401(k) PROFIT SHARING PLAN & TRUST

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2018

NOTE 1 - DESCRIPTION OF THE PLAN

The Schamber Electric, Inc. 401(k) Profit Sharing Plan & Trust (the Plan) is a defined contribution plan providing retirement income, disability, termination, and death benefits to eligible employees. The Plan was adopted effective September 1, 1998 and subsequently amended and restated effective May 1, 2015. The Plan is sponsored and administered by Schamber Electric, Inc. (the Company). The Plan consists of a tax deferred savings program (401(k)) and a discretionary contribution profit sharing program. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

A summary of the Plan's major provisions follows. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

Eligibility and Participation

Employees are eligible to participate in the Plan when they have reached the age of 21 and have completed one year of service, defined as at least 1,000 hours of service, within the 12-consecutive month period known as the Plan Year. The plan excludes employees who are members of a collective bargaining agreement and nonresident aliens with no U.S. source income. Employees are eligible to participate in the Plan on the first day of the month coinciding with or next to their meeting eligibility requirements. Employees are able to commence salary deferrals on the effective date of participation and on the first day of any payroll period after eligibility.

Contributions

A participant may elect to defer any eligible wages, subject to Internal Revenue Service limitations, up to 100% of pretax, annual compensation, as defined by the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. Participant contributions are always 100% vested.

The Plan is a safe harbor plan and has employer matching contributions of up to 4% of a participant's eligible compensation. The Company may also make a profit sharing contribution. For the years ended December 31, 2018 and 2017, there were no profit sharing matching contributions made to the plan.

Participant Accounts

Individual accounts are maintained for each of the Plan's participants and each account is credited with the participant's contribution (including those rolled over from another qualifying plan), and (a) the Company's matching contribution, (b) allocation of plan earnings, and (c) charged with an allocation of administrative expenses and plan losses. Allocations are based on participant earnings or account balances, as defined by the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting and Forfeitures

Participants are immediately vested in salary deferrals, rollover contributions, and safe harbor matching contributions. For discretionary profit sharing contributions there is a 6 year graded vesting schedule. As of December 31, 2018, there was no balance of forfeitures in the Plan.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance reduced by the highest previous loan balance. Loan terms range from 1 to 5 years. Notes receivable are available with terms greater than five years only for the purpose to purchase a primary residence. If married, the participant must obtain spousal consent for loan amounts greater then $5,000. The notes receivable are secured by the balance in the participant's account and bear a rate of interest commensurate with the interest rates that a commercial lender would charge for the loan under similar circumstances. Principal and interest are paid through payroll deductions.

Payment of Benefits

The Plan provides for the payment of benefits to the participant or beneficiary at retirement, death, disability, or termination of employment. Participants terminating their employment with the Company or attaining age 59 1/2 are entitled to withdraw all or a portion of their vested account balance. "Hardship" distributions are not allowed under plan provisions. Participants who qualify for retirement benefits and withdrawals will receive their benefits in the form of a lump sum cash distribution or partial non-periodic distributions. Benefits under the Plan shall be distributed solely from the assets of the Trust. The benefit to which a participant is entitled is the benefit that can be provided directly from the participant's vested account balance.

In addition, participants who separate from service and have vested account balances greater than $1,000, but less than $5,000, may have their account balances automatically distributed to an Individual Retirement Account (IRA). Participants with balances that are equal to or less than $1,000 may have their account balances automatically distributed to them as soon as administratively feasible. In either case, however, the individual has the right to direct payment to another qualified plan or IRA.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that may affect the reporting amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from such estimates.

Cash and Cash Equivalents

The Plan considers highly liquid investments with an original maturity of three months or less to be cash and cash equivalents.

Notes Receivable from Participants

Notes receivable from participants are measured at the unpaid principal balance plus any accrued, but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded. No allowance for credit losses has been recorded as of December 31, 2018.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisor and Trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year. Interest income is shown on an accrual basis from notes receivable from participants and investment contracts.

Payment of Benefits

Benefits are recorded when paid.

