Report on Financial Statements

We were engaged to audit the accompanying financial statements of Grundfos Pumps Corporation 401(k) Profit Sharing Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2018 and 2017, and the related statement of changes in net assets available for benefits for the year ended December 31, 2018, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, 4 and 5 which was certified by Prudential Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2018 and 2017 and for the year ended December 31, 2018, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedules, Schedule of Assets (Held at End of Year) and Schedule of Delinquent Participant Contributions as of December 31, 2018 are required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Security Act of 1974 and are presented for the purposes of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on these supplemental schedules.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with the auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2018 AND 2017

NOTE 1: DESCRIPTION OF PLAN

The following description of the Grundfos Pumps Corporation 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General – The Plan was established effective January 1, 1987 by Grundfos Pumps Corporation (the "Company"). The company adopted the EGTRRA restatement plan document on April 9, 2010. The PPA document was restated as of January 1, 2016. The Plan is a defined contribution plan whose purpose is to enable eligible employees to defer a portion of their salary to provide for their retirement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Eligibility – An employee becomes eligible to participate in the Plan when at least 18 years old and employed a minimum of 30 days. At such entry date, employees are eligible to participate in the 401(k) portion of the Plan. A participant may not make withdrawals from their account prior to attaining age 65 except in the event of death, total or permanent disability, retirement, termination of employment, or proven hardship. There were 1,668 participants in the Plan as of December 31, 2018 and 1,560 participants in the Plan as of December 31, 2017.

Administration – The Plan is administered by the Company. The Company has appointed Prudential Trust Company to be the trustee of the Plan.

Employee Contributions – An employee will be eligible to make a pre-tax salary deferral upon completion of the age and service requirements. Plan participants may contribute up to 60% of their pre-tax annual compensation subject to certain Internal Revenue Code limitations ($18,500 in 2018 and $18,000 in 2017). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions ($6,000 in 2018 and 2017). Participants may also contribute amounts representing distributions from other qualified plans or IRA's.

Employer Contributions – The Company makes a fixed matching contribution equal to 50% of the amount of the participant's contribution not to exceed 6% of the participant's eligible annual compensation. In addition, the Company may contribute an additional discretionary contribution. Beginning January 1, 2018, the Plan was amended to allow for a Safe Harbor 3% Non-Elective contribution. There was no Safe Harbor contribution for 2018. The additional discretionary contribution for 2018 was 2.5% and for 2017 was 5% of each eligible participant's eligible annual compensation.

Vesting – Each participant is 100% vested in his or her contribution plus earnings thereon. For employees who terminated prior to January 1, 2018, employer matching is on a five-year graded vesting schedule and non-Safe Harbor discretionary contributions by the Company are on a six-year graded vesting schedule. For employees employed as of or after January 1, 2018, the employer match and Safe Harbor contribution are 100% vested and the non-Safe Harbor discretionary contributions are on a three-year graded vesting schedule.

NOTE 1: DESCRIPTION OF PLAN (Continued)

Participant Accounts – Each participant's account is credited with the participant's contribution and an allocation of (a) the Company's contributions and (b) plan earnings. The Company's contributions are allocated among the plan participants in proportion to their compensation. Participants may direct the investment of their contributions, and any employer contributions, into a variety of mutual funds. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable From Participants – Participants may borrow a minimum of $1,000 up to the lesser of $50,000 or 50% of the participant's vested account balance. Participant loans are to be repaid with interest at least quarterly and in a time period not to exceed five years, unless the loan is for the purchase of the participant's principal residence, in which case the loan must be repaid with interest in a time period comparable to the repayment period permitted by commercial lenders for similar loans. Participant loans bear a reasonable interest rate as determined by the plan administrator. Interest rates on outstanding participant loans currently range from 4.25% to 6.25%.

Payment of Benefits – Upon retirement, death or disability, distributions may be made in the form of a lump-sum of the participant's vested account balance, a single lump-sum distribution of a portion of the participant's vested account balance, or installments for required minimum distribution only.

