Notes to Financial Statements

August 31, 2018 and 2017

Note 1: Description of Plan

The following description of the Eagle Crusher/Stedman Machine 401(k) Retirement Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Eagle Crusher Company, Inc. and Stedman Machine Company, Inc. (collectively referred to as the “Company”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Each eligible employee will be credited with annual contributions after attainment of age 18, as defined by the Plan. The Plan Administrator is responsible for oversight of the Plan and determines the appropriateness of the Plan’s investment offerings.

Contributions

Each year, participants may contribute up to 90% of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions, and may contribute up to 100% of annual pretax compensation if catch-up contributions are made. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

At its discretion, the Company will match elective salary deferral contributions at a rate it designates prior to the end of each Plan year, based on class of employee. The Company contributes 50% of the first 6% of base compensation that a participant contributed to the Plan. These matching contributions are invested at the participant’s direction. Additional non-elective contribution amounts may be contributed at the option of the Company which shall be allocated in proportion to compensation to all eligible participants and are invested at the participant’s direction. During the years ended August 31, 2018 and 2017, there were no additional discretionary contributions. Contributions are subject to certain IRS limitations.

In addition, participants are eligible to designate some or all of their elective deferral as “Roth Contributions,” as defined in the Plan document. These contributions are not tax-deferred, but are deferred on an after-tax basis which results in later qualified distributions of these amounts being received tax-free. Such distributions are subject to the terms in the Plan document and such contributions are subject to the requirements of the Code.

Note 1: Description of Plan (continued)

Participant Accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company profit sharing contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions and Company contributions plus actual earnings thereon except for participants hired after August 1, 2018 who are vested in discretionary Company contributions after attaining 1 year of service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account. The loan interest rate is set by the Plan Administrator. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a period not to exceed the joint life expectancy of the participant and his or her designated beneficiary, as defined by the Plan document. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Note 2: Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Basis of Presentation

The Plan follows authoritative guidance issued by the Financial Accounting Standards Board (FASB) which established the FASB Accounting Standards Codification (ASC) as the single source of authoritative accounting principles generally accepted in the United States of America.

Note 2: Summary of Accounting Policies (continued)

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by investment advisers and custodians. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of August 31, 2018 or 2017.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants and distributions are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through May 9, 2019, the date the financial statements were available to be issued.

Notes to Financial Statements

August 31, 2018 and 2017

Note 3: Certified Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at August 31, 2018 and 2017, and net appreciation in fair value of investments, interest and dividends for the year ended August 31, 2018, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by Fidelity Management Trust Company (“Fidelity”), the trustee of the Plan.

Note 4: Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under the investment topic of the ASC are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at August 31, 2018 and 2017.

Eagle Crusher/Stedman Machine 401(k) Retirement Plan

Notes to Financial Statements

August 31, 2018 and 2017

Note 4: Fair Value Measurements (continued)

Registered investment companies: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trust: Valued at the net asset value (NAV) of units of a collective trust. The net asset value, as provided by the custodian, is used as a practical expedient to estimate fair value. The net asset value is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of August 31, 2018 and 2017.

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>2018</u>
Registered investment companies	\$ <u>11,910,959</u>	\$ <u>-</u>	\$ <u>-</u>	\$ 11,910,959
Investments measured at NAV*				<u>113,604</u>
Total investments				\$ <u>12,024,563</u>

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>2017</u>
Registered investment companies	\$ <u>10,334,442</u>	\$ <u>-</u>	\$ <u>-</u>	\$ 10,334,442
Investments measured at NAV*				<u>100,852</u>
Total investments				\$ <u>10,435,294</u>

*In accordance with the "Fair Value Measurement" topic of the FASB ASC, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Notes to Financial Statements

August 31, 2018 and 2017

Note 4: Fair Value Measurements (continued)

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of August 31, 2018 and 2017, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

<u>August 31, 2018</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency (if currently eligible)</u>	<u>Redemption Notice Period</u>
Morley Stable Value Fund	\$ 113,604	N/A	Daily	12 months
<u>August 31, 2017</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency (if currently eligible)</u>	<u>Redemption Notice Period</u>
Morley Stable Value Fund	\$ 100,852	N/A	Daily	12 months

Note 5: Related-Party Transactions and Party-In-Interest Transactions

Certain Plan investments are shares of mutual funds managed by Fidelity. Fidelity is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment. The Plan Sponsor pays directly any other fees related to the Plan's operations.

Note 6: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 7: Tax Status

The IRS has determined and informed the trustee by a letter dated March 31, 2014, that the prototype plan and trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Eagle Crusher/Stedman Machine 401(k) Retirement Plan

Notes to Financial Statements

August 31, 2018 and 2017

Note 8: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9: Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 at August 31:

	<u>2018</u>	<u>2017</u>
Net assets available for benefits per the financial statements	\$ 12,167,970	\$ 10,541,096
Other employer contributions receivable	-	(16,954)
Notes receivable from participants deemed distributed	<u>-</u>	<u>(4,441)</u>
Net assets per the Form 5500	\$ <u>12,167,970</u>	\$ <u>10,519,701</u>

The following is a reconciliation of the net increase per the financial statements to the Form 5500 net income for the year ended August 31, 2018:

	<u>2018</u>
Net increase per the financial statements	\$ 1,626,874
Other employer contributions	16,954
Change in notes receivable from participants deemed distributed	<u>4,441</u>
Net income per the Form 5500	\$ <u>1,648,269</u>

Notes receivable from participants which are determined to be in default are deemed distributed for tax purposes and therefore, are removed from the balance of notes receivable from participants on the Form 5500 in the year the note is deemed distributed. The unpaid amount of the note, including accrued interest, is considered outstanding when determining the maximum dollar amount of and availability of any subsequent notes. The outstanding note is maintained in the participant's account and therefore, presented in the balance of notes receivable from participants in the accompanying statement of net assets available for benefit, until the note is repaid or offset.
