INDEPENDENT AUDITORS' REPORT

Somerset Tire Service, Inc.
The Employee Stock Ownership Plan Committee:

We have audited the accompanying financial statements of Somerset Tire Service, Inc. (the "Company") Employee Stock Ownership Plan (the "Plan"), which comprise the statements of net assets available for plan benefits as of December 31, 2018 and 2017, and the related statements of changes in net assets available for plan benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purposes of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for plan benefits of Somerset Tire Service, Inc. Employee Stock Ownership Plan as of December 31, 2018 and 2017, and the changes in net assets available for plan benefits for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter – Stock Sale

As discussed in Note 1 to the financial statements, on June 26, 2015, the Company entered into a stock purchase agreement pursuant to which the Plan's Trustee will sell, convey and transfer all of the outstanding shares of capital stock of the Company to the Purchaser in exchange for consideration as provided for in the stock purchase agreement. As a result of the sale that occurred in August 2015, the Plan ceased to be an employee stock ownership plan, effective immediately after the closing date, and the Plan shall be solely a profit sharing plan. Our opinion is not modified with respect to this matter.

Report on Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of assets held for investment purposes and reportable transactions, as of and for the year ended December 31, 2018, are presented for the purpose of additional analysis and are not a required part of the financial statements, such supplementary information is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Somerset Tire Service, Inc. Employee Stock Ownership Plan
Notes to Financial Statements
December 31, 2018 and 2017

1. DESCRIPTION OF PLAN AND BASIS OF PRESENTATION

The following description of the Somerset Tire Service, Inc. Employee Stock Ownership Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

Stock Sale

On June 26, 2015, the Company entered into a stock purchase agreement pursuant to which the Plan’s Trustee will sell, convey and transfer all of the outstanding shares of capital stock of the Company to the Purchaser, Mavis Tire Supply, LLC, in exchange for consideration as provided for in the stock purchase agreement (Note 5). As a result of the sale that occurred in August 2015, the Plan ceased to be an employee stock ownership plan, effective immediately after the closing date, and the Plan shall be solely a profit sharing plan. Once all assets are distributed from the Plan, the Plan is expected to terminate in its entirety.

As a result of the sale of the Company, the following Plan amendments were adopted:

- Participants in the Plan will share in the allocations if the participant was an active employee on June 30, 2015 and completed at least 500 hours of service during the period from January 1, 2015 through June 30, 2015. The allocations will be allocated in accordance with the revised Plan agreement.
- If a participant has incurred a break-in-service and has not received a cash out distribution, as defined in the revised Plan agreement, the non-vested balance of the participant’s accounts shall be allocated as a forfeiture as soon as possible after the close of the Plan year in which the break-in-service occurred.
- The non-vested balance of terminated participants’ accounts shall be allocated as a forfeiture as of June 30, 2015.
- Each participant who was a participant in the Plan as of the closing date, June 30, 2015, shall remain a participant in the Plan. Each individual who was not a participant in the plan on the closing date shall be ineligible for the Plan, and no new participants shall be permitted under the Plan as of the closing date. Individual accounts will be maintained for all participants and for all former participants who still have an interest in the Plan. Each participant’s account will be credited with contributions and Plan earnings and reduced by withdrawals and losses on investments.
- A participant who was terminated may withdraw up to 100% of his or her account in accordance with the revised Plan agreement. A participant who withdraws less than 100% of his or her account may make additional withdrawals from his or her account up to 100% of his or her account, from time to time, as determined by the Plan.

General – Prior to Stock Sale

Somerset Tire Service, Inc. (the “Company”) established the Plan effective as of January 1, 1984. The Plan operates as a leveraged employee stock ownership plan (“ESOP”) and is designed to comply with Section 4975(e)(7), and the regulations thereunder, of the Internal Revenue Code of 1986, as amended (“Code”) and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended. The Plan is administered by an ESOP committee appointed by the Board of Directors of Somerset Tire Service, Inc. The trust department of Bank of America, NA is the Plan’s Asset Custodian (“Custodian”).

