To the Administrative Committee and Management of the
Holland Enterprises, Inc. 401(k) Retirement Plan

Dear Committee Members:

We have conducted a DOL limited-scope audit of the financial statements of Holland Enterprises, Inc. 401(k) Retirement Plan (Plan) as of and for the year ended December 31, 2018 and have issued our report thereon dated July 29, 2019. Professional standards require that we advise you of the following information in the *Required Communications* section related to our audit. Later sections of this letter include additional information that we feel should be discussed with you.

REQUIRED COMMUNICATIONS

Our Responsibility in Relation to the Financial Statement Audit

As communicated in our engagement letter dated April 15, 2019, our responsibility, as described by professional standards, is to conduct our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) except that, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and as instructed by plan management, we did not perform any auditing procedures with respect to information prepared and certified to by Mutual of Omaha, Recordkeeper (for Matrix Trust, plan custodian), in accordance with DOL Regulation 2520.103-5, other than comparing the information with the related information included in the financial statements and supplemental schedule. Because of the significance of the information that we did not audit, we did not express an opinion on the financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified to by Mutual of Omaha, were audited by us in accordance with GAAS, and were subjected to tests of the plan's accounting records and other procedures we considered necessary to enable us to express an opinion that they are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Our audit of the financial statements does not relieve you or management of its respective responsibilities.

We are also responsible for communicating significant matters related to the audit that are, in our professional judgment, relevant to your responsibilities in overseeing the financial reporting process. However, we are not required to design procedures for the purpose of identifying other matters to communicate to you.

We have provided our comments regarding significant control deficiencies and material weaknesses and other matters noted during our audit in a separate letter to you dated July 29, 2019.

Planned Scope and Timing of the Audit

We conducted our audit consistent with the planned scope and timing we previously communicated to you.

Compliance with All Ethics Requirements Regarding Independence

The engagement team, others in our firm as appropriate, and our firm has complied with all relevant ethical requirements regarding independence.

Qualitative Aspects of the Plan's Significant Accounting Practices

Significant Accounting Policies

Management has the responsibility to select and use appropriate accounting policies. A summary of the significant accounting policies adopted by Holland Enterprises, Inc. 401(k) Retirement Plan is included in Note 2 to the financial statements. There have been no initial selection of accounting policies and no changes in significant accounting policies or their application during 2018. No matters have come to our attention that would require us, under professional standards, to inform you about (1) the methods used to account for significant unusual transactions and (2) the effect of significant accounting policies in controversial or emerging areas for which there is a lack of authoritative guidance or consensus.

Significant Accounting Estimates

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's current judgments. Those judgments are normally based on knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ markedly from management's current judgments. The most sensitive accounting estimate affecting the financial statements is:

Management's estimate of the fair market value of investments, which is based on information provided by Mutual of Omaha. We evaluated the key factors and assumptions used to develop the estimate and determined that it is reasonable in relation to the basic financial statements taken as a whole.

Financial Statement Disclosures

Certain financial statement disclosures involve significant judgment and are particularly sensitive because of their significance to financial statement users. The most sensitive disclosures affecting Holland Enterprises, Inc. 401(k) Retirement Plan's financial statements relate to: Fair Value Measurements (Note 6).

Significant Difficulties Encountered during the Audit

We encountered no significant difficulties in dealing with management relating to the performance of the audit.

Uncorrected and Corrected Misstatements

For purposes of this communication, professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that we believe are trivial, and communicate them to the appropriate level of management. Further, professional standards require us to also communicate the effect of uncorrected misstatements related to prior periods on the relevant classes of transactions, account balances or disclosures, and the financial statements as a whole. Management has corrected all identified misstatements.

In addition, professional standards require us to communicate to you all material, corrected misstatements that were brought to the attention of management as a result of our audit procedures. None of the misstatements identified by us as a result of our audit procedures and corrected by management were material, either individually or in the aggregate, to the financial statements taken as a whole.

