Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in *Note 3*, which was certified or provided by Charles Schwab Trust Company, the trustee of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's assets and executes transactions. The plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2018, that the information provided to the plan administrator by the trustee is complete and accurate.

The supplemental schedule is the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosures under the Employment Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by the trustee (or custodian). Their report, dated July 11, 2018, indicated that (*a*) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and, accordingly, they did not express an opinion on the financial statement, and (*b*) the form and content of the information included in the financial statements other than that derived from the certified investment information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA

NOTE 1 – DESCRIPTION OF PLAN

The following description of the McGinnis Lochridge, LLP Savings Plus Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan, which covers eligible employees of McGinnis Lochridge, LLP (Sponsor) who have one year of service and have attained the age of 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions – Each year, participants may contribute up to 80% of annual compensation, as defined in the Plan. A participant's contribution cannot exceed the annual dollar limitation set forth by Internal Revenue Code (IRC) Section 402(g). Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants who are age 50 or older may also make additional catch-up salary deferral contributions that are in addition to any limits that are imposed by the Plan and Federal law. Overall, catch-up contributions plus salary deferral contributions to the Plan may not exceed 100% of a participant's compensation for that year. Such contributions are recorded by the Plan in the period in which the Sponsor makes applicable payroll deductions.

The Sponsor may make a nonelective profit sharing contribution on a discretionary basis. The nonelective contribution is allocated to eligible participants in a manner determined by the Sponsor.

Under the provisions of the Plan, the Sponsor may make contributions at its discretion. If the Plan is a top-heavy plan according to the definition set forth in the plan document and the Sponsor makes discretionary contributions, the Sponsor's contributions shall be allocated such that the contributions made on behalf of any participant shall not be less than the lesser of 3% of such participant's compensation or the largest percentage of Sponsor contributions as a percentage of the key employees' compensation, allocated on behalf of any key employee that year. The Plan was top-heavy for 2018 and 2017.

Under the provision of the Plan, the Sponsor may also make additional qualified nonelective contributions for the benefit of all participants eligible to make elective deferrals who are nonhighly compensated employees and who are employed by the Sponsor during the Plan year. The additional qualified nonelective contributions shall be allocated to the qualified nonelective contribution account of each participant eligible to share in such allocations in the ratio that such participant's compensation bears to the compensation of all eligible participants.

Under the provision of the Plan, the Sponsor may make qualified nonelective contributions for a Plan year that shall be allocated in the manner prescribed by the Sponsor to correct any operational or demographic failure pursuant to any correction program or policy established by the Internal Revenue Service (IRS) or the Department of Labor.

Participant Accounts – Each participant's account is credited with the participant's contribution and allocations of (a) the Sponsor's contribution and, (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined by the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Plan participants' accounts are maintained in a collective trust at Charles Schwab Trust Company, the trustee of the Plan. In addition to this collective trust, several participants maintain separate self-managed accounts at Charles Schwab Trust Company, which are consolidated into the balances of the overall plan and certified by Charles Schwab Trust Company.

Vesting – Participants are immediately vested in their contributions, plus actual earnings thereon. Vesting in the Sponsor's contribution portion of their accounts plus actual earnings thereon is based on years of credited service. A participant is 100% vested after three years of credited service.

Forfeitures – When participants separate from service, any amounts that are not vested will be forfeited. For any Plan year, forfeitures occurring under the Plan may be used to reduce the Sponsor's contributions to the Plan or to pay Plan expenses. Forfeited nonvested accounts totaled $20,190 and $2,366 at December 31, 2018 and 2017, respectively. No forfeitures were used to reduce Sponsor contributions during 2018.

Participant Loans – Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates commensurate with local prevailing rates as determined quarterly by the plan administrator. Principal and interest are paid through periodic payroll deductions.

Payment of Benefits – Upon termination of service for any reason, including death, disability or retirement, a participant may elect to receive vested benefits in one of the following forms:

- Lump-sum payment
- Life annuity, as purchased from a commercial insurer with the participant's account
- Qualified joint and survivor annuity, as purchased from a commercial insurer with the participant's account
- Level monthly, quarterly, semiannual or annual payments over a period that does not exceed the life expectancy of the participant or the participant's beneficiary

Administrative Expenses – The Plan permits the payment of administrative expenses to be made from the Plan's assets and for them to be allocated either proportionately based on the value of the account balances or as an equal dollar amount based on the number of participants in the Plan. However, substantially all administrative expenses of the Plan are paid by the Sponsor. Expenses relating to specific participant transactions (i.e. loan setup, distribution request, etc.) are charged directly against the appropriate participant's account.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the trustee. See *Note 4* for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivables From Participants – Notes receivables from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Subsequent Events – Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events were evaluated through July 12, 2019, which is the date the financial statements were available to be issued.

