NOTE 1 – PLAN DESCRIPTION

The Gullo Companies 401(k) Savings Plan (the "Plan") provides retirement savings benefits to eligible employees of Tony Gullo Motors, I, L.P. dba Gullo Toyota of Conroe; Gullo Cars of Conroe, I, L.P. dba Gullo Ford of Conroe; Lakeside Imports dba Lakeside Toyota; and Northshore Motors, I., L.P. dba Northshore Toyota (collectively the "Companies" or "Employer"). Participants should refer to the Plan Agreement or Summary Plan Description for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution 401(k) plan that provides retirement savings benefits to eligible employees of the Companies through voluntary contributions by employees and contributions by the Companies. Effective May 1, 2017, employees are eligible to participate in the Plan after the employee has reached 21 years of age and completed two months of service. Prior to May 1, 2017, employees are eligible to participant in the Plan after the employee has reached 21 years of age and completed one year of service. The entry date for all eligible employees is the first day of the following calendar quarter after becoming eligible. The Plan, which commenced effective July 1, 1997, was amended and restated effective May 1, 2017, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and the Internal Revenue Code ("IRC").

Plan Custodian and Trustees – The Plan's assets are held by John Hancock Trust Company, LLC (the "Custodian" or "Trustee"). Among other duties, the Custodian receives contributions, holds and invests the fund assets in accordance with the directions of participants, and makes distributions as directed by the Plan Administrator. Effective May 1, 2017 the Custodian also serves as Trustee of the Plan. Prior to that date, New York Life Insurance Company served as the Trustee.

John Hancock Retirement Plan Services, LLC was appointed as the new record-keeper effective May 1, 2017. Prior to May 1, 2017, Boston Financial Data Services, Inc., as a service provider to DST Retirement Solutions, LLC, provided recordkeeping services to the Plan.

Participant Accounts – Participant accounts consist of voluntary and rollover contributions by employees, discretionary matching contributions by the Employer, and profits or losses of the investments of the accounts, and are charged with an allocation of Plan expenses. Separate investment accounts are maintained for each participant for all contributions. Each participant's account is credited with employee and employer contributions and is invested among a family of investment options as directed by the participants. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participant Contributions – Employees electing to participate in the Plan may elect to contribute, on a before-tax or Roth basis, an amount up to the limit established annually by the IRC, which is $18,500 for 2018. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions of up to the limit established annually by the IRC, which was $6,000 for 2018. Effective May 1, 2017, the Plan was amended to include an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 5% of eligible compensation.

Employer Contributions – The Companies made matching contributions of 50% of the first 10% of each participant's compensation. The Companies' matching contribution is at the discretion of the Board of Directors of the Companies and may be reduced or suspended at any time. The annual maximum matching contribution is $2,000 per participant.

Rollover Contributions – Rollover contributions represent funds transferred to the Plan from other qualified defined contribution plans.

NOTE 1 – PLAN DESCRIPTION – continued

Vesting – Participants are immediately vested in their pre-tax deferred contributions, rollover contributions, and any income or loss thereon. Matching contributions and other discretionary Employer contributions to the Plan, plus any income or loss thereon, are vested as follows:

Years of Service	Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Payment of Benefits – On termination of service due to death, disability, or retirement, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account. Vested account balances not exceeding $1,000 are made as a lump sum distribution as soon as administratively possible following the participant's termination of employment. The participant may elect whether to receive the distribution or to rollover the distributions into another retirement plan. If a terminating employee has a vested account balance exceeding $1,000, the participant may elect to maintain their balances within the Plan.

The Plan permits automatic rollover of distributions into an Individual Retirement Account ("IRA") if the following criteria are met: i) the distribution amount is at least $1,000, and ii) the participant has not elected to receive or rollover the distribution.

The Plan allows hardship withdrawals in accordance with IRC regulations. Among other things, the withdrawal must be necessary in light of immediate and heavy financial needs of the employee and is limited to certain purposes. Active participants age 59 ½ or older may also withdraw all or any part of their vested account.

