Note 1. Description of Plan

The following description of the LBC Holdings, Inc. (the "Company") 401(K) Profit Sharing Plan (the "Plan") provides general information only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. *General*. The Plan was established on January 1, 1998, and is subject to the provisions of Employee Retirement Income Security Act of 1974 (ERISA). The plan was adopted under the provisions of Internal Revenue Code (IRC) Section 401(a), with a deferred arrangement qualified under IRC Section 401(k). Pursuant to the requirements of IRC Section 401(a)(27), the plan is also a profit sharing plan. The plan is a defined contribution plan that covers all active employees of LBC Holdings, Inc. Participation in the plan is entirely voluntary.

   The Plan was established for the exclusive benefit of all eligible employees and their beneficiaries with the intention to provide a measure of retirement security for the future.

   An eligible employee is any person employed by the Company who has had a one year of service and have worked at least 1,000 hours during the 12-month period and are twenty-one (21) years of age or older. The plan is administered by LBC Holdings, Inc. and advised by a committee whose members are appointed by the board of directors of the Company (administrative committee). The Plan engaged the services of Hicks Pension Services, its third party administrator and Massachusetts Mutual Life Insurance Company Retirement Services Business (MassMutual), its record keeper. The assets of the plan are held and invested by Reliance Trust Company (trustee and custodian). Substantially, all expenses of maintaining the Plan are paid by the Company.

2. *Amendment and Termination of the Plan Agreement.* The plan agreement may be amended or terminated by the Company at any time. No such termination is contemplated, but if it should occur, the assets of the plan should be used to pay or provide for the payment of any and all obligations hereunder, in accordance with the provisions of the plan and the directions of the administrative committee. No portion of assets of the plan, directly or indirectly, should revert to or accrue to the benefit of the Company. In addition, in the event of termination or partial termination of the plan, all affected participants should have a fully vested interest in all accrued benefits.

3. *Contributions*. Participants may contribute 1% to 100% of their pre-tax annual salary, as defined in the Plan, subject to the maximum amount permitted by law. At the discretion of the Plan Administrator, participants may also be permitted to deposit into the Plan distributions that they have received from other retirement plans and certain IRA's. Such a deposit is called "rollover" contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Each year, the Company may make a discretionary matching contribution equal to a uniform percentage of participant's salary deferrals or a flat dollar amount allocated on a uniform basis to all participants, which is determined each year. Matching Company contribution is invested directly into the Plan. Additional amounts may be contributed at the option of the Company's board of directors and invested in portfolio investments as directed by the participants. Contributions are subject to certain limitations.

   Annually, the Company is allowed to make discretionary matching contributions. The Company elected to make $68,522 and $60,865 matching contribution for the years ended December 31, 2018 and 2017, respectively. The Plan also allows for a discretionary profit sharing contribution. In 2018 and 2017, the Company has not made a discretionary profit sharing contribution. A participant must be employed on the last day of the Plan year to be eligible for the discretionary profit sharing contribution.

Note 1. Description of Plan - Continued

4. *Investment Elections.* The participant contribution and the company matching contributions are held in trust and are allocated to the various investment options offered by the plan as directed by participant, which are credited with gains and losses at each valuation date. At December 31, 2018 and 2017, the Plan offered 28 and 25 mutual funds, respectively, as investment options for participants.

5. *Participant Accounts.* Each participant's account is credited with the participant's contribution and an allocation of (a) the Company's contribution and (b) plan earnings, and charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances, as defined by the Plan. Allocation of the Company's discretionary profit sharing contribution is based on employee's eligible compensation, as defined by the Plan. The participant's vested account provides the amount of benefits currently available for distribution.

6. *Vesting*. Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's discretionary contribution portion to their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested with respect to the Company's matching contribution if he/she is employed on or after participant's Normal Retirement Age.

7. *Notes Receivable from Participants*. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of (a) $50,000, reduced by the excess, if any, of the highest outstanding balance of loans from the Plan during the one-year period ending on the day before the date on which such loan will be made, over the outstanding balance of loans from the Plan on the date such loan will be made; or (b) 50% of the present value of the participant's vested benefit under the Plan while employed with the Company (determined without regard to any deductible participant contributions) . The loans are secured by the balance in the participant's account and bear a reasonable rate of interest, which will provide the Plan with a return comparable to the rates being charged by lending institutions in the same geographic locale as the Company (4.25% to 6.25% at December 31, 2018 and 2017). A loan will carry the same rate of interest throughout its term except as permitted under applicable law, and interest paid on the loan is credited to the borrower's account. Participant loan interest is not included or applied to the outstanding principal loan balance. Principal and interest are paid ratably through bi-weekly payroll deductions.