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a matter, whether or not resolved to our satisfaction, concerning a financial accounting, reporting, or auditing matter, which could be significant to Holland Enterprises, Inc. 401(k) Retirement Plan's financial statements or the auditor's report. No such disagreements arose during the course of our audit.

Representations Requested from Management

We have requested certain representations from management which are included in the management representation letter dated July 29, 2019.

Management's Consultations with Other Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters. Management informed us that, and to our knowledge, there were no consultations with other accountants regarding auditing and accounting matters.

Other Significant Matters, Findings, or Issues

In the normal course of our professional association with Holland Enterprises, Inc. 401(k) Retirement Plan, we generally discuss a variety of matters, including the application of accounting principles and auditing standards, business conditions affecting the plan, and business plans and strategies that may affect the risks of material misstatement. None of the matters discussed resulted in a condition to our retention as Holland Enterprises, Inc. 401(k) Retirement Plan's auditors.

Other Matters

Our responsibility also includes communicating to you any information which we believe is a material misstatement of fact. Nothing came to our attention that caused us to believe that such information, or its manner of presentation, is materially inconsistent with the information, or manner of its presentation, appearing in the financial statements.

OTHER COMMENTS

We are including the following table to help you further analyze your Plan financial statements:

	2018	2017	2016	2015
Total Employee Contributions	\$ 769,060	\$ 492,289	\$ 348,077	\$ 350,796

To the Administrative Committee and Management of the
Holland Enterprises, Inc. 401(k) Retirement Plan

Except as discussed in the following paragraph, in planning and performing our audit of the financial statements of Holland Enterprises, Inc. 401(k) Retirement Plan as of and for the year ended December 31, 2018, in accordance with auditing standards generally accepted in the United States of America, we considered Holland Enterprises, Inc. 401(k) Retirement Plan's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of Holland Enterprises, Inc. 401(k) Retirement Plan's internal control.

We were engaged to perform a DOL limited scope audit of those financial statements as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Our audit did not include all of the procedures required by U.S. generally accepted auditing standards (GAAS) and did not include a consideration of internal control relating to the information summarized in Note 5 to those financial statements. Because of the significance of the information that we did not audit, we were unable to, and did not, express an opinion on those financial statements.

Our consideration of internal control was for the limited purpose described in the preceding paragraphs and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as discussed below, we identified certain deficiencies in internal control that we consider to be material weaknesses.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies in internal control over financial reporting, such that there is a reasonable possibility that a material misstatement of the plan's financial statements will not be prevented, or detected and corrected on a timely basis. A reasonable possibility exists when the likelihood of an event occurring is either reasonably possible or probable as defined as follows:

- *Reasonably possible.* The chance of the future event or events occurring is more than remote but less than likely.
- *Probable.* The future event or events are likely to occur.

We consider the following deficiencies in Holland Enterprises, Inc. 401(k) Retirement Plan's internal control to be material weaknesses:

Segregation of Duties – Internal controls are not sufficient to allow for the appropriate segregation of all necessary duties related to the administration of the employee benefit plan. This is a result of a majority of the payroll procedures and enrollment procedures being performed by one or two individuals within the entity. However, this is not an uncommon situation in entities of the plan administrator's size. This deficiency may result in the plan not being administered in accordance with the plan document. Management's involvement in the plan has mitigated some of this risk, without completely eliminating it. We encourage management to continue to monitor this situation to determine if additional measures are necessary.

Financial Statement Preparation – The Plan does not have an internal control system designed to provide for the preparation of the financial statements being audited. As auditors, we were requested to draft the financial statements and accompanying notes to the financial statements. The internal control deficiency could result in a material error on the financial statements that will not be prevented, or detected and corrected in the normal course of employees' responsibilities. This circumstance is not unusual in an organization of your size. It is the responsibility of management and those charged with governance to make the decision whether to accept the degree of risk associated with this condition because of cost or other considerations.

