Note 1: Description of Plan

The following description of the Christian Brothers Heating and Air Conditioning, Inc. Contractors and Employees 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan that was adopted by Christian Brothers Heating and Air Conditioning, Inc. (the "Company"), effective February 1, 1999, and is subject to the requirements of the Employee Retirement Income Security Act of 1974 ("ERISA") and the Internal Revenue Code of 1986 ("IRC"), as amended. The purpose of the Plan is to provide retirement benefits for substantially all employees eligible to participate in the Plan. Employees who have completed one year of service and are over the age of 18 are eligible to make deferral contributions to the Plan. However, there is no minimum service requirement to be eligible to receive prevailing wage contributions.

Contributions

Participants may elect to contribute pretax annual compensation not to exceed the maximum deferral limitation, as defined in the IRC. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan also provides for discretionary profit-sharing and matching contributions, and nonelective employer contributions, including discretionary contributions and fringe benefit contributions. The Company makes contributions to participants who have worked on contracts subject to prevailing wages at the fringe benefit pension rate less benefit costs, such as medical insurance.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Benefit Payments

Upon termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum distribution equal to the vested portion of his or her account or an annuity over the life of the participant or designated beneficiary, as defined in the Plan document. For termination of service for other reasons, a participant will receive the value of the vested interest in his or her account as a lump-sum distribution. Additionally, under certain circumstances of financial hardship or upon attaining the age of 59½, the participant is allowed to withdraw certain funds from the Plan.

Note 1: Description of Plan (Continued)

Vesting

Participants are fully vested immediately in their contributions and the Company's nonelective contributions, plus actual earnings thereon.

Notes Receivable from Participants

Participants may borrow against their Plan account balance within Plan guidelines. Loan terms are at the discretion of the borrower but generally cannot exceed five years. The loan amount can be a minimum of $1,000 but cannot exceed the lesser of (a) one-half of the participant's nonforfeitable interest under the Plan or (b) $50,000. Interest is charged on the outstanding balance at rates determined by the plan administrator based on prevailing interest rates. Principal and interest are paid ratably through payroll deductions. The loans are secured by the vested account balance in the participant's account, and a participant can only have one outstanding loan at any time.

Administrative Expenses

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee received compensation from the Plan. The majority of administrative expenses incurred by the Plan are absorbed by the Company, except for fees related to the administration of participant loans, which are deducted from the applicable participants' accounts.

Investment management fees and operating expenses charged to the Plan for investments in the various funds are deducted from income earned on a daily basis and are reflected as a component of net appreciation (depreciation) in fair value of investments.

Note 2: Summary of Significant Accounting Policies

The following are the significant accounting policies followed by the Plan:

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("US GAAP"). References to the "ASC" hereafter refer to the Accounting Standards Codification established by the Financial Accounting Standards Board ("FASB") as the source of authoritative US GAAP.

Note 2: Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 9 for a discussion of fair value measurements. Also, as further described in Note 10, fair value of the Plan's pooled separate account investments is measured using net asset value per share ("NAV") as a practical expedient.

The Plan's investment in the guaranteed interest account held in the general account of the Plan's custodian, Principal Life Insurance Company (the "Custodian"), is not considered to be fully benefit responsive.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Brokerage fees are added to the acquisition costs of assets purchased and subtracted from the proceeds of assets sold.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed as incurred. No allowance for credit losses has been recorded as of December 31, 2018 and 2017. Delinquent participant loans are reclassified as distributions based upon terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Use of Estimates

The process of preparing financial statements in accordance with US GAAP requires the use of estimates and assumptions regarding certain types of assets, liabilities, revenues and gains, and expenses and losses. Such estimates primarily relate to unsettled transactions and events as of the date of the financial statements. Accordingly, upon settlement, actual results may differ from estimated amounts.

Note 2: Summary of Significant Accounting Policies (Continued)

New Pronouncements

During August 2018, the FASB issued ASU 2018-13, *Fair Value Measurement (Topic 820)*. As part of the FASB's ongoing disclosure framework project to improve the effectiveness of disclosures in the notes to financial statements, this ASU modifies the disclosure requirements on fair value measurements in Topic 820 by permanently eliminating certain required disclosures and modifying others. The following disclosure requirements were removed from Topic 820: the amount of and reasons for transfers between Level 1 and Level 2 of the fair value hierarchy; the policy for timing of transfers between levels; the valuation processes for Level 3 fair value measurements; and for nonpublic entities, the changes in unrealized gains and losses for the period included in earnings for recurring Level 3 fair value measurements held at the end of the reporting period. The following disclosure requirements were modified in Topic 820: In lieu of a rollforward for Level 3 fair value measurements, a nonpublic entity is required to disclose transfers into and out of Level 3 of the fair value hierarchy and purchases and issues of Level 3 assets and liabilities; For investments in certain entities that calculate net asset value, an entity is required to disclose the timing of liquidation of an investee's assets and the date when restrictions from redemption might lapse only if the investee has communicated the timing to the entity or announced the timing publicly; and the amendments clarify that the measurement uncertainty disclosure is to communicate information about the uncertainty in measurement as of the reporting date. The amendments in this ASU are effective for all entities for fiscal years and interim periods within those fiscal years beginning December 15, 2019. Early adoption is permitted. The Plan is currently evaluating the impact of the provisions of ASU 2018-13 on the presentation of its financial statements.

Note 3: Concentrations, Risks, and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The Plan's investment in the guaranteed interest account, which totaled $1,055,563 and $636,279 at December 31, 2018 and 2017, respectively, is held in the general account of the Custodian. In the event of the Custodian's failure, the Plan could be subject to losses on this investment.