Expenses – Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Certain investment related expenses are included in net appreciation (depreciation) of fair value of investments presented in the accompanying statement of changes in net assets available for benefits. Certain plan administrative expenses may be paid from the plan's "Expense Reimbursement Account" or from forfeitures.

Forfeitures – If a participant receives a distribution of their vested account balance, forfeitures (participants' allocated interest in plan assets which are not vested because employment is terminated before the vesting period is complete) are disposed of during the plan year following the plan year in which the distribution occurs. If a participant does not receive a distribution of their vested account balance, the nonvested portion is forfeited at the end of the plan year during which the participant incurs their fifth consecutive one-year break in service. Effective April 1, 2008, forfeitures are used to offset employer contributions. Forfeited nonvested accounts totaled $149,171 and $325,479 during the years ended December 31, 2018 and 2017, respectively.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The financial statements are prepared using the accrual basis of accounting.

Use of Estimates – The preparation of financial statements, in conformity with U.S. GAAP requires the plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes in those assets and liabilities, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan's trustee, Prudential Trust Company, certifies the contract value of the guaranteed investment contract and the fair market value of all other investments. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the plan document.

Administrative expenses – The Plan's expenses are paid either by the Plan or the Company, as provided by the plan document. Expenses that are paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions from the accompanying statement of changes in net assets available for benefits. In addition, certain investment related expenses are included in net appreciation (depreciation) of fair value of investments presented in the accompanying statement of changes in net assets available for benefits.

Payment of Benefits – Benefits are recorded when paid.

NOTE 3: FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.

Level 2 — Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 — Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

NOTE 3: FAIR VALUE MEASUREMENTS (Continued)

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth, by level within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis as of December 31, 2018 and 2017. Classification within the hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

	Assets at Fair Value as of December 31, 2018			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	**$ 128,736,828**	**$ 0**	**$ 0**	**$ 128,736,828**

	Assets at Fair Value as of December 31, 2017			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	**$ 136,200,857**	**$ 0**	**$ 0**	**$ 136,200,857**

Transfers between Levels – For years ended December 31, 2018 and 2017, there were no significant transfers between Levels 1 and 2 and no transfers in or out of Level 3.

NOTE 4: FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan holds a portfolio that is a traditional investment contract. This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals and administrative expenses. The values of the contract held by the Plan was $25,557,633 and $24,266,533 as of December 31, 2018 and 2017, respectively.

NOTE 4: FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT (Continued)

The key difference between a synthetic investment contract and a traditional investment contract is that the Plan owns the underlying assets of the synthetic investment contract. A synthetic investment contract includes a wrapper contract, which is an agreement for the wrap issuer, such as a bank or insurance company, to make payments to the Plan in certain circumstances. The wrapper contract typically includes certain conditions and limitations on the underlying assets owned by the Plan. With traditional investment contracts, the Plan owns only the contract itself. Synthetic and traditional investment contracts are designed to accrue interest based on crediting rates established by the contract issuers.

The Plan does not hold any synthetic investment contracts.

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1.5% percent. The crediting rate is reviewed on a semi-annual basis for resetting. The contract cannot be terminated before the scheduled maturity date.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code
2. Premature termination of the contract
3. Plan termination or merger
4. Changes to the Plan's prohibition on competing investment options
5. Bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with participants.

NOTE 4: FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT (Continued)

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines
2. A breach of material obligation under the contract
3. A material misrepresentation
4. A material amendment to the agreements without consent of the issuer.

NOTE 5: INFORMATION CERTIFIED BY THE TRUSTEE

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA. Accordingly, Prudential Trust Company, the trustee of significantly all assets, has certified to the completeness and accuracy of:

1. Investments and notes receivable from participants as of December 31, 2018 and 2017, included on the accompanying statements of net assets available for benefits.
2. Net depreciation in fair value of investments, interest, dividends, and capital gains distributions, interest income on notes receivable from participants, rollovers, benefits paid to participants and administrative expenses, included on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2018.
3. Investments reflected on the supplemental schedule of assets (held at end of year).

