Note 1 – Plan Description and Related Information

The following description of the Green Dot Corporation 401(k) Retirement Savings Plan (the “Plan”) provides general information about the Plan’s provisions. Green Dot Corporation (the “Company”) is the plan sponsor. Participants should refer to the Plan Document and summary plan description for a more complete description of the Plan’s provisions; copies of which only may be obtained from the plan sponsor.

General – The Plan is a defined-contribution plan sponsored by the Company covering substantially all employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended, and the Internal Revenue Code (IRC). The 401(k) Committee of the Company is responsible for the general administration of the Plan.

Transfer in – Effective March 1, 2018, the UniRush 401(k) Savings Plan was merged into the Plan and participants’ total account balance in the amount of \$5,489,855 was transferred into the Plan.

Trustee and recordkeeper – Fidelity Management Trust Company (“Fidelity”) serves as the trustee and Fidelity Workplace Services LLC serves as the recordkeeper as of December 31, 2018 and 2017, and for the year ended December 31, 2018.

Eligibility – Employees of the Company are eligible to participate in the Plan and participants are eligible to receive Company matching contributions upon reaching age 21.

Contributions – The Plan currently provides for the following contributions:

Participant Contributions – Each pay period, the Plan allows an eligible employee (a “Participant”) to make pretax contributions of eligible compensation to the Plan through payroll deductions, subject to certain limitations as defined in the Plan. In addition, Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Plan was amended effective March 2018 to allow for Roth contributions.

Employer Matching Contributions – The Company may make discretionary matching contributions on behalf of each eligible participant. For the plan year ended December 31, 2018, the Company matched 50% of Participant pretax contributions up to 5% of eligible compensation.

Contributions are subject to regulatory limitations.

Participant accounts – Participant accounts are credited with the Participant’s pretax and rollover contributions, Employer matching contributions, and plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a Participant is entitled is the benefit that can be provided from the Participant’s account.

Notes to Financial Statements

Note 1 – Plan Description and Related Information (continued)

Participant and Employer matching contributions, and the income earned on those contributions, are generally not taxable to the Participant until withdrawn. As required by law, Participant accounts are held in a trust.

Vesting – Participants are vested immediately in their contributions and Employer matching contributions plus actual earnings thereon.

Investments – Participants direct the investment of their pretax contributions and Employer matching contributions in multiples of 1% to any of the investment options offered by the Plan. Participants may change their deferral percentage or investment elections at any time.

Notes receivable from participants – Participant loans are available under the Plan. The maximum amount of any loan, when added to the balance outstanding on all other loans to the Participant, may not exceed the lesser of (1) \$50,000, less the Participant's highest outstanding loan balance in the preceding 12 months or (2) 50% of the Participant's total account balance in the Plan. The minimum loan is \$1,000. The loan interest rate is the prime lending rate established by the Federal Reserve on the business day preceding the issuance of the loan plus 1%. The interest rates for notes receivable from participants at December 31, 2018, ranged from 4.25% to 6.50% with various maturities through March 2044.

Participant loans are generally payable over one to five years, unless such loans are used for the purchase of a primary residence under the Plan. As of December 31, 2018, participant loans outstanding mature through March 2044. Repayments are generally made through biweekly payroll deductions and are immediately allocated to the funds based on the Participant's investment elections. Loans may be repaid in full at any time. Terminated employees shall repay the loans to the employer and the loan must be repaid in full on the maturity date. If a loan is not repaid within its stated period, it becomes a taxable distribution.

Benefit payments – Upon disability, death, retirement, or termination, Participants or their beneficiaries are eligible to receive a distribution of the full value of their accounts. Participants may elect to receive their account balance as a lump-sum amount or as installment payments. Distributions from all funds are made in cash. If the Participant's balance is less than \$1,000, the Participant may receive an immediate lump-sum distribution.

While employed, a Participant may make withdrawals from his or her account, as allowed under the Internal Revenue Service (IRS) regulations, subject to certain restrictions as described in the Plan. Certain restrictions associated with withdrawals may be waived in the event a Participant demonstrates financial hardship.

Administrative expenses – Trustee, recordkeeping, and certain investment management fees are netted against investment returns for each participant. Loan establishment and maintenance fees are paid directly by the participant. Certain of the Company's officers and employees are involved with plan administration and are not compensated by the Plan for such services.

Note 1 – Plan Description and Related Information (continued)

Termination – Although the Company has not expressed any intent to do so, it reserves the right to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, accounts will be distributed as soon as practicable.

Note 2 – Summary of Significant Accounting Policies

Basis of accounting – The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP), using the accrual basis of accounting.

Use of estimates – The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes and supplemental schedules. Actual results could differ from those estimates.

Risks and uncertainties – The Plan invests in various types of investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is possible that changes in the values of investment securities will occur in the near term and that such change could materially affect Participants' account balances and the amounts reported in the financial statements, accompanying notes, and supplemental schedules.

Investment valuation – Investments are reported at fair value. The Plan's trustee, Fidelity, certifies the fair market value of all investments. If available, quoted market prices are used to value investments.

Fair value is the price that would be received to sell an asset or paid to transfer a liability (the "exit price") in an orderly transaction between market participants at the measurement date. Refer to Note 3 for additional information.

Income recognition – Purchases and sales of securities are recorded on the trade-date basis. Interest income is recorded on the accrual basis. Dividends are allocated based upon participant account holdings on the record date and are recorded on the dividend payment date. Net depreciation in fair value of investments consists of both the realized gains and losses and unrealized appreciation and depreciation of those investments.

Notes receivable from participants – Notes receivable from Participants are measured at the unpaid principal balance plus any accrued but unpaid interest. No allowance for estimated uncollectible amounts has been recorded as of December 31, 2018 and 2017, as the notes receivable from Participants are secured by the Participants' account balances. Delinquent Participant loans are reclassified as distributions based upon the terms of the Plan Document. No allowance for credit losses has been recorded as of December 31, 2018 and 2017.

Benefit payments – Benefit payments to Participants are recorded upon distribution.

Note 3 – Fair Value Measurements

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation techniques are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 – Inputs to the valuation techniques include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation techniques are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation techniques used for assets measured at fair value. There have been no changes in the techniques used at December 31, 2018 and 2017.

Registered investment companies (mutual funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective trust fund: The Plan invests in the Wells Fargo Stable Value Fund Class C, which is a collective trust fund (CT). Units held in the CT are valued using the net asset value practical expedient (NAV practical expedient) of the CT as reported by the CT manager. The NAV practical expedient is based on the fair value of the underlying assets owned by the CT, minus its liabilities, and then divided by the number of units outstanding. There are no redemption restrictions and unfunded commitments as of December 31, 2018.

Note 3 – Fair Value Measurements (continued)

The following tables provide the amounts and corresponding level of hierarchy for the Plan's investments that are measured at fair value as of December 31, 2018 and 2017:

Note 4 – Exempt Party-In-Interest Transactions

The Plan holds certain investments managed by Fidelity and its affiliates. Fidelity is the trustee and the record keeper as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions.

Note 5 – Tax Status

The volume submitter plan has received a favorable opinion letter from the IRS dated March 31, 2014, stating that the form of the Plan is qualified under Section 401(a) of the IRC and, therefore, the related trust is tax exempt. In accordance with Revenue Procedure 2013-6 and Announcement 2011-49, the plan administrator has determined that it is eligible to and has chosen to rely on the current IRS volume submitter plan advisory letter. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and therefore believes the Plan is qualified and the related trust is tax exempt. As a result, no provision for income taxes has been included in the Plan's financial statements.

Green Dot Corporation 401(k) Retirement Savings Plan

Notes to Financial Statements

Note 5 – Tax Status (continued)

The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018 and 2017, there were no uncertain tax positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements. The plan administrator is required to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions for tax years for which the applicable statutes of limitations have not expired; however, there are currently no audits for any tax periods in progress.

Note 6 – Information Certified by the Trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity, the trustee of the Plan, has certified to the completeness and accuracy of:

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2018 and 2017.
- Net depreciation in fair value of investments, dividends, and interest, and interest income from notes receivable from participants reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2018.
- Investments reflected on the schedule of assets (held at end of year).

Note 7 – Subsequent Events

Subsequent events are events or transactions that occur after the statement of net assets available for benefits date but before the financial statements are available to be issued. The Plan recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the statement of net assets available for benefits, including the estimates inherent in the process of preparing the financial statements. The Plan's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the statement of net assets available for benefits but arose after the statement of net assets available for benefits date and before the financial statements are available to be issued.

Management has evaluated subsequent events through August 27, 2019, the date on which the financial statements were available to be issued.

Note 8 – Delinquent Contributions

As disclosed in the accompanying supplemental schedules, certain employee deferrals were not remitted to the Plan within the timeframe required by the Department of Labor. The Company determined the amount of related lost earnings and remitted these amounts to Participants' accounts as soon as administratively feasible.
