LANSING BUILDING PRODUCTS, INC. 401(K) PLAN

Notes to Financial Statements

1. Description of Plan:

The following description of the Lansing Building Products, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering substantially all employees of Lansing Building Products, Inc. (the Company or Plan Sponsor) who, prior to January 2, 2017, have six months of service and are age 21 or older. Effective January 2, 2017, the Plan was amended to allow employees who have three months of service and are 18 years of age or older to be eligible for the Plan. Prior to January 2, 2017, each employee who became eligible to participate entered the Plan effective as of January 1, April 1, July 1 or October 1, coinciding with or following the date the employee obtained eligibility. The Investments/Benefits Committee (the "Committee") is responsible for oversight of the Plan. The Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Company's Board of Directors. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Plan Amendments: Effective January 2, 2017, the Plan was amended to allow employees who have three months of service and are 18 years of age or older to be eligible for the Plan. Each employee who becomes eligible to participate shall enter the Plan effective the first day of each month, coinciding with or following the date the employee obtains eligibility as defined above.

Effective January 2, 2017, the Plan was amended to allow a participant to have only one outstanding loan. A participant with the maximum number of existing loans may not apply for another loan until 30 days following the date the existing loan is paid in full.

Plan Administration: Overall responsibility for administering the Plan rests with the Company. Participant accounts are administered by Fidelity Management Trust Company, the trustee, and Fidelity Workplace Services, an affiliate of the trustee and third party administrator of the Plan.

Participant Accounts: Each participant's account is credited with the participant's contribution and the Plan Sponsor's matching contribution and allocations of any additional discretionary contributions and Plan earnings/losses, and charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transaction, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. Description of Plan, Continued:

Contributions: Participants may contribute up to 60% of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. The Plan also includes auto-escalation provision whereby participants are subject to an annual automatic deferral rate increase of 1% until their deferral rate reaches 6% of eligible compensation. Participants may elect to discontinue their participation in the automatic deferral rate increase at any time. The Company may make a discretionary matching contribution for each plan year. An additional discretionary non-elective contribution may be made on behalf of employees at the option of the Company. No such additional discretionary non-elective contribution was made for the 2018 plan year. For the 2018 plan year, the Company made a 50% match on all regular participant contributions up to 15% of base pay, plus a 50% match on any catch-up contributions. Contributions are subject to certain Internal Revenue Service limitations.

Investment Options: Upon enrollment in the Plan, a participant may direct all contributions to selected investments as made available and determined by the Committee in 1% increments. Participants may change their investment options daily.

Vesting: Participants are vested immediately in their contributions plus actual earnings thereon. Participants are vested in the Plan Sponsor's contributions plus actual earnings thereon based on years of continuous service. A participant is 100% vested after three years of service.

Notes Receivable from Participants: Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of 50% of their vested account balance or \$50,000. Loan terms range up to five years or over a reasonable period of time for the purchase of a participant's primary residence, as established by the Plan Administrator at the time of the loan. The loans are collateralized by the vested balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined quarterly by the Plan Sponsor. These rates range from 4.25% to 10.50% on loans outstanding at December 31, 2018, and mature through 2028. Principal and interest are paid ratably through regular payroll deductions. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Management has evaluated notes receivable for collectability and has determined that no allowance is considered necessary.

Notes to Financial Statements, Continued

1. Description of Plan, Continued:

Payment of Benefits: The Plan permits withdrawals when a participant terminates employment, retires or becomes disabled or deceased. In-service withdrawals are also permitted for certain financial hardships or when a participant attains age 59½. Benefits are payable in lump-sum payments with certain exceptions allowed.

Forfeitures: Forfeitures are used to reduce future employer contributions or pay Plan expenses. Forfeited nonvested accounts totaled \$3,924 and \$489 at December 31, 2018 and 2017, respectively. Forfeitures used to reduce employer matching contributions were \$77,674 for 2018. No forfeitures were used to pay administrative expenses in 2018.