NOTE 6: FEDERAL INCOME TAX STATUS

The Plan obtained its latest determination letter on August 11, 1993, in which the Internal Revenue Service ("IRS") stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). The PPA restatement adopted on December 31, 2015 is a Prudential prototype plan document that has received an opinion letter from the IRS dated April 29, 2014, stating that the prototype plan was acceptable under Section 401 of the IRC. The Plan itself has not received a determination letter from the IRS on the current plan document. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and therefore believes that the Plan is qualified and the related trust is tax-exempt.

NOTE 6: FEDERAL INCOME TAX STATUS (Continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the U.S. Federal jurisdiction. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2015.

NOTE 7: RELATED PARTY TRANSACTIONS

Certain Plan investments are managed by The Prudential Insurance Company of America and its subsidiaries ("Prudential"), including the Prudential Trust Company. Prudential Trust Company is the trustee for the Plan, and therefore, these transactions qualify as party in interest transactions.

Prudential provides certain administrative and record keeping services to the Plan pursuant to a written service agreement with the Company. Prudential receives revenue from mutual fund service providers for services it provides to the funds. This revenue is used to offset certain amounts owed to Prudential for its administrative and record keeping services to the Plan.

Prudential remits a portion of the revenue sharing it receives from such mutual fund service providers to the Plan's "Expense Reimbursement Account" on a quarterly basis. Such funds can be requested by the Company to pay Plan administrative expenses of non-Prudential service providers.

Direct expenses for loan fees charged to participants' accounts and paid by the Plan to Prudential amounted to $13,200 and $12,600 for the years ended December 31, 2018 and 2017, respectively.

This space left blank intentionally.
See next page for continuation of notes.

NOTE 8: RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements as of December 31, 2018 and 2017, to Form 5500:

	2018	2017
Net assets available for benefits per the financial statements	$ 159,736,970	$ 167,777,425
Deemed distributions reported on current or prior years' Form 5500 that are still plan assets	(38,517)	(38,517)
Net assets available for benefits per the Form 5500	**$ 159,698,453**	**$ 167,738,908**

For Form 5500 reporting purposes, a loan is a deemed distribution if the loan is treated as a directed investment of the participant's individual account and the participant has completely stopped making payments on the loan as of the end of the plan year. Loans reported as deemed distributions are not included on the Asset and Liability Statement of Form 5500, Schedule H but they remain an asset of the plan until such participant's benefits are distributed or has qualified for a distributable event.

NOTE 9: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 10: RISK AND UNCERTAINTIES

The plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 11: SUBSEQUENT EVENTS

Management has evaluated subsequent events through September 20, 2019 (date financial statements available to be issued) and has determined that there are no additional adjustments or disclosures required.

INDEPENDENT AUDITORS' REPORT

Plan Administrator
Grundfos Pumps Corporation
401(k) Profit Sharing Plan
Aurora, Illinois

Report on Financial Statements

We were engaged to audit the accompanying financial statements of Grundfos Pumps Corporation 401(k) Profit Sharing Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2018 and 2017, and the related statement of changes in net assets available for benefits for the year ended December 31, 2018, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, 4 and 5 which was certified by Prudential Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2018 and 2017 and for the year ended December 31, 2018, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedules, Schedule of Assets (Held at End of Year) and Schedule of Delinquent Participant Contributions as of December 31, 2018 are required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Security Act of 1974 and are presented for the purposes of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on these supplemental schedules.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with the auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2018 AND 2017

NOTE 1: DESCRIPTION OF PLAN

The following description of the Grundfos Pumps Corporation 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General – The Plan was established effective January 1, 1987 by Grundfos Pumps Corporation (the "Company"). The company adopted the EGTRRA restatement plan document on April 9, 2010. The PPA document was restated as of January 1, 2016. The Plan is a defined contribution plan whose purpose is to enable eligible employees to defer a portion of their salary to provide for their retirement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Eligibility – An employee becomes eligible to participate in the Plan when at least 18 years old and employed a minimum of 30 days. At such entry date, employees are eligible to participate in the 401(k) portion of the Plan. A participant may not make withdrawals from their account prior to attaining age 65 except in the event of death, total or permanent disability, retirement, termination of employment, or proven hardship. There were 1,668 participants in the Plan as of December 31, 2018 and 1,560 participants in the Plan as of December 31, 2017.