Somerset Tire Service, Inc. Employee Stock Ownership Plan
Notes to Financial Statements
December 31, 2018 and 2017

The Plan purchased Company common shares using the proceeds of bank or Company borrowings, guaranteed by the Company, and holds the stock in trusts established under the Plan. The borrowings were to be repaid over fifteen years by fully deductible Company contributions and dividends to the trust fund. As the Plan made each payment of principal, an appropriate percentage of stock would be allocated to eligible employees' accounts in accordance with applicable regulations under the Code. The Plan was amended in 2010 in order to revise the vesting schedule to be in accordance with the Pension Protection Act of 2006. The Plan amendment, known as the "PPA '06 Amendment" was effective on December 5, 2007 to amend the vesting period for participants having at least one hour of service under the Plan beginning on January 1, 2007. As a result of the PPA '06 Amendment, allocated shares became vested as follows:

Years of Service	Percentage Vested
Less than two years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

Employees who became participants prior to December 31, 2006 did not become 20% vested until completing three years of service, and employees who became participants prior to December 31, 1988 became 30% vested after three years of service.

Borrowings were collateralized by the unallocated shares of stock and were guaranteed by Somerset Tire Service, Inc. The lenders have no rights against shares once they are allocated under the ESOP.

Employees of the Company and its participating subsidiaries were eligible to participate in the Plan as of the first day of the Plan year (January 1) in which 1,000 hours of service was completed, provided the participant was still an employee at the end of the Plan year.

Forfeitures of terminated non-vested account balances were allocated to active participants based upon the relation of the participant's compensation to total compensation for the Plan year.

No distributions from the Plan would be made until a participant retires, dies (in which case, payment shall be made to his or her beneficiary or, if none, his or her legal representatives), or otherwise terminates employment with the Company and its participating subsidiaries.

Distributions would be made in accordance with Amendment Number 1 to the Plan, dated September 11, 1996. In the event a participant terminates employment for reasons other than death, disability or retirement, the participant's vested plan benefits, if in excess of \$7,500, would generally be distributed in substantially equal installments over a period of five years. In addition and in accordance with Amendment Number 2 to the Plan, dated March 28, 2005, the distribution of a participant's vested account balance under \$1,000 would be distributed without the written consent of the participant. Amendment Number 3 to the Plan, dated November 21, 2008, states that effective January 1, 2009, a participant's vested plan benefits of less than \$15,000 would be paid to eligible terminated participants as a lump sum distribution. Any participant account balance over \$15,000 would be paid in installments over a period of five years. Qualified Domestic Relations Orders (QDRO), whose amounts were more than \$15,000, will be paid out over five years.

Somerset Tire Service, Inc. Employee Stock Ownership Plan
Notes to Financial Statements
December 31, 2018 and 2017

Diversification was offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company stock into investments which were more diversified. Participants who were at least age 55 with at least ten years of participation in the Plan had the opportunity to diversify a portion of their account. Diversification was offered to each participant over a six year period. In each of the first five years, a participant had the opportunity to diversify up to 25% of the number of shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage increases to 50%. Participants who elected to diversify would receive a cash distribution.

Under Federal income tax regulations, the employer stock that is held by the Plan and its participants includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants. The Company had the right to pay for the purchase in a single payment or over a period of five years with interest.

All Company shares held in trust for the Plan were voted by the Trustee in accordance with instructions from the ESOP committee and with respect to any matter which under state law or corporate charter requires a majority vote. Each participant was entitled to direct the voting of shares of Company stock with respect to any matter, which by state law or corporate charter must be decided by a majority of outstanding shares voted.

The Company reserved the right to terminate the Plan at any time, subject to Plan provisions. Upon such termination of the Plan, the interest of each participant in the trust fund would be distributed to such participant or his or her beneficiary at the time prescribed by the Plan terms and the Code.

Upon termination of the Plan, the ESOP committee was to direct the Trustee to pay all liabilities and expenses of the trust fund and to sell shares of financed stock held in the unallocated investment account to the extent it determined such sales to be necessary in order to repay the loans.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting with the exception of the benefit payments (see below).

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability between market participants at the measurement date. See Note 4 for further discussion of fair value measurements.