This communication is intended solely for the information and use of the administrative committee and management of the Plan, and is not intended to be, and should not be, used by anyone other than these specified parties.

Respectfully,

FIEBIGER, SWANSON, WEST & CO., PLLP

INDEPENDENT AUDITORS' REPORT

July 29, 2019

To the Plan Administrator, Participants, and Beneficiaries of the
Holland Enterprises, Inc. 401(k) Retirement Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Holland Enterprises, Inc. 401(k) Retirement Plan (Plan), which comprise the statements of net assets available for benefits as of December 31, 2018 and 2017, and the related statement of changes in net assets available for benefits for the year ended December 31, 2018, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Mutual of Omaha, the Recordkeeper of the Plan (for Matrix Trust, the Custodian for the Plan), except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian, as of December 31, 2018 and 2017 and for the year ended December 31, 2018, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2018 is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

HOLLAND ENTERPRISES, INC. 401(K) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2018 AND 2017

NOTE 1 DESCRIPTION OF PLAN

The following description of the Holland Enterprises, Inc. 401(k) Retirement Plan (Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan effective January 1, 1993 and has since been restated effective August 1, 2015. The plan covers all employees of Holland Enterprises, Inc., who have completed three months of service and are age 21 or older. Employees may enroll in the Plan on January 1, April 1, July 1, and October 1. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions – Participants may contribute up to 100% of pretax annual compensation to a maximum of \$18,500 and \$18,000 for the years ended December 31, 2018 and 2017, respectively, as defined in the Plan. Participants age 50 or older may also elect to defer an additional \$6,000 in both 2018 and 2017. Starting April 1, 2018, Holland Enterprises, Inc. removed the employer match. Prior to April 1, 2018, Holland Enterprises, Inc. contributed 25% of participant's elective deferrals, up to 8% of the participant's base compensation. The employer may also make discretionary contributions to the plan, Starting April 1, 2018, Holland Enterprises, Inc. contributes 50% of participant's elective deferrals, up to 6% of the participant's base compensation. There was no discretionary match in 2017. The Company may also make Qualified Non-Elective Contributions to the Plan to satisfy nondiscrimination rules which apply to the Plan which are included with employer contributions.

Participant Accounts – Each participant's account is credited with the participant's contribution and allocations of the Company's contribution and Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. The value of each participant's account is determined daily. Upon termination of service, a participant may elect to receive either a lump sum amount equal to the value of his or her account, or roll the balance to an IRA or other plan, subject to limitations as described in the Plan document.

Funding Policy – The purpose of the Plan is to help employees save for retirement.

Vesting – Participants are always 100 percent vested in their elective deferrals and earnings. Vesting of employer contributions and earnings follows the vesting schedule below:

<u>Years of Service</u>	<u>Vesting Percentage</u>
less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

One year of service for vesting purposes equals 1,000 hours.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2018 AND 2017

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Investment Options – Participants may allocate their contributions to any or all of the investment funds offered by the Plan. Each participant's individual account in the investment fund is adjusted at least once each quarter to reflect their share of any investment gains or losses.

Notes Receivable From Participants – Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum, equal to the lesser of \$50,000 or 50% of their account balance. The maximum number of outstanding loans a participant may have at a given time is two. Loan transactions are treated as a transfer to (from) the investment fund from (to) the Participant Loans fund. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with the local prevailing rates as determined quarterly by the Plan administrator. The rate of interest is the prime rate according to the Wall Street Journal plus 1%. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits – A participant is entitled to annual benefits equal to the vested balance of funds allocated to his or her account, beginning at the latter of normal retirement age (59 1/2) or actual retirement. The Plan permits earlier distribution of benefits for death or permanent disability of participant, or termination of participant's employment. Hardship distributions are permitted from participants' pre-tax deferral contributions. If taken, participants are then not allowed to make deferrals for the next six months. If the participant is under age 59 1/2, the hardship distribution is subject to a 10 percent penalty. Distribution of benefits upon termination becomes automatic per Plan guidelines if the participant's account balance is less than \$5,000. Distribution in the form of a lump sum payout subject to applicable tax withholdings is automatic if the participant's account balance is less than \$1,000 and the participant does not inform the employer what to do with the Plan balance. Amounts between \$1,000 and \$5,000 are to be rolled over to an IRA set up by the Plan administrator if the employee does not return their distribution instructions. At December 31, 2018 and 2017, net assets available for plan benefits included \$2,179 and \$3,013, respectively, for distributions to participants who have vested balances less than \$5,000 and were terminated prior to year end.

