GUARDIAN FUELING TECHNOLOGIES, LLC
401(K) PLAN

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Guardian Fueling Technologies, LLC 401(k) Plan, which comprise the statements of net assets available for benefits as of December 31, 2018 and 2017 and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Notes 6, 7 and 10, which was certified by Principal Financial Group, the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of and for the years ended December 31, 2018 and 2017, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of assets held for investment purposes, which are the responsibility of plan management, are presented for the purpose of additional analysis and are not a required part of the financial statements but are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedules referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

GUARDIAN FUELING TECHNOLOGIES, LLC
401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN

The following description of the Guardian Fueling Technologies, LLC 401(k) Plan provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

Guardian Fueling Technologies, LLC (the "Company"), established the Guardian Fueling Technologies, LLC 401(k) Plan (the "Plan") on January 1, 2001. The Plan is a defined contribution plan (401(k)) covering all full-time employees who have satisfied eligibility requirements.

Effective April 1, 2017, the Plan Sponsor amended (Amendment 3) the Plan's eligibility requirements so that a full-time employee is eligible the first calendar quarter after the employee's start date. There is no minimum age requirement. The Plan is intended to comply with Section 404(c) of ERISA (The Employee Retirement Income Security Act of 1974). The custodian of the Plan is the Principal Financial Group (the "Custodian").

Contributions

Each year participants may contribute a percentage of their compensation not to exceed a certain dollar limit which is set by law. Each participant may elect to designate all or a portion of the amount deferred as Roth contributions. The Plan Sponsor amended (Amendment 2) the Plan effective January 1, 2017 for all eligible employees to be automatically enrolled in the Plan at a 6% deferral rate and must log into the Plan's website to modify the contribution rate to 0% if they want to opt out of the Plan. The Plan Sponsor (Guardian Fueling Technologies, LLC) may contribute a discretionary matching contribution equal to a uniform percentage of the amount of the salary reduction up to 4% of total payroll compensation. In 2018 the Plan Sponsor resumed its discretionary match. For the years ended December 31, 2018 and 2017, the Plan Sponsor contributed $344,193 and $-0-, respectively. Contributions are subjected to limitations. Participants direct the investment of contributions made by them on their behalf to the Plan.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Plan Sponsor's contribution and, (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Howard & Company
CERTIFIED PUBLIC ACCOUNTANTS, P.A.

1. DESCRIPTION OF PLAN – (Continued)

Vesting – (Continued)

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after six years of credited service, based on the six year graded provision of the Plan, which complies with a change in the retirement law effective for plan years beginning after December 31, 2001. A year of vesting service is a vesting service period in which the participant has at least 1,000 hours of service. However, a participant is 100% vested upon early or normal retirement age, becoming totally disabled or death. The vesting schedule is as follows:

Years of Service	Vesting %
Less than 1 year	0
1	0
2	20
3	40
4	60
5	80
6+	100

Distributions

On termination of service due to death, disability or retirement, participants are entitled to 100% of his/her account balance. For termination of service due to other reasons, a participant may receive the value of his/her vested balance.

Hardship Distributions

Participants who have incurred certain hardship conditions as specified by provisions of the Internal Revenue Code may elect to receive a distribution from his/her elective contribution account.

Forfeited Accounts

Forfeited non-vested accounts for each year ended December 31, 2018 and 2017 totaled $10,591 and $-0-, respectively. These accounts will be used to offset administrative expenses of the Plan. If forfeitures exceed these expenses, forfeitures shall be applied to reduce the Plan Sponsor's contribution to the Plan. For the year ended December 31, 2018, $4,934 of forfeitures were used to offset administrative expenses and $5,630 were applied to reduce the Plan Sponsor's contribution to the Plan.

NOTES TO FINANCIAL STATEMENTS

1. **DESCRIPTION OF PLAN** – (Continued)

Expenses and Fees

Expenses and fees associated with the Plan are paid with Plan assets. Such expenses and fees include the compensation of investment managers, brokers' fees, and costs related to Plan administration. During the years ended December 31, 2018 and 2017, expenses and fees were $33,916 and $18,046, respectively. Audit fees are paid by the Plan Sponsor and are not recorded in these financial statements.

Participant Loans

Prior to 2017, the only participant loans are those merged in from another plan effective September 1, 2014. The Plan Sponsor acquired the Plan Sponsor of the transferred plan. Effective December 1, 2017 the Plan was amended (Amendment 4) to allow loans of at least $1,000 and the number of outstanding loans for a participant is two. Loans are limited to a term of five years except for the purchase of a principal residence.

