SWEETWATER BREWING COMPANY, INC.
401(k) PLAN
DECEMBER 31, 2018 AND 2017
NOTES TO FINANCIAL STATEMENTS

NOTE 1 – DESCRIPTION OF PLAN

The following description of the SweetWater Brewing Company, Inc. (the "Company") 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Company established the Plan effective January 1, 2015, which has been amended to allow Roth contributions effective January 1, 2018. The Plan is a defined contribution plan covering substantially all employees of the Company, who are age twenty-one or older and have completed six or more months of service. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Participants may make pre-tax and post-tax salary deferral contributions to the Plan up to 100% of their annual compensation, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company provides for an employer matching contribution equal to 25% of salary deferrals that do not exceed 6% of eligible compensation. The Company may also make a discretionary profit sharing contribution to the Plan, as determined each year by the Company. The Company did not make a profit sharing contribution to the Plan during 2018. Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions, any Company matching or discretionary contributions and an allocation of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on the participant's account balance, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Vesting

Participants are immediately vested in their contributions and employer contributions plus actual earnings thereon.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their account balance. The notes receivable are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the plan administrator. There were no outstanding notes receivable at December 31, 2018. Principal and interest is paid ratably through payroll deductions over a period not to exceed five years, unless the notes receivable was used to purchase a primary residence in which case the notes receivable term may exceed five years.

Payment of Benefits

Upon termination of service due to death, disability, retirement or separation from service, a participant may elect to receive their benefits as either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or in the form of installments. Withdrawals from the Plan may also be made upon circumstances of the attainment of 59 ½ years of age, in accordance with provisions specified in the Plan.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan were prepared using the accrual basis of accounting. The Plan follows accounting standards set by the Financial Accounting Standards Board ("FASB"). The FASB sets accounting principles generally accepted in the United States of America ("GAAP").

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reported period. Actual results could differ from those estimates.

Investment Valuation and Income (Loss) Recognition

The Plan's investments are stated at fair value. The fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price).

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded net of the loan balance. There were no notes receivable from participants outstanding at December 31, 2018, therefore no allowance for credit losses has been recorded as of that date. If a participant ceases to make loan payments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

All significant administrative and accounting fees of the Plan are paid by the Company. Certain other fees are paid by the Plan in accordance with Plan provisions. Certain participant requested services are paid by the participants. Investment related expenses are included in net appreciation of the fair value of investments.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Risks and Uncertainties

The Plan provides for various investment options. These investments are exposed to various risks, such as interest rate, prepayment, market and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near-term could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Plan Benefits and the Statement of Changes in Net Assets Available for Plan Benefits.

At December 31, 2018 and 2017, three investments represented approximately 33% of the Plan's total investments at fair value.

Subsequent Events

Management has reviewed subsequent events through the date of this report, which is the date the financial statements were ready to be issued.

NOTE 3 – INVESTMENTS (Unaudited)

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Voya Retirement Insurance and Annuity Company ("Voya"), the custodian of the Plan, has provided certification that the financial information included in the financial statements and supplemental schedules as of December 31, 2018 and 2017 and for the year ended December 31, 2018 provided to the Plan is complete and accurate. The information as to investment assets and transactions therein, and investment income included in the accompanying financial statements and supplemental schedules as of December 31, 2018 and 2017 and for the year ended December 31, 2018 is covered by such certifications and has not been audited by independent auditors.

NOTE 4 – FAIR VALUE MEASUREMENTS

GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under GAAP are described below:

Basis of Fair Value Measurement

Level 1 - Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

Level 2 - Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly;

Level 3 - Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Mutual Funds

Mutual funds represent investments with various investment managers. The fair values of these investments are determined by reference to the fund's underlying assets, which are principally marketable equity and fixed income securities. Shares held in mutual funds traded on national securities exchanges are valued at NAV as of December 31, 2018 and 2017. It is not probable that the mutual funds will be sold at amounts that differ materially from the NAV of shares held.

Money market mutual funds are valued using the amortized cost or penny rounding method as permitted by Rule 2a-7 under the Investment Company Act of 1940, which approximates their fair value.

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

Basis of Fair Value Measurement (Continued)

Guaranteed Interest Accounts

The Plan holds non-benefit responsive contracts. Fair value is the amount Plan participants would receive currently if they were to withdraw or transfer funds within the Plan prior to their maturity for an event other than death, disability, termination or retirement. This fair value represents contract value adjusted to reflect current market interest rates only to the extent such market rates exceed crediting rates. There are no unfunded commitments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level within the fair value hierarchy the Plan investment assets at fair value as of December 31:

	2018			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 995,598	$ -	$ -	$ 995,598
Guaranteed Interest Account	-	-	41,218	41,218
Total Fair Value Investments	$ 995,598	$ -	$ 41,218	$ 1,036,816

	2017			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 741,484	$ -	$ -	$ 741,484
Guaranteed Interest Account	-	-	40,709	40,709
Total Fair Value Investments	$ 741,484	$ -	$ 40,709	$ 782,193

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

Level 3 Gains and Losses

The table below sets forth a summary of changes in the fair value of the Plan's Level 3 investment assets for the year ended December 31:

Beginning balance, January 1, 2018	$	40,709
Interest		511
Purchases		9,322
Sales and Fees		(9,324)
Ending balance, December 31, 2018	$	41,218

Quantitative Information about Significant Unobservable Inputs Used in Level 3 Fair Value Measurements

The following table represents the Plan's level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the range of values for those inputs.

Instrument	Fair Value	Principal Valuation Technique	Unobservable Inputs	Weighted Average
Guaranteed Interest Account	$41,218	Discontinuance value which is the amount the plan participant will receive if they transfer or surrender their funds out of the guaranteed interest contract.	Market interest rates Flat discontinuance charge	1.25%

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

In estimating fair value of the investments in level 3, the Organization uses a third party pricing source. In substantiating the reasonableness of the pricing data provided by third parties, the Organization evaluates a variety of factors including review of methods and assumptions used by external sources, recently executed transactions, existing contracts, economic conditions, industry and market developments, and overall credit ratings.

NOTE 5 – RELATED PARTIES AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Voya. Voya is the record-keeper of the Plan and, therefore, these transactions qualify as party in interest transactions. Notes receivable from participants are also defined by ERISA as party-in-interest transactions.

NOTE 6 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants are 100 percent vested in their employer contributions.

NOTE 7 – TAX STATUS

The prototype plan has obtained an opinion letter dated March 31, 2014, in which the IRS stated that the prototype plan document was in compliance with applicable requirements of the Internal Revenue Code ("IRC"). Accordingly, the Plan's investment income is exempt from income taxes. However, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 8 – DELINQUENT PARTICIPANT CONTRIBUTIONS

During 2018, employee contributions of $11,214 were not remitted by the Company within the appropriate time period. The Company remitted the late employee contributions and related lost earnings during 2019. These transactions constituted prohibited transactions as defined by ERISA. The Company elected not to remit through the Voluntary Fiduciary Correction Program ("VFCP") given the immaterial amount.
