Note 1 - Plan Description

The following description of Heidenhain Corporation 401(k) Savings Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Heidenhain Corporation, Inc.; E+E Elektronik Corporation; and MD Electronics, Inc. (collectively, the "Companies") who have completed 90 days of service. After 90 days, eligible employees are automatically enrolled at a contribution rate of 3 percent with contributions invested in designated funds until changed by the participant. Effective January 1, 2019, the automatic enrollment contribution rate was increased from 3 percent to 5 percent. The contribution rate for participants who are automatically enrolled will automatically increase 1 percent each year thereafter, up to a maximum of 10 percent, unless the participant opts out of the Plan or changes his or her deferral rate. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may contribute, under traditional or Roth provisions, up to 100 percent of their compensation, as defined by the Plan limited to the maximum amount allowable under the IRS. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined contribution or defined benefit plans.

The Companies will match 100 percent of participant contributions up to 2 percent of compensation. Additional amounts may be contributed by the Companies at the discretion of the Companies' respective board of directors. For the year ended December 31, 2018, the boards determined that the discretionary contribution was 1 percent of eligible employee compensation. The required safe harbor contribution was 3 percent of eligible employee compensation for the year ended December 31, 2018. Participants direct the investment of their contributions into various investment options offered by the Plan. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Companies' contributions and plan earnings and charged with an allocation of administrative expenses. Allocations are based on participants' compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

Participant Notes Receivable

The Plan allows for participants to borrow money from the Plan. Participants may borrow from their accounts the lesser of $50,000 or 50 percent of the sum of the participant pretax contributions and the employer matching contributions. There is a minimum notes receivable amount of $1,000. Notes receivable are collateralized by the participant's account and bear interest at rates determined by the plan administrator. Notes receivable are generally repayable within five years. Longer notes receivable are available for the purchase of a primary residence. Principal and interest payments are made through payroll deductions.

Note 1 - Plan Description (Continued)

Vesting

Participants are immediately vested in their voluntary contributions and rollover contributions. Vesting in the Companies' contribution portion, including employer match contributions and discretionary contributions plus actual earnings thereon, is based on years of service. A participant becomes fully vested in the employer's matching and discretionary contributions after six years of service or upon retirement, permanent disability, or death.

On December 31, 2018 and September 30, 2018, the Companies had reductions in force that resulted in partial terminations of the Plan. Accordingly, the affected terminated participants became 100 percent vested in their account balance. Subsequent to year end, the Companies had a reduction in force on June 30, 2019 that resulted in a partial termination of the Plan.

Forfeitures

If a participant is not fully vested on his or her termination date, the nonvested portion of the account is forfeited. Forfeitures are used to reduce future discretionary contributions Plan. At December 31, 2018 and 2017, forfeited account balances were insignificant.

Payment of Benefits

Distributions are payable upon retirement, age 59½, death, disability, or termination. A participant may elect to receive lump-sum amount equal to the value of the participant's vested interest in his or her account, annual installments over the life of the participant, an annuity for a fixed number of years, or a combination of such forms.

Participants may request that all or a portion of their accounts be distributed in the case of severe financial hardship, as defined in the plan document. The Companies must approve any such hardship withdrawals.

Termination

While they have not expressed any intent to do so, the Companies have the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions set forth in the plan agreement and ERISA.

Upon termination of the Plan, participants become 100 percent vested in their account balances.

Party-in-interest Transactions

Certain plan assets are in investment funds managed by Principal Life Insurance Company (Principal Life), Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company (Principal Trust), and Principal Life Insurance Company on behalf of Principal Global Investors Trust Company (an affiliate of Principal Life Insurance Company) (Principal Global) or its affiliates. Principal Life, Principal Trust, and Principal Global are the custodians of the Plan; therefore, these transactions qualify as party-in-interest transactions, as defined under ERISA guidelines.

Note 2 - Summary of Significant Accounting Policies

Investment Valuation

The Plan's investments are stated at fair value. The unallocated investment contract is non-benefit responsive and is presented at fair value of the underlying assets. The unallocated investment contract invests in the general assets of Principal Life; however, since there are no specific securities in Principal Life's general account related to this contract and due to the contract terms, including the frequency of the interest rate reset intervals, contract value approximates fair value.

Note 2 - Summary of Significant Accounting Policies (Continued)

The common collective trust fund and pooled separate accounts are valued at net asset value per share (NAV) or its equivalent of the funds, which is based on the fair value of the funds' underlying assets. There are no redemption restrictions or unfunded commitments on these investments. See Note 5 for additional information.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

Various administrative costs are paid by the Companies.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Participant Notes Receivable

Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Participant notes receivable are written off when deemed uncollectible.

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including September 9, 2019, which is the date the financial statements were available to be issued.

Note 3 - Unaudited Information

Principal Life, Principal Trust, and Principal Global hold the Plan's investments and participant notes receivable and execute all related transactions. The investment and participant notes receivable balances and related income and losses included in the accompanying financial statements and supplemental schedule of assets held at end of year are based solely on information certified by Principal Life, Principal Trust, and Principal Global.

Note 4 - Tax Status

The Plan is a prototype plan. The prototype plan has received a favorable opinion letter from the Internal Revenue Service (IRS) indicating that the Plan, as designed, is qualified for federal income tax-exempt status. The Plan has not individually sought its own determination letter.

Note 5 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the valuation techniques and inputs used to measure fair value.

The following tables present information about the Plan's assets measured at fair value on a recurring basis at December 31, 2018 and 2017.

Level 1

Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2

Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Level 3

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

In instances whereby inputs used to measure fair value fall into different levels of the fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

	Assets Measured at Fair Value on a Recurring Basis at December 31, 2018			
	Investments (at Fair Value)	Level 1	Level 2	Level 3
Mutual funds	$ 8,024,695	$ 8,024,695	$ -	$ -
Investments measured at NAV:				
Pooled separate accounts	23,986,446			
Common collective trust fund	2,634,359			
Total investments at fair value	$ 34,645,500			

Note 5 - Fair Value Measurements (Continued)

	Assets Measured at Fair Value on a Recurring Basis at December 31, 2017			
	Investments (at Fair Value)	Level 1	Level 2	Level 3
Mutual funds	$ 8,771,763	$ 8,771,763	$ -	$ -
Unallocated investment contract	12,504	12,504	-	-
Total	8,784,267	$ 8,784,267	$ -	$ -
Investments measured at NAV:				
Pooled separate accounts	27,592,643			
Common collective trust fund	2,545,329			
Total investments at fair value	$ 38,922,239			

Note 6 - Reconciliation of the Financial Statements to Form 5500

The net assets on the financial statements differ from the net assets on Form 5500 due to a difference in valuation of the common collective trust on the financial statements and Form 5500. At December 31, 2018, the net assets on the financial statements are higher than Form 5500 by $31,366. At December 31, 2017, the net assets on the financial statements are higher than Form 5500 by $5,598. The investment income for the year ended December 31, 2018 on Form 5500 is lower than the financial statements by $25,768.
