NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Operations

The Good Smoke LLC 401(k) Plan (the Plan) is a 401(k) deferred savings plan covering all employees of Dinosaur Restaurants LLC, who have met the eligibility requirements of the Plan. As noted below, the Plan previously covered eligible employees of Good Smoke, LLC and Jim N Nicks Management LLC. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

1) Effective July 10, 2017, Jim N Nicks Management LLC was sold and the Good Smoke LLC 401(k) Plan adopted an amendment to remove them as a participating employer of the Plan. This removal was considered a partial plan termination; therefore, all terminated participants of Jim N Nicks Management LLC were considered to be fully vested on the date of the sale.
2) As a result of the sale of Jim N Nicks Management LLC, the Good Smoke LLC administrative employees' positions were eliminated in November 2017. At the time the Good Smoke LLC participants terminated, they were considered fully vested.

Employer and employee contributions from Jim N Nicks Management LLC and Good Smoke LLC comprised approximately 62% of total contributions for 2017.

Basis of Accounting

The financial statements of the Plan reflect the accrual basis of accounting in which revenue is recognized when earned or otherwise available, and expenses are recognized when incurred.

Contributions Receivable

Contributions receivable at December 31, 2018 and 2017, are recorded at cost and represent contributions for the Plan years ended December 31, 2018 and 2017, which were received subsequent to year end.

Notes Receivable from Participants

Notes receivable from participants are recorded at their unpaid principal balance plus any unpaid accrued interest. Interest is recognized over the term of the loan. Delinquent participant loans are reclassified as "deemed distributions" when they meet the criteria described in the Plan document.

Investment Valuation and Income Recognition

Investments are recorded at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for discussion of fair value measurements.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation (depreciation) in the statements of changes in net assets available for benefits includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Administrative Expenses

Distribution and loan fees are paid by plan participants who receive the related distribution or loan. Recordkeeping fees may also be passed through to the participants in the Plan. All other administrative expenses are shared by the employer and the Plan.

Payment of Benefits and Excess Contributions

Benefits are recorded when paid. Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability on the statements of net assets available for benefits and as a deduction on the statements of changes in net assets available for benefits. The excess contributions for the years ending December 31, 2018 and 2017 were $15,658 and $57,589, respectively. Since the Plan distributed these excess contributions to the applicable participants prior to the required due date there was no excise tax liability.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTE 2 DESCRIPTION OF PLAN

The following description of Good Smoke LLC 401(k) Plan provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

NOTE 2 DESCRIPTION OF PLAN (Continued)

Contributions

Employees become eligible to participate in the Plan upon attaining the age of 21. Prior to February 18, 2018, employees were also required to complete one year of service to be eligible to participate. A year of service was defined as the computation period during which an employee completes at least 1,000 hours of service. Employees may begin to participate in the Plan on the first day of the quarter coinciding with meeting the eligibility requirements. Each year, participants may contribute up to 100% of eligible compensation, as defined by the Plan, subject to annual limitations established by the Internal Revenue Code. Participants who are over age 50, or have attained age 50 before the end of the Plan year, are eligible to make catch up contributions.

The employers, on a discretionary basis, can make a matching contribution and/or a nonelective employer contribution. The employer discretionary matching contribution for 2018 and 2017 was 100% of an eligible participant's deferrals up to 2% of eligible compensation, plus 50% of deferrals of the next 2% of eligible compensation. There were no nonelective employer contributions for 2018 and 2017.

Participant Accounts

Each participant's account is credited with the participant's contributions, allocation of the employer matching contributions and profit-sharing contributions, plan earnings, and administrative expenses. Allocations are based on participant earnings or account balances, as defined in the plan document.

Vesting

Participants are immediately 100 percent vested in employee contributions. The vesting period relating to employer matching contributions and nonelective employer contributions, if any, is as follows:

Years of Service	Vested Percentages
1	33%
2	66%
3 or more	100%

Forfeitures

The non-vested portion of a terminated participant's account is forfeited when they have incurred five consecutive breaks in service. Forfeitures of unvested balances by terminated employees are used to offset administrative expenses or employer contributions of the Plan. Forfeitures used to offset employer contributions totaled $30,139 and $0 for the years ended December 31, 2018 and 2017, respectively. Forfeitures available to offset future administrative expenses or future employer contributions totaled $3,824 and $23,644 for the years ended December 31, 2018 and 2017, respectively.