Forfeited Accounts – Forfeitures for the years ended December 31, 2018 and 2017 totaled \$10,277 and \$0, respectively. Forfeited amounts must be restored to the employee if rehired before incurring a 5-year break in service and any amounts previously distributed from the Plan are paid back to the plan by the affected employee. Forfeitures in the amount of \$0 and \$7,889 were used to reduce employer contributions for the years ended December 31, 2018 and 2017, respectively. Forfeitures may also be used to pay Plan administration expenses.

Plan Termination – In the event of the termination of the Plan, the net assets of the fund will be allocated as prescribed by ERISA and regulations issued pursuant thereto. Generally, vested benefits would be paid in full to ascertainable participants and beneficiaries. The Company reserves the right to terminate the Plan at any time; however, the Company has not expressed any intent to do so.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The financial statements of the plan are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

HOLLAND ENTERPRISES, INC. 401(K) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2018 AND 2017

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Estimates – The preparation of financial statements in conformity with GAAP requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition – Investments are stated at fair market value, except for fully benefit-responsive investment contracts which are reported at contract value as determined by the custodian by reference to published market data. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for discussion of fair value measurements. In accordance with the policy of stating investments at fair value, realized and unrealized gains and losses on investments that were bought, sold and held during the year are included in net appreciation or depreciation in fair value of investments reflected in the statement of changes in net assets available for benefits.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would normally receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest and dividend income are recorded on the accrual basis. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants – Notes receivable from participants are measured at unpaid principal plus accrued but unpaid interest and valued at cost which approximates fair value. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

The Plan uses the allowance method in accounting for bad debts. They provide allowances for doubtful receivables equal to the estimated losses that will be incurred in the collection of the receivables. The estimated losses are based on historical collection experience coupled with a review of the status of existing receivables. No allowance was considered necessary at December 31, 2018 and 2017.

Payment of Benefits – Benefits are recorded in the statement of changes in net assets available for benefits when paid.

Administrative Expenses – Certain expenses incurred in the administration of the Plan are paid directly by the employer as allowed by the terms of the Plan. Expenses paid by the Company are excluded from these financial statements.

Subsequent Events – The Plan has evaluated subsequent events through July 29, 2019, which is the date the financial statements were available to be issued.

HOLLAND ENTERPRISES, INC. 401(K) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2018 AND 2017

NOTE 3 TAX STATUS

The Plan uses a prototype non-standardized profit sharing plan document with CODA sponsored by Mutual of Omaha Insurance Company, which received an advisory letter from the Internal Revenue Service (IRS) dated March 31, 2014, stating that the plan document satisfies the applicable provisions of the Internal Revenue Code (IRC). The Plan itself has not received a determination letter from the IRS and the plan has been amended since receiving the advisory letter. However, the plan administrator and the plan's tax counsel believe that the plan is currently designed and being operated in compliance with the applicable requirements of the IRC and therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 4 INVESTMENTS

All investments are participant directed. The classification of investment earnings reported in the statement of changes in net assets available for benefits may differ from the classification of earnings on Form 5500 due to different reporting requirements on Form 5500.

NOTE 5 INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN

The plan administrator has elected the method of compliance permitted by Section 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, as permitted under such election, no independent auditing procedures were performed with respect to the information certified by United of Omaha Life Insurance Company (Mutual of Omaha).

