KUTOL PRODUCTS COMPANY INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2018 AND 2017

1. DESCRIPTION OF PLAN

The following description of the Kutol Products Company Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering employees of Kutol Products Company Inc. (the "Company") who have completed three months of service as defined in the plan document, and are age eighteen or older. An employee may enter the Plan on the first day of January or July, after meeting the Plan's eligibility requirements. The Plan is subject to the provisions of ERISA.

Contributions

Each year, participants may contribute a portion of their pretax and after tax annual compensation for the contribution period. However, contributions for any Plan year may not exceed certain limits which are set forth in the Plan agreement and the Internal Revenue Code (IRC). Transfers from qualified plans are allowed under provisions of the Plan. The Plan allows eligible participants to make catch-up contributions in accordance with Internal Revenue Service (IRS) Regulations. The Company provides a matching contribution of 100% of the first 1% of the participant's eligible compensation and 50% of the next 5% of the participant's eligible compensation to the Plan.

Participant Accounts

Each participant's account is credited with the participant's voluntary contribution, the Company's contribution (including any forfeitures which are treated as employer contributions), and an allocation of plan earnings. Employees self-direct investment selections from a number of available mutual funds. Allocation of plan earnings is based on participant account balances as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after two years of credited service.

KUTOL PRODUCTS COMPANY INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2018 AND 2017

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear an interest rate of 4.25% to 6.25%, which is commensurate with local prevailing rates as determined by the plan administrator. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

Benefits are payable to participants upon termination of employment, death, retirement, or disability. The participants may elect to either receive their distribution in the form of a lump-sum amount equal to the value of the participant's vested interest in his or her account, in the form of a series of installment payments over a period not extending beyond the participant's life expectancy, or in the form of a rollover into another qualified plan. In addition, the Plan includes a provision for employees to make withdrawals from their account under certain "hardship" circumstances.

Forfeited Accounts

Forfeited balances of terminated participant's non-vested accounts are first used to restore previously forfeited balances for reemployed participants who have repaid their distribution.

Any remaining forfeitures of matching contributions will be used to reduce Plan administrative expenses. If there are no Plan administrative expenses, such forfeitures will be used to reduce Company contributions. During 2018, \$10,756 of forfeitures were applied to the Company matching contributions. During 2017, \$4,000 of forfeitures were applied to the Plan administrative fees.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2018 AND 2017

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments, consisting of mutual funds, are recorded at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 and 2017. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payments of Benefits

Benefits are recorded when paid.

Administrative Expenses

Expenses and costs of administering the Plan are paid for by the Plan and the Company. Administrative expenses include the preparation of the Form 5500, compliance testing, consulting, recordkeeping, documenting and updates.

Subsequent Events

Subsequent events were evaluated through July 22, 2019, which is the date the financial statements were available to be issued.

3. INFORMATION CERTIFIED BY THE TRUSTEE

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the Trustee of the Plan, has certified to the completeness and accuracy of all investments reflected on the accompanying statement of net assets available for benefits as of December 31, 2018 and 2017, and investment related activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2018.

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described as follows:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

KUTOL PRODUCTS COMPANY INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2018 AND 2017

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

- *Mutual funds.* Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
- *Money market fund.* Valued at the daily closing price as reported by the fund. The money market funds are open-end mutual funds registered with the SEC. The funds are required to publish their daily net asset value and to transact at that price. The money market fund held by the Plan is deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

Assets at Fair Value as of December 31, 2018				
	Level 1	Level 2	Level 3	Total
Money market fund	\$ 913,894	\$ -	\$ -	\$ 913,894
Mutual funds	11,354,789	-	-	11,354,789
Investments at fair value	<u>\$ 12,268,683</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 12,268,683</u>

Assets at Fair Value as of December 31, 2017				
	Level 1	Level 2	Level 3	Total
Money market fund	\$ 1,224,082	\$ -	\$ -	\$ 1,224,082
Mutual funds	11,111,182	-	-	11,111,182
Investments at fair value	<u>\$ 12,335,264</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 12,335,264</u>

The Plan's policy is to recognize transfers between levels as of the end of the reporting period. There were no significant transfers between levels during 2018 and 2017.

5. PARTY-IN-INTEREST AND RELATED PARTY TRANSACTIONS

A party-in-interest transaction is defined under the DOL regulations as any fiduciary of the Plan, any party rendering services to the Plan, the employer and certain others. As of December 31, 2018 and 2017, certain investments include mutual funds and a money market fund sponsored by Fidelity Investments, an affiliate of Fidelity Management Trust Company. Fidelity Management Trust Company is the Plan trustee and, therefore, these investments qualify as party-in-interest investments. The Plan paid administrative fees to Fidelity Management Trust Company of \$3,375 during 2018. Participant loans also qualify as party-in-interest transactions. Blue & Co., LLC is the independent auditor for the Plan. All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all amounts credited to participant accounts will be paid to the participants.

7. TAX STATUS

The Plan obtained its latest determination letter dated March 31, 2014, in which the IRS stated that the Plan and related trust, as then designed, were in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the federal taxing authorities. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018 and 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2015.

8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