Administration – The Plan is administered by the Company. The Company has appointed Prudential Trust Company to be the trustee of the Plan.

Employee Contributions – An employee will be eligible to make a pre-tax salary deferral upon completion of the age and service requirements. Plan participants may contribute up to 60% of their pre-tax annual compensation subject to certain Internal Revenue Code limitations ($18,500 in 2018 and $18,000 in 2017). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions ($6,000 in 2018 and 2017). Participants may also contribute amounts representing distributions from other qualified plans or IRA's.

Employer Contributions – The Company makes a fixed matching contribution equal to 50% of the amount of the participant's contribution not to exceed 6% of the participant's eligible annual compensation. In addition, the Company may contribute an additional discretionary contribution. Beginning January 1, 2018, the Plan was amended to allow for a Safe Harbor 3% Non-Elective contribution. There was no Safe Harbor contribution for 2018. The additional discretionary contribution for 2018 was 2.5% and for 2017 was 5% of each eligible participant's eligible annual compensation.

Vesting – Each participant is 100% vested in his or her contribution plus earnings thereon. For employees who terminated prior to January 1, 2018, employer matching is on a five-year graded vesting schedule and non-Safe Harbor discretionary contributions by the Company are on a six-year graded vesting schedule. For employees employed as of or after January 1, 2018, the employer match and Safe Harbor contribution are 100% vested and the non-Safe Harbor discretionary contributions are on a three-year graded vesting schedule.

NOTE 1: DESCRIPTION OF PLAN (Continued)

Participant Accounts – Each participant's account is credited with the participant's contribution and an allocation of (a) the Company's contributions and (b) plan earnings. The Company's contributions are allocated among the plan participants in proportion to their compensation. Participants may direct the investment of their contributions, and any employer contributions, into a variety of mutual funds. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable From Participants – Participants may borrow a minimum of $1,000 up to the lesser of $50,000 or 50% of the participant's vested account balance. Participant loans are to be repaid with interest at least quarterly and in a time period not to exceed five years, unless the loan is for the purchase of the participant's principal residence, in which case the loan must be repaid with interest in a time period comparable to the repayment period permitted by commercial lenders for similar loans. Participant loans bear a reasonable interest rate as determined by the plan administrator. Interest rates on outstanding participant loans currently range from 4.25% to 6.25%.

Payment of Benefits – Upon retirement, death or disability, distributions may be made in the form of a lump-sum of the participant's vested account balance, a single lump-sum distribution of a portion of the participant's vested account balance, or installments for required minimum distribution only.

Expenses – Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Certain investment related expenses are included in net appreciation (depreciation) of fair value of investments presented in the accompanying statement of changes in net assets available for benefits. Certain plan administrative expenses may be paid from the plan's "Expense Reimbursement Account" or from forfeitures.

Forfeitures – If a participant receives a distribution of their vested account balance, forfeitures (participants' allocated interest in plan assets which are not vested because employment is terminated before the vesting period is complete) are disposed of during the plan year following the plan year in which the distribution occurs. If a participant does not receive a distribution of their vested account balance, the nonvested portion is forfeited at the end of the plan year during which the participant incurs their fifth consecutive one-year break in service. Effective April 1, 2008, forfeitures are used to offset employer contributions. Forfeited nonvested accounts totaled $149,171 and $325,479 during the years ended December 31, 2018 and 2017, respectively.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The financial statements are prepared using the accrual basis of accounting.

Use of Estimates – The preparation of financial statements, in conformity with U.S. GAAP requires the plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes in those assets and liabilities, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan's trustee, Prudential Trust Company, certifies the contract value of the guaranteed investment contract and the fair market value of all other investments. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the plan document.

Administrative expenses – The Plan's expenses are paid either by the Plan or the Company, as provided by the plan document. Expenses that are paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions from the accompanying statement of changes in net assets available for benefits. In addition, certain investment related expenses are included in net appreciation (depreciation) of fair value of investments presented in the accompanying statement of changes in net assets available for benefits.