   Interest income on notes receivable from participants is recorded on accrual basis. Related fees are recorded as administrative expense and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 and 2017. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the plan document.

Note 1. Description of Plan - Continued

8. *Payment of Benefits*. On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or any of the payment options as defined in the Plan. The distribution will be made, at the option of the participant, as soon as administratively feasible. For termination of service for other reasons, the participant may receive the value of the vested interest in the Plan as a lump sum distribution. The distribution will be made, at the option of the participant, as soon as administratively feasible. Participants may also be entitled to receive an in-service distribution. However, this distribution is made at the participant's election and will be made in accordance with the forms of distributions available under the Plan.

9. *Forfeited Accounts*. Forfeitures of non-vested Company contributions are used to reduce future employer contributions. During the year 2018 and 2017, $3,452 and $3,198, respectively, of forfeited non-vested accounts were used to reduce the Company's contributions. At December 31, 2018 and 2017, there were no forfeited non-vested accounts that have not yet been applied to reduce Company's contributions.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment contracts held by defined contribution plans are required to be reported at fair-value, except for fully benefit-responsive investment contract. Contract value is the relevant measurement attribute for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the contract value of the fully benefit-responsive investment. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis for fully benefit-responsive investment contracts.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contract, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Company's Board of Directors determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Note 2. Summary of Significant Accounting Policies - Continued

Excess Contribution Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Services are recorded as liability with a corresponding reduction to contributions. There were no excess contribution outstanding as of December 31, 2018 and 2017.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Substantially all expenses of maintaining the Plan are paid by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participant are charged directly to the participant's account. Investment related expenses are included as reduction of earnings on each investment fund and charged to participant accounts.

Recent Accounting Updates

ASU Update 2018-13; Fair Value Measurement (Topic 820) – Changes to Disclosure Requirements for Fair Value Measurement

On August 28, 2018, the Financial Accounting Standard Board (FASB) issued an amendment to the FASB Accounting Standard Codification and created Fair Value Measurement (Topic 820) – ASU Update 2018-13: Disclosure Framework – Changes to the Disclosure Requirement for Fair Value Measurement. The amendments in this Update apply to all entities that are required, under existing GAAP, to make disclosures about recurring or nonrecurring fair value measurements.

The following disclosure requirements were modified in Topic 820:

1. In lieu of a rollforward for Level 3 fair value measurements, a nonpublic entity is required to disclose transfers into and out of Level 3 of the fair value hierarchy and purchases and issues of Level 3 assets and liabilities.
2. For investments in certain entities that calculate net asset value, an entity is required to disclose the timing of liquidation of an investee's asset and the date when restrictions from redemption might lapse only if the investee has communicated the timing to the entity or announced the timing publicly.
3. The amendments clarify that the measurement uncertainty disclosure is to communicate information about the uncertainty in measurement as of the reporting date.

The amendments in this Update are effective for all entities for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2019. All other amendments should be applied retrospectively to all periods presented upon their effective date. Management is in the process of evaluating the effect of the update and believes adoption of the requirements will not have a significant impact to the financial statements.

Recent Accounting Updates - Continued

ASU 2017-06 (Topic 962): Employee Benefit Plan Master Trust reporting

In February 2017, FASB issued ASU No. 2017-06 (Topic 962). Topic 962 requires plan to disclose their percentage interest in the master trust and a list of the investment held by the master trust, presented by general type, within the plan's financial statements.

The amendment in this update remove the requirement to disclose the percentage interest in the master trust for plans with divided interest and require that all plans disclose the dollar amount of their interest in each of those general types of investments, which supplements the existing requirement to disclose the master trust's balances in each general type of investment.

This new pronouncement is effective for fiscal years beginning after December 15, 2018. Early adoption is permitted. This new pronouncement is not applicable to the Plan since the Plan is not a master trust.

Subsequent Events

For the year ended December 31, 2018, the Plan has evaluated subsequent events for potential recognition and disclosure through September 6, 2019, the date the financial statements were available to be issued – see Note 12.

Note 3. Participant-Directed Investments, At Fair Value

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). These inputs are assumptions market participants use in pricing the investment. ASC 820 establishes a fair value hierarchy that prioritize the inputs, which are summarized as follows:

Level 1 Inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the plan can access at the measurement date.

Level 2 Inputs are inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly. Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs are unobservable inputs, which contain assumptions by the party valuing those assets. For Level 3 inputs, there is no market data or correlations with the market assumptions.

Note 3. Participant-Directed Investments, At Fair Value - Continued

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

> *Mutual Funds.* Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

At December 31, 2018 and 2017, the plan's investment assets were held in a trust company at Reliance Trust Company. The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017:

	Assets at Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 3,372,705	$ -	$ -	$ 3,372,705

	Assets at Fair Value as of December 31, 2017			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 3,330,615	$ -	$ -	$ 3,330,615

Transfers between Levels

For the years ended December 31, 2018 and 2017, there were no significant transfers between Levels 1 and 2, or transfers in or out of Level 3.

