RTS Packaging, LLC 401(k) Retirement Savings Plan

Notes to Financial Statements

1. Description of Plan

The following description of the RTS Packaging, LLC 401(k) Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering employees of RTS Packaging, LLC (the "Company") who meet eligibility requirements. The Plan became effective on January 1, 1998 and has since been amended. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Administrative Committee oversees governance of the Plan. The Plan's Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan's Administrative Committee.

Administration

Great-West Trust Company, LLC ("Great-West") is the trustee and custodian of the Plan, and Great-West Life & Annuity Insurance Company ("Empower") is the Plan's recordkeeper who maintained individual accounts reflecting each participant's respective interest in the value of the Plan's net assets.

Certain administrative functions are performed by employees of the Company. These employees did not receive compensation from the Plan.

The WestRock Master Trust ("Master Trust") holds investments on behalf of the Plan, the WestRock Company 401(k) Retirement Savings Plan, and the WestRock Company 401(k) Provisional Retirement Savings Plan.

Eligibility

Employees are eligible to participate in the Plan after completing a minimum service period of one month, and temporary employees are eligible to participate after one year of service. Collectively bargained employees, as defined by the Plan, are generally eligible to participate after having completed a minimum service period of ninety days, subject to certain exclusions stated in the Plan document. An employee's service with a predecessor employer acquired by or merged with the Company or service with WestRock Company will be taken into account for the purposes of determining an employee's eligibility to participate in the Plan.

Contributions

Once eligible, certain participants are automatically enrolled in the Plan with a deferral percentage of 3 percent of eligible compensation unless the participant 1) elects not to participate in the Plan or 2) elects a different deferral percentage. Subsequently, the deferral percentage for automatically enrolled participants is automatically increased 1 percent annually up to a maximum deferral percentage of 10 percent, unless the participant 1) elects not to participate in the automatic increase or 2) elects a different deferral percentage maximum.

Outside of the automatic enrollment process, participants may make before-tax or Roth contributions between a minimum of 1 percent and a maximum of 75 percent of eligible compensation, as defined by the Plan, to the Plan through salary deferrals, subject to certain maximum limitations under the Internal Revenue Code ("IRC"). Participants who have or will attain age 50 on or before the end of the year are eligible to make catch-up contributions to the Plan. Employees can request to make a rollover contribution to the Plan before meeting the participation requirement of the Plan. Participants direct the investment of their contributions into various investment options offered by the Plan.

RTS Packaging, LLC 401(k) Retirement Savings Plan

Notes to Financial Statements

For each pay period that a participant makes contributions to the Plan, the Company makes a matching contribution. Matching provisions for participants are 100 percent of the participant's contribution up to 5 percent of eligible compensation for such pay period. In addition, for all participants who are not collectively bargained participants and are employed on the last day of the Plan year, an additional company contribution will be made in the amount of 2.5 percent of the participant's eligible compensation for the Plan year. The additional company contribution totaled \$737,200 for the year ended December 31, 2018. Matching contributions for participants that are part of a collectively bargained agreement are in accordance with the respective contract with each bargaining unit. Company matching contributions range from 25 percent to 50 percent of the participant's contribution, based on the participant's union affiliation, for each pay period up to a maximum of 6 percent of eligible compensation.

Participant Accounts

Each participant's account is credited with (i) the participant's 401(k) contribution, (ii) the Company's contribution, and (iii) the participant's account earnings. Each participant's account is charged with (i) withdrawals, (ii) the participant's account earnings, and (iii) an allocation of administrative expenses. The benefit to which a participant is entitled is the participant's vested account balance.

Investment Options

All investments, as well as the underlying investments of the stable value common/collective trust and custom funds, are held in the Master Trust as of December 31, 2018 and 2017.

Vesting

Participants vest immediately in their voluntary contributions and actual earnings thereon. All participants who are not collectively bargained participants vest immediately in matching contributions made by the Company for plan years beginning on or after January 1, 2016. Vesting in the Company's matching contributions for collectively bargained participants, additional contributions, and earnings is based on years of service. Generally, a participant's account is fully vested after three years of credited service or other events, as defined by the Plan.

Forfeitures

Forfeitures of non-vested benefits are used to pay general administrative expenses of the Plan, restore account balances for re-employed employees, and/or to offset Company matching contributions. Forfeitures of \$12,434 were used to offset Company contributions during the year ended December 31, 2018. Forfeitures of \$50,343 and \$45,286 were available for future use at December 31, 2018 and 2017, respectively.

Withdrawals and Payments of Benefits

Participants can elect to receive payment of their vested account balance as soon as practicable after employment is terminated or after becoming disabled. Participants may have their account paid directly to them net of appropriate taxes and penalties (as applicable) or transferred in a direct rollover to another qualified plan or individual retirement account without taxes or penalties. Participants who have attained the age of 70½ receive distributions in accordance with the Internal Revenue Service ("IRS") minimum required distribution rules.

In general, the Plan also provides for withdrawals by a participant from his or her contribution account prior to retirement either upon the attainment of age 59½, disability, a hardship withdrawal, a rollover withdrawal, or upon termination of the Plan without establishment of a successor plan.

Notes to Financial Statements

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account. The loan interest rate, determined quarterly, is set at 1 percent above the prime rate, as defined. Principal and interest are paid ratably through monthly payroll deductions.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with U.S. generally accepted accounting principles ("U.S. GAAP").

