees of Fiber-Line Management, Inc. (the “Company”) who are age 18 or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Plan was established on January 1, 1993 and was most recently restated effective January 1, 2017.

Contributions -

Each year, participants may contribute, on a pretax or after-tax basis, up to 80% of annual compensation; subject to the maximum allowable under the Internal Revenue Code (“IRC”). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and money market accounts as investment options for participants.

The Company contributes 50% of the first 6% of base compensation that a participant contributes to the Plan, upon the participant completing one year of service.

Participant Accounts -

Each participant’s account is credited with the participant’s contribution and allocations of (a) the Company’s matching contribution and, (b) Plan earnings (losses), and charged with an allocation of any administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

FIBER-LINE 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

Vesting -

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary contributions is based on years of service, as defined in the Plan document and on the following schedule:

<u>Years of service</u>	<u>Vesting percentage</u>
1 year	40%
2 years	60%
3 years	80%
4 or more years	100%

Notes Receivable from Participants -

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at rates ranging from 4.16% - 6.25%. Principal and interest is paid ratably through bi-weekly payroll deductions.

Payment of Benefits -

On termination of service due to death, disability or retirement, a participant may elect to receive a lump-sum payment equal to the value of the participant's vested interest in his or her account. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Participants may also withdraw up to 100% of the vested interest in their accounts, upon request, after establishing financial hardship.

Forfeited Accounts -

At December 31, 2018 and 2017, forfeited nonvested accounts totaled \$1,512 and \$2,434, respectively. These accounts will be used to reduce future Company contributions or offset administrative expenses under the Plan, as directed by the Company. The Company used \$2,000 and \$10,182 of forfeitures to reduce Company contributions during the years ended December 31, 2018 and 2017. The Company used \$1,365 of forfeitures to offset administrative expenses for the year ended December 31, 2018. No forfeitures were used to offset administrative expenses during the year ended December 31, 2017.

FIBER-LINE 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of Accounting -

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates -

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (“GAAP”) requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition -

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants -

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant’s account and are included in administrative expenses when incurred. As of December 31, 2018 and 2017, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the Plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Payment of Benefits -

Benefits are recorded when paid.

FIBER-LINE 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

Administrative Expenses -

Certain expenses of maintaining the Plan are paid by the Company and therefore are excluded from these financial statements. Investment-related expenses are included in net appreciation (depreciation) in fair value of investments. Fees for the administration of notes receivable from participants are included in administrative expenses and charged directly to the participant's account. The Company provides administrative support services to the Plan without charge and are therefore excluded from these financial statements.

Date of Management's Review of Subsequent Events -

Subsequent events were evaluated through August 30, 2019, which is the date the financial statements were available to be issued.

On January 2, 2019, the Company was acquired by PolyOne Corporation (NYSE: POL).

Effective January 1, 2019, the Plan's provision related to matching contributions was amended as follows: Participants are now eligible to receive matching contributions upon date of hire. The Company matching contribution formula was changed to provide for an amount equal to: (i) 100% match of the participant contribution that is not in excess of 3% of compensation plus (ii) 50% of the participant contribution that exceeds 3% of compensation but that does not exceed 6% of compensation. Participants are fully vested in employer matching contributions including contributions that were made prior to January 1, 2019.

3. FAIR VALUE MEASUREMENTS:

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no Plan assets requiring the use of Level 2 or Level 3 inputs for the periods presented.

FIBER-LINE 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

Level 1 Fair Value Measurements -

Interest-bearing cash: The money market accounts are valued at cost, which approximates fair value.

Mutual Funds: Mutual funds are valued at the daily closing price as reported by the fund. The mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth the Plan's Level 1 fair value measurements at the end of the reporting period using quoted prices in active markets for identical assets:

	<u>Fair Value</u>
<u>December 31, 2018</u>	
Interest-bearing cash	\$ 162,862
Mutual funds	<u>8,575,899</u>
Total assets at fair value	<u>\$ 8,738,761</u>
 <u>December 31, 2017</u>	
Interest-bearing cash	\$ 104,664
Mutual funds	<u>9,174,748</u>
Total assets at fair value	<u>\$ 9,279,412</u>

Gains and losses included in changes in net assets available for benefits for the years ended December 31, 2018 and 2017, are reported in net appreciation (depreciation) in fair value of investments.

The Plan's policy is to recognize transfers between Levels 1 and 2 and into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the years ended December 31, 2018 and 2017, there were no transfers between Levels 1 and 2 and no transfers into or out of Level 3.

- c. The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

5. RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS:

Certain Plan investments are managed by Charles Schwab Bank ("Schwab"). Schwab is the custodian, as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

6. PLAN TERMINATION:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Company contributions.

NOTES TO FINANCIAL STATEMENTS

7. TAX STATUS:

The Company adopted the Plan using a Prototype Defined Contribution Plan sponsored by CCH Incorporated. An opinion letter from the Internal Revenue Service (“IRS”) dated March 31, 2014 states that the form of the Plan is designed in accordance with the applicable sections of the IRC. The Company has not obtained a separate opinion letter from the IRS; however, the Plan administrator believes that the Plan is designed and is being operated in compliance with the prototype plan document and with the applicable provisions of the IRC. Therefore, no provision for income taxes has been made in the accompanying financial statements.

Accounting principles generally accepted in the United States of America require the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

8. RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the statements of net assets available for benefits.
