1. Description of Plan

The following description of Nelson & Pope 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all full-time employees of the N & P Engineers & Land Surveyor, PLLC (the "Employer" or "Company") who are age twenty-one or older and have completed one year of eligible service. Employees who are not eligible to participate in the Plan are those employees who are: covered by a collective bargaining agreement, a nonresident alien, or an employee who became an employee as a result of a merger or acquisition in accordance with the Internal Revenue Code ("IRC") requirements. Other participating Employers in the Plan are Nelson Pope & Voorhis LLC and Port Jefferson Engineering & Surveying PLLC. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Effective February 20, 2017, the Plan was amended to recognize prior service by employees at Turner Miller Group New York, LLC for eligibility and vesting purposes.

Contributions

Each year, participants may contribute up to 65% of their eligible compensation to the Plan on a pre-tax basis or on an after-tax basis referred to as Roth 401(k) contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions up to the statutorily permitted amount. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

In any Plan year in which a participant fails to complete and file a salary deferral agreement with the plan administrator, the participant will be deemed to have entered into a salary deferral agreement for that Plan year which authorizes the Company to withhold 3% of the participant's compensation as an elective deferral. Unless the employee affirmatively elects otherwise after receiving appropriate notice, deferrals contributions for each active participant having automatic enrollment contributions made on their behalf shall be increased annually by 1% up to a maximum of 10% of compensation.

The Company may make discretionary matching contributions to the Plan on behalf of each participant. The matching contributions may be limited to match only contributions up to a specified percentage of compensation or a specific dollar amount. The Company may also make discretionary non-elective contributions on behalf of eligible participants in a ratio that each eligible participant's compensation bears to the total compensation paid to all eligible participants. To be eligible for non-elective contributions, a participant must be employed as of the last day of the contribution period and have worked at least 1,000 hours of service. During 2018, the Company did not make any non-elective contributions to the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Employer contributions and (b) Plan earnings. Allocations are based on a participant's earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. Description of Plan *(continued)*

Vesting

A participant is 100% vested in their contributions and Employer matching contributions plus allocated earnings thereon at all times. A participant will vest in Employer non-elective contributions as follows:

Years of Vesting Service	Vesting Percentage
1	25%
2	50%
3 or more	100%

Forfeitures

If a participant terminates employment and is less than 100% vested in their Employer non-elective contributions, the participant will forfeit the non-vested portion of their account. At December 31, 2018 and 2017, forfeited non-vested accounts totaled $1,165 and $1,147. These accounts may be used to reduce future Employer contributions. In 2018, no forfeitures were used to reduce Employer contributions.

Payment of Benefits

Participants are eligible to receive benefit payments when they terminate service or reach age 59 ½. On termination of service, a participant may elect to receive a distribution in the amount equal to the participant's vested interest in their account. Benefit payments are also permitted for death, disability and hardship.

Notes Receivable from Participants

Participants may borrow from their account balance a minimum amount of $1,000 up to a maximum amount equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates that are commensurate with local prevailing rates as determined by the plan administrator. Principal and interest is paid ratably through payroll deductions.

2. Summary of Significant Accounting Policies

Basis of Accounting and Use of Estimates

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP."), which requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

2. Summary of Significant Accounting Policies *(continued)*

Fair Value Measurements

The Plan follows U.S. GAAP guidance on *Fair Value Measurements* which defines fair value and establishes a fair value hierarchy organized into three levels based upon the input assumptions used in pricing assets. Level 1 inputs have the highest reliability and are related to assets with unadjusted quoted prices in active markets. Level 2 inputs relate to assets with other than quoted prices in active markets which may include quoted prices for similar assets or liabilities or other inputs which can be corroborated by observable market data. Level 3 inputs are unobservable and are used to the extent that observable inputs do not exist. At December 31, 2018 and 2017, all of the Plan's investments were valued using level 1 inputs.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Mutual funds held by the Plan are valued at fair value based on the daily closing price as reported by the funds. All of the mutual funds are open-ended and are registered with the Securities and Exchange Commission. These mutual funds are required to publish their daily net asset value ("NAV") and to transact at that price. The money market fund is valued at the daily quoted NAV. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Company and are excluded from these financial statements. Investment related expenses are included in the NAV of the respective funds and, consequently, those expenses are not separately reflected but are a component of net appreciation (depreciation) in fair value of investments.

Accounting for Uncertainty in Income Taxes

The Plan recognizes the effect of income tax positions only if those positions are more likely than not to be sustained. Management has determined that the Plan had no uncertain tax positions that would require financial statement recognition and/or disclosure. The Plan is no longer subject to examinations by the applicable taxing jurisdictions for periods prior to December 31, 2015.

