KENNETH'S DESIGN GROUP, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2018 and 2017

NOTE A - DESCRIPTION OF 401(k) PLAN

The following description of Kenneth's Design Group, Inc. (the Company) 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of the Company who are age 21 or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute from 1% to 95% of pretax annual compensation, as defined in the Plan agreement. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans.

Eligibility and Vesting

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution, (b) Plan earnings, and (c) forfeitures. Allocations are based on participant earnings or account balances, as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participants are immediately vested in their contributions and the Company's designated qualified non-elective contributions plus actual earnings thereon.

Investment Options

A participant may direct all contributions in any of the investment options as allowed by the Plan. Participants may change their investment options at any time.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan transactions are treated as a transfer between the investment account and the notes receivable from a participant's account. Outstanding loans bear interest at 5.75% to 7.25%.

The term of a loan may not exceed 5 years except if the note is used to purchase a primary residence, which can be for a term not to exceed 15 years.

If a participant fails to repay a loan according to its terms, the Trustee will declare the loan in default. Upon default, the outstanding balance of the note shall be considered a deemed distribution to the participant or beneficiary for tax purposes.

Payment of Benefits

A participant may receive a lump-sum amount equal to the value of the participant's vested interest in his or her account upon termination of service due to separation of service, death, disability, retirement, or other reasons.

Forfeited Accounts

Accounts forfeited by participants who terminate service prior to becoming fully vested are reallocated to the remaining participants. There were no forfeitures for the years ended December 31, 2018 and 2017.

KENNETH'S DESIGN GROUP, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS (CONTINUED)

December 31, 2018 and 2017

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following is a summary of significant accounting policies followed in the preparation of these financial statements. These policies conform to accounting principles generally accepted in the United States of America, and have been applied on a consistent basis.

Use of Estimates

The preparation of financial statements in accordance with U.S. generally accepted accounting principles requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Method of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting. Interest and dividend income is recorded on the accrual basis.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for disclosure of fair value measurements.

Purchase and sales of securities are recorded on a trade-date basis. Investment income is recognized when earned.

Notes Receivable from Participants

Notes receivables from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2018 and 2017, no allowance for credit losses has been recorded. If a participant does not make loan payments and the Plan administrator considers the participant note to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Administrative Fees

The Plan's administrative fees are partially paid by the Company, as provided in the Plan agreement. The amount paid by the Plan was \$6,703 for the year ended December 31, 2018 and \$6,175 for the year ended December 31, 2017.

Payment of Benefits

Benefits are recorded when paid.

Reclassifications

Certain prior year amounts have been reclassified to conform to the current year presentation. Such reclassifications had no effect on net assets available for benefits.

Subsequent Events

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

NOTE C - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying statements of net assets available for benefits.

NOTE D - FAIR VALUE MEASUREMENTS

FASB ASC 820 establishes a framework for measuring fair value, which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described in the table below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Mutual funds: Valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end. (Level 1)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE E – GUARANTEED INVESTMENT CONTRACT

The Plan invests in a guaranteed investment contract (GIC), Invesco Stable Value Retirement Fund (the Contract), with the Invesco Trust Company (Invesco). The Contract is considered a separate account GIC in which Invesco purchases investments in bank, insurance company and other financial institution accounts using funds from Plan contributions. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value as reported to the Plan by Invesco. Based on information received from Ascensus Trust Company for the account, the contract value approximates fair value for the year ended December 31, 2018.

NOTE F - INFORMATION CERTIFIED BY THE TRUSTEE

The Plan Administrator has obtained certification from the Trustee that the information provided to the Plan Administrator by the Trustee is complete and accurate in accordance with 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. NOTE G – PARTY-IN-INTEREST TRANSACTIONS

Certain participants have borrowed on their vested account balances. As the individuals are participants in the Plan, these transactions qualify as party-in-interest transactions.

NOTE H - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE I - TAX STATUS

The Company adopted a Prototype Non-standardized Profit Sharing Plan with Cash-or-Deferred Arrangement that received a favorable opinion letter from the IRS on March 31, 2014, which stated that the Plan and related trust are designed in accordance with the applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.