Forfeited Accounts – At December 31, 2018 and 2017, forfeited nonvested accounts totaled $19,390 and $13,027, respectively. These accounts will be used to pay Plan administrative expenses or may be used to offset future employer contributions as determined allowable under the provisions of the Plan. During 2018, $16,322 was used to pay administrative expenses of the Plan and $3,993 was used to offset employer contributions.

Notes Receivable from Participants – Participants may borrow up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The minimum loan amount is $1,000. Notes receivable from participants are secured by the balance in the participant's account. Loan terms range from one to five years, except for loans used for the purchase of a principal residence, which may be repaid over a reasonable period of time. The Administrator will determine a reasonable rate of interest by reviewing the interest charged for similar types of loans by other lenders. Principal and interest are paid ratably through payroll deductions.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The Plan's financial statements have been prepared on the modified cash basis of accounting. Under this basis, certain revenues and the related assets are recognized when received rather than when earned, and certain expenses are recognized when paid rather than when the obligation is incurred.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – continued

Use of Estimates – The preparation of financial statements in accordance with the modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, changes in those assets and liabilities, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when received. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance. Interest income is recorded when received. No allowance for credit losses has been recorded at December 31, 2018 and 2017. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, a deemed distribution is recorded.

Payments of Benefits – Benefit payments are recorded when paid.

Administrative Fees – Loan origination fees associated with notes receivable from participants and certain expenses incurred maintaining the Plan are paid by the Plan and are reflected in the financial statements as Plan expenses. Investment management fees are charged to the Plan as a reduction of investment return and are included in net depreciation of fair value of investments. All other expenses of the Plan are paid by the Companies.

The Plan receives revenue sharing credits from certain mutual fund service providers based on invested balances. This revenue is used to offset certain amounts owed to the Custodian for its administrative services to the Plan. If the revenue received by the Plan from such mutual fund service providers exceeds the amount owed under the agreement, the Custodian remits the excess to the Plan's trust on a monthly basis. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants. During 2018, the excess amounts were $41,280. The Plan or Plan Sponsor may make a payment to the Custodian for administrative expenses not covered by revenue sharing.

Recent Accounting Pronouncements – In August 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurement*. The amendments in this ASU modify the disclosure requirements on fair value measurements in Topic 820, including the removal, modification, and addition of certain disclosure requirements. The updated guidance is effective for fiscal years beginning after December 15, 2019, with early adoption permitted. The Plan has elected not to early adopt ASU 2018-13 and does not expect the ASU to have a material impact on its financial statements or disclosures.

Subsequent Events – The Plan has evaluated subsequent events through September 10, 2019, the date the financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1), and the lowest priority to unobservable inputs (level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under the Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820 are described as follows:

- **Level 1** – Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.
- **Level 2** – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- **Level 3** – Inputs that are unobservable inputs for the assets or liability.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

- *Mutual Funds* – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and classified in level 1 of the valuation hierarchy.
- *Stable Value Fund* – A stable value fund that is composed primarily of fully benefit-responsive investment contracts that is valued at the NAV of units of the pooled separate account. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. If the Plan initiates a full redemption of the stable value fund, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner. Participant transactions (purchases and sales) may occur daily, and there are no significant restrictions on participant redemptions or any unfunded commitments.

The Plan holds an interest in the New York Life Anchor Account, a stable value fund ("SVF"), which is a pooled account with New York Life Insurance Company made available to participating plans through a group annuity contract. Contributions to the SVF are directed to a New York Life pooled separate account that invests primarily in a diversified portfolio of high-quality, fixed income securities, which are owned by New York Life Insurance Company. The SVF is credited with earnings on the underlying investments, and charged for participant withdrawals and administrative expenses. The investment contract issuer, New York Life, is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. NAV, as reported to the Plan by New York Life, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at NAV.

