NOTE A - DESCRIPTION OF PLAN

Plan Description - The following description of David Nelson Construction Co. 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan, established May 1, 1977, and re-stated January 1, 2016, is a defined contribution plan covering eligible employees of David Nelson Construction Co. (the Company) who become eligible for participation in the Plan at the age of 18 on the first day of the quarter following 3 months of employment, as defined by the Plan document. The purpose of the Plan is to reward eligible employees of the Company for long and loyal service by providing them with retirement benefits. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions - Each year, participants may contribute up to 100% of their compensation, as defined in the Plan, subject to the maximum allowable deferral per the Internal Revenue Service (IRS). At the discretion of the Company's Board of Directors, the Company may contribute to the Plan, on behalf of each participant, a discretionary matching contribution and a discretionary profit sharing contribution. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participant contributions and Company contributions are allocated, at the participant's election, to one or more investment options held by the custodian. The Plan currently offers various mutual funds and a group fixed annuity option. The Company made a matching contribution of 25% up to 6% of an employee's deferrals and a discretionary profit sharing contribution of $150,000 for each of the years ended December 31, 2018 and 2017. In order to share in the allocation of profit sharing contributions, a participant must have completed 1,000 hours in the plan year and be employed by the Company on December 31 of the plan year.

Participant Accounts - Each participant's account is credited with the participant's contribution and allocations of (a) the Company's matching and profit sharing contributions and (b) Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Excess contributions – The Plan undergoes an annual Actual Deferral Percentage test (ADP) that will show excess contributions, if any, made by the participants. Such contributions are to be distributed to the respective participants. There were no excess contributions at December 31, 2018 and $7,514 at December 31, 2017. Excess contributions are recorded as an accrued liability on the statement of net assets available for benefits and be refunded to the respective participants in the following Plan year.

Forfeited Accounts - Non-vested amounts forfeited by the participant are retained by the Plan and may be used to reduce future employer contributions, at the Company's election. The Plan had unallocated forfeitures of $11,139 and $17,301 at December 31, 2018 and 2017, respectively.

Vesting - Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. The participant is 100% vested after six years of credited service and begin vesting after two years of service at 20% per year or upon occurrence of the participant's retirement, death, or disability, as defined by the Plan document.

NOTE A - DESCRIPTION OF PLAN - CONTINUED

Notes Receivable from Participants - Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of $50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the balance in the participant's vested account and bear interest based at the prime rate plus 1%. Notes receivable from participants, as of December 31, 2018 and 2017, have rates at 3.25 – 5.25%. Principal and interest is paid ratably through payroll deductions and are reinvested in the participant accounts according to individual investment elections. The Plan had outstanding loans of $113,867 and $130,397 at December 31, 2018 and 2017, respectively.

Payment of Benefits - Upon normal retirement age, death, disability, or termination, a participant's benefit is payable in a lump-sum amount equal to 100% of the participant's vested account balance. The participant also has the option of transferring his or her vested interest to a personal retirement account. Hardship withdrawals are permitted in the Plan. Hardship withdrawals from the Plan are allowed up to a maximum of the vested portion of the participant's account balance. Hardship withdrawals and withdrawals for those that have not attained age 59½, are subject to income tax.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (US GAAP).

Use of Estimates

The preparation of financial statements in conformity with US GAAP requires the plan administrator to make estimates and assumptions that affect reported amounts of assets, liabilities, and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See **NOTE D** for fair value measurements.

Purchases and sales are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Fees and expenses of the Plan are paid by the Company or the Plan as provided by the Plan document. Expenses paid by the Plan amounted to $2,270. Investment fees and commissions are netted against the net appreciation in fair value of investments.

NOTE C - INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIAN

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the DOL Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the custodian, Lincoln, has prepared and certified that the following data included in the accompanying financial statements and supplementary schedule for 2018 and 2017 are complete and accurate.

	2018	2017
Investments, at fair value **(Note D)**	$ 5,892,724	$ 6,275,863
Investments, at contract value **(Note E)**	1,023,975	1,053,389
Notes receivable from participants	113,867	130,397
	$ 7,030,566	$ 7,459,649
Investment loss:		
Net depreciation in fair value of investments	$ (326,780)	
Investment income on notes receivable from participants	$ 4,759	

The Plan's independent auditor did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplementary schedule.

NOTE D - FAIR VALUE MEASUREMENT OF FINANCIAL INSTRUMENTS

The financial statements are prepared in accordance with an accounting standard which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the standard are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value.

Pooled Separate Account: Unit value calculated based on the net asset value (NAV) of the underlying investments held by the Plan at year-end. The underlying investments are mutual funds.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE D - FAIR VALUE MEASUREMENT OF FINANCIAL INSTRUMENTS - CONTINUED

The following tables sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017:

Description	Fair Value 12/31/2018	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Pooled Separate Account	$ 5,892,724	$ -	$ 5,892,724	$ -
Total assets at fair value	$ 5,892,724	$ -	$ 5,892,724	$ -

	Fair Value Measurements at Reporting Date Using:			
Description	Fair Value 12/31/2017	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Pooled Separate Account	$ 6,275,863	$ -	$ 6,275,863	$ -
Total assets at fair value	$ 6,275,863	$ -	$ 6,275,863	$ -

The Plan's policy is to recognize transfers between Levels 1 and 2 and into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the years ended December 31, 2018 and 2017, there were no transfers between Levels 1 and 2 and no transfers into or out of Level 3.

NOTE E - GROUP FIXED ANNUITY CONTRACT WITH INSURANCE COMPANY

The Plan holds a traditional fully benefit-responsive guaranteed investment contract with Lincoln totaling $1,023,975 for December 31, 2018 and $1,053,389 for December 31, 2017. Lincoln maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than one percent. The crediting rate is reviewed on a quarterly basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

NOTE E - GROUP FIXED ANNUITY CONTRACT WITH INSURANCE COMPANY - CONTINUED

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Lincoln, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with Lincoln. Such events include: (a) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, (e) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contact value. Such events include (a) an uncured violation of the Plan's investment guidelines, (b) a breach of material obligation under the contract, (c) a material misrepresentation, or (d) a material amendment to the agreement without the consent of the issuer.

NOTE F - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE G - TAX STATUS

The Plan adopted a Coastal Pension Consultants, Inc. Volume Submitter Profit Sharing Plan with CODA and received a favorable opinion letter dated March 31, 2014, from the Internal Revenue Service (the IRS), that the volume submitter plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC) for the Plan. The Company believes the Plan, as adopted and amended, is designed and is currently being operated in compliance with the applicable requirements of the IRC.

NOTE G - TAX STATUS - CONTINUED

US GAAP require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan's federal returns are generally open for examination for three years following the date filed.

NOTE I - RELATED PARTY TRANSACTIONS

Certain plan investments consist of a group annuity contract or shares of mutual funds in the pooled separate account managed by Lincoln National Life Insurance Company, the custodian of the Plan. These transactions and notes receivable from participants qualify as party-in-interest transactions.

NOTE J - RISKS AND UNCERTAINTIES RELATED PARTY TRANSACTIONS

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE K - SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through September 3, 2019, which is the date the financial statements were available to be issued.