Note 3. Participant-Directed Investments, At Fair Value - Continued

Fair Value of Investments in Entities that Use NAV

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2018 and 2017, respectively.

December 31, 2018	Fair value	Unfunded Commitments	Mesurement Frequency	Redemption Notice Period
Mutual funds	$ 3,372,705	N/A	Daily	30 days

December 31, 2017	Fair value	Unfunded Commitments	Measurement Frequency	Redemption Notice Period
Mutual funds	$ 3,330,615	N/A	Daily	30 days

The net investment income of the plan's investment assets for the years ended December 31, 2018 and 2017 is summarized as follows:

	For the Year Ended December 31, 2018			
	Interest	Dividends	Net Appreciation (Depreciation)	Total
Total	$ -	$ 188,086	$ (336,129)	$ (148,043)

	For the Year Ended December 31, 2017			
	Interest	Dividends	Net Appreciation (Depreciation)	Total
Total	$ -	$ 134,638	$ 213,862	$ 348,500

Note 4. Contribution Receivables

Employer Contribution

For the years ended December 31, 2018 and 2017, the Company elected to contribute $68,522 and $60,865, respectively to the Plan. These matching contributions are remitted to the Plan in the following month – see Note 12.

Participant Contributions

As of December 31, 2018 and 2017, participant deferral contributions amounted to $5,337 and $0, respectively. These participant contribution receivables were remitted to the Plan in the following month – see Note 12.

Note 5. Notes Receivable from Participants

The following sets forth a summary of changes in the value of the notes receivable from participants as of December 31, 2018 and 2017:

	2018	2017
Notes receivable from participants, beginning	$ 182,502	$ 181,817
Net increase in participant loans	9,200	685
Notes receivable from participants, end	$ 191,702	$ 182,502

For the years ended December 31, 2018 and 2017, interests on notes receivable from participants earned by the Plan amounted to $9,150 and $8,470, respectively.

Note 6. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

Note 7. Tax Status

On March 31, 2014, the Internal Revenue Services, (IRS) has ruled that the prototype plan that the Company adopted, qualifies under Section 401(a) of the Internal Revenue Code (IRC) and, therefore, the related trust is not subject to tax under present income tax laws. Employee contributions qualify as "cash or deferred" contributions under Section 401(k) of the IRC. Once qualified, the Company who adopted the prototype plan is required to operate in conformity with the IRC to maintain its qualification.

Note 7. Tax Status - Continued

The Plan terms have been drafted in reliance on the sample language provided by the Internal Revenue Service in Revenue Procedure 2007-71. The Plan is required to operate in accordance with the IRC to maintain the tax-exempt status for Plan participants under Section 403(b). Plan management believes the Plan is currently designed and operating in accordance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize tax liability if the organization has taken an uncertain income tax position that more likely than not would not be sustained upon examination by the IRS or California Franchise Tax Board. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 9. Information Certified by the Custodian (Unaudited)

The plan management has elected the method of compliance permitted by 29 CFR 2520. 103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Reliance Trust Company, trustee and custodian of the Plan, has certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2018 and 2017, and the supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2018; and the related investment activity reflected in the statements of changes in net assets available for benefits for the year ended December 31, 2018.

Note 10. Related-Party and Party-In-Interest Transactions

The Plan Sponsor provides certain accounting, administrative and investment management services to the Plan for which no fees are charged. These transactions are exempt party in interest transactions.

Plan investments are held and managed by Reliance Trust Company. Reliance Trust Company is the trustee and custodian, as defined by the plan, and qualifies as a party in interest. Notes receivable from participants and the related interest income are also considered party-in-interest transactions. The records of the Plan indicate no party-in-interest transactions, that are prohibited by ERISA and for which no statutory or administrative exemption exists.

Note 11. Reconciliation of Financial Statements to Form 5500

As of December 31, 2018 and 2017, and for the year ended December 31, 2018, there were no differences between the financial statements and Form 5500.

Note 12. Subsequent Events

Following are material subsequent events that took place between January 1, 2019 through September 6, 2019 (date of the report):

a. On January 14, 2019 and February 13, 2019, the Company remitted the participant and employer contribution receivables to the Plan amounted to $5,337 and $68,522, respectively.

b. On March 3, 2019, the Plan Sponsor engaged Principal Life Insurance Company, a member of Principal Financial Group, as its new Plan trustee and custodian.

c. On May 10, 2019, the Plan's total retirement fund of $3,724,918 was transferred to Principal Financial Group. These funds have been deposited as directed in the signed transitional holding arrangement.