Cash and cash equivalents include cash in the bank as well as all certificates of deposit and U.S. treasury bills and government obligations. At times, such investments may be in excess of the Federal Deposit Insurance Corporation ("FDIC") insurance limits.

Other investments consist of common stocks, municipal bonds and mutual funds.

Somerset Tire Service, Inc. Employee Stock Ownership Plan
Notes to Financial Statements
December 31, 2018 and 2017

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Realized gains and losses from security transactions are reported based on the average cost of the underlying securities.

Payment of Benefits

Benefits are recorded when paid.

Administrative Services

Except for investment, Custodian and certain other administrative fees, all administrative expenses are paid by the Company. Participants are charged a distribution fee for partial or full distributions. Other investment related fees have been offset with investment income and are not readily determinable.

3. INVESTMENTS

The Plan's investments, at December 31, 2018 and 2017 are presented in the following table:

Notes to Financial Statements
December 31, 2018 and 2017

4. FAIR VALUE MEASUREMENTS

The Company has provided fair value disclosure information for relevant assets and liabilities in these financial statements.

The Financial Accounting Standards Board ("FASB") established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 – Unobservable inputs that are supported by little or no market activity and that are financial instruments whose values are determined using pricing models, discounted cash flow methodologies or similar techniques, as well as instruments for which the determination of fair value requires significant judgment or estimation.

The following is a description of the valuation methodologies used for assets and liabilities measured at fair value. There have been no changes in the methodologies used for the periods presented in these financial statements.

Certificates of deposit are valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit worthiness of the issuer.

Money market funds, U.S treasury bills and government securities, common stocks and preferred stocks are valued at the closing price reported on the active markets on which the securities are traded.

Municipal bonds are valued using pricing models maximizing the use of observable inputs for similar securities. This includes basing value on yields currently available on comparable securities of issuers with similar credit ratings.

Mutual funds are valued at the net asset value ("NAV") of shares held by the plan at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Gains and losses (realized and unrealized) are included in changes in net assets available for plan benefits for the year ended December 31, 2018 and 2017 and are reported in net appreciation in fair value of investments.

5. RELATED PARTY TRANSACTIONS

In accordance with the stock purchase agreement, 544,704 shares of stock were purchased for an aggregate of \$202,947,605. In accordance with the stock purchase agreement, the initial agreed to purchase price per share was \$420.02, which would have resulted in proceeds of \$228,789,080. However, in accordance with the stock purchase agreement, the final agreed upon purchase price was subject to various closing adjustments. In addition, a portion of the proceeds were required to be deposited into various escrow accounts, one of which is an indemnification escrow account. The balance of the proceeds were required to remain in escrow until September 30, 2017, and proceeds would only be released from escrow if certain conditions were met or events occur as stipulated in the stock purchase agreement.

In June 2018, the remaining balance of \$13,028,853 was released from escrow and included in net appreciation in fair value of investments. At that time, each participant in the plan was credited with a portion of those proceeds in accordance with the stock purchase agreement.

6. INCOME TAX STATUS

The Plan obtained its latest determination letter on October 5, 2016, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable sections of the Internal Revenue Code ("IRC").

Notes to Financial Statements
December 31, 2018 and 2017

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. In addition, there have been no tax related interest or penalties for periods presented in these financial statements.

7. ADMINISTRATION OF PLAN ASSETS

The Plan's assets are held by the Custodian of the Plan.

Company contributions are held and managed by the Custodian, which invests cash received, interest and dividend income and makes distributions to participants.

Certain administrative functions are performed by officers or employees of the Company or its subsidiaries. No such officer or employee receives compensation from the Plan.

8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. All investment securities are exposed to some type of risk, including, but not limited to, exposure to changes in interest rates, market fluctuations, economic conditions and currency devaluation. Due to the level of risk associated with certain investment securities, it is possible that changes in near term risk factors could materially affect participants' account balances and the amounts reported in the statements of net assets for benefits and the statements of changes in net assets available for benefits.

9. SUBSEQUENT EVENTS

Subsequent events were evaluated through August 20, 2019, which is the date the financial statements were available to be issued. Based on that evaluation, the Plan has determined that no subsequent events have occurred that require adjustment to or disclosure in the financial statements.