Payment of Benefits – Benefits are recorded when paid.

NOTE 3: FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.

Level 2 — Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 — Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

NOTE 3: FAIR VALUE MEASUREMENTS (Continued)

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth, by level within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis as of December 31, 2018 and 2017. Classification within the hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

	Assets at Fair Value as of December 31, 2018			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	**$ 128,736,828**	**$ 0**	**$ 0**	**$ 128,736,828**

	Assets at Fair Value as of December 31, 2017			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	**$ 136,200,857**	**$ 0**	**$ 0**	**$ 136,200,857**

Transfers between Levels – For years ended December 31, 2018 and 2017, there were no significant transfers between Levels 1 and 2 and no transfers in or out of Level 3.

NOTE 4: FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan holds a portfolio that is a traditional investment contract. This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals and administrative expenses. The values of the contract held by the Plan was $25,557,633 and $24,266,533 as of December 31, 2018 and 2017, respectively.

NOTE 4: FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT (Continued)

The key difference between a synthetic investment contract and a traditional investment contract is that the Plan owns the underlying assets of the synthetic investment contract. A synthetic investment contract includes a wrapper contract, which is an agreement for the wrap issuer, such as a bank or insurance company, to make payments to the Plan in certain circumstances. The wrapper contract typically includes certain conditions and limitations on the underlying assets owned by the Plan. With traditional investment contracts, the Plan owns only the contract itself. Synthetic and traditional investment contracts are designed to accrue interest based on crediting rates established by the contract issuers.

The Plan does not hold any synthetic investment contracts.

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1.5% percent. The crediting rate is reviewed on a semi-annual basis for resetting. The contract cannot be terminated before the scheduled maturity date.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code
2. Premature termination of the contract
3. Plan termination or merger
4. Changes to the Plan's prohibition on competing investment options
5. Bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with participants.

NOTE 4: FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT (Continued)

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines
2. A breach of material obligation under the contract
3. A material misrepresentation
4. A material amendment to the agreements without consent of the issuer.

NOTE 5: INFORMATION CERTIFIED BY THE TRUSTEE

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA. Accordingly, Prudential Trust Company, the trustee of significantly all assets, has certified to the completeness and accuracy of:

1. Investments and notes receivable from participants as of December 31, 2018 and 2017, included on the accompanying statements of net assets available for benefits.
2. Net depreciation in fair value of investments, interest, dividends, and capital gains distributions, interest income on notes receivable from participants, rollovers, benefits paid to participants and administrative expenses, included on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2018.
3. Investments reflected on the supplemental schedule of assets (held at end of year).

NOTE 6: FEDERAL INCOME TAX STATUS

The Plan obtained its latest determination letter on August 11, 1993, in which the Internal Revenue Service ("IRS") stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). The PPA restatement adopted on December 31, 2015 is a Prudential prototype plan document that has received an opinion letter from the IRS dated April 29, 2014, stating that the prototype plan was acceptable under Section 401 of the IRC. The Plan itself has not received a determination letter from the IRS on the current plan document. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and therefore believes that the Plan is qualified and the related trust is tax-exempt.

NOTE 6: FEDERAL INCOME TAX STATUS (Continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the U.S. Federal jurisdiction. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2015.

NOTE 7: RELATED PARTY TRANSACTIONS

Certain Plan investments are managed by The Prudential Insurance Company of America and its subsidiaries ("Prudential"), including the Prudential Trust Company. Prudential Trust Company is the trustee for the Plan, and therefore, these transactions qualify as party in interest transactions.

Prudential provides certain administrative and record keeping services to the Plan pursuant to a written service agreement with the Company. Prudential receives revenue from mutual fund service providers for services it provides to the funds. This revenue is used to offset certain amounts owed to Prudential for its administrative and record keeping services to the Plan.

Prudential remits a portion of the revenue sharing it receives from such mutual fund service providers to the Plan's "Expense Reimbursement Account" on a quarterly basis. Such funds can be requested by the Company to pay Plan administrative expenses of non-Prudential service providers.

