NOTE 1 DESCRIPTION OF PLAN

The following description of the 403(b) Thrift Plan for Employees of Beechwood Home provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

GENERAL

The 403(b) Thrift Plan for Employees of Beechwood Home (the Plan) was established May 1, 1981, for the purpose of providing a voluntary retirement savings program for employees of Beechwood Home (the Home). All permissible employees of the Home, as defined in accordance with the universal availability standards are eligible to enroll on their date of hire. Deferrals begin on the first pay period following enrollment. All employees of the Home who are at least twenty years of age and have completed one year of service are eligible for matching contributions. The Home pays certain administrative costs of the Plan, and controls and manages the operation and administration of the Plan. Mutual of America Life Insurance Company serves as the custodian of the Plan. The Plan is a defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

CONTRIBUTIONS

Each year, participants may contribute up to 100 percent of annual compensation, as defined by the Plan. During the 2018 tax year, participants could contribute up to $18,500 if the participant’s age is 49 or less, and $24,500 if the participant’s age is 50 or above. (This figure will be adjusted in the future by the Secretary of the Treasury for cost of living increases). Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Upon enrollment in the Plan, participants direct the investment of their contributions into various investment options offered by the Plan.

The Home contributes a matching amount equal to 100 percent of the amount of a participant’s salary reduction contributions for the plan year that does not exceed 3 percent of the compensation the participant receives during the portion of the plan year in which the participant satisfies the eligibility requirements. The Home contributes a matching amount equal to 50 percent of the amount of a participant’s salary reduction contributions for the plan year that exceeds 3 percent (but does not exceed 6 percent) of the compensation the participant receives during the portion of the plan year in which the participant satisfies the eligibility requirements.

PARTICIPANT ACCOUNTS

Each participant's account is credited with the participant’s contribution as well as allocations of the Home’s matching contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

VESTING

Participants are immediately vested in their contributions and rollover contributions plus actual earnings thereon. Vesting in the Home’s matching contributions occurs ratably over a period of two to six years. A participant is 100 percent vested after six years of credited service. The Plan defines “one year of service” as a 12 month period in which the employee works 1000 hours of service. Matching contributions also become fully vested when a participant employed by the Home reaches normal retirement age, as defined by the Plan, or is terminated due to death or disability.

PAYMENT OF BENEFITS

On termination of service due to death, disability or retirement, a participant (or a participant's beneficiary in the event of death) may elect to receive a lump-sum amount or installment payments equal to the value of the participant's vested interest in his or her account. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

FORFEITED ACCOUNTS

Forfeitures of matching contributions are used to reduce future matching contributions. As of December 31, 2018, and December 31, 2017, there were no forfeited nonvested accounts. During 2018, $1,781 of forfeited nonvested accounts were used to reduce matching contributions.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following is a summary of significant accounting policies followed in the preparation of these financial statements. The financial statements and notes are the representation of the Plan's management, who is responsible for their integrity and objectivity. The policies conform to accounting principles generally accepted in the United States of America and have been consistently applied.

BASIS OF ACCOUNTING

The financial statements of the Plan are prepared using the accrual basis of accounting.

PAYMENT OF BENEFITS

Benefits are recorded when paid.

INVESTMENT VALUATION AND INCOME RECOGNITION

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Management fees and operating expenses charged to the Plan for investments in variable annuities and insurance contracts are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as an increase in the net depreciation in fair value of investments.

FAIR VALUE MEASUREMENTS

The Fair Value Measurement Topic of the Financial Accounting Standards Board Accounting Standards Codification (FASB ASC 820), establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1
Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2
Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability and inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3
Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2018, and December 31, 2017.

Value of interests in registered investment companies (variable annuities) are valued at the daily accumulation unit value (AUV) of shares held by the Plan at year end. The value of an AUV of any investment account is determined at the close of each business day and is directly related to the net asset value of the shares of the underlying investment adjusted for any dividends or distributions received by Mutual of America Life Insurance Company and the daily equivalent of any fee charged by Mutual of America Life Insurance Company pursuant to the contract. The value of each accumulation unit is published each business day. Each investment account is invested by Mutual of America Life Insurance Company exclusively in shares of a specific mutual fund or other investment entities as directed by the contract holder and/or the participant (Level 2).

Value of funds held in the insurance company general account are considered cash equivalents and are valued at amortized cost, per Mutual of America Life Insurance Company, without adjustment (Level 3).

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, while the Plan believes its valuation methodologies are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

FAIR VALUE MEASUREMENTS (CONT'D)

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2018, and December 31, 2017:

	SIGNIFICANT OTHER OBSERVABLE INPUTS (LEVEL 2)	SIGNIFICANT UNOBSERVABLE INPUTS (LEVEL 3)	TOTAL
DECEMBER 31, 2018			
Value of funds held in the insurance company general account - interest accumulation		$722,296	$ 722,296
Value of interests in registered investment companies	$1,646,419		1,646,419
Total investments at fair value	$1,646,419	$722,296	$2,368,715
DECEMBER 31, 2017			
Value of funds held in the insurance company general account - interest accumulation		$319,771	$ 319,771
Value of interests in registered investment companies	$2,071,329		2,071,329
Total investments at fair value	$2,071,329	$319,771	$2,391,100

The table below sets forth a summary of changes in the fair value of the Plan's level 3 assets for the year ended December 31, 2018:

VALUE OF FUNDS HELD IN THE INSURANCE COMPANY GENERAL ACCOUNT	
Balance, beginning of year	$319,771
Interest earned	8,835
Purchases, sales, issuances and settlements:	
Purchases	204,545
Issuances	-
Sales	(144,056)
Settlements / Transfers	333,201
Balance, end of year	$722,296

USE OF ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

SUBSEQUENT EVENTS

The Plan evaluates events and transactions occurring subsequent to the date of the financial statements for matters requiring recognition or disclosure in the financial statements. The accompanying financial statements consider events through August 12, 2019, the date on which the financial statements were available to be issued.

NOTE 3 RELATED-PARTY TRANSACTIONS

The Plan invests in variable annuities and insurance contracts sponsored by Mutual of America Life Insurance Company. Mutual of America Life Insurance Company is the custodian and record keeper for the Plan and, therefore, these transactions qualify as party-in-interest transactions. Certain administrative fees related to the administration of the Plan are paid by the Plan. Other administrative fees are paid by the plan sponsor on behalf of the Plan.

NOTE 4 PLAN TERMINATION

Although it has not expressed any intent to do so, the Home has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

NOTE 5 TAX STATUS

The Plan has adopted a non-standardized form of a prototype plan sponsored by Mutual of America Life Insurance Company. The prototype plan obtained its latest opinion letter on May 4, 2015, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the opinion letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believe the Plan is qualified.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 6 INFORMATION CERTIFIED BY THE CUSTODIAN

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Mutual of America Life Insurance Company, the custodian of the Plan, has certified to the completeness and accuracy of all investments reflected in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2018, and December 31, 2017, the supplemental Schedule of Assets (Held at End of Year) as of December 31, 2018, and the related investment activity reflected in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2018.

NOTE 7 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, credit and market risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.
