Notes to Financial Statements
December 31, 2018 and 2017

1. Plan Description

The following description of the Milrose Consultants, Inc. 401(k)/Profit Sharing Plan (the "Plan") is provided for general purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Milrose Consultants, Inc. and Metropolitan Data Corporation (collectively the “Company") except members of a collective bargaining agreement and non-resident aliens. The Plan was adopted January 1, 2006 and restated on April 21, 2016, qualifies under Section 401(k) of the Internal Revenue Code (“IRC”) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Eligibility

Employees of the Company are eligible to participate in the Plan on their hire date. All eligible employees are able to receive Company’s discretionary matching contribution, if any, in a given year, after completion of one year of service.

Contributions

An employee participating in the Plan may annually contribute through payroll deductions, up to the amount provided annually by the Internal Revenue Service and may contribute amounts representing distributions from other qualified plans. Any participant, age 50 or over, may make an additional "catch-up" contribution. The Company may elect to make a discretionary matching contribution equal to a uniform percentage or dollar amount of elective contributions. Each year, the Company will determine the formula for the discretionary matching contribution. For the years ended December 31, 2018 and 2017, no discretionary contributions were made.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contribution, (b) Plan earnings, and (c) the Company’s discretionary contributions, if any and (d) charged with certain account maintenance and service fees. Allocations are based on participant earnings or account balances, as defined. The participant's account is reduced by withdrawals and losses on investments. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. Plan Description *(continued)*

Vesting

A participant is 100% vested in their contributions and any earnings thereon. Vesting in the employer match and the Company's discretionary contributions is based on years of continuous service. A participant that was hired prior to June 2, 2014, is fully vested after three years of service. A participant that was hired on or after June 2, 2014, is fully vested in accordance with the following schedule:

Years of Vesting Service	Vested Percentage
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5 or more	100%

Investment Options

Upon enrollment in the Plan, participants may direct their contributions into various investment options offered by the Plan. Participants may change their investment options at any time.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum amount of $1,000 up to a maximum amount equal to the lesser of $50,000 or 50% of their account balance. Loans to participants are secured by the balance in the participant's account and bears an interest rate at prime plus one percent at the time the loan is made. Principal and interest are paid ratably through payroll deductions.

If a participant fails to make a payment when a loan is due under the terms of the loan, that participant will be in default. In the event of default, the loan shall become due and payable immediately and interest will continue to accrue until the entire loan balance is repaid. The Plan will take all reasonable actions to collect the balance owed on the loan. Under certain circumstances, the loan in default could be considered a distribution from the Plan and could be considered income to the participant. In any event, failure to repay a loan will reduce the benefit a participant would otherwise be entitled to receive from the Plan.

1. Plan Description *(continued)*

Payment of Benefits

On termination of service due to death or disability, a participant's account is fully vested and the beneficiary/participant may elect to receive either a lump-sum amount or annual installments at least equal to the required minimum distribution amount. On termination of service due to retirement, a participant may elect to receive either a lump-sum amount equal to the participant's vested interest in his or her account or annual installments over a period of not more than their assumed life expectancy as determined at the time of distribution. On termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Hardship distributions are permitted under the Plan.

Forfeitures

The forfeited, non-vested portion of a participant's account is lost upon termination of employment. Forfeited amounts are retained by the Plan and will be used to offset administrative fees and future Company contributions. At December 31, 2018 and 2017, there were no forfeited non-vested accounts. There were also no forfeitures used to offset administrative fees and future Company contribution in 2018 and 2017.

2. Summary of Significant Accounting Policies

Basis of Accounting and Use of Estimates

The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"), which requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Fair Value Measurements

The Plan follows U.S. GAAP guidance on Fair Value Measurements which defines fair value and establishes a fair value hierarchy organized into three levels based on the input assumptions used in pricing assets. Level 1 inputs have the highest reliability and are related to assets with unadjusted quoted prices in active markets. Level 2 inputs relate to assets with other than quoted prices in active markets which may include quoted prices for similar assets or liabilities or other inputs which can be corroborated by observable market data. Level 3 inputs are unobservable and are used to the extent that observable inputs do not exist.

At December 31, 2018 and 2017, the Plan's investments in mutual funds, were valued at fair value, using level 1 inputs.

