1. DESCRIPTION OF PLAN:

The following description of the F & M Mafco, Inc. Savings and Investment Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of F & M Mafco, Inc. and its wholly owned subsidiary Christiansted Equipment, Ltd (the Company or Employer), with the exception of employees covered by a collective bargaining agreement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Trustees is responsible for oversight of the Plan.

Eligibility

The Plan provides for automatic enrollment of all newly eligible employees. There are no age or service requirements to enter the Plan. The Company will automatically withhold 3%, the automatic deferral rate, from eligible employees' compensation and will increase the deferral rate by 1% each January 1, limited to 6% of compensation, unless participants affirmatively elect not to participate in the Plan.

Contributions

Participants may contribute up to 60% of their eligible compensation, as defined by the Plan. Participants may contribute pre-tax eligible compensation, as defined, up to the maximum allowable amount by the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan allows participants to also contribute after-tax Roth elective contributions, which are treated as elective contributions for purposes of the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers), including after-tax Roth balances. Participants direct the investment of their contributions into various investment options offered by the Plan.

Active participants are also permitted to elect to have deferrals and vested discretionary profit sharing contributions (that are not designated Roth contributions) converted to be considered designated Roth contributions for Plan purposes.

The Company may make matching as well as discretionary contributions. There were no discretionary employer contributions during 2018 or 2017. During 2018, there were no matching contributions other than for certain Christiansted Equipment, LTD participants. In 2017, the matching contributions for all participants were discontinued effective March 27, 2017. Employer matching contributions were one-third of employee deferrals up to 6% of compensation.

Participant accounts

Each participant's account is credited with the participant's elective contributions and the employer's related matching and discretionary contributions, if any, and an allocation of Plan earnings. Allocation of Plan earnings is based upon the performance of the investment funds chosen by the participant. Participant accounts are charged with an allocation of administrative expense that are paid by the Plan, based on account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of continuous service. A participant is 100% vested after three years of credited service.

Notes receivable from participants

The Plan permits participants to borrow from their vested account. The maximum amount that may be borrowed is the lesser of \$50,000 or 50% of the vested balance of the account. The interest rate on the loan is determined by the plan administrator. Loans are payable within five years except for those used to acquire a principal residence. Principal and interest are paid ratably through bi-weekly payroll deductions.

Payment of benefits

Participants are entitled to benefits beginning at normal retirement age (65). Upon termination of service, participants with a balance of \$1,000 or less receive a lump sum distribution, no later than sixty days after the end of the Plan year in which they retire or terminate their employment. Participants with account balances greater than \$1,000 but less than \$5,000 that do not request a lump-sum or rollover distribution within sixty days after the end of the Plan year in which they retire or terminate employment will have their account balance automatically distributed to an Individual Retirement Account for the participant's benefit. Those with balances greater than \$5,000 may elect to leave their funds in the Plan. In-service withdrawals are also allowed upon attainment of age 59 ½ or for hardships upon meeting certain criteria per the guidelines of the plan document.

Death and disability benefits

A death benefit equal to the value of a participant's vested account will be paid to the participant's beneficiary. Active participants, who become totally and permanently disabled, will receive disability benefits no later than sixty days after the last day of the Plan year in which the disability occurred.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:**Basis of accounting**

The accompanying financial statements have been presented on the accrual basis of accounting.

Use of estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Administrative Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are reported on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 and 2017. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded on the basis of the terms of the Plan document.

Payment of benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and participant distributions are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Subsequent events

The Plan has evaluated subsequent events through the report date, the date the financial statements were available to be issued.

3. FAIR VALUE MEASUREMENTS:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

- | | |
|---------|---|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | Inputs to the valuation methodology include: <ul style="list-style-type: none">• Quoted prices for similar assets or liabilities in active markets;• Quoted prices for identical or similar assets or liabilities in inactive markets;• Inputs other than quoted prices that are observable for the asset or liability;• Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability. |
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Common/collective trust: Valued at the net asset value (NAV) of units of a collective trust. The NAV, as provided by the trustee of the fund, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. There are no restrictions on redemptions from this fund.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Participant directed brokerage accounts: Accounts primarily consist of mutual funds and cash that are valued on the basis of readily determinable market prices.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2018 and 2017. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

<u>Investments at Fair Value at December 31, 2018</u>					
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	Assets at <u>NAV</u>	<u>Total</u>

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2018 and 2017, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

<u>December 31, 2018</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency (if currently eligible)</u>	<u>Notice Period</u>
Common/collective trust	\$ 89,731	n/a	Daily	n/a
<u>December 31, 2017</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency (if currently eligible)</u>	<u>Notice Period</u>
Common/collective trust	\$ 84,048	n/a	Daily	n/a

4. FORFEITURES:

The balance in the forfeiture account available for administrative expenses or employer matching contributions was \$8,943 and \$18,749 at December 31, 2018 and 2017, respectively. In 2018 and 2017, employer contributions were reduced by \$6,277 and \$14,094, and administrative expenses were reduced by \$12,526 and \$0, respectively, from forfeited non-vested accounts.

5. INCOME TAX STATUS:

The Company adopted a prototype non-standardized profit sharing plan with a cash or deferral arrangement which received a favorable opinion letter from the Internal Revenue Services (IRS) dated March 31, 2014. The IRS stated in the letter that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has since been amended. While the Company has not obtained its own determination letter on the Plan, management believes that the Plan currently is designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

6. PLAN TERMINATION:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions and to terminate the Plan subject to the provisions of ERISA. If the Plan is terminated, each participant will become 100% vested in their account.

7. INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE:

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustee has certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2018

and 2017, the supplemental schedule of assets (held at end of year) as of December 31, 2018, and the related investment activity reflected in the statements of changes in net assets available for the years ended December 31, 2018 and 2017.

8. RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS:

Certain Plan investments are shares of mutual funds and common/collective trust issued by Fidelity Investments. Fidelity Investments is an affiliate of Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation (depreciation) in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment.

10. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500:

The following is a reconciliation of the amounts reported in the financial statements as of and for the years ended December 31, 2018 and 2017 and those reported on the Form 5500:

	<u>2018</u>	<u>2017</u>
