1. DESCRIPTION OF PLAN

The following description of Frontline Insurance Managers 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of Frontline Homeowners Insurance, Inc. (the "Plan Sponsor", "Company", or "Employer") that meet eligibility requirements as noted in the Employer's Plan document. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan was established for the purpose of providing eligible employees of the Plan Sponsor and their beneficiaries funds for retirement.

Eligibility

All employees of the Company become eligible to participate in the Plan on the first day of the month following completion of three months of service as defined in the Plan. Employees who are union employees, whose employment is governed by a collective bargaining agreement under which retirement benefits are subject to good faith bargaining, are excluded from Plan participation. As of December 31, 2018 and 2017, there were no such excluded employees.

Participant Contributions

Participating employees may elect to contribute up to 100 percent of compensation, not to exceed $18,500, or $24,500 for employees over 50 years of age for the year ended December 31, 2018. Participants may also contribute post tax "Roth" amounts and amounts representing distributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan. A participant may suspend contributions at any time, or may increase or decrease their level of participation at any time during the Plan year.

Employer Contributions

The Company will match 100 percent of an employee's elective deferrals that do not exceed three percent of compensation, plus 200 percent of an employee's elective deferrals that exceed three percent but do not exceed six percent of compensation. From January 1, 2018 through June 16, 2018, the Company made safe harbor contributions in an amount not less than three percent of an eligible employee's compensation. Effective June 16, 2018, the Plan was amended to eliminate additional safe harbor contributions. The Employer may also make additional discretionary profit sharing and qualified non-elective contributions to the Plan to be allocated to certain eligible participants. There were no discretionary profit sharing or non-elective contributions during the Plan year ended December 31, 2018.

Participant Accounts

Individual accounts are established for each participant. Each participant's account is credited with the participant's elective deferrals, including Roth deferrals, and allocations of (a) the Company's contributions and (b) Plan earnings. Allocations are based on participant earnings or account balances, as defined. The participant's account is reduced by withdrawals, losses on investments, administrative fees, and any forfeitures. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately fully vested in their deferrals, employer safe harbor, if any, and qualified non-elective contributions plus actual earnings thereon. Employer matching and profit sharing contributions, plus investment income earned thereon, are subject to a different vesting schedule and are based on years of continuous service.

The vesting schedule related to matching and profit sharing contributions is as follows:

Years of Service	Percentage Vested
Less than two years	0%
Two years but less than three years	20%
Three years but less than four years	40%
Four years but less than five years	60%
Five years but less than six years	80%
Six or more years	100%

Distributions and Withdrawals

All of a participant's vested balance is payable upon the participant's normal retirement, termination of employment, total and permanent disability or death, and financial hardship, subject to certain limitations. In the event that the participant's vested accrued benefit is less than $5,000, the Plan administrator may make a distribution without the election or request of a terminated participant. The Plan requires that such distributions of amounts less than $5,000 but greater than $1,000 be rolled over to an individual retirement account unless the participant elects to receive the distribution directly.

Notes Receivable from Participants

Participants may borrow a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. The loans are secured by the vested balance in the participant's account and bear interest as of the date the loan is granted. Interest rates are based on the rates available for similar loans from commercial lending institutions. The rate of interest will be a fixed rate equal to the prime rate of interest plus two percent on the first day of the month before a loan is originated. The notes earn interest at rates ranging from 5.25 percent to 6.25 percent, and maturities range from 2019 to 2023.

Forfeitures

Forfeitures on invested contributions are retained in the Plan and used to pay any administrative fees and/or reduce future employer contributions. Forfeited balances available to offset future employer contributions, restore forfeitures, or pay administrative fees were $186 and $25 for years ended December 31, 2018 and 2017, respectively. During the year ended December 31, 2018, $42,772 was used to pay administrative expenses or to reduce employer contributions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The financial statements are prepared in accordance with accounting principles generally accepted in the United States of America (GAAP). The Plan uses the accrual basis of accounting for the presentation of financial statements.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from these estimates.

Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisers, custodian, and insurance company. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Administrative Expenses
Certain expenses of maintaining the Plan are paid directly by the Sponsor and are excluded from these financial statements. Administrative expenses include fees related to certain recordkeeping fees paid by the Plan. Investment related expenses are included in net appreciation of fair value of investments.

Payment of Benefits
Benefits are recorded when paid.

3. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described below:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices in active markets for identical assets or liabilities that the Plan can access at the measurement date.

- Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

  - Quoted prices for similar assets or liabilities in active markets;
  - Quoted prices for identical or similar assets or liabilities in inactive markets;
  - Inputs other than quoted prices that are observable for the asset or liability; and
  - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

  If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 – Inputs that are unobservable inputs for the asset or liability.

The following is a description of the valuation methodologies used for the Plan's assets measured at fair value. There have been no changes in the methodologies used for the periods presented in these financial statements.

Registered Investment Companies: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/Collective trust: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the common/collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. The common/collective trusts are not required to be classified within a level on the fair value hierarchy.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets measured at fair value at December 31,:

	2018			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 7,991,707	$ --	$ --	$ 7,991,707
Investments measured at net asset value*				17,350,800
Total investment at fair value				$ 25,342,507

	2017			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 7,893,139	$ --	$ --	$ 7,893,139
Investments measured at net asset value*				17,969,726
Total investment at fair value				$ 25,862,865

*In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share or its equivalent have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments measured at fair value based on net asset value per share as of December 31, 2018 and 2017:

	Fair Value at December 31, 2018	Fair Value at December 31, 2017	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Common/collective trust	$ 17,350,800	$ 17,969,726	N/A	Daily	None

4. INVESTMENTS AND INFORMATION PROVIDED AND CERTIFIED BY CUSTODIAN (UNAUDITED)

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, Principal Life Insurance Company and Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, the Custodians of the Plan, have certified the completeness and accuracy of all investments and related investment activity in the accompanying financial statements and supplemental schedules.

5. PARTY-IN-INTEREST TRANSACTIONS

The Plan's investment assets in common/collective trusts and notes receivable from participants are held by Principal Financial Group, a related party to Principal Life Insurance Company. Principal Life Insurance Company is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

6. PLAN TERMINATION

The Plan Sponsor intends to continue the Plan indefinitely for the benefit of its employees but reserves the right to modify, amend, or terminate the Plan at any time by resolution of its Board of Directors. In the event of termination of the Plan, all amounts credited to participants' accounts shall be 100 percent vested and non-forfeitable. All participants shall receive a total distribution of their accounts as described in the Plan.

7. INCOME TAX STATUS

The Plan adopted a volume submitter plan which has received an opinion letter from the Internal Revenue Service dated March 31, 2014, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the applicable taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2018 and 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements.

8. RISKS AND UNCERTAINTIES

The Plan provides participants with various investment options. All investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. PROHIBITED TRANSACTIONS

During 2018, the Plan Sponsor inadvertently failed to deposit $1,521 of participant deferrals within the required timeframe as stated by the United States Department of Labor ("DOL"). The DOL considers late deposits to be prohibited transactions. The Plan Sponsor contributed the lost earnings on the $1,521 late contributions in accordance with the DOL's self-correction program during August of 2019.

10. SUBSEQUENT EVENTS

The Plan has evaluated subsequent events occurring after the statements of net assets available for benefits date through September 10, 2019, the date which the financial statements were available to be issued. Based upon this evaluation, the Plan has determined that no subsequent events have occurred, which require adjustment to or disclosure in the financial statements.