2. Summary of Significant Accounting Policies *(continued)*

Investment Valuation and Income Recognition

Mutual funds held by the Plan are valued at fair value based on the daily closing price as reported by the funds. All of the mutual funds are open-ended and are registered with the Securities and Exchange Commission. These mutual funds are required to publish their daily net asset value and to transact at that price. The common/collective trust is valued at the net asset value ("NAV") per unit, as determined by the trustee at year end. The NAV is used as the practical expedient to estimate the fair value and is based on the fair value of the underlying investment held by the fund, less its liabilities.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Interest income is recorded as administrative expenses and are expensed when they are incurred. If a participant cease to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Administrative Expenses

Certain expenses of the Plan are paid by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expense is included in net appreciation (depreciation) in fair value of investments.

Accounting for Uncertainty in Income Taxes

The Plan recognizes the effect of income tax positions only if those positions are more likely than not to be sustained. Management has determined that the Plan had no uncertain tax positions that would require financial statement recognition and/or disclosure. The Plan administrator believes that the Plan is no longer subject to examinations by the applicable taxing jurisdictions for years prior to December 31, 2015.

2. Summary of Significant Accounting Policies *(continued)*

Subsequent Events

Management has evaluated subsequent events for disclosure and/or recognition in the financial statements through September 13, 2019, the date which the financial statements were available for issue.

3. Information Certified *(Unaudited)*

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's and Regulations for Reporting and Disclosure under ERISA. Accordingly, Wells Fargo Bank, N.A. ("Wells Fargo"), the trustee of the Plan, has certified the completeness and accuracy of all the investments and notes receivable from participants reflected in the accompanying statements of net assets available for benefits as of December 31, 2018 and 2017, and the related investment activity reflected in the statements of changes in net assets available for benefits for the years then ended, and the supplemental Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2018.

4. Investments

The following are the major categories of investments measured at fair value on a recurring basis at December 31, grouped by fair value hierarchy:

	2018		
	Level 1	Other Investments Measured at NAV *	Total
Common/collective trust	$ -	$ 126,719	$ 126,719
Mutual funds	5,923,946	-	5,923,946
	$5,923,946	$ 126,719	$6,050,665

	2017		
	Level 1	Other Investments Measured at NAV *	Total
Common/collective trust	$ -	$ 92,912	$ 92,912
Mutual funds	5,828,447	-	5,828,447
	$5,828,447	$ 92,912	$5,921,359

(*) Pursuant to U.S. GAAP guidance, alternative investments where fair value is measured using NAV per share as a practical expedient is not recognized within the fair value hierarchy.

5. Common/Collective Trust

The Plan holds an investment in the Reliance Trust Stable Value Fund which invests entirely in the MetLife Group Annuity Contract 25157 consisting of separately managed portfolios directed by Reliance Trust Company. The primary objective of this fund is to preserve principal while generating earnings at rates competitive over time with short-term high quality fixed income investments.

The NAV per unit of each trust is determined each business day. Issuances and redemptions may be on such days, based upon the NAV per unit as of the valuation date preceding the date on which such order to contribute or redeem asset is received. The trustee of each trust, in its sole discretion reserved the right to value any contribution or redemption as of the next succeeding valuation date as the trustee deemed appropriate.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

7. Tax Status

The Company has adopted a volume submitter prototype plan document which received an opinion letter from the Internal Revenue Service dated March 31, 2014, stating that the Plan is designed in accordance with applicable sections of the IRC. The Plan has been amended since receiving the letter; however, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

8. Party-In-Interest Transactions

Participants who are active employees of the Plan may borrow from their accounts and such loans qualify as party-in-interest transactions under ERISA. These loans are recorded as notes receivable from participants on the statements of net assets available for benefits.

9. Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Notes to Financial Statements
December 31, 2018 and 2017

1. Plan Description

The following description of the Milrose Consultants, Inc. 401(k)/Profit Sharing Plan (the "Plan") is provided for general purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Milrose Consultants, Inc. and Metropolitan Data Corporation (collectively the “Company") except members of a collective bargaining agreement and non-resident aliens. The Plan was adopted January 1, 2006 and restated on April 21, 2016, qualifies under Section 401(k) of the Internal Revenue Code (“IRC”) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Eligibility

Employees of the Company are eligible to participate in the Plan on their hire date. All eligible employees are able to receive Company’s discretionary matching contribution, if any, in a given year, after completion of one year of service.