Accounting Pronouncement to be Adopted

In February 2017, the FASB issued ASU 2017-06, *Employee Benefit Plan Master Trust Reporting*. It is effective for fiscal years beginning after December 15, 2018. The amendments require reporting entities to report a plan's interest in a master trust and the change in the value of that interest as separate line items on the statement of net assets available for benefits and the statement of changes in net assets available for benefits, respectively. Additionally, the master trust's investments and other assets and liabilities, as well as the dollar amount of its interest in these balances, must be disclosed. Lastly, investments measured at fair value must be disaggregated by general type of investment. The Plan is currently evaluating the impact of these provisions and intends to implement the standard in 2019.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received from the sale of an asset or paid to transfer a liability in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. The Plan Sponsor determines the Plan's valuation policies utilizing information provided by its investment advisors and trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Management fees and operating expenses charged to the Plan for investments in mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, these management fees and operating expenses are reflected as a reduction of investment return for such investments.

Notes Receivable from Participants

Loans to participants are reported at their unpaid principal balances, plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 or 2017.

RTS Packaging, LLC 401(k) Retirement Savings Plan

Notes to Financial Statements

Administrative Expenses

Certain administrative expenses are paid by the Plan, as allowed by the Plan document. Recordkeeping, investment advisory, and custodial fees are paid by plan participants and all other expenses are paid by the Plan Sponsor. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Investment and advisory management fees related to the stable value common/collective trust and the custom funds are paid from the assets of the Master Trust on a quarterly basis. Such fees are recorded as a deduction from the Master Trust's net assets.

Payment of Benefits

Benefit payments are recorded upon distribution.

3. Interest in WestRock Company 401(k) Retirement Savings Plan

Effective January 1, 2016, the Plan entered into the WestRock Company 401(k) Retirement Savings Plan Trust agreement with Great-West who became the custodian of the Master Trust's investments and the Plan's Trustee. The value of the Plan's share of net assets is presented as a single asset and the net investment experience in the Master Trust is presented as a single addition to or deduction from net assets in the accompanying financial statements.

The Master Trust's net assets are allocated among participating plans by assigning to each plan those transactions (primarily contributions, benefit payments and certain administrative expenses) which can be specifically identified, and by allocating among participating plans, in proportion to the fair value of the net assets assigned to each plan, income and expenses resulting from the collective investment of the net assets of the Master Trust. At December 31, 2018 and 2017, the Plan's beneficial interest in the net assets of the Master Trust was approximately 1.4%.

The Plan does not have an undivided interest in the investments held in the Master Trust since each plan's interest in the investments of the Master Trust is based on the account balances of the participants and their elected investment fund options. However, the Plan's beneficial interest in each of the underlying investment fund options does not vary significantly from the Plan's beneficial interest in the total net assets of the Master Trust.

The statements of net assets available for benefits for the Master Trust as of December 31, 2018 and 2017 is as follows:

December 31,	2018	2017
Investments, at fair value:		
Mutual funds	\$ 133,299,679	\$ 183,596,962

4. Fair Value Measurements

The FASB has established a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

RTS Packaging, LLC 401(k) Retirement Savings Plan

Notes to Financial Statements

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. There have been no changes in the valuation methodologies used at December 31, 2018 and 2017.

The following tables set forth by level, within the fair value hierarchy, the Master Trust's assets at fair value as of December 31, 2018 and 2017:

Assets at fair value as of December 31, 2018	Level 1	Total
Mutual funds ^(a)	\$ 133,299,679	\$ 133,299,679
Common stocks ^(b)	256,794,703	256,794,703
Total	\$ 390,094,382	\$ 390,094,382
Investment measured at NAV-common/collective trusts ^(c)		2,467,781,340
Total assets at fair value		\$ 2,857,875,722

Assets at fair value as of December 31, 2017	Level 1	Total
Mutual funds ^(a)	\$ 183,596,962	\$ 183,596,962
Common stocks ^(b)	272,999,826	272,999,826
Total	\$ 456,596,788	\$ 456,596,788
Investment measured at NAV-common/collective trusts ^(c)		2,425,549,806
Total assets at fair value		\$ 2,882,146,594

^(a) Mutual funds are valued using the Net Asset Value ("NAV") of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market and classified within level 1 of the valuation hierarchy.

^(b) Common stocks and American depository receipts are valued using a quoted price in an active market and classified within level 1 of the valuation hierarchy.

^(c) Valued using the NAV of the fund. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The Master Trust invests in a stable value common/collective trust managed by Galliard Capital Management ("GCM"). The stable value common/collective trust is comprised primarily of fully-benefit responsive investment contracts and is valued at net asset value. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the investment will be sold for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the stable value common/collective trust, GCM reserves the right to acquire 12 months' notification in order to ensure the securities liquidations will be carried out in an orderly business manner. The balance of the stable value common/collective trust was \$298,837,832 and \$245,475,251 at December 31, 2018 and 2017, respectively.

5. Information Certified by Trustee

The Plan Administrator has elected the method of annual reporting compliance for certain investment information as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Great-West Trust Company, the trustee, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate.

6. Income Tax Status

The Plan has received a determination letter from the IRS dated February 9, 2017, stating that the Plan is qualified under Section 401(a) of the IRC and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan administrator and Plan's tax counsel believe that the Plan was designed and operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Related Party and Party-In-Interest Transactions

Certain Plan investments are managed by the trustee. Transactions involving these investments qualify as party-in-interest transactions. In addition, the trustee receives investment management fees related to these funds prior to any funds being allocated to investment earnings or losses. Party-in-interest transactions also include loans made to participants. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

Notes to Financial Statements

8. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their account balances, and the assets of the Plan will be distributed to the participants in accordance with the Plan provisions.

9. Risks and Uncertainties

The Plan invests in various investment securities, including those held by the Master Trust. Investment securities are exposed to various risks, such as interest rate, market, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the statements of net assets available for benefits.