2. **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Basis of Accounting

The Plan uses the accrual method of accounting. Under this method of accounting, contributions to the Plan are recognized when approved by the Employer. Revenues are recognized when earned, and expenses are recognized when incurred.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities. Actual results could differ from reported amounts of additions to and deductions from net assets during the reporting period.

Investment Valuation

Investments are recorded at the fair market value on the last business day of the Plan year. Quoted market prices are used to value investments. Increases and decreases in market value of the investments are reflected in the statement of changes in net assets available for benefits.

2. **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** – (Continued)

Risks and Uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate fluctuations, market changes and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of these investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits and the statement of changes in net assets available for benefits.

New Accounting Pronouncements

The Plan adopted Accounting Standards Update ("ASU") 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit Responsive Investment Contracts, (Part II) Plan Investment Disclosures and (Part III) Measurement Date Practical Expedient. Part I eliminates the requirements to measure the fair value of fully benefit responsive investment contracts and provides certain disclosures. Contract value is the only required measure for fully benefit responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5% or more of net assets available for benefits and the net appreciation and depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregate investments that are measured at fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to disaggregate investments by nature, characteristic and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III allows a plan to measure its investments and investment-related accounts using the month end closest to its fiscal year-end.

In May 2015, the Financial Accounting Standards Board (FASB) issued ASU 2015-07, Fair Value Measurement (Topic 820) Disclosure for Investments in Certain Entities that Calculate Net Asset Value per Share (or its equivalent), which removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net value (NAV) per share practical expedient. ASU 2015-07 also limits certain disclosures to investments for which the entity has elected to measure fair value using the practical expedient.

3. PLAN TERMINATION

The Plan Sponsor has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. Participants are 100% vested in their account balances from the date of participation to termination.

4. TAX STATUS

The Internal Revenue Service has determined and informed the Plan Sponsor by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax provisions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018 and 2017, there are no uncertain positions taken or expected to be taken that would require recognition of the liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions. The tax years 2015, 2016, 2017, and 2018 are subject to examination.

5. CONCENTRATION OF CREDIT RISK

Contributions receivable from plan participants as of December 31, 2018 and 2017 were $213 and $29,681, respectively. Contributions from the Plan Sponsor as of December 31, 2018 and 2017 were $67 and $-0-, respectively.

6. FAIR VALUE MEASUREMENTS

Fair value as defined under generally accepted accounting principles ("GAAP") is an exit price, representing the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. GAAP establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value.

These tiers include:

- Level 1: Observable inputs such as quoted prices in active markets for identical assets that the Plan has the ability to access at the measurement date.
- Level 2: Inputs other than quoted prices within Level 1 that are observable for valuing the asset or liability, either directly or indirectly. Observable inputs include quoted prices for similar assets or liabilities in active or non-active markets. Level 2 may also include insignificant adjustments to market observable inputs.
- Level 3: Unobservable inputs used for valuing the asset or liability. Unobservable inputs are those that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing the asset, based on the best information available in the circumstances.

Following is a description of the valuation methodologies used for assets measured at fair values.

There have been no changes in the methodologies used at December 31, 2018 and 2017.

6. FAIR VALUE MEASUREMENTS – (Continued)

The following tables set forth by level within the fair value hierarchy the Plan's assets accounted for at fair value on a recurring basis as of December 31, 2018 and 2017.

Fair Value as of December 31, 2018

	Fair Value	Quoted Prices In Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Collective investment trusts	$ 69,760	$ 69,760	$ -	$ -
Pooled separate accounts	6,059,478	6,059,478	-	-
Mutual funds	335,979	335,979	-	-
	$ 6,465,217	$ 6,465,217	$ -	$ -

Fair Value as of December 31, 2017

	Fair Value	Quoted Prices In Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Collective investment trusts	$ 58,510	$ 58,510	$ -	$ -
Pooled separate accounts	5,293,891	5,293,891	-	-

6. FAIR VALUE MEASUREMENTS – (Continued)

ASC 820 requires certain investments that were measured at net value per share (or its equivalent) to not be classified in the fair value hierarchy. The fair value amounts presented are intended to permit reconciliation of the fair value hierarchy to the line item presented in the statement of net assets available for benefits.

For the years ended December 31, 2018 and 2017, there were no significant transfers between Levels 1 and 2 and no transfers in or out of Level 3 and no changes in Fair Value of Level 3 Assets and Related Gains and Losses.