NOTE 3 – INFORMATION CERTIFIED AND PROVIDED BY THE TRUSTEE

The following is a summary of the Plan's asset information as of December 31, 2018 and 2017, and for the year ended December 31, 2018, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the trustee and furnished to the plan administrator. The plan administrator has obtained certifications from the trustee that information provided to the plan administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information, which appears throughout the financial statements and supplemental schedule, related to the following assets:

	2018	2017
Investments at fair value:		
Mutual funds	**$ 19,715,345**	$ 28,191,036
Common collective trusts	**10,176,651**	10,038,262
Stable value fund	**8,218,293**	9,157,658
Cash and cash equivalents	**2,435,980**	1,981,136
Government and agency obligations	**1,563,418**	1,512,805
Common stock	**1,235,497**	2,763,428
Exchange traded funds	**196,629**	219,909
Notes receivable from participants	**229,875**	315,257

Charles Schwab Trust Company also certified to the completeness and accuracy of $3,219,024 of net depreciation in fair value of investments and $1,086,531 of interest and dividends related to the aforementioned assets for 2018.

NOTE 4 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under ASC 820 are described below:

- **Level 1** – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- **Level 2** – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability or inputs that are derived principally from or corroborated by observable market data by correlation or other means.

  If the assets or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- **Level 3** – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Mutual Funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed actively.

Target Date Funds – Valued based on the NAV of units of the common collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimating fair value. The NAV is based upon the fair value of the underlying investments comprising the trust less its liabilities.

This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Money Market Fund – The carrying amount approximates fair value because of the short maturity of those instruments.

Stable Value Investment – The NAV, as reported by the Plan, is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidation will be carried out in an orderly business manner. Plan Sponsor initiated withdrawals from the Wilmington Trust Retirement and Institutional Services Company Collective Investment Trust II requires a 30 day notification and could be subject to a market value adjustment.

Common Stock and Exchange Traded Funds – Valued at the closing price reported on the active market on which the individual securities are traded.

Government and Agency Obligations – Valued using pricing models maximizing the use of observable inputs for similar securities.

The following table sets forth by level within the fair value hierarchy the Plan's assets at fair value as of December 31:

The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

**Based on the nature and risks, Plan has determined presenting as a single class is appropriate.

The following table sets forth additional disclosures of the Plan's investments whose fair value is estimated using net asset value per share (or its equivalent) as of December 31:

	2018			
	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Stable Value CCT (a)	**$ 8,218,293**	**$ -**	**Daily**	**12 months**

a) This category includes a stable value collective fund whose objective is to protect principal while providing a higher rate of return than shorter term investments, such as money market funds. The Fund is primarily invested in traditional and synthetic guaranteed investment contracts (GICs). Traditional GICs are typically issued by insurance companies or banks and are essentially nonmarketable deposits with the issuing entity. The issuer is contractually obligated to repay the principal and stated interest. The repayment of a traditional GIC is the sole responsibility of the issuing entity. In the case of a synthetic GIC, the Fund purchases high-quality debt obligations and enters into contractual arrangements with third-parties to provide a guarantee of book (contract) value and specified interest. Investments in this category can be redeemed daily at the current NAV per share based on the fair value of the underlying assets. The fair value of investment(s) in this category has been estimated using the NAV per share of the underlying investment(s).

b) This category includes a target date common collective trust whose objective is to allow participants to select the fund that best matches their expected retirement date, risk tolerance, personal circumstances, and complete financial situation, while investment managers handle the day to day decision-making. The funds are diversified through exposure to a variety of asset classes that may include, but is not limited to, domestic equity, international equity, emerging markets equity, global real estate, commodities, short term bond, intermediate term bond, inflation-protected bond (U.S. TIPS), world bond, and cash equivalents. Investments in this category can be redeemed daily at the current NAV per share based on the fair value of the underlying assets. The fair value of investment(s) in this category has been estimated using the NAV per share of the underlying investment(s).

NOTE 5 – RELATED PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Investments – Certain Plan investments are shares of collective trusts managed by Charles Schwab Trust Company. Charles Schwab Trust Company is the trustee of the Plan; therefore, these transactions qualify as party in interest transactions. Fees paid by the Plan for recordkeeping and administrative services amounted to $116,498 for 2018.

Administration – Certain administrative functions are performed by officers or employees of the Sponsor. No such officer or employee receives compensation from the Plan. Certain administrative expenses are paid by the Sponsor.

NOTE 6 – PLAN TERMINATION

Although the Sponsor has not expressed any intent to terminate the Plan, it may do so at any time subject to the provisions of ERISA. If the Plan were terminated, contributions would cease, participants would become 100% vested, and money in the accounts would be distributed to the participants.

NOTE 7 – TAX STATUS

The Plan obtained its latest determination letter on April 11, 2012, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Management has evaluated the Plan's tax positions and concluded that the Plan had maintained its tax exempt status and had taken no uncertain tax positions that require recognition or disclosure in the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state, or local tax authorities for years before 2015.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 9 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of the net assets available for benefits as of December 2018 and 2017 per the financial statements to the Form 5500:
