TO THE PLAN ADMINISTRATOR
HOTT ASSOCIATES, INC. 401(k) PROFIT SHARING PLAN AND TRUST

We have conducted a Department of Labor (DOL) limited-scope audit of the financial statements of HOTT Associates, Inc. 401(k) Profit Sharing Plan and Trust (the Plan) for the year ended December 31, 2018, and have issued our report thereon dated September 17, 2019. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3 to those financial statements. Because of the significance of the information that we did not audit, we are unable to, and have not, expressed an opinion on those financial statements and supplemental schedules as a whole. We did, however, audit the form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, in accordance with auditing standards generally accepted in the United States of America and found them to be presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. Professional standards also require that we communicate to you with the following information related to our audit.

Our Responsibility under U. S. Generally Accepted Auditing Standards

As stated in our engagement letter dated June 12, 2019, our responsibility as described by professional standards, is to conduct our audit in accordance with auditing standards generally accepted in the United States of America except that, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and as instructed by plan management, we did not perform any auditing procedures with respect to the asset information prepared and certified to by Reliance Trust Company, the trustee, in accordance with 29 CFR 2520.103-5, other than comparing the information with the related information included in the financial statements.

Our responsibility for the supplemental information accompanying the financial statements is to perform adequate procedures to evaluate whether the form and content of the supplemental information, other than that derived from the information certified to by the trustee, is presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Planned Scope and Timing of the Audit

We performed the audit according to the planned scope and timing previously communicated to management.

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Plan are described in Note 2 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2018. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Estimates and Disclosures in Financial Statements

Accounting estimates are an integral part of the financial statements and are based upon management's knowledge about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimates affecting the financial statements were:

> Management's estimate of the fair value of the common/collective trust that does not have a market price is based on valuations performed by Reliance Trust Company. We evaluated the methods of measuring fair value for the Plan's investments in determining that they are appropriate.

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive disclosures affecting the financial statements were:

> The disclosure of fair value measurements in Note 4 to the financial statements involves judgment. The use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement as of the reporting date.

The financial statement disclosures are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management. There were no misstatements identified by us.

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated September 17, 2019.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. These discussions occurred in the normal course of our professional relationship with HOTT Associates, Inc. 401(k) Profit Sharing Plan and Trust and our responses were not a condition to our retention.

* * * * *

This information is intended solely for the use of the plan administrator and management of HOTT Associates, Inc. 401(k) Profit Sharing Plan and Trust and is not intended to be and should not be used by anyone other than these specified parties.

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of HOTT Associates, Inc. 401(k) Profit Sharing Plan and Trust (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2018 and 2017, and the related statement of changes in net assets available for benefits for the year ended December 31, 2018, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting our audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Reliance Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the trustee as of December 31, 2018 and 2017, and for the year ended December 31, 2018, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedules of delinquent participant contributions and assets (held at end of year) as of and for the year ended December 31, 2018 are required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, has been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

1. DESCRIPTION OF PLAN

The following description of HOTT Associates, Inc. 401(k) Profit Sharing Plan and Trust (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan covering substantially all employees of HOTT Associates, Inc. (the "Company") who have worked one year and at least 1,000 hours and attained the age of 21 within the Plan year. It is subject to the provisions of the Employer Retirement Income Security Act of 1974 (ERISA).

Participant Accounts – Each participant's account is credited with his or her elective deferrals, the Company's matching contributions, and an allocation of the Company's profit sharing contributions and Plan earnings, and is charged with an allocation of administrative expenses. Upon enrollment in the Plan, participants may direct contributions among investment choices and may change their investment options on any normal business day. Allocations by the Plan are based on participant earnings, account balances, or specific participant transactions, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Contributions – Participants may make pre-tax and after-tax contributions from 1% to 90% of their compensation, as defined by the Plan, up to the maximum amount set by law. The Plan allows for catch-up contributions for participants who attain the age of 50 before year end. The Company provides a safe harbor matching contribution of 3% of participants' compensation. The Company may make discretionary matching contributions. The Company may also make discretionary profit sharing plan contributions for participants who are employed as of the last day of the Plan year. The Plan provides for the acceptance of rollover contributions from other plans qualified under the Internal Revenue Code (the Code).

Payment of Benefits – Benefits will be paid from the Plan in a lump-sum, installments, or partial withdrawals upon the occurrence of any of the following events:

Retirement -- A participant, upon retirement from employment with the Company at either normal retirement date (age 65) or at any time thereafter, shall be entitled to receive the entire balance in his or her account.

Disability -- In the event a participant becomes totally disabled, the participant shall be entitled to receive the entire balance in his or her account.

Death -- Upon death of a participant, the beneficiary of the participant shall be entitled to receive the entire balance in his or her account remaining at death.

In-Service Withdrawals – Upon attaining the age of 59½, a participant may take in-service withdrawals.

Termination of Employment -- Upon termination of employment with the Company for any reason other than death, retirement, or total disability, a participant shall be entitled to the vested balance in his or her account. If the value of vested benefits credited to a participant's account is $5,000 or less at the time of termination, the entire amount will be distributed to the participant without the participant's consent. In the event of a mandatory distribution of amounts greater than $1,000 but not exceeding $5,000, the entire amount will be distributed in the form of a direct rollover to an individual retirement account as designated by the plan administrator.

Hardship – A participant shall be entitled to a hardship withdrawal from the participant's account after maximum participant loans have been withdrawn. The participant will not be allowed to make salary deferral contributions for a period of six months after receiving a hardship distribution.

