Note 1: Description of the Plan

The following description of the Go Rentals, Inc. 401(k) Plan and Trust (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was established on January 1, 2016, in accordance with Section 401(k) of the Internal Revenue Code ("IRC"). It is a defined contribution plan for the benefit of all employees of Go Rentals, Inc. (the "Company"). The employees must be at least 21 years of age and employed with the Company for at least six months. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan's administrative committee oversees governance of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Although it has not expressed the intention to do so, the Company has the right under terms of the Plan to discontinue its contributions at any time and to terminate the Plan subject to ERISA provisions. In the event of Plan termination, participants would become 100 percent vested in Company contributions.

Contributions

Employee contributions to the Plan (voluntary contributions) are deferrals of the employee's compensation made through a direct reduction of compensation in each payroll period. The maximum tax deferred contribution may not exceed the Internal Revenue Service ("IRS") limit. Upon enrollment in the Plan, a participant may direct employee contributions in various investment options. Participants may change their options at any time. The Company may elect to make a matching contribution. Also, the Company may make a profit-sharing contribution to be allocated to each participant. The Company did not make any contributions to the Plan in 2018.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1: Description of the Plan (Continued)

Vesting

Each participant's interest in voluntary contributions is vested immediately. Matching and profit-sharing contributions are vested in accordance with the Plan's vesting schedule as follows:

Years of Service	Vesting Percentages
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Notes Receivable from Participants

Participants may borrow against their Plan account balance within Plan guidelines. Loan terms are at the discretion of the borrower but generally cannot exceed five years. The loan amount must be a minimum of $1,000 but cannot exceed the lesser of (a) one-half of the participant's nonforfeitable interest under the Plan or (b) $50,000. Interest is charged on the outstanding balance at rates determined by the plan administrator based on prevailing interest rates. Principal and interest are paid ratably through payroll deductions. The notes are secured by the vested balance in the participant's account, and a participant can have a maximum of one outstanding loan at any time.

Benefit Payments

Upon termination of service due to death, disability, retirement, or for other reasons, a participant may receive a lump-sum distribution equal to the vested portion of his or her account, as defined in the Plan document. Participants may also elect to roll over their account into another tax-deferred account or remain in the Plan until they are legally required to begin taking distributions. All vested account balances not exceeding $5,000 will be immediately distributed in a lump-sum payment. Additionally, under certain circumstances of financial hardship or attaining the age of 59½, participants are allowed to withdraw certain funds from the Plan.

Forfeitures

Upon termination of a participant, the nonvested portion of the participant's interest is forfeited. Forfeitures of the Company's contributions are used first to reduce administrative expenses of the Plan, and any remaining forfeitures are applied to reduce future employer's contributions.

Note 1: Description of the Plan (Continued)

Forfeitures (Continued)

As of December 31, 2018 and 2017, forfeited nonvested accounts totaled $234 each year, respectively, and are included in interest-bearing cash in the accompanying statements of net assets available for benefits.

Administrative Expenses

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee received compensation from the Plan. Some administrative expenses incurred by the Plan are absorbed by the Company. The administrative expenses that are paid by the Plan consist of fund management fees, bank service charges, and other administrative fees charged by the custodian.

Investment management fees and operating expenses charged to the Plan for investments in the various funds are deducted from income earned on a daily basis and are reflected as a component of net appreciation in fair value of investments.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan have been prepared on the accrual method of accounting and in accordance with accounting principles generally accepted in the United States of America ("US GAAP").

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value at December 31, 2018 and 2017. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. As further described in Note 8, fair value of the Plan's investment in pooled separate accounts is measured using the net asset value ("NAV") per share as a practical expedient.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Capital gains and/or losses are reported the day after the trade date.

Net realized and unrealized appreciation is recorded in the accompanying statement of changes in net assets available for benefits as net appreciation in fair value of investments.

Brokerage fees are added to the acquisition costs of assets purchased and subtracted from the proceeds of assets sold.

Note 2: Summary of Significant Accounting Policies (Continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 and 2017. Delinquent notes receivable are reclassified as distributions based upon terms of the Plan document. No delinquent notes receivable were reclassified as distributions for the year ended December 31, 2018.