Operating Expenses

Plan fees and administrative expenses (exclusive of investment related expenses) are generally paid by the Company. Account maintenance fees and some administrative costs are paid by the Plan.

New Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-07, *Fair Value Measurement (Topic 820) Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or its equivalent),* which removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value (NAV) per share practical expedient. ASU 2015-07 also limits certain disclosures to investments for which the entity has elected to measure the fair value using the practical expedient. ASU 2015-07 is to be applied retrospectively, and for nonpublic filers is effective for years beginning after December 15, 2019, with early adoption permitted. The Plan is currently evaluating the impact of this new standard on its financial statements.

NOTE 3 - INFORMATION CERTIFIED BY THE CUSTODIAN

The following is a summary of the Plan financial information and data certified by Matrix Trust Company in accordance with 29 CFR 2520.103-5(c) of the Department of Labor Rules and Regulations for Reporting and Disclosure as of December 31, 2018 and for the year then ended under ERISA. Accordingly, the plan administrator has certified that the following data included in the accompanying financial statements and supplemental schedule are complete and accurate. The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and Schedule H, line 4i - Schedule of Assets (Held at End of Year).

	December 31, 2018
Registered investment companies (mutual funds)	$ 1,744,347

NOTE 4 - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures,* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1:

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2:

Inputs to the valuation methodology include: (1) quoted prices for similar assets or liabilities, (2) quoted prices for identical or similar assets or liabilities in inactive markets, (3) inputs other than quoted prices that are observable for the asset or liability, and (4) inputs that are derived principally from the corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3:

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017:

Registered investment companies (mutual funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. The investment is classified within Level 1 of the valuation hierarchy.

Stable value collective trust fund : A stable value fund that is composed primarily of fully benefit responsive investment contracts that is valued at the NAV of units of the collective trust. The NAV is used as a practical expedient to estimate fair value. The practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months notification in order to ensure that security liquidations will be carried out in an orderly business manner. There are no unfunded commitments as of December 31, 2018.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, with the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017:

	Assets at Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Registered Investment Co.	$ 1,744,347	$ -	$ -	$ 1,744,347
Investments measured at NAV (a)	-	-	-	20,492
Investments, at fair value	$ 1,744,347	$ -	$ -	$ 1,764,839

	Assets at Fair Value as of December 31, 2017			
	Level 1	Level 2	Level 3	Total
Registered Investment Co.	$ 1,639,174	$ -	$ -	$ 1,639,174
Investments measured at NAV (a)	-	-	-	12,553
Investments, at fair value	$ 1,639,174	$ -	$ -	$ 1,651,727

(a) In accordance with Subtopic 820-10, investments that were measured at NAV per share or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The following table summarizes investments measured at fair value based on NAV per share as of:

	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
December 31, 2018				
Stable Value Fund	$ 20,492	N/A	Daily	12 Months
December 31, 2017				
Stable Value Fund	$ 12,553	N/A	Daily	12 Months

NOTE 5 - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan. The Plan issues notes to participants which are secured by the balances in participants' accounts. The Company paid certain administrative expenses of the Plan in 2018; including audit fees. These transactions qualify as party-in-interest transactions for which a statutory exception exemption exists.

Certain administrative functions are performed by officers and employees of the Company. No officer or employee receive compensation from the Plan for these services.

NOTE 6 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the plan to discontinue its contributions at any time and to terminate the plan subject to the provisions of ERISA. In the event of plan termination, affected participants will become 100% vested in their accounts.

NOTE 7 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

NOTE 8 - TAX STATUS

The Company adopted a Mass-Submitter Prototype Non-standardized Cash or Deferred Profit Sharing Plan sponsored by Third Party Administrators. The Internal Revenue Service has determined and informed the Trustee by a favorable opinion letter dated March 31, 2014, that the Plan is designed in accordance with the applicable sections of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, the trustee and Plan management believe the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code, and therefore, believe that the Plan is qualified and the related trust is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more-likely-than-not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9 - SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through September 18, 2019, the date the financial statements were available to be issued, and determined that no further disclosure is required.