2. Summary of Significant Accounting Policies:

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Committee determines the Plan's valuation policies utilizing information provided by the trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net investment loss includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits: Benefits are recorded when paid.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States ("GAAP") requires Plan management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Subsequent Events: Management has evaluated subsequent events through September 11, 2019, the date the financial statements were available to be issued and has determined there are no subsequent events to be reported in the accompanying financial statements.

LANSING BUILDING PRODUCTS, INC. 401(K) PLAN

Notes to Financial Statements, Continued

3. Fair Value Measurements:

The Financial Accounting Standards Board ("FASB") has issued guidance for measurement and disclosure of fair value and establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology are quoted prices for similar instruments in active and inactive markets; and model driven valuations with significant inputs and drivers derived from observable active markets.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Valuation techniques used should maximize the use of observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for investments carried or disclosed at fair value:

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission ("SEC"). These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-directed brokerage account: Accounts primarily consists of mutual funds and common stocks that are valued on the basis of readily determinable market prices.

Common collective trust fund: Valued at the NAV of shares in each account held by the Plan at year-end. The NAV is based on the fair value of the underlying investments held by the fund, less its liabilities. The NAV is not a public-quoted price in an active market. The NAV, as provided by the trustee, is used as a practical expedient to estimating fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

3. Fair Value Measurements, Continued:

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value as of December 31, 2018:

	Investments at Fair Value	
	Level 1	Total
Investments:		
Mutual funds	\$ 35,623,720	\$ 35,623,720
Self-directed brokerage accounts	472,414	472,414
	<u>\$ 35,623,720</u>	<u>36,096,134</u>
Investments measured at NAV (a)		1,885,057
Investments at fair value		<u>\$ 37,981,191</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value as of December 31, 2017:

	Investments at Fair Value	
	Level 1	Total
Investments:		
Mutual funds	\$ 39,024,011	\$ 39,024,011
Self-directed brokerage accounts	521,707	521,707
	<u>\$ 39,545,718</u>	<u>39,545,718</u>
Investments measured at NAV (a)		989,355
Investments at fair value		<u>\$ 40,535,073</u>

(a) In accordance with the Fair Value Measurements topic, certain investments that were measured at NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

LANSING BUILDING PRODUCTS, INC. 401(K) PLAN

Notes to Financial Statements, Continued

3. Fair Value Measurements, Continued:

The following table summarizes investments for which fair value is estimated using NAV per share (or its equivalent) as a practical expedient as of December 31, 2018 and 2017.

As of December 31, 2018				
<u>Instrument</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
Common/collective trust	\$1,885,057	None	Immediate	None

As of December 31, 2017				
<u>Instrument</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
Common/collective trust	\$ 989,355	None	Immediate	None

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. The Plan evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits.

4. Related Party Transactions:

Fidelity Management Trust Company is the trustee of the Plan; therefore, investments and transactions with the trustee qualify as parties-in-interest transactions and are identified as such in the accompany schedule of assets (held at end of year). Fees paid by the Plan to the trustee totaled \$9,731 during 2018. The Company also paid certain administrative expenses of the Plan.

5. Administrative Expenses:

Although not required by the Plan, a portion of the costs of the Plan administration is paid by the Company. The Plan paid administrative fees totaling \$26,739 during 2018.

6. Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

LANSING BUILDING PRODUCTS, INC. 401(K) PLAN

7. Financial Information Certified by the Trustee:

Fidelity Management Trust Company, the trustee of the Plan, has certified that the following information is complete and accurate:

- Investments, at fair value
- Investment income (loss)
- Schedule of assets (held at end of year)
- Notes receivable from participants
- Interest income on notes receivable from participants

8. Tax Status:

The Internal Revenue Service has determined and informed the prototype sponsor by letter dated March 31, 2014 that the Plan and related trust are designed in accordance with the applicable sections of the Internal Revenue Code. The Plan has been amended since receiving the opinion letter; however, the plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Management has evaluated the effects of accounting guidance related to uncertain income tax positions and concluded that the Plan had no significant financial statement exposure to uncertain income tax positions at December 31, 2018 and 2017. The Plan is not currently under audit by any tax jurisdiction.

9. Risks and Uncertainties:

The Plan provides for investments in various securities. Investments are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the financial statements.