NOTE 2 DESCRIPTION OF PLAN (Continued)

Payment of Benefits

Upon termination of service, disability, or retirement, a participant may elect to receive the vested value of his or her account. Participants' benefits are paid either in a lump-sum payment or in installments. In service distributions are also allowed upon reaching age 59 ½. A participant may be eligible to receive a hardship distribution from the employee contribution amount and vested amounts from the profit sharing and match contribution portions of their account, upon meeting certain requirements.

Participant Loans

Participants may borrow from their accounts up to a maximum of the lesser of 50% of their vested account balance or $50,000. A participant may not request a loan for less than $1,000 and cannot have more than one outstanding loan at a time. All loans are secured by the balance in the participant's account and bear a reasonable rate of interest. Principal and interest are to be paid ratably through payroll deduction. Effective June 1, 2017, if a participant with an outstanding loan balance terminates employment, the outstanding principal and accrued interest on such loan shall not be immediately due and payable. Instead, such loan shall continue to be payable in accordance with the provisions of the loan note and Plan document (previously the outstanding loan balance and accrued interest was immediately due and payable upon termination).

NOTE 3 INCOME TAX

The Plan is an adoption of a prototype standardized profit-sharing plan and is qualified under Section 401(a) of the Internal Revenue Code plan.

The prototype plan obtained its latest determination letter on March 31, 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 4 PLAN TERMINATION

Although it has not expressed any intent to do so, the Organization has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their account and the net assets of the Plan will be allocated as prescribed by ERISA and regulations pursuant thereto.

NOTE 4 PLAN TERMINATION (Continued)

Effective July 10, 2017, Jim N Nicks Management LLC was sold and the Good Smoke LLC 401(k) Plan adopted an amendment to remove them as a participating employer of the Plan. This removal is considered a partial plan termination; therefore, all terminated participants of Jim N Nicks Management LLC are considered to be fully vested on the date of the sale.

NOTE 5 SUMMARY OF INFORMATION CERTIFIED BY PLAN CUSTODIAN

The total fair value of investments held in trust was $2,790,311 and $3,028,714 at December 31, 2018 and 2017, respectively. The total amount of notes receivable from participants held in trust was $83,765 and $115,628 at December 31, 2018 and 2017, respectively.

The custodian, Fidelity Management Trust Company, has supplied the Plan's administrator with certification as to the completeness and accuracy of all information regarding investments and notes receivable from participants assets, transactions, and income presented in the accompanying statements of net assets available for benefits as of December 31, 2018 and 2017, and the statements of changes in net assets available for benefits for the years then ended, and the supplemental Schedule of Assets (Held at End of Year) as of December 31, 2018.

NOTE 6 FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board authoritative guidance on fair value measurements establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include the following:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

NOTE 6 FAIR VALUE MEASUREMENTS (Continued)

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017:

Invested Cash: Valued at cost which approximates fair value.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

All assets have been valued using a market approach.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis as of December 31, 2018 and 2017:

		2018 Fair Value Measurements at Reporting Date Using the Above Criteria		
Investments	Total	(Level 1)	(Level 2)	(Level 3)
Invested Cash	$ 35,845	$ 35,845	$ 0	$ 0
Mutual Funds	2,754,466	2,754,466	0	0
Total	$2,790,311	$ 2,790,311	$ 0	$ 0

NOTE 6 FAIR VALUE MEASUREMENTS (Continued)

		2017 Fair Value Measurements at Reporting Date Using the Above Criteria		
Investments	Total	(Level 1)	(Level 2)	(Level 3)
Invested Cash	$ 33,044	$ 33,044	$ 0	$ 0
Mutual Funds	2,995,670	2,995,670	0	0
Total	$3,028,714	$ 3,028,714	$ 0	$ 0

NOTE 7 RISKS AND UNCERTAINTIES

Investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with investments and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

NOTE 8 PARTY-IN-INTEREST TRANSACTIONS

A party-in-interest is defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering services to the Plan, the employer and certain others. Plan assets are used to pay some expenses for administration of the Plan and the remaining administrative expenses are paid by the employer. Payments to such service providers by the Plan qualify as party-in-interest transactions.

Certain Plan investments are managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the custodian as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. The investments managed by Fidelity Management Trust Company represent 96% of the Plan's net assets available for benefits for both of the years ended December 31, 2018 and 2017. The fees paid to Fidelity Management Trust Company were $5,856 and $11,878 for the years ended December 31, 2018 and 2017, respectively.

NOTE 9 SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through September 6, 2019, which is the date the financial statements were available to be issued.
