Notes to Financial Statements

Note 1. Plan Description

The following brief description of Mercedes Restaurant, Inc. 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering substantially all employees of Mercedes Restaurant, Inc. (the Company) who are age 21 or older, have thirty days of service, and can enroll the first day of any month. For matching and profit sharing contributions, the requirement is one year of service at January 1 and July 1 entry dates. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Participants may contribute up to maximum amount allowed by law of their compensation for the Plan year. For 2018, the maximum dollar contribution allowed under the Internal Revenue Code is $18,500. Participants who are age 50 or older during the plan year can make special catch-up contributions (up to $6,000 additional in 2018). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. Additionally, participants may make after-tax contributions to the Plan. The Company is required to contribute an amount equal to 100% of each participant's eligible contributions for the Plan year for the first 4% of the participant's compensation. The Company may also elect to make an annual discretionary contribution as determined by the Company. For the year ended December 31, 2018, the Company did not make a discretionary contribution to the Plan. Contributions are subject to certain IRS limitations.

Participant accounts: Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's profit sharing contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based upon participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their elective and, if applicable, rollover contributions and employer matching contributions plus actual earnings thereon. Vesting in the Company's discretionary contribution plus actual earnings thereon is based on years of service. A participant is 100% vested after six years of service. Participants that are employed by the Company at the time of death or disability automatically become 100% vested in their accounts.

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Participants must have a financial hardship to obtain a loan. Loan terms shall not exceed five years, unless taken for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate as determined by the Plan Administrator. Principal and interest are paid ratably through payroll deductions. Administration fees associated with the particular loan are passed along to the participant. Interest rates applicable to outstanding loans as of December 31, 2018, range from 4.25% to 6.25% maturing July 2023.

Payment of benefits: On termination of service, if a participant's nonforfeitable accrued benefit does not exceed $1,000, the participant will receive a lump sum distribution. If a participant's nonforfeitable accrued benefit exceeds $1,000, the participant may elect lump sum, installment payments, or joint survivor distribution methods of payment.

Forfeiture accounts: At December 31, 2018 and 2017, forfeiture nonvested accounts totaled $1 and $1, respectively. These accounts will be used to reduce future employer contributions. During the year ended December 31, 2018, $15 of forfeited nonvested accounts were used to reduce employer contributions.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared under the accrual method of accounting.

Use of estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments brought and sold as well as held during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowances for credit losses has been recorded as of December 31, 2018 or 2017.

Payment of benefits: Benefits are recorded when paid.

Expenses: Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent events: Subsequent events have been evaluated through September 12, 2019, which is the date the financial statements were available to be issued.

Note 3. Information Certified by Transamerica

The following is a summary of the plan's asset information as of December 31, 2018 and 2017, and for the year ended December 31, 2018, included throughout the Plan's financial statements and supplemental schedules, that was prepared by or derived from information provided by the custodian and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the custodian that information provided to the Plan Administrator by the custodian related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 for the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedules related to the following assets:

Note 3. Information Certified by Transamerica (continued)

	2018	2017
Investments at fair value		
Investments in pooled separate accounts	$ 2,162,286	$ 2,357,318
Investments in insurance funds	33,044	29,757
	$ 2,195,330	$ 2,387,075

Transamerica also certified to the completeness and accuracy of $173,997 of net depreciation in fair value of investments and interest income of $409 for the year ended December 31, 2018.

Note 4. Fair Value Measurement

Accounting Standards Codification (ASC 820), *Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 — Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 — Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Pooled separate accounts and insurance fund: Valued on a per unit market value basis as determined by Transamerica, which reflects the fair value of the investments comprising the separate pooled funds and insurance fund, respectively.

Note 4. Fair Value Measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017:

Assets at Fair Value as of December 31, 2018

	Level 1	Level 2	Level 3	Total
Investments at fair value				
Pooled separate accounts	$ 486,422	$ 1,675,864	$ -	$ 2,162,286
Insurance fund	-	33,044	-	33,044
Total assets at fair value	$ 486,422	$ 1,708,908	$ -	$ 2,195,330

Assets at Fair Value as of December 31, 2017

	Level 1	Level 2	Level 3	Total
Investments at fair value				
Pooled separate accounts	$ 574,986	$ 1,782,332	$ -	$ 2,357,318
Insurance fund	-	29,757	-	29,757
Total assets at fair value	$ 574,986	$ 1,812,089	$ -	$ 2,387,075

Note 5. Related-Party Transactions and Party in Interest Transactions

Certain Plan investments are managed by Transamerica. Transamerica is the custodian and recordkeeper as defined by the Plan, and therefore, these transactions qualify as party in interest transactions.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants become 100% vested in their employer contributions.

Note 7. Income Tax Status

The IRS has determined and informed the Company by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Note 7. Income Tax Status (continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