Payment of Benefits

Benefits are recorded when paid.

Use of Estimates

The process of preparing financial statements in accordance with US GAAP requires the use of estimates and assumptions regarding certain types of assets, liabilities, revenues and gains, and expenses and losses. Such estimates primarily relate to unsettled transactions and events as of the date of the financial statements. Accordingly, upon settlement, actual results may differ from estimated amounts.

New Accounting Pronouncement

During August 2018, the FASB issued Accounting Standards Update ("ASU") 2018-13, *Fair Value Measurement (Topic 820)*. As part of the FASB's ongoing disclosure framework project to improve the effectiveness of disclosures in the notes to financial statements, this ASU modifies the disclosure requirements on fair value measurements in Topic 820 by permanently eliminating certain required disclosures and modifying others. The following disclosure requirements were removed from Topic 820: the amount of and reasons for transfers between Level 1 and Level 2 of the fair value hierarchy; the policy for timing of transfers between levels; the valuation processes for Level 3 fair value measurements; and for nonpublic entities, the changes in unrealized gains and losses for the period included in earnings for recurring Level 3 fair value measurements held at the end of the reporting period. For investments in certain entities that calculate net asset value, an entity is required to disclose the timing of liquidation of an investee's assets and the date when restrictions from redemption might lapse only if the investee has communicated the timing to the entity or announced the timing publicly; and the amendments clarify that the measurement uncertainty disclosure is to communicate information about the uncertainty in measurement as of the reporting date. The amendments in this ASU are effective for all entities for fiscal years and interim periods within those fiscal years beginning December 15, 2019. Early adoption is permitted. Accordingly, the applicable provisions of ASU 2018-13 are reflected in the 2018 financial statements of the Plan.

Note 3: Concentrations, Risks, and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 4: Information Prepared and Certified by Custodian

Certain information disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2018 and 2017, and net depreciation in fair value of investments for the year ended December 31, 2018, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by John Hancock Life Insurance Company, the custodian of the Plan.

Note 5: Withdrawn Participants

At December 31, 2018 and 2017, there were no amounts allocated to accounts of persons who have elected to withdraw from the Plan but have not been paid.

Note 6: Tax Status

The Plan is patterned after a prototype plan that was determined to qualify under Section 401(k) of the IRC and, therefore, is exempt from federal income taxes under Section 501(a) of the IRC. The Plan is exempt from state taxes under similar statutes. Although the prototype plan has been amended since receiving the determination letter (dated March 31, 2014), the prototype plan administrator and the Plan's tax counsel believe that the prototype plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified.

US GAAP requires Plan management to evaluate tax positions taken by the Plan and to recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements.

Note 7: Parties in Interest

Certain investments in pooled separate accounts and the interest-bearing cash account are managed by John Hancock, the custodian as defined by the Plan, and therefore, these investments qualify as party-in-interest transactions. Notes receivable from participants represent loans to employees and therefore qualify as party-in-interest transactions. The Plan also has a number of service providers. Such providers are parties in interest under ERISA.

Note 8: Net Asset Value per Share

Fair value of the Plan's pooled separate account investments are measured using at NAV at December 31, 2018 and 2017 as a practical expedient. The NAV practical expedient is based on the fair value of the underlying assets owned by the pooled separate accounts, minus its liabilities, and then divided by the number of units outstanding. The following tables set forth a summary of the Plan's investments whose fair value is estimated using NAV (or its equivalent):

	Fair Value	Unfunded Commitment	Redemption Frequency	Other Redemption Restrictions	Redemption Notice Period
December 31, 2018					
Pooled Separate Accounts	$ 709,170	None	Daily	None	None

	Fair Value	Unfunded Commitment	Redemption Frequency	Other Redemption Restrictions	Redemption Notice Period
December 31, 2017					
Pooled Separate Accounts	$ 379,100	None	Daily	None	None

Note 9: Subsequent Events

Events occurring after December 31, 2018, have been evaluated for possible adjustment to the financial statements or disclosure as of September 6, 2019, which is the date the financial statements were available to be issued.
