NOTE 1: DESCRIPTION OF THE PLAN

The following description of the Suhm Spring Works, Inc. 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan Document for a complete description of the Plan's provisions. The Plan Document is controlling at all times.

General

The Plan is a defined contribution plan covering all full-time employees of Suhm Spring Works, Inc. (the "Company"). The Plan is a defined contribution plan subject to the provisions of the Department of Labor's ("DOL's") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was amended on January 1, 2009 to adopt a prototype plan sponsored by VOYA Retirement Insurance and Annuity Company ("VOYA").

Some administrative functions are performed by employees of the Company. No compensation is remitted to the Company for these services.

Plan assets are held and managed by VOYA (the "Custodian"), which invests contributions and Plan earnings, makes investment transactions and provides certain recordkeeping services.

Eligibility

All employees who have completed one year of service, as defined in the Plan Document, are eligible to participate in the Plan. An eligible employee may enter the Plan on the next semi-annual entry date after all entry requirements have been met.

Contributions

Each year participants may elect to defer from two to fourteen percent of annual pretax compensation, as defined in the Plan, up to the maximum established by the Internal Revenue Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (i.e. rollover contributions). Participants direct the investment of their contributions into various investment options offered by the Plan. The Company matches 25% of the first 6% of compensation that a participant contributes to the Plan. The Company may also make a discretionary profit sharing contribution from current or accumulated net profits. The Plan also includes a safe harbor employer contribution clause whereby the Company will make a non-elective contribution in the amount equal to 3% of compensation for all eligible employees. Participants are 100% vested in the safe harbor contributions; however, these contributions may not be used for a hardship withdrawal.

NOTE 1: DESCRIPTION OF THE PLAN (Continued)

Contributions (Continued)

In 2018, employer contributions attributed to employer match, safe harbor, and profit sharing totaled $95,430, $262,996, and $59,329, respectively.

Participant Accounts

Each participant's account is credited with the participant's contributions, rollover contributions, an allocation of Company contributions and forfeitures, and Plan losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based upon participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Contributions from participant compensation deferrals are fully vested at all times. Company matching contributions and profit sharing contributions become 20% vested for each year of service beginning with the second year until 100% vested after six years of service. Participants are automatically vested in Company contributions upon death, disability or retirement.

Notes Receivable from Participants

The Plan does not provide for loans to participants.

Benefit Payments

Upon termination of service due to death, disability, or retirement, a participant or their beneficiary may elect to receive a lump-sum distribution based on the valuation of the participant's account as of the date of termination. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.

Forfeitures

At December 31, 2018 and 2017, forfeited non-vested accounts totaled $104,770 and $80,058, respectively. These accounts may be used to reduce administrative expenses or to reduce employer safe harbor contributions. During the year ended December 31, 2018, forfeitures from terminating participants totaled $22,371. In 2018, no forfeitures were used to reduce administrative expenses or to reduce employer contributions.

NOTE 1: DESCRIPTION OF THE PLAN (Continued)

Hardship Withdrawals

As permitted by the Internal Revenue Code (IRC), a participant may request a financial hardship withdrawal if they experience a severe financial hardship. The participant must meet the condition that they cannot relieve the amount of the need by stopping the elective contributions to the Plan. The financial hardship withdrawal may not exceed the amount of the financial hardship or the value of the vested portion of the participant's balance, whichever is less.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("US GAAP"). The Financial Accounting Standards Board ("FASB") provides authoritative guidance regarding US GAAP through Accounting Standards Codification ("ASC") and related Accounting Standards Updates ("ASUs").

Use of Estimates

The preparation of US GAAP financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments generally are reported at fair value, but may also be reported at contract value or net asset value (NAV). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Notes 4 and 5 for further discussion of fair value measurements, contract value, and NAV.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Distributions to participants are recorded when paid.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Expenses

Expenses attributable to the general Plan administration were paid by the Plan and allocated among the accounts of all participants.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that these changes could materially affect amounts reported in the Plan's financial statements.

