INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of
Justrite Manufacturing 401(K) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Justrite Manufacturing 401(K) Plan, which comprise the statements of net assets available for benefits as of December 31, 2018 and 2017, and the related statement of changes in net assets available for benefits for the year ended December 31, 2018, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Great-West Trust Company, LLC, the custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the custodian as of December 31, 2018 and 2017, and for the year ended December 31, 2018, that the information provided to the Plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets (held at end of year) as of December 31, 2018 is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

JUSTRITE MANUFACTURING 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

1. PLAN DESCRIPTION

The following description of the Justrite Manufacturing 401(K) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan with a 401(K) feature sponsored by Justrite Manufacturing Company, LLC (the "Company") covering all employees who have completed three months of service and are age eighteen or older. Entry dates are the first day of the first, fourth, seventh and tenth months of the Plan year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is governed by its Board of Trustees. Great-West Trust Company, LLC serves as the Plan custodian.

Contributions

Each year, participants may contribute an amount equal to a percentage of compensation (1% to 90%) not to exceed the maximum limitation set by the Internal Revenue Service. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions among any or all of the investment options offered by the Plan.

The Plan includes an automatic deferral feature. The Company will automatically withhold a portion of the participant's compensation and contribute that amount to the Plan as a pre-tax 401(K) deferral unless the participant makes a contrary election.

For union and non-union employees, the Company makes matching contributions. For union employees, the matching contribution is equal to 50% of a participant's elective deferral which does not exceed 6% of the participant's compensation according to the union contract that expires November 15, 2021. For non-union employees, the matching contribution is equal to 100% of the first 3% of the applicable active participant's compensation contributed to the Plan and 50% of the next 2% of the applicable active participant's compensation contributed to the Plan.

1. PLAN DESCRIPTION (Continued)

For union and non-union employees, the Company also makes non-matching contributions based upon a discretionary formula. For each Plan year until amended by the employer, the allocation formula for non-matching contributions for eligible union employees will be $0.40 per hour regardless of years of vesting service according to the union contract that expired November 15, 2018 and continued until the new contract was executed in January 2019. Starting in January of 2019, for each Plan year until amended by the employer, the allocation formula for non-matching contributions for eligible union employees will be $0.50 per hour regardless of years of vesting service according to the union contract that expires November 15, 2021. The non-matching contributions for eligible non-union employees are determined annually by the employer as a percentage of a participant's compensation, for the applicable Plan year. The percent of the Company's non-matching contribution will be based on company performance compared to the annual operating plan. The goals are set at the beginning of each applicable Plan year. The Company elected to make a 1% non-matching contribution for non-union employees for the year ended December 31, 2018.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's contributions and Plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company's matching and non-matching contribution portion of their accounts plus earnings is based on years of continuous service. A participant is 100% vested after three years of credited service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000, up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance, whichever is less. Loan terms generally range from two to five years, but may be extended for the purchase of a primary residence. The loans are secured by the participant's vested account balance and bear a reasonable rate of interest as determined by the Plan Administrator. Principal and interest is paid ratably through payroll deductions.

1. PLAN DESCRIPTION (Continued)

Payment of Benefits

On termination of service, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a specified period of time, not exceeding a participant's life expectancy or joint life expectancy of a participant and participant's designated beneficiary. An eligible rollover distribution is also permitted. If the value of a participant's account is less than $1,000, a lump sum distribution will be made without regard to the consent of the participant as soon as administratively feasible.

The Plan also allows for in-service distributions once a participant has attained age 59 1/2, which may be made only from accounts which are 100% vested.

Forfeited Accounts

Forfeitures are used to reduce administrative expenses and then allocated to participant accounts as defined in the Plan. At December 31, 2018 and 2017, forfeited non-vested accounts totaled $12,564 and $2,333, respectively. For the years ended December 31, 2018 and 2017, forfeitures were used or allocated to participant accounts of $39,258 and $13,393, respectively.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the custodian and investment advisors. See note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Net appreciation (depreciation) in fair value of investments includes reinvested dividend and interest income, and the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed as they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 or 2017. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Excess Contributions Payable

Contributions plus earnings are refunded to participants for contributions in excess of amounts allowed by the IRS and are netted against contributions in these financial statements. The Plan distributed the 2017 excess contributions to the applicable participants on March 13, 2018 and distributed the 2018 excess contributions on March 15, 2019.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to Plan administration are charged directly to the participants account. Distribution and loan fees are charged to the individual participant's account incurring the distribution or loan. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Subsequent Events

The Company has evaluated subsequent events and transactions for potential recognition or disclosure in the financial statements through August 28, 2019, the day the financial statements were available to be issued.

