## NOTE 1 – DESCRIPTION OF PLAN

The following description of the Western Concrete Pumping, Inc. 401(k) Savings Plan (Plan) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

### General

The Plan covers substantially all employees of Western Concrete Pumping Inc. (Company). The plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan Administrator is responsible for oversight of the Plan as well as determining and reviewing the appropriateness of the Plan's investment offerings, and investments performance.

The Plan is a defined contribution plan under the provision of section 401(a) of the Internal Revenue Code (IRC), which includes a qualified cash or deferred arrangement as described in the section 401(k) of the IRC. The Plan was established on January 1, 1995 and was restated effective January 1, 2015. Charles Schwab Bank provides Trustee and Custodial services for the Plan. The Plan Administrator exercises authority over management and investment of plan assets. Plan participant recordkeeping and administrative services are performed by Digital Retirement Solutions.

### Eligibility

Employees, age 21 and older, are eligible to participant in the Plan as of the first day of the month coinciding with or next following the date which eligibility requirements are met.

### Contributions

Each year, participants may contribute up 75% of annual compensation, up to the maximum allowed by the IRS limitation, as defined in the Plan. Participants are allowed to make pre-tax and/or after-tax Roth contributions. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans.

The Company may make discretionary matching and profit sharing contributions to the Plan as determined by the Company. For the year ended December 31, 2018, the Company made matching contributions of 20% of every dollar deferred, not to exceed 4% of the participants' total compensation. Company matching limits are based on a "per payroll" period and the Plan does not offer a "true up" option. For the year ended December 31, 2018, no discretionary profit sharing contributions were contributed or declared for the Plan.

Discretionary profit sharing contributions are allocated to eligible employees who are active employees at the end of the plan year, terminated employees with over 500 of credited service hours worked during the plan year, and terminated employees at the end of the plan year due to death, disability or retirement.

### Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's matching contribution and, (b) Plan earnings or losses and, (c) charged with an allocation of any administrative expenses paid by the Plan. Allocations of plan earnings or losses and any

administrative expenses are based on participant account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**Investments**

Participants direct the investment of all assets attributable to their account. Each participant designates the percentage of any one or more of their accounts that is to be invested in each of several authorized investment funds designated by the Plan's Administrator.

**Notes Receivable from Participants**

Participants may borrow from their accounts a minimum of $1,000 up to a maximum amount equal to the lesser of $50,000 or 50% of their vested interest in their account balance. The loans are secured by the balance in the participant's account and bear interest at a rate equal to 2% above the prime rate. Principal and interest is paid ratably through monthly payroll deductions not to exceed five years.

**Payment of Benefits**

On termination of service due to death, disability, retirement or termination of employment, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account or paid as a "direct rollover" to an individual retirement account or to another employer's tax qualified plan. Account balances less than $5,000 can be distributed without prior approval of the participant. Active participants may withdraw any part of their account in the event of undue financial hardship or attainment of age 59 1/2.

**Vesting**

Participants are immediately 100% vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is vested in Company contributions based on the following schedule:

| Years of Service | Percentage |
|---|---|
| 1 | 20% |
| 2 | 40% |
| 3 | 60% |
| 4 | 80% |
| 5 | 100% |

Years of service is defined by the Plan as 1,000 hours of service during the plan year beginning on the employee's date of hire and ending on the employee's last day of employment with the Company.

**Forfeited Accounts**

Generally, a participant's unvested portion of the Company matching contributions is forfeited upon termination of employment. Forfeitures are maintained in a separate account and may be used to reduce employer matching contributions and administration expenses.

At December 31, 2018 and 2017, the forfeiture account balance was $159 and $310, respectively. During the year ended December 31, 2018, $1,320 of forfeitures was used to pay administrative expenses.

**Plan Termination Provision**

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all participants become fully vested in all their accounts.

## NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

**Basis of Accounting**

The financial statements of the Plan are prepared using the accrual basis of accounting which is in accordance with accounting principles generally accepted in the United States of America (GAAP). Employee and employer contributions are recognized in the period that contributions are due.

**Investment Valuation and Income Recognition**

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policy utilizing information provided by the Plan Trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

**Payments of Benefits**

Benefits are recorded when paid

**Notes Receivable from Participants**

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan Document. Interest income from the notes is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. If a participant does not make loan repayments and the Plan Administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a deemed distribution based on the terms of the Plan document.