Contributions

An employee participating in the Plan may annually contribute through payroll deductions, up to the amount provided annually by the Internal Revenue Service and may contribute amounts representing distributions from other qualified plans. Any participant, age 50 or over, may make an additional "catch-up" contribution. The Company may elect to make a discretionary matching contribution equal to a uniform percentage or dollar amount of elective contributions. Each year, the Company will determine the formula for the discretionary matching contribution. For the years ended December 31, 2018 and 2017, no discretionary contributions were made.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contribution, (b) Plan earnings, and (c) the Company’s discretionary contributions, if any and (d) charged with certain account maintenance and service fees. Allocations are based on participant earnings or account balances, as defined. The participant's account is reduced by withdrawals and losses on investments. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. Plan Description *(continued)*

Vesting

A participant is 100% vested in their contributions and any earnings thereon. Vesting in the employer match and the Company's discretionary contributions is based on years of continuous service. A participant that was hired prior to June 2, 2014, is fully vested after three years of service. A participant that was hired on or after June 2, 2014, is fully vested in accordance with the following schedule:

Years of Vesting Service	Vested Percentage
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5 or more	100%

Investment Options

Upon enrollment in the Plan, participants may direct their contributions into various investment options offered by the Plan. Participants may change their investment options at any time.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum amount of $1,000 up to a maximum amount equal to the lesser of $50,000 or 50% of their account balance. Loans to participants are secured by the balance in the participant's account and bears an interest rate at prime plus one percent at the time the loan is made. Principal and interest are paid ratably through payroll deductions.

If a participant fails to make a payment when a loan is due under the terms of the loan, that participant will be in default. In the event of default, the loan shall become due and payable immediately and interest will continue to accrue until the entire loan balance is repaid. The Plan will take all reasonable actions to collect the balance owed on the loan. Under certain circumstances, the loan in default could be considered a distribution from the Plan and could be considered income to the participant. In any event, failure to repay a loan will reduce the benefit a participant would otherwise be entitled to receive from the Plan.

1. Plan Description *(continued)*

Payment of Benefits

On termination of service due to death or disability, a participant's account is fully vested and the beneficiary/participant may elect to receive either a lump-sum amount or annual installments at least equal to the required minimum distribution amount. On termination of service due to retirement, a participant may elect to receive either a lump-sum amount equal to the participant's vested interest in his or her account or annual installments over a period of not more than their assumed life expectancy as determined at the time of distribution. On termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Hardship distributions are permitted under the Plan.

Forfeitures

The forfeited, non-vested portion of a participant's account is lost upon termination of employment. Forfeited amounts are retained by the Plan and will be used to offset administrative fees and future Company contributions. At December 31, 2018 and 2017, there were no forfeited non-vested accounts. There were also no forfeitures used to offset administrative fees and future Company contribution in 2018 and 2017.

2. Summary of Significant Accounting Policies

Basis of Accounting and Use of Estimates

The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"), which requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Fair Value Measurements

The Plan follows U.S. GAAP guidance on Fair Value Measurements which defines fair value and establishes a fair value hierarchy organized into three levels based on the input assumptions used in pricing assets. Level 1 inputs have the highest reliability and are related to assets with unadjusted quoted prices in active markets. Level 2 inputs relate to assets with other than quoted prices in active markets which may include quoted prices for similar assets or liabilities or other inputs which can be corroborated by observable market data. Level 3 inputs are unobservable and are used to the extent that observable inputs do not exist.

At December 31, 2018 and 2017, the Plan's investments in mutual funds, were valued at fair value, using level 1 inputs.

2. Summary of Significant Accounting Policies *(continued)*

Investment Valuation and Income Recognition

Mutual funds held by the Plan are valued at fair value based on the daily closing price as reported by the funds. All of the mutual funds are open-ended and are registered with the Securities and Exchange Commission. These mutual funds are required to publish their daily net asset value and to transact at that price. The common/collective trust is valued at the net asset value ("NAV") per unit, as determined by the trustee at year end. The NAV is used as the practical expedient to estimate the fair value and is based on the fair value of the underlying investment held by the fund, less its liabilities.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Interest income is recorded as administrative expenses and are expensed when they are incurred. If a participant cease to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Administrative Expenses

Certain expenses of the Plan are paid by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expense is included in net appreciation (depreciation) in fair value of investments.

Accounting for Uncertainty in Income Taxes

The Plan recognizes the effect of income tax positions only if those positions are more likely than not to be sustained. Management has determined that the Plan had no uncertain tax positions that would require financial statement recognition and/or disclosure. The Plan administrator believes that the Plan is no longer subject to examinations by the applicable taxing jurisdictions for years prior to December 31, 2015.

