GLUMAC 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2018 AND 2017

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Glumac 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General - The Plan is a defined contribution 401(k) profit sharing plan covering all of the employees of Glumac (the “Plan Sponsor” or “Company”). Employees are eligible to defer a portion of their compensation into the Plan if they have completed 30 days of service. Those employees covered under a collective bargaining agreement and nonresident aliens are not eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”) and Section 401(a) of the Internal Revenue Code (“IRC”).

Contributions - Participants may defer up to 100% of their annual compensation limited to certain nondiscrimination tests and to \$18,500 and \$18,000 as of December 31, 2018 and 2017, respectively, as prescribed by the IRC. Participants age 50 and older may elect to make additional catch up contributions of up to \$6,000 for 2018 and 2017. Pre-tax and Roth elective deferrals are permitted. The Plan includes an auto enrollment provision, whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 2% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant.

The Company may make discretionary matching and other contributions to the Plan. During 2018 and 2017, the Company matched 25% of the participant’s contribution up to a maximum matching contribution of \$2,000. Company profit sharing contributions are determined annually by the Board of Directors. No profit sharing contributions were made for 2018 and 2017. Participants are eligible for the matching contribution regardless of hours worked. Participants are eligible for allocation of profit sharing if they have worked at least 1,000 hours during the Plan year and are employed with the Plan Sponsor on the last day of the Plan year.

Participant Accounts - A separate account is maintained for each participant which records the participant’s contributions and earnings thereon. Allocation of investment earnings is based upon participant account balances. Company matching and other contributions are allocated among participants for the year based on elective deferrals and eligible participants’ compensation, respectively. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s account.

Vesting - Participants are immediately vested in their contributions and related earnings at all times. Participants vest in discretionary Plan Sponsor matching and other contributions in ratable installments of 20% per year after the first year of service. Participants automatically become 100% vested in the event of death, disability, age 65, or termination of the Plan.

Payment of Benefits - Upon termination of service, death, disability, or retirement, a participant will receive their benefits as a lump sum amount equal to the value of the participant’s vested interest in his or her account. Additionally, under certain circumstances of financial hardship, the participant is allowed to withdraw funds from the Plan. Account balances that are under \$5,000 may be automatically paid out or transferred to an IRA at the discretion of the Company.

Expenses - Administrative expenses may be paid by the Company. Administrative and investment expenses not paid by the Company are satisfied in part through fees received by the Plan through revenue sharing with various mutual funds and the remainder charged to the participant accounts based upon relative account values on a monthly basis. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses.

Forfeitures - The forfeited accounts of non-vested terminated participants are used to pay administrative expenses and/or to reduce future employer contributions. For the years ended December 31, 2018 and 2017, \$34,354 and \$46,092 in forfeitures, respectively, were used to reduce employer contributions. For the years ended December 31, 2018 and 2017, \$1 and \$1,764 in forfeitures were used to pay administrative expenses. Forfeited accounts amounted to \$515 and \$16,419 at December 31, 2018 and 2017, respectively.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared under the accrual method of accounting.

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year and management and operating expenses associated with the Plan's investments in mutual funds, common/collective trust fund and self-directed brokerage accounts.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. No allowance for credit losses has been recorded as of December 31, 2018 or 2017. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Benefit Payments - Benefits are recorded when paid. Accordingly, benefits payable to persons that have elected to withdraw from the Plan but are not yet paid at year-end have not been accrued. At December 31, 2018 and 2017, there were no amounts payable to participants.

Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

NOTE 3 – RECENTLY ISSUED ACCOUNTING STANDARDS

In August 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurement*. The amendments in this ASU modify the disclosure requirements on fair value measurements in Topic 820, including the removal, modification to, and addition of certain disclosure requirements. The ASU is effective for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2019. Early adoption is permitted for any removed or modified disclosures. Plan management is currently evaluating the impact the ASU will have on the Plan's financial statements.

NOTE 4 – FAIR VALUE MEASUREMENTS

Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Basis of Fair Value Measurement

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets that the Plan has the ability to access at the measurement date.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets in active markets;
- Quoted prices for identical or similar assets in inactive markets;
- Inputs other than quoted prices that are observable for the asset; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-directed brokerage accounts: Accounts primarily consisting of mutual funds, unit investment trusts, common stock and cash that are valued on the basis of readily determinable market prices.

Common/collective trust fund: The Plan holds investments in the Morley Stable Value Fund, a common/collective trust fund (“the CCT”) that is comprised primarily of fully benefit responsive investment contracts. Union Bond & Trust Company (“UBTC”) is the trustee of the CCT. Units in the CCT are valued at the NAV of units held by the Plan at year-end as reported by the investment managers. The NAV provided by the trustee, is used as a practical expedient to estimate fair value. Units in common/collective trust funds are not publicly traded, but rather, are redeemable only by the issuer. The value of the Plan’s investment in the CCT represents the value of the Plan’s interests in the overall value of the common/collective trust fund. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities.

This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the CCT, the investment advisor reserves the right to temporarily delay withdrawal to ensure that securities liquidation will be carried out in an orderly business manner.