2. Summary of Significant Accounting Policies *(continued)*

Subsequent Events Evaluation by Management

Management has evaluated subsequent events for disclosure and/or recognition in the financial statements through the date that the financial statements were available to be issued, which date is September 12, 2019.

3. Information Certified (Unaudited)

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the trustee of the Plan, has certified to the completeness and accuracy of all investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2018 and 2017, the related investment and notes receivable from participants activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2018, and the supplemental Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2018.

4. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Company non-elective contributions.

5. Tax Status

The Internal Revenue Service issued an opinion letter to the prototype plan document preparer, Fidelity Management Research Co., dated March 31, 2014, which states that the form of the prototype plan qualifies under the applicable provisions of the IRC. Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

6. Party-in-Interest Transactions

Certain Plan investments are managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions under ERISA.

Participants who are active employees may borrow from their accounts and such loans qualify as exempt party-in-interest transactions under ERISA. These loans are recorded as notes receivable from participants in the statements of net assets available for benefits.

7. Non-Exempt Party-in-Interest Transactions

The Employer failed to transmit to the Plan certain participants' contributions and loan repayments totaling $229,655 within the period prescribed by Department of Labor regulations. Delays in remitting these amounts to the Plan were due to an administrative oversight. The Employer has made the necessary corrections including the contribution of $229,655 representing lost earnings for the delinquent contributions to satisfy both the Department of Labor and IRS guidance for this matter and is in the process of implementing procedures to reduce the time needed to transmit participants' contributions and loan repayments to the Plan. A Voluntary Fiduciary Correction ("VFC") program application has been submitted to the DOL requesting a no-change letter for the Plan.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

1. Description of Plan

The following description of Nelson & Pope 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all full-time employees of the N & P Engineers & Land Surveyor, PLLC (the "Employer" or "Company") who are age twenty-one or older and have completed one year of eligible service. Employees who are not eligible to participate in the Plan are those employees who are: covered by a collective bargaining agreement, a nonresident alien, or an employee who became an employee as a result of a merger or acquisition in accordance with the Internal Revenue Code ("IRC") requirements. Other participating Employers in the Plan are Nelson Pope & Voorhis LLC and Port Jefferson Engineering & Surveying PLLC. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Effective February 20, 2017, the Plan was amended to recognize prior service by employees at Turner Miller Group New York, LLC for eligibility and vesting purposes.

Contributions

Each year, participants may contribute up to 65% of their eligible compensation to the Plan on a pre-tax basis or on an after-tax basis referred to as Roth 401(k) contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions up to the statutorily permitted amount. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

In any Plan year in which a participant fails to complete and file a salary deferral agreement with the plan administrator, the participant will be deemed to have entered into a salary deferral agreement for that Plan year which authorizes the Company to withhold 3% of the participant's compensation as an elective deferral. Unless the employee affirmatively elects otherwise after receiving appropriate notice, deferrals contributions for each active participant having automatic enrollment contributions made on their behalf shall be increased annually by 1% up to a maximum of 10% of compensation.

The Company may make discretionary matching contributions to the Plan on behalf of each participant. The matching contributions may be limited to match only contributions up to a specified percentage of compensation or a specific dollar amount. The Company may also make discretionary non-elective contributions on behalf of eligible participants in a ratio that each eligible participant's compensation bears to the total compensation paid to all eligible participants. To be eligible for non-elective contributions, a participant must be employed as of the last day of the contribution period and have worked at least 1,000 hours of service. During 2018, the Company did not make any non-elective contributions to the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Employer contributions and (b) Plan earnings. Allocations are based on a participant's earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. Description of Plan *(continued)*

Vesting

A participant is 100% vested in their contributions and Employer matching contributions plus allocated earnings thereon at all times. A participant will vest in Employer non-elective contributions as follows:

Years of Vesting Service	Vesting Percentage
1	25%
2	50%
3 or more	100%

Forfeitures

If a participant terminates employment and is less than 100% vested in their Employer non-elective contributions, the participant will forfeit the non-vested portion of their account. At December 31, 2018 and 2017, forfeited non-vested accounts totaled $1,165 and $1,147. These accounts may be used to reduce future Employer contributions. In 2018, no forfeitures were used to reduce Employer contributions.

Payment of Benefits

Participants are eligible to receive benefit payments when they terminate service or reach age 59 ½. On termination of service, a participant may elect to receive a distribution in the amount equal to the participant's vested interest in their account. Benefit payments are also permitted for death, disability and hardship.

Notes Receivable from Participants

Participants may borrow from their account balance a minimum amount of $1,000 up to a maximum amount equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates that are commensurate with local prevailing rates as determined by the plan administrator. Principal and interest is paid ratably through payroll deductions.