Mutual of Omaha certified its statements of accounts as of December 31, 2018 and 2017 and for the year ended December 31, 2018. The statement of accounts includes beginning and ending balances of investments held, and detail of all transactions during the period, including investment earnings.

NOTE 6 FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the authoritative guidance are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has ability to access.

HOLLAND ENTERPRISES, INC. 401(K) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2018 AND 2017

NOTE 6 FAIR VALUE MEASUREMENTS (CONTINUED)

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value on a recurring basis. There have been no changes in the methodologies used at December 31, 2018 and 2017.

- Pooled Separate Accounts – Valued based on the fair value of underlying mutual fund shares' net asset values (NAV) at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table presents by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017:

Assets at Fair Value as of December 31, 2018				
	Level 1	Level 2	Level 3	Total
Total Assets in the Fair Value Hierarchy	\$ 0	\$ 0	\$ 0	\$ 0
Investments Measured at NAV				4,944,901
Total Investments at Fair Value				\$ 4,944,901

HOLLAND ENTERPRISES, INC. 401(K) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2018 AND 2017

NOTE 6 FAIR VALUE MEASUREMENTS (CONTINUED)

Assets at Fair Value as of December 31, 2017			
Level 1	Level 2	Level 3	Total
Total Assets in the Fair Value Hierarchy	\$ 0	\$ 0	\$ 0
Investments Measured at NAV			4,982,235
Total Investments at Fair Value			\$ 4,982,235

The carrying amount of all other financial instruments approximates their fair value due to the short-term maturities of these items.

The following table sets forth the additional disclosures for the fair value measurement of investments in certain entities that calculate net asset value per share (or its equivalent) for the years ended December 31, 2018 and 2017:

2018			
Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Pooled Separate Accounts	\$ 4,944,901	\$ 0	Daily
		Daily	Daily
2017			
Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Pooled Separate Accounts	\$ 4,982,235	\$ 0	Daily
		Daily	Daily

The pooled separate accounts are separate accounts within the trust, which are investment vehicles for qualified retirement plans. Pooled separate accounts are invested in specially designed shares of mutual funds provided by outside registered investment companies. The investment strategies of these accounts are similar to the underlying mutual funds in which they invest. Although designed to accommodate daily participant withdrawals, Mutual of Omaha reserves the right to defer a withdrawal for a period of time in order to ensure the fair and orderly management of a fund.

HOLLAND ENTERPRISES, INC. 401(K) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2018 AND 2017

NOTE 7 GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan has a fully benefit-responsive investment contract with United of Omaha Life Insurance Company (Mutual). Mutual maintains the contributions in a general account, which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract (GIC) issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The contract is fully benefit-responsive so contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the GIC. The GIC is included in the statement of net assets available for benefits at contract value in arriving at net assets available for benefits. Contract value, as reported to the Plan by Mutual, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The contract has certain restrictions that impact the ability to collect the full contract value. Plan management believes that the occurrence of events that would cause the plan to transact at less than contract value is not probable. Mutual may not terminate the contract at any amount less than the contract value or prior to the scheduled maturity date.

NOTE 8 TRANSACTIONS WITH PARTIES IN INTEREST/ RELATED PARTIES

Certain Plan investments are units of pooled separate accounts and a guaranteed investment contract managed by Mutual of Omaha. Mutual of Omaha is the Recordkeeper as defined by the Plan and, therefore, these transactions qualify as exempt party in interest transactions. Fees paid by the Plan for these administrative services were \$26,583 and \$21,766 for the years ended December 31, 2018 and 2017, respectively. Fiebigler, Swanson, West & Co., PLLP is the auditor of the Plan and these transactions also qualify as exempt party in interest transactions. Fees for these administrative services for the years ended December 31, 2018 and 2017 were paid by the plan sponsor.

NOTE 9 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities which are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