In January 2018, Justrite acquired Checkers Industrial Products in Broomfield, CO. An aggregate of $7,559,743 was rolled into the Plan in January, 2019.

3. INFORMATION CERTIFIED BY THE CUSTODIAN

Great-West Trust Company, LLC (the "Custodian"), has certified the completeness and accuracy of certain information which management used in preparing the financial statements, supplemental schedule and accompanying notes. Accordingly, this information was not audited. The following is a summary of information, which was furnished:

a. Investments as reported in the statements of net assets available for benefits at December 31, 2018 and 2017.
b. All items of income and expense related to Plan investments and all transactions for the year ended December 31, 2018.
c. Investments as reported in the supplemental schedule of assets (held at end of year) as of December 31, 2018.

4. FAIR VALUE MEASUREMENTS

Financial accounting standards establish a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

4. FAIR VALUE MEASUREMENTS (Continued)

	If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Mutual Funds: Valued at the quoted net asset value of shares held by the Plan at year end.

Common collective trust: Valued at fair value based on the underlying assets and liabilities held in the funds. The funds seek to maximize total return through both current income and price appreciation, consistent with the preservation of capital and prudent risk taking.

Further information on the common collective trust can be found in the annual report issued by the Wells Fargo Stable Return Fund G.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. FAIR VALUE MEASUREMENTS (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's investment at fair value as of December 31, 2018 and 2017:

	Investments at Fair Value as of December 31, 2018			
	Total	Level 1	Level 2	Level 3
Mutual funds	$ 17,117,804	$ 17,117,804	$ -	$ -

[1] Certain investment that are measured at fair value using the net asset value per share (or its equivalent) have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statement of net assets available for benefits.

There were no significant transfers between Level 1 and Level 2 investments during the year ended December 31, 2018.

4. FAIR VALUE MEASUREMENTS (Continued)

The following table summarizes investment for which the fair value is measured using the net asset value per share practical expedient as of December 31, 2018 and 2017. There are no participant redemption restrictions for these investments. The redemption notice period is applicable only to the Plan.

	Fair Value December 31,				Redemption
Investment	2018	2017	Unfunded Commitments	Redemption Frequency	Notice Period
Wells Fargo Stable Return Fund G	$ 527,008	$ 333,349	$ -	Daily	12 months

5. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

6. ROLLOVER CONTRIBUTIONS

In February 2018, Justrite acquired Industrial Maintenance Group, Inc. in Plant City, FL. In March 2018, Justrite acquired Eagle Manufacturing Company in Wellsburg, WV. An aggregate of $2,520,173 was rolled into the Plan during the year ended December 31, 2018, and is included in rollovers on the statement of changes in net assets available for benefits.

During 2018, Justrite purchased Eagle Manufacturing and Industrial Maintenance Group. In both cases, their 401(k) plans were terminated before the close of the transactions and not merged into the Justrite 401(k) Plan. However, these employees were allowed to roll over their balances into the Justrite 401(k) Plan, which led to the increase in rollover amounts in 2018.

7. TAX STATUS

The Internal Revenue Service has determined and informed the prototype plan sponsor, by a letter dated March 31, 2014, that the Plan, as then designed, is in accordance with applicable requirements of the Internal Revenue Code (IRC). The Plan was restated effective February 21, 2018, to comply legislative and regulatory changes and adopt prior amendments into the plan document. The Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and therefore, believe that the Plan is qualified, and the related trust is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

9. PARTY-IN-INTEREST TRANSACTIONS

The plan paid certain expenses related to general administration and record keeping to various service providers. These transactions are party-in-interest transaction under ERISA. In addition, the Plan Sponsor pays a portion of these expense and certain accounting and auditing fees related to the Plan.

10. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for the Plan benefits per the financial statements to the Form 5500 at December:

	2018	2017
Net assets available for benefits per the financial statements	$ 18,112,536	$ 17,039,228
Accrued employer contributions	(182,774)	(234,514)
Net assets available for benefits per Form 5500	$ 17,929,762	$ 16,804,714

The following is a reconciliation of contributions per the financial statement to the Form 5500 for the year ended December 31, 2018:

Contributions per financial statements	$ 5,131,152
Net effect of contributions receivable	51,740