NOTE 3 – FAIR VALUE MEASUREMENTS – continued

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

	Assets at Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 17,318,186	$ -	$ -	$ 17,318,186
Total assets in the fair value hierarchy	17,318,186	-	-	17,318,186
Investments measured at net asset value (a)	-	-	-	1,038,963
Investments at fair value	$ 17,318,186	$ -	$ -	$ 18,357,149

	Assets at Fair Value as of December 31, 2017			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 17,225,352	$ -	$ -	$ 17,225,352
Total assets in the fair value hierarchy	17,225,352	-	-	17,225,352
Investments measured at net asset value (a)	-	-	-	1,954,060
Investments at fair value	$ 17,225,352	$ -	$ -	$ 19,179,412

(a) In accordance with ASC 820-10, certain investments (the stable value fund) that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

NOTE 4 – RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by the Custodian, thus these transactions qualify as party-in-interest transactions as defined by ERISA. Such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA. Except as disclosed in the supplemental schedule of delinquent participant contributions, there have been no known prohibited transactions with parties-in-interest. As described in Note 2, the Plan paid certain expenses related to plan operations and investment activity to service providers.

The Plan has notes receivable from participants at December 31, 2018 and 2017. As a result, these receivables and all transactions relating to these receivables qualify as party-in-interest transactions. These transactions are exempt from the prohibition of party-in-interest transactions under ERISA.

NOTE 5 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Companies have the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 6 – TAX STATUS

Effective May 1, 2017, the Plan and related trust operate under an adoption agreement in connection with a prototype plan and custodial document sponsored by John Hancock Retirement Plan Services, LLC. This prototype plan document was filed with the appropriate agency and received a favorable determination letter, dated May 18, 2015, from the Internal Revenue Service ("IRS") stating THAT the prototype plan qualifies under section 401 (a) of IRC; therefore no provision has been made for federal income taxes. The Plan has been amended and restated since receiving the determination letter. Prior to May 1, 2017, the Plan and related trust operated under an adoption agreement in connection with a volume submitter profit sharing plan and custodial document sponsored by DST Retirement Solutions LLC. This prototype plan document was filed with the appropriate agency and received a favorable volume submitter determination letter, dated June 1, 2015, from the IRS.

The Plan Administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC, and therefore believes that the Plan is qualified, and the related trust is tax-exempt.

The modified cash basis of accounting requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Plan management believes it is no longer subject to income tax examinations for years prior to 2015.

NOTE 7 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 8 – INFORMATION PREPARED AND CERTIFIED BY THE PLAN'S CUSTODIAN AND TRUSTEE

The Plan Sponsor has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the John Hancock Trust Company, LLC, the Custodian and Trustee, has certified that the following data included in the accompanying financial statements and supplemental schedules are complete and accurate.

December 31,	**2018**	**2017**
Investments, at fair value	$ 18,357,149	$ 19,179,412
Notes receivable from participants	594,791	491,351

Year Ended December 31,	**2018**
Net depreciation in fair value of investments	$ (1,346,711)
Dividends	305,811
Interest income on notes receivable from participants	25,730

The Plan's independent auditor did not perform auditing procedures with respect to this information, except for comparing such information with the related information included in the financial statements and supplemental schedules.

NOTE 9 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of participant contributions and benefits paid to participants per the financial statements for the year ended December 31, 2018 to Form 5500:

Participant contributions per the financial statements	$ 1,470,145
Add: refund of excess contributions	70,011
Participant contributions per Form 5500	$ 1,540,156
Benefits paid to participants per the financial statements	$ 1,530,250
Add: corrective distributions	70,011
Benefits paid to participants per Form 5500	$ 1,600,261

NOTE 10 – PROHIBITED TRANSACTIONS

During 2017, the Company failed to remit to the Plan's Trustee and Custodian certain participant contributions and loan repayments totaling $8,649 within the period prescribed by the DOL Rules and Regulations. Delays in remitting participant contributions and loan repayments to the Trustee and Custodian were due to unintentional administrative errors. During 2018, the Company made contributions to the affected participants' accounts to compensate those participants for potential lost earnings due to the delays.