7. COLLECTIVE INVESTMENT TRUST

The Principal Stable Value Fund ("PSVF") is a collective investment trust for which net asset value is based on the fair value. The PSVF invests primarily in contracts, short-term securities and debt securities. Investments in contracts are presented in the portfolio of investments at contract value, which represent invested principal plus accrued interest thereon. The fair value of conventional investment contracts is determined using a discounted cash flow methodology where the individual contract cash flows are discounted at the prevailing interpolated yield curve rate as of year-end. Individual assets of the synthetic investment contracts are generally valued at representative quoted market prices. Short-term securities, if any, are stated at amortized cost, which approximates market value. Debt securities are valued on the basis of valuations furnished by a pricing service approved by the Trustee, which determines valuations using methodology generally recognized by institutional traders. Accrued interest, if any, on the underlying investments is added to the fair value of the investments for presentation purposes.

The net crediting rate is equal to the gross crediting rate minus the wrap fee due the contract issuer and if applicable, the sub-advisor fee for specific investment strategies. Crediting rates reflect the amortization of realized and unrealized gains and losses in the underlying portfolio over the duration of the portfolio and, in consequence, may not reflect the actual returns achieved in the portfolio. From time to time the crediting rate may be significantly greater or less than current market interest rates.

A number of factors can influence future credit rates, which may include but are not limited to: portfolio cash flows, underlying portfolio performance, current market interest rates for reinvestment, duration posture, change in credit ratings, default or bankruptcy by an asset or wrap issuer, the unexpected receipt of principal and interest payments, extraordinary withdrawals and certain wrap contract terms, including wrap fees.

The weighted average yield to maturity of all underlying investments at year end was 2.58%.

NOTES TO FINANCIAL STATEMENTS

8. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are units of pooled separate accounts managed by The Principal Financial Group and Union Bond & Trust Company. The Principal Financial Group and Union Bond & Trust Company transactions qualify as party-in-interest transactions and have been identified as such within the supplemental information.

Certain plan investments are managed by The Principal Financial Group. It is the trustee/custodian for the Plan and, therefore, these transactions qualify as party in interest transactions.

During the year ended December 31, 2018 and 2017, Principal Life Insurance Company, Principal Securities, Inc., Greene Hazel & Associates, Inc., and Wilshire Associates, Inc. received advisory fees and/or administrative fees. Fees paid for these services are included in plan expense. These transactions also qualify as party-in-interest transactions for which there is a statutory exemption.

9. SUBSEQUENT EVENTS

The date to which events occurring after December 31, 2018, the date of the most recent balance sheet, have been evaluated for possible adjustment to the financial statements or disclosure is August 1, 2019, which is the date on which the financial statements were available to be issued.

10. CERTIFIED INVESTMENTS

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Investments held at December 31, 2018 and 2017 including investment information related to the 401(k) account (see Note 6), that is disclosed in the accompanying financial statements and supplemental schedules, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the trustee of the Plan.

The following is a summary of information certified:

	December 31, 2018	December 31, 2017
Investments, at fair market value		
Common/collective investment trusts	$ 69,760	$ 58,510
Pooled separate accounts	6,059,478	5,293,891

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The statement of assets held for investment purposes at the end of the year, referred to as "supplemental information," is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Security Act of 1974. This supplemental information is the responsibility of the Plan's management.

Mr. Patrick Reese
Guardian Fueling Technologies, LLC 401(k) Plan
9452 Philips Highway, Ste 5
Jacksonville, Florida 32256

Dear Mr. Reese:

We recently completed an audit of Guardian Fueling Technologies, LLC 401(k) Plan as of and for the years ended December 31, 2018 and 2017. Based on the results of our audit, we would like to bring to your attention matters that represent opportunities to improve the integrity of the Plan. The specific conditions along with the appropriate recommendations are defined below. This letter does not affect our report dated August 1, 2019.

Document Review of Auditors' Reports on Controls at Third-party Service Organization (SOC 1 Reports)

Although Plan management performs a detailed review of the SOC 1, we recommend documenting that the description of the controls listed within the SOC 1 report covers all significant transactions, processes or computer applications that affect the Plan's financial statements. In addition, if the SOC 1 report identifies noncompliance of the service organization's controls, consideration should be made as to the effects of the findings on the Plan's operations. In the instance of noncompliance, complementary controls at the Plan should be documented and enhanced as necessary. Listing the exceptions and the response of the service organizations' management alone is not sufficient. Plan management must document its own conclusions.

