Each year, participants may contribute up to 100 percent of pretax annual compensation, up to \$18,500 in 2018 and \$18,000 in 2017 and an additional \$6,000 in both 2018 and 2017 for those employees that are age 50 and older. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

In addition, participants direct the investment of their contribution into various investment options offered by the Plan. The Plan currently offers various common/collective trust and mutual fund accounts as investment options for participants.

In addition, the Companies may contribute a matching contribution equal to a percentage of the elective contribution made by the participant. The decision to make this contribution is determined annually, and solely at the discretion of the Companies' Boards of Directors.

The Companies match 25 percent of the first 6 percent of the participant's contribution for all eligible participants of the Plan. Additional profit sharing amounts may be contributed at the option of the Companies' Boards of Directors. These contributions are funded in the year subsequent to their authorization. There were no profit sharing contributions for the year ended December 31, 2018. Contributions are subject to certain limitations.

Investment Valuation and Income Recognition:

Investments held by the Plan are required to be reported at fair value, except for the common/collective trusts, which are reported at net asset value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

December 31, 2018 and 2017

NOTE A - DESCRIPTION OF PLAN (CONTINUED)

Participants' Accounts:

Each participant's account is credited with the participant's contribution and allocations of (a) the Companies' contribution, (b) Plan earnings, and (c) any forfeiture of terminated participants' non-vested accounts as defined by the Plan agreement in excess of Plan administrative expenses. Each participant's account is charged with an allocation of administrative expenses in excess of forfeitures for the year. The allocation of the Companies' matching contribution is based on the participant's contribution. The allocation of the Companies' profit sharing contribution is based on the participant's wages. Other allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting:

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Participants are 100% vested in the employer's profit sharing and matching contributions and actual earnings thereon after four years of credited service.

Forfeitures:

Upon termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in their account, or other methods allowed by the Plan. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Furthermore, participants may withdraw funds from their accounts for financial hardship. The nonvested amount will be forfeited and may be used by the participating employer to reduce future plan administrative expenses or matching or discretionary contributions. Forfeitures in the amount of \$9,394 for the year ended December 31, 2018 were used to offset employer contributions and plan level fees. As of December 31, 2018, the plan owed six participants balances for improperly calculated forfeitures.

Participant Notes Receivable:

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus 2 percent, and range from 5.25 percent to 7.25 percent, which are commensurate with local prevailing rates as determined by the plan administrator. The maximum number of loans that a participant may have outstanding at any one time is one. Principal and interest is paid ratably through payroll deductions.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Payment of Benefits:

Upon termination of service due to death, disability, or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account or periodic payments over a fixed period of time. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.

Basis of Accounting:

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates:

The preparation of financial statements in accordance with U.S. generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Subsequent Events:

The plan administrator evaluated all activity of the Plan through September 4, 2019, the date the financial statements were available to be issued, and concluded that no subsequent events have occurred that would require recognition or disclosure in the financial statements or notes, except as disclosed in Note E.

NOTE D - INVESTMENTS AT FAIR VALUE

FASB ASC 820 requires the Plan to classify its assets and liabilities based on valuation methods using three levels. Level 1 inputs are based on quoted prices in active markets for identical investments. Level 2 inputs are based on significant observable market inputs, such as quoted prices for similar investments and quoted prices in inactive markets. Level 3 inputs are based on significant unobservable inputs that reflect the Plan's determination of assumptions that market participants might reasonably use in valuing the investments. The valuation levels are not necessarily an indication of risk or liquidity associated with the underlying investments.

Assets at December 31, 2018 are comprised of the following:

	<u>Assets at Fair Value</u>		
	<u>Level 1</u>	<u>Level 2</u>	<u>Total</u>

NOTE D - INVESTMENTS AT FAIR VALUE (CONTINUED)

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

NOTE E - PLAN TERMINATION

The Companies have the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, employees will become fully vested and net assets of the Plan are to be distributed to employees on the basis of individual account balances at the date of termination.

On April 27, 2019, the Companies ceased operations and immediately closed. As a result, on May 8, 2019, the Plan adopted a termination amendment effective May 10, 2019. On May 10, 2019, the Plan was frozen and all participants became fully vested.

NOTE F - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The IRS has determined and informed the Companies by a letter dated March 31, 2014, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and tax-exempt.
