Participants should refer to the Plan Agreement for a more complete description of the Plan’s provisions.

All employees of the Organization become eligible to participate in the Plan on the first day of the Plan Year quarter after completing one year of service during which they complete at least 1,000 hours of service. Employees are eligible to participate in the employer matching contributions beginning on the Plan Year quarter entrance date, and thereafter, in any quarter. Employees are eligible to participate in the profit sharing contributions beginning on the Plan year entrance date, and thereafter, in any Plan year in which they perform at least 1,000 hours of service. The Board of Trustees is responsible for oversight of the Plan. The Plan’s Investment Committee determines the appropriateness of the Plan’s investment offerings, monitors investment performance, and reports to the Plan’s Board of Trustees.

Contributions

Each year, participants may elect to contribute a portion of their pretax annual compensation, as defined in the Plan. Participants may contribute employee deferrals to the Plan up to the maximum amount allowed by law. Effective January 1, 2018, all newly hired and rehired employees, unless the employee elects otherwise, will be deemed to have elected to contribute an amount equal to 3% of their regular compensation beginning on their entry date, as defined by the Plan.

The Organization provides a Safe Harbor matching contribution equal to 100% of the participant’s salary deferrals for each payroll period that do not exceed 3% of compensation for the same period, plus 50% of salary deferrals that exceed 3% of compensation but that do not exceed 5% of compensation for the same period.

The Organization may also provide a discretionary annual profit sharing contribution. Profit sharing contributions are allocated to participants based on the ratio of each eligible participant’s compensation to the total compensation of all eligible participants.

Contributions are subject to certain limitations pursuant to Section 401(k) of the Internal Revenue Code.

Participant Accounts

A separate account is maintained for each participant. The account is credited with the participant’s elective deferral contribution, allocations of Organization contributions, and Plan earnings. The participant’s account is reduced for losses in Plan investments and participant benefit distributions. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Participant-Directed Investment Options

Upon enrollment in the Plan, a participant may direct the investment of their contributions into any of several investment options with varying degrees of risk and volatility, allowing participants to allocate their investments in accordance with their own risk tolerances and time horizons. Participants may change their investment options at any time.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1: DESCRIPTION OF RETIREMENT PLAN (CONTINUED)

Vesting

Participants are vested immediately in their elective deferral and safe harbor match, plus actual earnings thereon. Employer discretionary profit sharing contributions are 100% vested beginning after three years of service.

Notes Receivable from Participants

Loans are not permitted under the terms of the Plan.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. The Plan may elect to make a mandatory distribution of account balances that do not exceed \$5,000.

Forfeited Accounts

Forfeited non-vested accounts are used to reduce discretionary contributions of the Organization or to pay expenses of the Plan. No forfeited non-vested accounts were used to reduce the Company's contributions and pay administrative expenses in 2018 and 2017. At December 31, 2018 and 2017, unutilized forfeited non-vested accounts were immaterial.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements in accordance with GAAP requires the Plan Administrator to make estimates and assumptions that may affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the trustee and insurance company. See Note 4 for discussion of fair value measurements.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Plan fees and expenses, including fees and expenses connected with the providing of administrative services by external service providers, are primarily paid by the Plan.

Subsequent Events

Plan management has evaluated subsequent events through September 9, 2019, the date the financial statements were available to be issued.

NOTE 3: INFORMATION PREPARED AND CERTIFIED BY NATIONWIDE TRUST COMPANY, FSB

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2018 and 2017, and net depreciation / appreciation in fair value of investments, interest and dividends for the years ended December 31, 2018 and 2017, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by Nationwide Trust Company, FSB (the trustee of the Plan).

NOTE 4: FAIR VALUE MEASUREMENTS

Generally accepted accounting principles include a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

RETIREMENT PLAN FOR THE TEAM MEMBERS OF COSI

NOTES TO THE FINANCIAL STATEMENTS

NOTE 4: FAIR VALUE MEASUREMENTS (CONTINUED)

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets by major security type at fair value as of December 31, 2018 and 2017:

Fair Value Measurements as of December 31, 2018

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 6,834,174	\$ -	\$ -	\$ 6,834,174

RETIREMENT PLAN FOR THE TEAM MEMBERS OF COSI

NOTES TO THE FINANCIAL STATEMENTS

NOTE 5: GUARANTEED INVESTMENT CONTRACT WITH NATIONWIDE TRUST COMPANY, FSB

In 2016, the Plan entered into a traditional fully benefit-responsive guaranteed investment contract with Nationwide Trust Company, FSB. Nationwide Trust Company, FSB maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 2.23 percent. The crediting rate is reviewed on a quarterly basis of resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measurement for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Nationwide Trust Company, FSB, represents contributions made under the contract, plus earnings less participant withdrawals and administrative expenses. Participants may ordinarily direct withdrawals or transfers of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary). that cause a significant withdrawal from the Plan, or (4) failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, (5) premature termination of the contract. The Plan administrator believes that no events that would limit the Plan's ability to transact at contract value with participants are probable of occurring.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuer.

RETIREMENT PLAN FOR THE TEAM MEMBERS OF COSI

NOTES TO THE FINANCIAL STATEMENTS

NOTE 6: PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds and a guaranteed investment contract managed by Nationwide Trust Company, FSB. Nationwide Trust Company, FSB is the nondiscretionary trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest.

NOTE 7: PLAN TERMINATION

Although the Sponsor has not indicated any intent to do so, it has the right to terminate the Plan at any time. In the event the Sponsor terminates the Plan, participants become fully vested and are entitled to receive the value of their account, including employer contributions and earnings thereon.

NOTE 8: TAX STATUS

Nationwide Financial Services, Inc., sponsor of the Volume Submitter Profit Sharing Plan with CODA, has obtained an opinion letter dated March 31, 2014, in which the IRS states that the restated volume submitter plan document was in compliance with applicable requirements of the Internal Revenue Code (IRC). The Plan Sponsor adopted this restated volume submitter document effective January 1, 2015. The Plan was amended effective January 1, 2018. The volume submitter opinion letter has been relied upon by this Plan. The Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

GAAP requires management of an organization to evaluate tax positions taken by the organization and recognize a tax liability if the organization has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. Plan management has analyzed the tax positions taken by the Plan, and as of December 31, 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. There are currently no audits for any tax periods in progress.

NOTE 9: RISKS AND UNCERTAINTIES

The Plan provides for various investment options. The investments, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with these investments, it is at least reasonably possible that changes in the values of the investments will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.