Fixed annuity contract: The Plan held a fixed annuity contract with Allianz Life Insurance Company of North America (“Allianz”). Because the fixed annuity contract was not fully benefit-responsive, it was valued at fair value as reported by Allianz. The fixed annuity held by the Plan was the Allianz MasterDex X (“MasterDex X”) Annuity. The product offered standard index options, select index options and blended index options. Each option had different interest crediting methods. Participants were allowed to allocate the principal to each option and choose the available interest crediting methods. Under the MasterDex X contract, the guaranteed minimum value equaled 87.5% of total principal, minus any withdrawals, growing at an annual interest rate of no less than 1.95%. At December 31, 2018, the Plan held no contracts.

The fair value of the fixed annuity contract was the initial premium plus the applicable premium bonus percentage, plus interest and additional contributions, less deductions. The contract term was 10 years. During the first 10 contract years, the participants were charged a surrender charge to withdraw any amount. At the end of contract term, participants can choose the amount to be paid via either single pay-out or annuity payments.

In determining the reasonableness of the valuation methodology, Plan management evaluates a variety of factors including review of existing contracts, economic conditions, industry and market developments, and overall credit ratings. Certain unobservable inputs are assessed through review of contract terms (for example, duration or payout date) while others are substantiated utilizing available market data (for example, interest rates).

The following table provides information about significant unobservable inputs related to the Plan’s investment in the fixed annuity contracts, which is categorized as level 3 in the fair value hierarchy:

<u>Contract Type</u>	<u>Fair Value</u>	<u>Valuation Technique</u>	<u>Significant Unobservable Inputs</u>	<u>Interest Rates</u>
December 31, 2017:				
Fixed annuity contract	\$ 157,652	Assumed proceeds at discontinuance	Declared interest rate	7.6%

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017:

	Investments at Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 19,875,141	\$ -	\$ -	\$ 19,875,141

Total assets in fair value hierarchy	<u>\$ 21,044,029</u>	<u>\$ -</u>	<u>\$ -</u>	21,044,029
Common/collective trust fund measured at net asset value (a)				<u>1,234,696</u>
Total investments at fair value				<u>\$ 22,278,725</u>

	Investments at Fair Value as of December 31, 2017			
	Level 1	Level 2	Level 3	Total

Total assets in fair value hierarchy	<u>\$ 23,020,397</u>	<u>\$ -</u>	<u>\$ 157,652</u>	23,178,049
Common/collective trust fund measured at net asset value (a)				<u>1,573,448</u>
Total investments at fair value				<u>\$ 24,751,497</u>

- (a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

Fair Value of Investment in Entities that Use NAV

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2018 and 2017, respectively:

	December 31, 2018 Fair Value	December 31, 2017 Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Common/collective trust fund - Stable value	\$ 1,234,696	\$ 1,573,448	N/A	Daily	No longer than 12 months

Level 3 Gains and Losses

The following table sets forth a summary of changes in the fair value of the Plan's fixed annuity contract (level 3 assets) for the years ended December 31:

	2018	2017
Balance, beginning of year	\$ 157,652	\$ 315,942
Interest	-	11,139
Benefits paid to participants	(157,652)	(169,429)
Balance, end of year	<u>\$ -</u>	<u>\$ 157,652</u>

NOTE 5 – NOTES RECEIVABLE FROM PARTICIPANTS

The Plan makes loans to participants based on their vested account balances. Loans must be repaid within five years unless used to acquire a primary residence. Loans are payable through payroll deductions. Interest is charged at rates set by the Plan administrator commensurate with local prevailing rates and range from 0.69% to 6.25% at December 31, 2018. Loans are secured by the vested account balance of the participant and are limited to the lesser of 50% of the participant's vested account balance or \$50,000.

NOTE 6 – INFORMATION CERTIFIED BY TRUSTEE OF THE PLAN

Other than the fair values of the fixed annuity contract, the related interest earned on the fixed annuity contract and the balance of notes receivable from participants, certain information related to investments in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2018 and 2017, and net appreciation (depreciation) in fair value of investments, interest income on notes receivable from participants and interest and dividends for the years then ended, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Charles Schwab Bank, the trustee of the Plan.

NOTE 7 – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds or CCTs managed by Charles Schwab or an affiliate of Charles Schwab. Charles Schwab Bank is the trustee of the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees for investment management services charged by Charles Schwab are netted against Plan earnings up to 0.35% of the average daily balance.

NOTE 8 – PLAN TERMINATION

Although the Plan Sponsor has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, any non-vested account balances would become 100% vested.

NOTE 9 – CONCENTRATIONS, RISKS AND UNCERTAINTIES

The Plan provides for investments that are exposed to various risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits, and therefore participants' account balances. There was one investment that individually represented more than 10% of the investments held as of December 31, 2018. There were no investments that individually represented more than 10% of the investments held as of December 31, 2017. See the Supplemental Schedule of Assets (Held at End of Year) for the complete listing of investments held as of that date.

NOTE 10 – INCOME TAX STATUS

The Plan is an adoption of a volume submitter profit sharing plan sponsored by WESPAC. An opinion letter was obtained by the Plan administration on March 31, 2014, in which the Internal Revenue Service stated that the volume submitter plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended and restated since the date of the last determination letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 11 – SUBSEQUENT EVENTS