2. Summary of Significant Accounting Policies *(continued)*

Subsequent Events

Management has evaluated subsequent events for disclosure and/or recognition in the financial statements through September 13, 2019, the date which the financial statements were available for issue.

3. Information Certified *(Unaudited)*

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's and Regulations for Reporting and Disclosure under ERISA. Accordingly, Wells Fargo Bank, N.A. ("Wells Fargo"), the trustee of the Plan, has certified the completeness and accuracy of all the investments and notes receivable from participants reflected in the accompanying statements of net assets available for benefits as of December 31, 2018 and 2017, and the related investment activity reflected in the statements of changes in net assets available for benefits for the years then ended, and the supplemental Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2018.

5. Common/Collective Trust

The primary objective of this fund is to preserve principal while generating earnings at rates competitive over time with short-term high quality fixed income investments.

Notes to Financial Statements
December 31, 2018 and 2017

1. Plan Description

The following description of the Milrose Consultants, Inc. 401(k)/Profit Sharing Plan (the "Plan") is provided for general purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Milrose Consultants, Inc. and Metropolitan Data Corporation (collectively the “Company") except members of a collective bargaining agreement and non-resident aliens. The Plan was adopted January 1, 2006 and restated on April 21, 2016, qualifies under Section 401(k) of the Internal Revenue Code (“IRC”) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Eligibility

Employees of the Company are eligible to participate in the Plan on their hire date. All eligible employees are able to receive Company’s discretionary matching contribution, if any, in a given year, after completion of one year of service.

Contributions

An employee participating in the Plan may annually contribute through payroll deductions, up to the amount provided annually by the Internal Revenue Service and may contribute amounts representing distributions from other qualified plans. Any participant, age 50 or over, may make an additional "catch-up" contribution. The Company may elect to make a discretionary matching contribution equal to a uniform percentage or dollar amount of elective contributions. Each year, the Company will determine the formula for the discretionary matching contribution. For the years ended December 31, 2018 and 2017, no discretionary contributions were made.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contribution, (b) Plan earnings, and (c) the Company’s discretionary contributions, if any and (d) charged with certain account maintenance and service fees. Allocations are based on participant earnings or account balances, as defined. The participant's account is reduced by withdrawals and losses on investments. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. Plan Description *(continued)*

Vesting

A participant is 100% vested in their contributions and any earnings thereon. Vesting in the employer match and the Company's discretionary contributions is based on years of continuous service. A participant that was hired prior to June 2, 2014, is fully vested after three years of service. A participant that was hired on or after June 2, 2014, is fully vested in accordance with the following schedule:

Years of Vesting Service	Vested Percentage
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5 or more	100%

Investment Options

Upon enrollment in the Plan, participants may direct their contributions into various investment options offered by the Plan. Participants may change their investment options at any time.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum amount of $1,000 up to a maximum amount equal to the lesser of $50,000 or 50% of their account balance. Loans to participants are secured by the balance in the participant's account and bears an interest rate at prime plus one percent at the time the loan is made. Principal and interest are paid ratably through payroll deductions.

If a participant fails to make a payment when a loan is due under the terms of the loan, that participant will be in default. In the event of default, the loan shall become due and payable immediately and interest will continue to accrue until the entire loan balance is repaid. The Plan will take all reasonable actions to collect the balance owed on the loan. Under certain circumstances, the loan in default could be considered a distribution from the Plan and could be considered income to the participant. In any event, failure to repay a loan will reduce the benefit a participant would otherwise be entitled to receive from the Plan.

1. Plan Description *(continued)*

Payment of Benefits

On termination of service due to death or disability, a participant's account is fully vested and the beneficiary/participant may elect to receive either a lump-sum amount or annual installments at least equal to the required minimum distribution amount. On termination of service due to retirement, a participant may elect to receive either a lump-sum amount equal to the participant's vested interest in his or her account or annual installments over a period of not more than their assumed life expectancy as determined at the time of distribution. On termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Hardship distributions are permitted under the Plan.

Forfeitures

The forfeited, non-vested portion of a participant's account is lost upon termination of employment. Forfeited amounts are retained by the Plan and will be used to offset administrative fees and future Company contributions. At December 31, 2018 and 2017, there were no forfeited non-vested accounts. There were also no forfeitures used to offset administrative fees and future Company contribution in 2018 and 2017.