Note 4: Information Prepared and Certified by the Custodian

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedules, including investments and notes receivable from participants held at December 31, 2018 and 2017, and net depreciation in fair value of investments and interest income for the year ended December 31, 2018, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by the Custodian, Principal Life Insurance Company.

Note 5: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, all participants would become fully vested in their accounts.

Note 6: Withdrawn Participants

At December 31, 2018 and 2017, there were no participants who had elected to withdraw from the Plan but have not been paid.

Note 7: Tax Status

The Plan obtained its latest determination letter on October 26, 2011, in which the Internal Revenue Service ("IRS") stated that the nonstandardized prototype plan document and the related trust are designed in accordance with the applicable sections of the IRC as of that date. The Plan has been amended since receiving the determination letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

US GAAP requires Plan management to evaluate tax positions taken by the Plan and to recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2018 and 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8: Parties in Interest

The investments in pooled separate accounts and the guaranteed interest account are managed by the Custodian and therefore qualify as party-in-interest transactions. Notes receivable from participants represent loans to employees and therefore also qualify as party-in-interest transactions. In addition, the employer contributions receivable qualify as party-in-interest transactions, as these are amounts due from the Company to the participant accounts. The Plan has a number of service providers. Such providers are parties in interest under ERISA.

Note 9: Fair Value Measurements

FASB ASC 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the assets or liabilities; or
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Note 9: Fair Value Measurements (Continued)

The following is a description of the valuation methodology used for assets measured at fair value. There has been no change in the methodology used at December 31, 2018 and 2017.

> *Guaranteed Interest Account:* Fair value is the amount plan participants would receive currently if they were to withdraw or transfer funds within the plan prior to their maturity for an event other than death, disability, termination or retirement.

The preceding method may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured on a recurring basis at fair value as of December 31, 2018:

	Level 1	Level 2	Level 3	Total
Guaranteed interest account	$ -	$ -	$ 1,055,563	$ 1,055,563
Investments measured at NAV*				1,128,420
Total Assets Measured at Fair Value				$ 2,183,983

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured on a recurring basis at fair value as of December 31, 2017:

	Level 1	Level 2	Level 3	Total
Guaranteed interest account	$ -	$ -	$ 636,279	$ 636,279
Investments measured at NAV*				1,127,089
Total Assets Measured at Fair Value				$ 1,763,368

* Investments in pooled separate accounts are measured at fair value using NAV (or its equivalent) as a practical expedient and therefore have not been categorized in the fair value hierarchy. The fair value amounts presented in the above tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Note 9: Fair Value Measurements (Continued)

The table below sets forth a summary of changes in the fair value of the Plan's Level 3 assets as of December 31, 2018:

	Guarantee Interest Account
Beginning balance	$ 636,279
Purchases	800,007
Sales	(371,099)
Interest income	2,001
Net unrealized depreciation in fair value	(11,625)
Ending Balance	$ 1,055,563
The amount of total gains or losses for the year included in changes in net assets available for benefits attributable to the changes in unrealized gains or losses relating to assets held at the end of the reporting period	$ (11,625)

The following table represents the Plan's Level 3 financial instrument, the valuation technique used to measure the fair value of that financial instrument, and the significant unobservable inputs and the ranges of values for those inputs.

	Fair Value	Principal Valuation Technique	Significant Unobservable Inputs	Range of Significant Input Values
Guaranteed Interest Account	$ 1,055,563	Assumed Proceeds at Discontinuation	Composite Guaranteed Rate	0.10% - 0.15%
			Current Rate at 12/31/18	0.10%

Note 10: Investments Measured Using Net Asset Value per Share

The fair value of the Plan's pooled separate account investments is measured at NAV as a practical expedient. Each pooled separate account invests directly in a single mutual fund. The NAV of the pooled separate accounts is primarily based upon the fair value of the shares of the underlying mutual fund held by the pooled separate accounts.

Note 10: Investments Measured Using Net Asset Value per Share (Continued)

The following table sets forth a summary of the Plan's investments whose fair value is estimated using NAV per share (or its equivalent) as a practical expedient at December 31, 2018:

	Fair Value	Unfunded Commitment	Redemption Frequency	Other Redemption Restrictions	Redemption Notice Period
Pooled Separate Accounts	$ 1,128,420	None	Daily	None	None

The following table sets forth a summary of the Plan's investments whose fair value is estimated using NAV per share (or its equivalent) as a practical expedient at December 31, 2017:

	Fair Value	Unfunded Commitment	Redemption Frequency	Other Redemption Restrictions	Redemption Notice Period
Pooled Separate Accounts	$ 1,127,089	None	Daily	None	None

Note 11: Reconciliation to the Form 5500

The financial statements have been prepared on the accrual basis as required by US GAAP. However, at December 31, 2018 and 2017, the Form 5500 filed with the IRS reported certain employer nonelective contributions to the Plan on a cash basis.

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31, 2018 and 2017:

	2018	2017
Net assets available for benefits per the financial statements	$ 2,462,065	$ 2,237,179
Less: Employer contributions receivable not accrued on the Form 5500	(116,381)	(332,582)
Net Assets Available for Benefits per the Form 5500	$ 2,345,684	$ 1,904,597

Note 11: Reconciliation to the Form 5500 (Continued)

The following is a reconciliation of total increase in net assets available for benefits for the year ended December 31, 2018, per the financial statements to the Form 5500:

Increase in net assets available for benefits per the financial statements	$ 224,886
Add: Prior-year employer contributions receivable	332,582
Less: Current-year employer contributions receivable	(116,381)
Increase in Net Assets Available for Benefits per the Form 5500	$ 441,087

Note 12: Subsequent Events

The Plan has evaluated subsequent events through September 10, 2019, the date the financial statements were available to be issued. In April 2019, the Plan had a change in custodian of plan assets.