Another item that the plan sponsor should document, in detail, is user controls. The SOC 1 reports identify controls for which Plan personnel are responsible and these are typically referred to as "Client Control Considerations." Client controls are complementary to the controls of the service organization and are necessary for the service organization's controls to be achieved.

Documentation of Parties in Interest

During our audit of the Plan's records, it came to our attention that the level of documentation regarding parties in interest normally expected with respect to a retirement plan is not present. Although nothing came to our attention causing us to believe that errors may have occurred, sufficient procedural controls do not seem to be in place. For example, we did not find an up to date listing of parties in interest, as those terms are defined by the law. This makes it difficult to monitor transactions with those parties to ensure that no prohibited transactions occur. We recommend that the Plan

Sponsor adopt a written set of policies and procedures designed to mitigate the Plan's risk with regard to identifying parties in interest.

We would be glad to further discuss these matters with you and to assist you in their implementation.

401(K) PLAN

Except as discussed in the following paragraph, in planning and performing our audit of the financial statements of Guardian Fueling Technologies, LLC as of and for the years ended December 31, 2018 and 2017, in accordance with auditing standards generally accepted in the United States of America, we considered the Plan's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of issuing our report on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

We were engaged to perform a DOL limited-scope audit of those financial statements as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Our audit did not include all of the procedures required by auditing standards generally accepted in the United States of America and did not include a consideration of internal control relating to the information summarized in Notes 6,7 and 10 to those financial statements. Because of the significance of the information that we did not audit, we were unable to, and did not, express an opinion on those financial statements.

Our consideration of internal control was for the limited purpose described in the preceding paragraphs and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as discussed below, we identified certain deficiencies in internal control that we consider to be significant deficiencies.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the Plan's financial statements will not be prevented, or detected and corrected, on a timely basis.

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We found no significant deficiencies in the Plan's internal control.

The Trustees are responsible for establishing and maintaining internal controls and for the fair presentation of the financial position, results of operations, cash flows, and disclosures in the financial statements, in conformity with U.S. generally accepted accounting principles (GAAP). The Plan does not have a system of internal controls that would enable the Trustees to conclude the financial statements and related disclosures are complete and presented in accordance with GAAP. As such, the Trustees requested us to prepare a draft of the financial statements, including the related footnote disclosures. The outsourcing of these services is not unusual in plans of your size and is a result of the Trustees' cost benefit decision to rely on our accounting expertise rather than incurring this internal resource cost.

TO THE TRUSTEES OF
GUARDIAN FUELING TECHNOLOGIES, LLC
401(k) PLAN

We have audited the financial statements of Guardian Fueling Technologies, LLC 401(k) Plan for the years ended December 31, 2018 and 2017, and have issued our report thereon dated August 1, 2019. Professional standards require that we provide you with the following information related to our audit.

We have conducted a DOL limited-scope audit of the financial statements of Guardian Fueling Technologies, LLC 401(k) Plan for the years ended December 31, 2018 and 2017 and have issued our report thereon dated August 1, 2019. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform and we did not perform, any auditing procedures with respect to the information summarized in Notes 6, 7 and 10 to those financial statements. Because of the significance of the information that we did not audit, we are unable to and have not expressed an opinion on those financial statements and supplemental schedules as a whole. We did, however, audit the form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, in accordance with auditing standards generally accepted in the United States of America and found them to be presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated November 26, 2018. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by Guardian Fueling Technologies, LLC 401(k) Plan are described in Note 2 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2018. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. There are no significant transactions that have been recognized in the financial statements in a different period than when the transaction occurred.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their key significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimate affecting the financial statements was:

> Your estimate of the fair value of pooled separate accounts and mutual funds is based on an estimate of net asset value by a third party. We evaluated the key factors and assumptions used to develop the fair value of separate pool accounts in determining that it is reasonable in relation to the financial statements taken as a whole.

The financial statement disclosures are neutral, consistent and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management. We noted no material misstatements.

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated August 1, 2019.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Other Matters

With respect to the supplementary information accompanying the financial statements, we made certain inquiries of you and evaluated the form, content, and methods of preparing the information to determine that the information complies with the DOL's Rules and Regulations and Disclosure under ERISA, the method of preparing it has not changed from prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to underlying accounting records used to prepare the financial statements or to the financial statements themselves.

This information is intended solely for the use of the Trustee and management of Guardian Fueling Technologies, LLC 401(k) Plan and is not intended to be and should not be used by anyone other than these specified parties.

Very truly yours,