Vesting – Each participant has a 100% non-forfeitable vested interest in his or her elective deferral contributions and Company safe harbor matching contributions. Vesting in the participant's share of the Company's discretionary matching and profit sharing contributions is based upon years of continuous service according to a six-year graduated scale. The participant will be 20% vested after two years of service and will vest an additional 20% for each year thereafter. A participant is 100% vested after six years of credited service or in the event of death, disability, or retirement.

Forfeitures – The Company has the option to use forfeited non-vested accounts to reduce the employer's discretionary contributions or pay Plan expenses.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The financial statements of the Plan are prepared using the accrual basis of accounting.

Investment Valuation and Income Recognition – The Plan's investments are stated at fair value (see Note 4). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the trustee. The change in the difference between fair value and the cost of investments and gain or loss on the sale of investments is reflected in the statement of changes in net assets available for benefits as net appreciation (depreciation) in fair value of investments. The cost of investments sold is based on the average cost of the investments. Dividends are recorded on the ex-dividend date.

Administrative Expenses – Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of benefits paid to participants are charged directly to the participants' accounts and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Benefit Payments – Benefits are recorded when paid.

Accounting Estimates – Management uses estimates and assumptions in preparing financial statements in accordance with accounting principles generally accepted in the United States of America. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported amounts of changes in net assets. Actual results could vary from the estimates that were used.

3. CERTIFIED INVESTMENTS

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedules, including investments held at December 31, 2018 and 2017, and net depreciation in fair value of investments, dividends, and other income for the year ended December 31, 2018, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Reliance Trust Company, the trustee of the Plan.

Plan assets certified by the trustee at December 31, 2018 and 2017 includes the following:

	December 31,	
	2018	2017
Investments, at fair value:		
Mutual funds	$ 744,905	$ 638,638
Common/collective trust	2,070	2,652

Plan income certified by the trustees for the year ended December 31, 2018 includes the following:

Investment loss	$ (60,772)

4. VALUATION OF INVESTMENTS

FASB ASC 820, *Fair Value Measurements*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in active markets;
- Inputs other than quoted prices that are observable for assets or liabilities;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 inputs must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Mutual funds – Valued at the net asset value of shares held by the Plan at year-end, as reported on the active markets in which the investments are traded.

Common/collective trust – Valued at the net asset value of shares held by the Plan at year end. The net asset value, as provided by the trustee, is used as a practical expedient to estimate fair value. Net asset value is based on the fair value of the trust's underlying assets, less its liabilities. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported net asset value.

The methods described above may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value:

	Level 1	Total
December 31, 2018		
Mutual funds	$ 744,905	$ 744,905
Total investments in the fair value hierarchy	$ 744,905	744,905
Invesments measured at net asset value		2,070
Total investments at fair value		$ 746,975
December 31, 2017		
Mutual funds	$ 638,638	$ 638,638
Total investments in the fair value hierarchy	$ 638,638	638,638
Invesments measured at net asset value		2,652
Total investments at fair value		$ 641,290

5. INVESTMENT IN COMMON/COLLECTIVE TRUST

The Plan has an investment in Invesco Stable Asset Trust (the Trust), which is a common/collective trust fund. Participants may ordinarily direct permitted withdrawals or transfers of all or a portion of their account balance within the Trust. The Trust requires a twelve month advance notice in the case of a full or partial withdrawal of Plan assets from the Trust. The Plan may redeem units at any time upon 10 business days' notice at the lesser of the market value or contract value of the redeemed units.

6. PLAN TERMINATION

Although it has not expressed an intent to do so, the Company has the right, at any time, to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

8. TRANSACTIONS WITH PARTIES-IN-INTEREST

Certain Plan investments are managed by Reliance Trust Company. Reliance Trust Company is the trustee of the Plan and, therefore, these transactions qualify as party-in-interest transactions.

9. TAX MATTERS

The Company adopted a prototype non-standardized profit sharing plan with cash or deferred arrangement which received a favorable opinion letter from the Internal Revenue Service (IRS) dated July 8, 2014 stating that the Plan, as then designed, was in compliance with the applicable requirements of the Code. The Plan has been amended since receiving the opinion letter; however, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code and therefore believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has determined that the Plan does not have any uncertain tax positions and the associated unrecognized benefits that materially impact the financial statements or related disclosures. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2015.

10. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to net assets per the Form 5500 for the years ended December 31, 2018 and 2017, respectively:

	December 31,	
	2018	2017
Net assets available for benefits per the financial statements	$ 746,975	$ 651,361
Participant contributions receivable	-	(3,357)
Employer contributions receivable	-	(6,714)
Net assets per the Form 5500	$ 746,975	$ 641,290

The following is a reconciliation of net increase per the financial statements to net income per the Form 5500 for the year ended December 31, 2018:

Net increase per the financial statements	$ 95,614
Participant contributions receivable at December 31, 2017	3,357
Employer contributions receivable at December 31, 2017	6,714
Net income per the Form 5500	$ 105,685

11. SUBSEQUENT EVENTS

Subsequent events are those events or transactions that occur following the statement of net assets available for benefits date, but before the financial statements are issued, or are available to be issued. FASB ASC Section 855, *Subsequent Events*, requires disclosure regarding the date through which subsequent events have been evaluated and the basis for determining that date. Subsequent events have been evaluated through September 25, 2019, which is the date the financial statements were available to be issued.

12. DELINQUENT PARTICIPANT CONTRIBUTIONS

ERISA requires employers to segregate participant contributions as soon as practicable, but in no event more than 15 business days following the month in which amounts are withheld from wages. The Company remitted late to the Plan's trustee participant contributions totaling $3,357 during the year ended December 31, 2018. Lost earnings have not been remitted to the Plan for these late contributions as of December 31, 2018.