Direct expenses for loan fees charged to participants' accounts and paid by the Plan to Prudential amounted to $13,200 and $12,600 for the years ended December 31, 2018 and 2017, respectively.

This space left blank intentionally.
See next page for continuation of notes.

NOTE 8: RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements as of December 31, 2018 and 2017, to Form 5500:

	2018	2017
Net assets available for benefits per the financial statements	$ 159,736,970	$ 167,777,425
Deemed distributions reported on current or prior years' Form 5500 that are still plan assets	(38,517)	(38,517)
Net assets available for benefits per the Form 5500	**$ 159,698,453**	**$ 167,738,908**

For Form 5500 reporting purposes, a loan is a deemed distribution if the loan is treated as a directed investment of the participant's individual account and the participant has completely stopped making payments on the loan as of the end of the plan year. Loans reported as deemed distributions are not included on the Asset and Liability Statement of Form 5500, Schedule H but they remain an asset of the plan until such participant's benefits are distributed or has qualified for a distributable event.

NOTE 9: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 10: RISK AND UNCERTAINTIES

The plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 11: SUBSEQUENT EVENTS

Management has evaluated subsequent events through September 20, 2019 (date financial statements available to be issued) and has determined that there are no additional adjustments or disclosures required.

INDEPENDENT AUDITORS' REPORT

Plan Administrator
Grundfos Pumps Corporation
401(k) Profit Sharing Plan
Aurora, Illinois

Report on Financial Statements

We were engaged to audit the accompanying financial statements of Grundfos Pumps Corporation 401(k) Profit Sharing Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2018 and 2017, and the related statement of changes in net assets available for benefits for the year ended December 31, 2018, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, 4 and 5 which was certified by Prudential Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2018 and 2017 and for the year ended December 31, 2018, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedules, Schedule of Assets (Held at End of Year) and Schedule of Delinquent Participant Contributions as of December 31, 2018 are required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Security Act of 1974 and are presented for the purposes of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on these supplemental schedules.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with the auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2018 AND 2017

NOTE 1: DESCRIPTION OF PLAN

The following description of the Grundfos Pumps Corporation 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General – The Plan was established effective January 1, 1987 by Grundfos Pumps Corporation (the "Company"). The company adopted the EGTRRA restatement plan document on April 9, 2010. The PPA document was restated as of January 1, 2016. The Plan is a defined contribution plan whose purpose is to enable eligible employees to defer a portion of their salary to provide for their retirement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Eligibility – An employee becomes eligible to participate in the Plan when at least 18 years old and employed a minimum of 30 days. At such entry date, employees are eligible to participate in the 401(k) portion of the Plan. A participant may not make withdrawals from their account prior to attaining age 65 except in the event of death, total or permanent disability, retirement, termination of employment, or proven hardship. There were 1,668 participants in the Plan as of December 31, 2018 and 1,560 participants in the Plan as of December 31, 2017.

Administration – The Plan is administered by the Company. The Company has appointed Prudential Trust Company to be the trustee of the Plan.

Employee Contributions – An employee will be eligible to make a pre-tax salary deferral upon completion of the age and service requirements. Plan participants may contribute up to 60% of their pre-tax annual compensation subject to certain Internal Revenue Code limitations ($18,500 in 2018 and $18,000 in 2017). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions ($6,000 in 2018 and 2017). Participants may also contribute amounts representing distributions from other qualified plans or IRA's.

Employer Contributions – The Company makes a fixed matching contribution equal to 50% of the amount of the participant's contribution not to exceed 6% of the participant's eligible annual compensation. In addition, the Company may contribute an additional discretionary contribution. Beginning January 1, 2018, the Plan was amended to allow for a Safe Harbor 3% Non-Elective contribution. There was no Safe Harbor contribution for 2018. The additional discretionary contribution for 2018 was 2.5% and for 2017 was 5% of each eligible participant's eligible annual compensation.

Vesting – Each participant is 100% vested in his or her contribution plus earnings thereon. For employees who terminated prior to January 1, 2018, employer matching is on a five-year graded vesting schedule and non-Safe Harbor discretionary contributions by the Company are on a six-year graded vesting schedule. For employees employed as of or after January 1, 2018, the employer match and Safe Harbor contribution are 100% vested and the non-Safe Harbor discretionary contributions are on a three-year graded vesting schedule.

NOTE 1: DESCRIPTION OF PLAN (Continued)

Participant Accounts – Each participant's account is credited with the participant's contribution and an allocation of (a) the Company's contributions and (b) plan earnings. The Company's contributions are allocated among the plan participants in proportion to their compensation. Participants may direct the investment of their contributions, and any employer contributions, into a variety of mutual funds. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable From Participants – Participants may borrow a minimum of $1,000 up to the lesser of $50,000 or 50% of the participant's vested account balance. Participant loans are to be repaid with interest at least quarterly and in a time period not to exceed five years, unless the loan is for the purchase of the participant's principal residence, in which case the loan must be repaid with interest in a time period comparable to the repayment period permitted by commercial lenders for similar loans. Participant loans bear a reasonable interest rate as determined by the plan administrator. Interest rates on outstanding participant loans currently range from 4.25% to 6.25%.

Payment of Benefits – Upon retirement, death or disability, distributions may be made in the form of a lump-sum of the participant's vested account balance, a single lump-sum distribution of a portion of the participant's vested account balance, or installments for required minimum distribution only.

Expenses – Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Certain investment related expenses are included in net appreciation (depreciation) of fair value of investments presented in the accompanying statement of changes in net assets available for benefits. Certain plan administrative expenses may be paid from the plan's "Expense Reimbursement Account" or from forfeitures.

Forfeitures – If a participant receives a distribution of their vested account balance, forfeitures (participants' allocated interest in plan assets which are not vested because employment is terminated before the vesting period is complete) are disposed of during the plan year following the plan year in which the distribution occurs. If a participant does not receive a distribution of their vested account balance, the nonvested portion is forfeited at the end of the plan year during which the participant incurs their fifth consecutive one-year break in service. Effective April 1, 2008, forfeitures are used to offset employer contributions. Forfeited nonvested accounts totaled $149,171 and $325,479 during the years ended December 31, 2018 and 2017, respectively.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The financial statements are prepared using the accrual basis of accounting.

Use of Estimates – The preparation of financial statements, in conformity with U.S. GAAP requires the plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes in those assets and liabilities, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan's trustee, Prudential Trust Company, certifies the contract value of the guaranteed investment contract and the fair market value of all other investments. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the plan document.

Administrative expenses – The Plan's expenses are paid either by the Plan or the Company, as provided by the plan document. Expenses that are paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions from the accompanying statement of changes in net assets available for benefits. In addition, certain investment related expenses are included in net appreciation (depreciation) of fair value of investments presented in the accompanying statement of changes in net assets available for benefits.

Payment of Benefits – Benefits are recorded when paid.

NOTE 3: FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.

Level 2 — Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 — Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

NOTE 3: FAIR VALUE MEASUREMENTS (Continued)

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth, by level within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis as of December 31, 2018 and 2017. Classification within the hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

	Assets at Fair Value as of December 31, 2018			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	**$ 128,736,828**	**$ 0**	**$ 0**	**$ 128,736,828**

	Assets at Fair Value as of December 31, 2017			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	**$ 136,200,857**	**$ 0**	**$ 0**	**$ 136,200,857**

Transfers between Levels – For years ended December 31, 2018 and 2017, there were no significant transfers between Levels 1 and 2 and no transfers in or out of Level 3.

NOTE 4: FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan holds a portfolio that is a traditional investment contract. This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals and administrative expenses. The values of the contract held by the Plan was $25,557,633 and $24,266,533 as of December 31, 2018 and 2017, respectively.

NOTE 4: FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT (Continued)

The key difference between a synthetic investment contract and a traditional investment contract is that the Plan owns the underlying assets of the synthetic investment contract. A synthetic investment contract includes a wrapper contract, which is an agreement for the wrap issuer, such as a bank or insurance company, to make payments to the Plan in certain circumstances. The wrapper contract typically includes certain conditions and limitations on the underlying assets owned by the Plan. With traditional investment contracts, the Plan owns only the contract itself. Synthetic and traditional investment contracts are designed to accrue interest based on crediting rates established by the contract issuers.

The Plan does not hold any synthetic investment contracts.

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1.5% percent. The crediting rate is reviewed on a semi-annual basis for resetting. The contract cannot be terminated before the scheduled maturity date.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code
2. Premature termination of the contract
3. Plan termination or merger
4. Changes to the Plan's prohibition on competing investment options
5. Bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with participants.

NOTE 4: FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT (Continued)

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines
2. A breach of material obligation under the contract
3. A material misrepresentation
4. A material amendment to the agreements without consent of the issuer.

NOTE 5: INFORMATION CERTIFIED BY THE TRUSTEE

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA. Accordingly, Prudential Trust Company, the trustee of significantly all assets, has certified to the completeness and accuracy of:

1. Investments and notes receivable from participants as of December 31, 2018 and 2017, included on the accompanying statements of net assets available for benefits.
2. Net depreciation in fair value of investments, interest, dividends, and capital gains distributions, interest income on notes receivable from participants, rollovers, benefits paid to participants and administrative expenses, included on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2018.
3. Investments reflected on the supplemental schedule of assets (held at end of year).

NOTE 6: FEDERAL INCOME TAX STATUS

The Plan obtained its latest determination letter on August 11, 1993, in which the Internal Revenue Service ("IRS") stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). The PPA restatement adopted on December 31, 2015 is a Prudential prototype plan document that has received an opinion letter from the IRS dated April 29, 2014, stating that the prototype plan was acceptable under Section 401 of the IRC. The Plan itself has not received a determination letter from the IRS on the current plan document. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and therefore believes that the Plan is qualified and the related trust is tax-exempt.

NOTE 6: FEDERAL INCOME TAX STATUS (Continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the U.S. Federal jurisdiction. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2015.

NOTE 7: RELATED PARTY TRANSACTIONS

Certain Plan investments are managed by The Prudential Insurance Company of America and its subsidiaries ("Prudential"), including the Prudential Trust Company. Prudential Trust Company is the trustee for the Plan, and therefore, these transactions qualify as party in interest transactions.

Prudential provides certain administrative and record keeping services to the Plan pursuant to a written service agreement with the Company. Prudential receives revenue from mutual fund service providers for services it provides to the funds. This revenue is used to offset certain amounts owed to Prudential for its administrative and record keeping services to the Plan.

Prudential remits a portion of the revenue sharing it receives from such mutual fund service providers to the Plan's "Expense Reimbursement Account" on a quarterly basis. Such funds can be requested by the Company to pay Plan administrative expenses of non-Prudential service providers.

Direct expenses for loan fees charged to participants' accounts and paid by the Plan to Prudential amounted to $13,200 and $12,600 for the years ended December 31, 2018 and 2017, respectively.

This space left blank intentionally.
See next page for continuation of notes.

NOTE 8: RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements as of December 31, 2018 and 2017, to Form 5500:

	2018	2017
Net assets available for benefits per the financial statements	$ 159,736,970	$ 167,777,425
Deemed distributions reported on current or prior years' Form 5500 that are still plan assets	(38,517)	(38,517)
Net assets available for benefits per the Form 5500	**$ 159,698,453**	**$ 167,738,908**

For Form 5500 reporting purposes, a loan is a deemed distribution if the loan is treated as a directed investment of the participant's individual account and the participant has completely stopped making payments on the loan as of the end of the plan year. Loans reported as deemed distributions are not included on the Asset and Liability Statement of Form 5500, Schedule H but they remain an asset of the plan until such participant's benefits are distributed or has qualified for a distributable event.

NOTE 9: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 10: RISK AND UNCERTAINTIES

The plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 11: SUBSEQUENT EVENTS

Management has evaluated subsequent events through September 20, 2019 (date financial statements available to be issued) and has determined that there are no additional adjustments or disclosures required.