2. Summary of Significant Accounting Policies

Basis of Accounting and Use of Estimates

The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"), which requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Fair Value Measurements

The Plan follows U.S. GAAP guidance on Fair Value Measurements which defines fair value and establishes a fair value hierarchy organized into three levels based on the input assumptions used in pricing assets. Level 1 inputs have the highest reliability and are related to assets with unadjusted quoted prices in active markets. Level 2 inputs relate to assets with other than quoted prices in active markets which may include quoted prices for similar assets or liabilities or other inputs which can be corroborated by observable market data. Level 3 inputs are unobservable and are used to the extent that observable inputs do not exist.

At December 31, 2018 and 2017, the Plan's investments in mutual funds, were valued at fair value, using level 1 inputs.

2. Summary of Significant Accounting Policies *(continued)*

Investment Valuation and Income Recognition

Mutual funds held by the Plan are valued at fair value based on the daily closing price as reported by the funds. All of the mutual funds are open-ended and are registered with the Securities and Exchange Commission. These mutual funds are required to publish their daily net asset value and to transact at that price. The common/collective trust is valued at the net asset value ("NAV") per unit, as determined by the trustee at year end. The NAV is used as the practical expedient to estimate the fair value and is based on the fair value of the underlying investment held by the fund, less its liabilities.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Interest income is recorded as administrative expenses and are expensed when they are incurred. If a participant cease to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Administrative Expenses

Certain expenses of the Plan are paid by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expense is included in net appreciation (depreciation) in fair value of investments.

Accounting for Uncertainty in Income Taxes

The Plan recognizes the effect of income tax positions only if those positions are more likely than not to be sustained. Management has determined that the Plan had no uncertain tax positions that would require financial statement recognition and/or disclosure. The Plan administrator believes that the Plan is no longer subject to examinations by the applicable taxing jurisdictions for years prior to December 31, 2015.

2. Summary of Significant Accounting Policies *(continued)*

Subsequent Events

Management has evaluated subsequent events for disclosure and/or recognition in the financial statements through September 13, 2019, the date which the financial statements were available for issue.

3. Information Certified *(Unaudited)*

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's and Regulations for Reporting and Disclosure under ERISA. Accordingly, Wells Fargo Bank, N.A. ("Wells Fargo"), the trustee of the Plan, has certified the completeness and accuracy of all the investments and notes receivable from participants reflected in the accompanying statements of net assets available for benefits as of December 31, 2018 and 2017, and the related investment activity reflected in the statements of changes in net assets available for benefits for the years then ended, and the supplemental Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2018.

4. Investments

The following are the major categories of investments measured at fair value on a recurring basis at December 31, grouped by fair value hierarchy:

	2018		
	Level 1	Other Investments Measured at NAV *	Total
Common/collective trust	$ -	$ 126,719	$ 126,719
Mutual funds	5,923,946	-	5,923,946
	$5,923,946	$ 126,719	$6,050,665

	2017		
	Level 1	Other Investments Measured at NAV *	Total
Common/collective trust	$ -	$ 92,912	$ 92,912
Mutual funds	5,828,447	-	5,828,447
	$5,828,447	$ 92,912	$5,921,359

(*) Pursuant to U.S. GAAP guidance, alternative investments where fair value is measured using NAV per share as a practical expedient is not recognized within the fair value hierarchy.

5. Common/Collective Trust

The Plan holds an investment in the Reliance Trust Stable Value Fund which invests entirely in the MetLife Group Annuity Contract 25157 consisting of separately managed portfolios directed by Reliance Trust Company. The primary objective of this fund is to preserve principal while generating earnings at rates competitive over time with short-term high quality fixed income investments.

The NAV per unit of each trust is determined each business day. Issuances and redemptions may be on such days, based upon the NAV per unit as of the valuation date preceding the date on which such order to contribute or redeem asset is received. The trustee of each trust, in its sole discretion reserved the right to value any contribution or redemption as of the next succeeding valuation date as the trustee deemed appropriate.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

7. Tax Status

The Company has adopted a volume submitter prototype plan document which received an opinion letter from the Internal Revenue Service dated March 31, 2014, stating that the Plan is designed in accordance with applicable sections of the IRC. The Plan has been amended since receiving the letter; however, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

8. Party-In-Interest Transactions

Participants who are active employees of the Plan may borrow from their accounts and such loans qualify as party-in-interest transactions under ERISA. These loans are recorded as notes receivable from participants on the statements of net assets available for benefits.

9. Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