**Administrative Expenses**

Expenses of the Plan, including legal, administrative, advisory and custodial expenses, are generally paid by the Company and not included in these financial statements.

Certain investment management fees and other charges paid to the Custodian are offset against fund performance in the net appreciation section of the Statement of Changes in Net Assets Available for Benefits and are not, therefore, separately reflected as administrative expenses.

**Estimates**

The preparation of financial statements in conformity with GAAP requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

**Management's Review**

Management has evaluated subsequent events through September 23, 2019, the date the financial statements were available to be issued.

## NOTE 3 – FAIR VALUE MEASUREMENT

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under GAAP are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets
- quoted prices for identical or similar assets or liabilities in inactive markets
- inputs other than quoted prices that are observable for the asset or liability
- inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used as of December 31, 2018 and 2017.

*Registered investment companies (mutual funds)*: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and

Exchange Commission. These funds are required to publish their daily closing price and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

*Money market funds*: Valued at market value of corresponding currency at year end.

*Common/collective trusts*: Common-collective trusts (CCT) are valued at the net asset value (NAV) of units of a bank collective trust. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. The underlying investments of the CCT are mainly equity and fixed income securities and short-term investments. The investment strategies of the Plan's CCT vary generally based on the investment objectives of the asset class of which they are a part. Such investment strategies include investments in fixed income securities and asset backed securities. The Plan had no unfunded commitments related to the CCT. The redemption of the CCT is subject to the preference of individual Plan participants and contains no restrictions on the timing of redemption. Participant transactions (purchased and sales) may occur daily.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017:

| | Assets at Fair Value as of December 31, 2018 | | | |
|---|---|---|---|---|
| | Level 1 | Level 2 | Level 3 | Total |
| Registered investment companies | $ 4,287,932 | $ - | $ - | $ 4,287,932 |
| Money market fund | 1,165,012 | - | - | 1,165,012 |
| Total investments, at fair value | $ 5,452,944 | $ - | $ - | $ 5,452,944 |

| | Assets at Fair Value as of December 31, 2017 | | | |
|---|---|---|---|---|
| | Level 1 | Level 2 | Level 3 | Total |
| Registered investment companies | $ 3,589,728 | $ - | $ - | $ 3,589,728 |
| Money market fund | 568,802 | - | - | 568,802 |
| | $ 4,158,530 | $ - | $ - | 4,158,530 |
| Common/collective trusts, at NAV | | | | 1,134,152 |
| Total investments, at fair value | | | | $ 5,292,682 |

The Plan's policy is to recognize transfers between Levels 1 and 2 and into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. As of December 31, 2018 and 2017, there were no significant transfers between Levels 1, 2 and 3.

## NOTE 4 – INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Charles Schwab Bank, the Trustee of the Plan, has certified to the completeness and accuracy of:

- Investments and notes receivable from participants reflected on the accompanying Statements of Net Assets Available for Benefits as of December 31, 2018 and 2017.

- Net appreciation (depreciation) in fair value of investments, interest and dividends, and interest income from notes receivable from participants reflected on the accompanying Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2018.

## NOTE 5 – RELATED PARTIES AND PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments consist of shares of mutual funds and common stocks, which are offered by Charles Schwab Bank. Charles Schwab is the Trustee of the Plan and, therefore, these transactions qualify as party-in-interest transactions.

## NOTE 6 – TAX STATUS

The IRS has informed the Plan sponsor by a letter dated March 31, 2014 for the prototype plan adopted by the Plan, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

GAAP requires the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

## NOTE 7 – RISKS AND UNCERTAINTIES

The Plan provides for various investment options in any combination of investment securities offered by the Plan. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investments securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

## NOTE 8 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of the net assets available for benefits per financial statements to the Form 5500 at December 31, 2018 and 2017:

| | 2018 | 2017 |
|---|---|---|
| Net assets available for benefits per the financial statements | $ 5,551,733 | $ 5,439,724 |
| Adjustment for refund of excess contribtutions | 83,795 | - |
| Net assets available for benefits per the Form 5500 | $ 5,635,528 | $ 5,439,724 |

The following is a reconciliation of the net increase in assets per the financial statements to the Form 5500 for the year ended December 31, 2018:

| | |
|---|---|
| Net increase in assets per the financial statements | $ 112,009 |
| Add: CY Adjustment for refund of excess contributions | 83,795 |
| Net increase in assets per the Form 5500 | $ 195,804 |
