United Ohio Insurance Company 401(k) Savings Plan

Notes to Financial Statements December 31, 2018 and 2017

Note 1: Description of the Plan

General

The following description of the United Ohio Insurance Company 401(k) Savings Plan (Plan) provides only general information. Participants should refer to the Plan Document and *Summary Plan Description* for a more complete description of the Plan's provisions, which are available from the Plan Administrator.

The Plan is a defined-contribution plan sponsored by United Ohio Insurance Company (Company) for the benefit of its employees who have at least 30 days of service. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA). Certain officers of the Company are the trustees of the Plan. Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company (Principal) is the recordkeeper and custodian of the Plan.

Contributions

The Plan permits eligible employees, through a salary deferral election, to have the Company make annual contributions of up to 75% of eligible compensation. Employee rollover and employee Roth contributions are also permitted. The Company contributes 3% of pre-tax annual compensation (as defined in the Plan) for all participants, regardless of the participant's contribution percentage. The Company may also make discretionary nonmatching contributions. Contributions are subject to certain limitations.

Participants may change their employee contribution percentage during any pay period.

Participant Investment Account Options

Investment account options available include various funds and pooled separate accounts. Each participant has the option of directing his or her contributions into any of the separate investment accounts and may change the allocation daily.

The Plan includes an automatic deferral feature whereby a participant is treated as electing to defer 6% of eligible compensation unless the participant made an affirmative election otherwise.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's contribution and Plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

United Ohio Insurance Company 401(k) Savings Plan

Notes to Financial Statements December 31, 2018 and 2017

Vesting

Participants are immediately vested in all contributions plus earnings thereon except for Company provided discretionary nonmatching contributions. All discretionary nonmatching contributions are vested increasingly with the number of years of credited service. Participants vest in discretionary nonmatching contributions as follows:

Years of Service	Vesting Percentage
Less than 2	0%
More than 2 but less than 3	20%
More than 3 but less than 4	40%
More than 4 but less than 5	60%
More than 5 but less than 6	80%
6 or more	100%

The nonvested balance is forfeited upon termination of service. Forfeitures are used to reduce Company contributions or are applied towards administrative expenses at the discretion of the Company.

Payment of Benefits

Upon attainment of normal retirement age, death or permanent disability, a participant may receive a lump-sum amount equal to the vested value of his or her account or may receive installment payments in a series of roughly equal monthly, quarterly or annual payments over the life expectancy of the participant or the joint life expectancies of the participant and his or her designated beneficiary.

Participant Loans

The Plan Document includes provisions authorizing loans from the Plan to any active eligible participants. The minimum amount of a loan shall be \$1,000. The maximum amount of a participant's loan is determined by the available loan balance restricted to the lesser of \$50,000 or 50% of the participant's vested account balance. All loans are covered by demand notes and are repayable over a period not to exceed five years (except for loans for the purchase of a principal residence) through payroll withholdings unless the participant is paying the loan in full. Interest on the loans is based on local prevailing rates as determined by the Plan Administrator.

Forfeited Accounts

At December 31, 2017, forfeited nonvested accounts totaled \$2,434 (none at December 31, 2018). These accounts will be used to reduce future employer contributions and Plan expenses. In 2018, \$4,989 of forfeitures were used to pay administrative expenses of the Plan (none in 2017).

United Ohio Insurance Company 401(k) Savings Plan

Notes to Financial Statements December 31, 2018 and 2017

Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition

Quoted market prices, if available, are used to value investments.

Pooled separate accounts are valued at estimated fair value as provided by Principal. Mutual funds are valued at the net asset value (NAV) of shares held by the Plan at year-end. The Plan's interest in the collective trust is valued based on information reported by the investment advisor at year end.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net (depreciation) appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan Document.

United Ohio Insurance Company 401(k) Savings Plan

Notes to Financial Statements December 31, 2018 and 2017

Plan Tax Status

The Plan operates under a nonstandardized adoption agreement in connection with a prototype basic savings plan and trust sponsored by Principal. This prototype basic savings plan document has been filed with the appropriate agency and has obtained a determination letter dated March 31, 2014 from the Internal Revenue Service stating that the prototype basic savings plan document constitutes a qualified plan under Section 401 of the Internal Revenue Code and that the related trust was tax-exempt. The Plan has been amended since the prototype plan received the determination letter. However, the Plan Administrator and the Plan's tax counsel believe that the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Administrative expenses are paid by the Plan.

Note 3: Certification of Plan Custodian

The Plan Sponsor has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal, the custodian of the Plan, certified the following information included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2018 and 2017
- Investment (loss) income and interest income from notes receivable from participants as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2018 and 2017
- Investment information and notes receivable from participants included in the accompanying schedule of assets (held at year end) as of December 31, 2018

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

United Ohio Insurance Company 401(k) Savings Plan

Notes to Financial Statements December 31, 2018 and 2017

Note 4: Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50 percent or more of such an employer or employee association, or relatives of such persons.

The Plan invests in certain funds of the Plan recordkeeper and affiliated companies. These transactions qualify as party-in-interest transactions. The Plan paid \$115,451 and \$106,530 of recordkeeping fees to Principal during 2018 and 2017, respectively. The Company provides certain administrative services at no cost to the Plan.

Note 5: Disclosures About Fair Value of Plan Assets

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

- Level 1** Quoted prices in active markets for identical assets or liabilities
- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities
- Level 3** Unobservable inputs supported by little or no market activity and are significant to the fair value of the assets or liabilities

Notes to Financial Statements December 31, 2018 and 2017

Recurring Measurements

The following tables present the fair value measurements of assets recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31, 2018 and 2017:

United Ohio Insurance Company 401(k) Savings Plan

Notes to Financial Statements

December 31, 2018 and 2017

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the years ended December 31, 2018 and 2017. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis.

Investments

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. If quoted market prices are not available, then fair values are estimated by using quoted prices of securities with similar characteristics or independent asset pricing services and pricing models, quoted prices of securities with similar characteristics or independent asset pricing services and pricing models, the inputs of which are market-based or independently sourced marketing parameters, including, but not limited to, yield curves, interest rates, volatilities, prepayments, defaults, cumulative loss projections and cash flows. Such securities are classified in Level 2 of the valuation hierarchy. Level 2 securities include pooled separate accounts and investment in a common collective trust. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy. There were no Level 3 securities identified.

Mutual funds: Valued at quoted market prices in active markets.

Pooled separate accounts and common collective trust: Valued at the net asset value (NAV) as reported by the funds daily. The NAV is based on the value of the underlying assets owned by the trust, minus its liabilities, and then divided by the number of shares outstanding. The NAV is classified within Level 2 of the valuation hierarchy because the NAV's unit price is quoted on private market that is not active; however, the unit price is based on underlying investments which are traded on an active market.

Note 6: Reconciliation Between Financial Statements and Form 5500

Differences between the Annual Return/Report of Employee Benefit Plan (Form 5500) filed with the Internal Revenue Service and the accompanying financial statements include reporting contributions on a cash basis in Form 5500 and on an accrual basis in the accompanying statements of net assets available for benefits and changes in net assets available for benefits.

United Ohio Insurance Company 401(k) Savings Plan

Notes to Financial Statements

December 31, 2018 and 2017

Note 7: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 8: Subsequent Events

Subsequent events have been evaluated through August 28, 2019, which is the date the financial statements were available to be issued.
