Contributions

The employer may make discretionary matching and profit-sharing contributions. The employer did not make any discretionary matching contributions or profit-sharing contributions for the period January 1, 2018 to November 26, 2018. Each year, participants may contribute up to a maximum amount determined the by Federal Government, which for the years 2018 and 2017 were $18,500 and $18,000, respectively. Also, participants who have obtained the age of 50 before the close of the Plan year are eligible to make catch-up contributions, which for the years 2018 and 2017 were up to an additional $6,000.

Participant Accounts

Participants may direct their contributions to selected investments as made available by the Plan administrator. Participants may change their investment options throughout the year via direct access with the Plan's custodians. Each participant's account is credited with the participant's contribution and allocations of the Company's contributions (if any) and Plan earnings. Plan earnings are credited to each participant's account based upon the performance of the investments selected at each valuation date. The benefit to which a participant is entitled is the benefit that can be derived from the participant's vested account.

Payment of Benefits

On termination of service, a lump-sum amount will be distributed equal to the value of the participant's vested interest in his or her account. Any balance under $5,000 is automatically paid out as soon as administratively possible.

1. Description of Plan (continued)

Vesting

Participants are 100% vested at all times in their contributions plus actual earnings thereon. Participants become 20% vested after two years of service and increasing 20% per year until 100% vested after the completion of six years of service in all contributions made by the Company and the earnings thereon.

Forfeited Accounts

Forfeitures are created when participants terminate employment before becoming entitled to their full benefits under the Plan. Forfeited amounts are to be used to reduce plan administrative expenses and to reduce Employer contributions to the Plan. Forfeited nonvested accounts upon plan termination on November 26, 2018 were $76,012 and this balance was refunded to the plan sponsor. Forfeited nonvested accounts at December 31, 2017 were $53,261. In 2018 plan administrative expenses in the amount of $9,000 were paid from forfeited nonvested accounts.

Notes Receivable from Participants

Loans are available to all active employees who are participating in the Plan. The participant requesting a loan must have a minimum vested account balance of $2,000 to be eligible. The minimum loan amount that a participant may request is $1,000. The maximum amount that may be borrowed is the lesser of $50,000 or 50% of the participant's vested interest in the Plan. The $50,000 maximum amount will be reduced by the participant's highest outstanding loan balance in the previous 12 months, even if amounts have been repaid. The interest rate charged will be the prime rate as published in the Wall Street Journal on the first business day of the month the loan is originated. The loans are secured by the balance in the participant's account.

All loans must be repaid within five years except for the purchase of a primary residence, which have a maximum repayment period of thirty years. Principal and interest are paid ratably through monthly payroll deductions.

Plan Termination

The plan sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject the provisions of ERISA. The plan sponsor elected on September 6, 2018 to merge the Plan into the plan of G&A Partners, its professional employer organization, known as the G&A Partners, Inc. Multiple Employer 401(k) Plan, effectively terminating the Plan. The Plan assets were transferred to the G&A Partners, Inc. Multiple Employer 401(k) Plan on November 26, 2018 at which time the participants become 100% vested in their account balances. In accordance with accounting principles generally accepted in the United States of America, the

plan has changed its basis of accounting from the ongoing basis used in the 2017 financial statements to the liquidation basis used in the 2018 financial statements. Our opinion is not modified with respect to this matter.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in 2017 and the liquidation basis in 2018 (see Note 1).

Investment Valuation and Income Recognition

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-response investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for a credit loss has been recorded as of November 26, 2018 (date of plan termination) or December 31, 2017. Upon plan termination loan balances totaling $130,718 were transferred to the G&A Partners, Inc. Multiple Employer 401(k) Plan. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan management to make estimates and assumptions that affect the reported amounts assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

2. Summary of Significant Accounting Policies (continued)

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Plan Sponsor. Expenses that are paid by the Plan Sponsor are excluded from these financial statements. Investment-related expenses are included in net appreciation of fair value of investments.

Subsequent Events

Subsequent events were evaluated through September 11, 2019, the date the financial statements were available to be issued.

3. Certification of the Plan Custodian

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Great-West Trust Company, LLC (Great-West), the custodian of the Plan has certified the following information included in the accompanying financial statements is complete and accurate:

- Investments and notes receivable as shown in the statements of net assets available for benefits as of November 26, 2018 and December 31, 2017.

- Investment income shown in the statement of changes in net assets available for benefits for the period January 1, 2018 to November 26, 2018.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information certified by the custodian to information included in the Plan's financial statements.

4. Fair Value Measurements

The Financial Accounting Standards Board's *FASB Accounting Standards Codification* (ASC), Fair Value Measurements and Disclosures, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the

4. Fair Value Measurements (continued)

ASC, Fair Value Measurements and Disclosures, are described below.

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for major categories of investments measured at fair value:

Mutual Funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The Plan's investments, measured at fair value by the three levels of the fair value hierarchy as described above are as follows at December 31, 2017:

	Level 1	Level 2	Level 3	Fair Value
Mutual funds	$ 2,441,222	$ -	$ -	$ 2,441,222

5. Fixed Annuity Fund

The Plan at December 31, 2017 had an investment contract measured at contract value of $55,080 with Great-West Life and Annuity Insurance Company that invests in the Key Guaranteed Portfolio Fund. The Key Guaranteed Portfolio Fund is a general account product. The account was credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate guaranteed to the Plan.

As described in the investment valuation accounting disclosure, because this guaranteed investment contract was fully benefit-responsive, contract value was the relevant measurement attribute for that portion of the net assets available for benefits attributable to the fixed annuity fund contract. The funds are included in the financial statements at contract value, which approximates fair value. Contract value, as reported to the Plan by Great-West, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against the contract values for credit risk of the contract issuer or otherwise. The crediting interest rates was based on a formula agreed upon with the issuers. The interest crediting rates are based on the earnings of the underlying assets in the entire portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. Such interest rates were reviewed for resetting periodically as specified in the contracts.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (a) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan); (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-off of a subsidiary) that cause a significant withdrawal from the Plan; or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that any such events that would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring.

6. Related Party Transactions and Party-In-Interest Transactions

Certain Plan investments are shares of mutual funds and fixed annuity funds managed by Great-West. Great-West is the custodian as defined by the Plan and, therefore, these investments qualify as party-in-interest transactions. Total fees paid by the Plan for all administrative services amounted to $33,626 for the period January 1, 2018 to November 26, 2018.

7. Tax Status

Effective July 21, 2017, the Company adopted the Great-West Trust Company, LLC protype non-standardized profit-sharing plan with CODA which received a favorable opinion letter from the Internal Revenue Service (IRS) on March 31, 2014 which stated that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in accordance with the applicable requirements of the IRC, and therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of November 26, 2018, no uncertain positions taken or expected to be taken would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2015.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