2. Summary of Significant Accounting Policies

Basis of Accounting and Use of Estimates

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP."), which requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

2. Summary of Significant Accounting Policies *(continued)*

Fair Value Measurements

The Plan follows U.S. GAAP guidance on *Fair Value Measurements* which defines fair value and establishes a fair value hierarchy organized into three levels based upon the input assumptions used in pricing assets. Level 1 inputs have the highest reliability and are related to assets with unadjusted quoted prices in active markets. Level 2 inputs relate to assets with other than quoted prices in active markets which may include quoted prices for similar assets or liabilities or other inputs which can be corroborated by observable market data. Level 3 inputs are unobservable and are used to the extent that observable inputs do not exist. At December 31, 2018 and 2017, all of the Plan's investments were valued using level 1 inputs.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Mutual funds held by the Plan are valued at fair value based on the daily closing price as reported by the funds. All of the mutual funds are open-ended and are registered with the Securities and Exchange Commission. These mutual funds are required to publish their daily net asset value ("NAV") and to transact at that price. The money market fund is valued at the daily quoted NAV. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Company and are excluded from these financial statements. Investment related expenses are included in the NAV of the respective funds and, consequently, those expenses are not separately reflected but are a component of net appreciation (depreciation) in fair value of investments.

Accounting for Uncertainty in Income Taxes

The Plan recognizes the effect of income tax positions only if those positions are more likely than not to be sustained. Management has determined that the Plan had no uncertain tax positions that would require financial statement recognition and/or disclosure. The Plan is no longer subject to examinations by the applicable taxing jurisdictions for periods prior to December 31, 2015.

2. Summary of Significant Accounting Policies *(continued)*

Subsequent Events Evaluation by Management

Management has evaluated subsequent events for disclosure and/or recognition in the financial statements through the date that the financial statements were available to be issued, which date is September 12, 2019.

3. Information Certified (Unaudited)

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the trustee of the Plan, has certified to the completeness and accuracy of all investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2018 and 2017, the related investment and notes receivable from participants activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2018, and the supplemental Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2018.

4. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Company non-elective contributions.

5. Tax Status

The Internal Revenue Service issued an opinion letter to the prototype plan document preparer, Fidelity Management Research Co., dated March 31, 2014, which states that the form of the prototype plan qualifies under the applicable provisions of the IRC. Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

6. Party-in-Interest Transactions

Certain Plan investments are managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions under ERISA.

Participants who are active employees may borrow from their accounts and such loans qualify as exempt party-in-interest transactions under ERISA. These loans are recorded as notes receivable from participants in the statements of net assets available for benefits.

7. Non-Exempt Party-in-Interest Transactions

The Employer failed to transmit to the Plan certain participants' contributions and loan repayments totaling $229,655 within the period prescribed by Department of Labor regulations. Delays in remitting these amounts to the Plan were due to an administrative oversight. The Employer has made the necessary corrections including the contribution of $229,655 representing lost earnings for the delinquent contributions to satisfy both the Department of Labor and IRS guidance for this matter and is in the process of implementing procedures to reduce the time needed to transmit participants' contributions and loan repayments to the Plan. 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

1. Description of Plan

The following description of Nelson & Pope 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all full-time employees of the N & P Engineers & Land Surveyor, PLLC (the "Employer" or "Company") who are age twenty-one or older and have completed one year of eligible service. Employees who are not eligible to participate in the Plan are those employees who are: covered by a collective bargaining agreement, a nonresident alien, or an employee who became an employee as a result of a merger or acquisition in accordance with the Internal Revenue Code ("IRC") requirements. Other participating Employers in the Plan are Nelson Pope & Voorhis LLC and Port Jefferson Engineering & Surveying PLLC. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Effective February 20, 2017, the Plan was amended to recognize prior service by employees at Turner Miller Group New York, LLC for eligibility and vesting purposes.

Contributions

Each year, participants may contribute up to 65% of their eligible compensation to the Plan on a pre-tax basis or on an after-tax basis referred to as Roth 401(k) contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions up to the statutorily permitted amount. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

In any Plan year in which a participant fails to complete and file a salary deferral agreement with the plan administrator, the participant will be deemed to have entered into a salary deferral agreement for that Plan year which authorizes the Company to withhold 3% of the participant's compensation as an elective deferral. Unless the employee affirmatively elects otherwise after receiving appropriate notice, deferrals contributions for each active participant having automatic enrollment contributions made on their behalf shall be increased annually by 1% up to a maximum of 10% of compensation.

