Report on the Financial Statements

We were engaged to audit the accompanying financial statements of ForTec Medical, Inc. 401(k) Profit Sharing (the Plan), which comprise the statements of net assets available for benefits - modified cash basis as of December 31, 2018 and 2017, and the related statements of changes in net assets available for benefits - modified cash basis for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 2; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Voya Retirement Insurance and Annuity Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of and for the years ended December 31, 2018 and 2017 that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter – Supplemental Schedule

The supplemental Schedule of Assets (Held at End of Year), as of December 31, 2018, is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements were prepared on a modified cash basis of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles. Our opinion is not modified with respect to that matter.

Notes to Financial Statements

1. Description of the Plan

The following description of the ForTec Medical, Inc. 401(k) Profit Sharing (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of ForTec Medical, Inc., ForTec Fibers, Inc., ForTec Litho, LLC, ForTec Litho Akron, LLC, ForTec Litho Premier 1, LLC, ForTec Litho Emerald Coast, LLC, ForTec Litho Central, LLC, ForTec Litho NY, LLC, ForTec Litho Western NY, LLC, ForTec Litho Tri-State, LLC, ForTec Litho Florida, LLC and ForTec Litho Central Texas, LLC (the Company) who have completed one year of credited service and attained the age of 21. Employees are allowed to commence participation in the Plan after achieving eligibility on either the first day of each calendar year or the first day of the seventh month of the calendar year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

Participants may contribute up to 100% of their annual compensation, not to exceed Internal Revenue Service (IRS) limitations. The Company may elect to make discretionary matching and profit sharing contributions. During the years ended December 31, 2018 and 2017, the Company matched employee contributions at an amount equal to forty percent of the first six percent of the participant's gross earnings deferred. Additionally, the Company made discretionary profit-sharing contributions of \$575,000 and \$550,000 for the years ended December 31, 2018 and 2017, respectively.

Participant accounts

Each participant's account is credited with the participant's contribution, and an allocation of the employer's discretionary matching and discretionary profit sharing contribution, if any. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. The vesting schedule for Company contributions and actual earnings thereon is based on years of credited service. The vesting schedule is as follows:

Years of Credited Service	Vesting Percentage
<2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

ForTec Medical, Inc. 401(k) Profit Sharing

Notes to Financial Statements

Notes receivable from participants

Participants are permitted to borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. During the 2018 and 2017 Plan years, loans outstanding carried repayment terms ranging from one to five years with interest at rates ranging from 4.25% and 6.25%.

Payment of benefits

On termination of service, death, disability or retirement, a participant or beneficiary may receive a lump sum amount equal to the vested value of the participant's account.

Every participant may retire on their normal retirement date. However, a participant may postpone their retirement to a later date, in which event the participation of such participant in the Plan, including the right to receive allocations, shall continue until their later retirement date.

Upon death or permanent disability of a participant before their retirement date or other termination of his employment, all amounts credited to such participant's combined account shall become fully vested.

Forfeitures

Plan forfeitures are allocated to each participant's account based upon the relation of the participant's compensation to total compensation for the Plan year. Any forfeitures attributable to matching contributions will be used to reduce any future matching contributions. During the years ended December 31, 2018 and 2017, respectively, forfeiture amounts of \$27,897 and \$77,569 were used to reduce the Company contributions.

Plan expenses

Substantially all Plan expenses are paid by the Company.

2. Summary of significant accounting policies

Basis of accounting

The accompanying financial statements have been prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States. Investments are reported at fair value, except for fully benefit-responsive investment contracts which are reported at contract value. All other transactions are reported on a cash basis.

Investment valuation and income recognition

Investments are held in trust by Voya Retirement Insurance and Annuity Company (Voya), the custodian, and such investments and changes therein have been reported to the Plan through current market values. Investments are reported at fair value, except for fully benefit-responsive investment contracts. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (exit price).

ForTec Medical, Inc. 401(k) Profit Sharing

Notes to Financial Statements

The fair value of participation units in the pooled separate accounts and common collective trusts are based upon net asset values of such accounts. The net asset value, as provided by the custodian, is used as a practical expedient to estimate fair value. The net asset value is based on the fair value of the underlying investments held by the fund less its liabilities.

The guaranteed investment contract is valued at contract value. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Refer to note 6 for further information.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when received. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of benefits

Benefits are recorded when paid.

Use of estimates

The preparation of financial statements on the modified cash basis of accounting requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Evaluation of subsequent events

The Plan's management has evaluated subsequent events through September 10, 2019, which is the date that the financial statements were available to be issued, and has determined that there were no subsequent events that have occurred through the date that have not already been reflected in the financial statements and/or disclosed in the notes.

3. Information certified by the custodian (unaudited)

All investment information disclosed in the accompanying financial statements and supplemental schedule, including investments at December 31, 2018 and 2017, net (depreciation) appreciation in fair value of units of investments, and interest and dividend income for the years then ended, were obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Voya. As elected by the plan administrator, no auditing procedures have been performed on this information except to compare such information to the information included in the accompanying financial statements.

ForTec Medical, Inc. 401(k) Profit Sharing

Notes to Financial Statements

4. Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

5. Transactions with parties-in-interest

Certain Plan investments are guaranteed investment contracts or units of pooled separate accounts that are managed by Voya, the custodian, as of December 31, 2018 and 2017. Therefore, transactions therewith qualify as party-in-interest transactions.

6. Guaranteed investment contract

The Plan has entered into a guaranteed investment contract with Voya. Voya maintains the contributions in a pooled account. The account is credited with earnings on the underlying investments and charged for Plan withdrawals and administrative expenses charged by Voya. The contract is included in the financial statements at contract value as reported to the Plan by Voya. Contract value represents contributions made under the contract, plus earnings, less withdrawals and administrative expenses, because it is fully benefit responsive. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the contract, issuer, or otherwise. The average yield and crediting interest rate was approximately 1.00% at December 31, 2018 and 2017. Renewal rates are declared on an annual basis. There are no restrictions on withdrawals.

7. Income tax status

On March 31, 2008, the IRS stated that the prototype plan adopted by the Plan, as then designed, qualifies under Section 401(a) of the Internal Revenue Code (IRC). The Plan has not received a determination letter specific to the Plan itself; however, the Plan administrator and the Plan's tax counsel believe that the Plan was designed and was being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the tax authorities. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018 and 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

ForTec Medical, Inc. 401(k) Profit Sharing

Notes to Financial Statements

8. Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