Recent Accounting Pronouncements

In August 2018, the FASB issued ASU 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework-Changes to the Disclosure Requirements for Fair Value Measurement*. The guidance is effective for fiscal years beginning after December 15, 2019. Early adoption is permitted. The guidance modifies the disclosure requirements on fair value by removing some requirements, modifying others, adding changes in unrealized gains and losses included in other comprehensive income (loss) ("OCI") for recurring Level 3 fair value measurements, and providing the option to disclosure certain other quantitative information with respect to significant unobservable inputs in lieu of a weighted average. The Company is currently evaluating the impact of the guidance on its financial statements.

NOTE 3: INFORMATION CERTIFIED BY THE CUSTODIAN (UNAUDITED)

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under the ERISA. The following financial information included in the Plan's financial statements has been derived from information certified to be complete and accurate by the Custodian under such regulation:

a) Total investments, at fair value, (or with respect to the fixed accounts at contract value) included in the statements of net assets available for benefits at December 31, 2018 and 2017;
b) Investment income information included in the statement of changes in net assets available for benefits for the year ended December 31, 2018.
c) All amounts included in Note 4, Fair Value Measurements (Unaudited).
d) All amounts included in Note 5, Investments Reported at Contract Value (Unaudited).
e) All information included in the schedule of assets (held at end of year) as of December 31, 2018.

NOTE 4: FAIR VALUE MEASUREMENTS (UNAUDITED)

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted, quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs, other than quoted prices, that are observable for the asset or liability; or
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Pooled Separate Accounts: Investments in pooled separate accounts are represented by a "unit of account" and per unit values whose value is the result of the accumulated values of the underlying investments. These underlying investments are public investment vehicles valued using the net asset value (NAV) provided by the administrator of the mutual fund investments. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding.

NOTE 4: FAIR VALUE MEASUREMENTS (UNAUDITED) (Continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Fair Value of Investments that Calculate Net Asset Value

The following table summarizes information related to the pooled separate accounts measured at fair value based on NAV per share as of December 31, 2018 and 2017, respectively. The pooled separate accounts are maintained by insurance companies and hold investments in accordance with a stated set of objectives.

Year-End	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
December 31, 2018	$ 11,112,183	-	Immediate	None
December 31, 2017	$ 12,825,155	-	Immediate	None

NOTE 5: INVESTMENTS REPORTED AT CONTRACT VALUE (UNAUDITED)

The VOYA Fixed Accounts are fully benefit responsive investment contracts. As of December 31, 2018 and 2017, the contract value of the investment in the VOYA Fixed Accounts is $1,938,277 and $1,862,226, respectively. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1.0% (3.0% for any deposits prior to July 21, 2017). The crediting rate is reviewed on a quarterly basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by VOYA, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

NOTE 5: INVESTMENTS REPORTED AT CONTRACT VALUE (UNAUDITED) (Continued)

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreement without the consent of the issuer.

NOTE 6: TAX STATUS

The Plan uses a prototype plan sponsored by the Custodian. The Custodian received an opinion letter from the Internal Revenue Service ("IRS"), dated March 31, 2008, which states that the prototype document satisfies the applicable provisions of the Internal Revenue Code. The Plan has been amended since receiving the opinion letter. However, the Plan Administrator and the plan's tax counsel believe that the Plan is currently designed and operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7: RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Plan's investments are managed by VOYA. VOYA is the Custodian as defined by the Plan, and, therefore, these transactions qualify as party-in-interest transactions. These transactions are exempt from being prohibited transactions by ERISA.

NOTE 7: RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS (Continued)

The Plan incurs expenses related to general administration, recordkeeping and investment advisory services. Fees paid by the Plan to the Custodian for these services totaled $4,383 for the year ended December 31, 2018.

NOTE 8: PLAN TERMINATION

Although it has not expressed any intent to terminate the Plan, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 9: SUBSEQUENT EVENTS

Management of the Plan evaluated all events or transactions that occurred after December 31, 2018 through September 14, 2019, the date the Plan's financial statements were available to be issued.