The Company may make discretionary matching contributions to the Plan on behalf of each participant. The matching contributions may be limited to match only contributions up to a specified percentage of compensation or a specific dollar amount. The Company may also make discretionary non-elective contributions on behalf of eligible participants in a ratio that each eligible participant's compensation bears to the total compensation paid to all eligible participants. To be eligible for non-elective contributions, a participant must be employed as of the last day of the contribution period and have worked at least 1,000 hours of service. During 2018, the Company did not make any non-elective contributions to the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Employer contributions and (b) Plan earnings. Allocations are based on a participant's earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. Description of Plan *(continued)*

Vesting

A participant is 100% vested in their contributions and Employer matching contributions plus allocated earnings thereon at all times. A participant will vest in Employer non-elective contributions as follows:

Years of Vesting Service	Vesting Percentage
1	25%
2	50%
3 or more	100%

Forfeitures

If a participant terminates employment and is less than 100% vested in their Employer non-elective contributions, the participant will forfeit the non-vested portion of their account. At December 31, 2018 and 2017, forfeited non-vested accounts totaled $1,165 and $1,147. These accounts may be used to reduce future Employer contributions. In 2018, no forfeitures were used to reduce Employer contributions.

Payment of Benefits

Participants are eligible to receive benefit payments when they terminate service or reach age 59 ½. On termination of service, a participant may elect to receive a distribution in the amount equal to the participant's vested interest in their account. Benefit payments are also permitted for death, disability and hardship.

Notes Receivable from Participants

Participants may borrow from their account balance a minimum amount of $1,000 up to a maximum amount equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates that are commensurate with local prevailing rates as determined by the plan administrator. Principal and interest is paid ratably through payroll deductions.

2. Summary of Significant Accounting Policies

Basis of Accounting and Use of Estimates

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP."), which requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

2. Summary of Significant Accounting Policies *(continued)*

Fair Value Measurements

The Plan follows U.S. GAAP guidance on *Fair Value Measurements* which defines fair value and establishes a fair value hierarchy organized into three levels based upon the input assumptions used in pricing assets. Level 1 inputs have the highest reliability and are related to assets with unadjusted quoted prices in active markets. Level 2 inputs relate to assets with other than quoted prices in active markets which may include quoted prices for similar assets or liabilities or other inputs which can be corroborated by observable market data. Level 3 inputs are unobservable and are used to the extent that observable inputs do not exist. At December 31, 2018 and 2017, all of the Plan's investments were valued using level 1 inputs.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Mutual funds held by the Plan are valued at fair value based on the daily closing price as reported by the funds. All of the mutual funds are open-ended and are registered with the Securities and Exchange Commission. These mutual funds are required to publish their daily net asset value ("NAV") and to transact at that price. The money market fund is valued at the daily quoted NAV. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Company and are excluded from these financial statements. Investment related expenses are included in the NAV of the respective funds and, consequently, those expenses are not separately reflected but are a component of net appreciation (depreciation) in fair value of investments.

Accounting for Uncertainty in Income Taxes

The Plan recognizes the effect of income tax positions only if those positions are more likely than not to be sustained. Management has determined that the Plan had no uncertain tax positions that would require financial statement recognition and/or disclosure. The Plan is no longer subject to examinations by the applicable taxing jurisdictions for periods prior to December 31, 2015.

2. Summary of Significant Accounting Policies *(continued)*

Subsequent Events Evaluation by Management

Management has evaluated subsequent events for disclosure and/or recognition in the financial statements through the date that the financial statements were available to be issued, which date is September 12, 2019.

3. Information Certified (Unaudited)

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the trustee of the Plan, has certified to the completeness and accuracy of all investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2018 and 2017, the related investment and notes receivable from participants activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2018, and the supplemental Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2018.

4. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Company non-elective contributions.

5. Tax Status

The Internal Revenue Service issued an opinion letter to the prototype plan document preparer, Fidelity Management Research Co., dated March 31, 2014, which states that the form of the prototype plan qualifies under the applicable provisions of the IRC. Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

6. Party-in-Interest Transactions

Certain Plan investments are managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions under ERISA.

Participants who are active employees may borrow from their accounts and such loans qualify as exempt party-in-interest transactions under ERISA. These loans are recorded as notes receivable from participants in the statements of net assets available for benefits.

7. Non-Exempt Party-in-Interest Transactions

The Employer failed to transmit to the Plan certain participants' contributions and loan repayments totaling $229,655 within the period prescribed by Department of Labor regulations. Delays in remitting these amounts to the Plan were due to an administrative oversight. The Employer has made the necessary corrections including the contribution of $229,655 representing lost earnings for the delinquent contributions to satisfy both the Department of Labor and IRS guidance for this matter and is in the process of implementing procedures to reduce the time needed to transmit participants' contributions and loan repayments to the Plan. A Voluntary Fiduciary Correction ("VFC") program application has been submitted to the DOL requesting a no-change letter for the Plan.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
