Trim-Tex, Inc. Employees Profit Sharing Plan
Notes to Financial Statements

Note 1: Description of Plan

The following description of the Trim-Tex, Inc. Employees Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) plan covering substantially all employees of Trim-Tex, Inc. (the "Company") who have six months of service, as defined by the Plan, and have attained at least 19 years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

Each year, participants may contribute as pre-tax and/or after-tax Roth deferral contributions up to 85% of their eligible compensation, as defined by the Plan, not to exceed the maximum allowable by the Internal Revenue Service (IRS). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit contribution plans (rollover).

Effective April 16, 2018, the Plan was amended to provide for participants who have not affirmatively elected to not participate in the Plan to be auto enrolled in the Plan at a pre-tax deferral rate of three percent. In addition, participants whose deferral percentage is less than six percent will have their deferral percentage increased one percent each year unless they affirmatively elect to opt out of such increase.

The Company contributes a safe harbor contribution to all participants equal to three percent of eligible compensation. Additional profit sharing amounts may also be contributed at the discretion of the Company. After completing a year of service with 1000 hours, participants are eligible for an allocation of the Company profit sharing contribution, if any, if they have 1000 hours in the Plan year and are still employed at the end of the Plan year, except if become disabled, die or retire during the Plan year. During the year ended December 31, 2018, the Company made safe harbor contributions of $265,247 and profit sharing contributions of $469,087. Contributions are subject to certain IRS limitations.

Participants direct the investment of the contributions into their account into various investment options offered by the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions, Company safe harbor contributions, and allocations of (a) the Company's profit-sharing contribution, and (b) the Plan's earnings (losses). Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan, if any. Allocations are based on participant compensation, account balances or specific participant transactions, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1: Description of Plan (Continued)

Vesting

All participants are immediately 100% vested in their voluntary contributions, Company safe harbor contributions plus actual earnings thereon. Vesting in the Company discretionary profit sharing contribution plus actual earnings thereon is based on years of continuous service, as defined by the Plan. Participants vest at a rate of 20% beginning with the second year of service. Participants become fully vested after six years of service.

Payment of Benefits

On termination of service due to death, disability, retirement, termination of service or any other reason, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. In addition, the Plan allows for in-service distributions upon attaining age 65 from the participant's vested account balance and hardship distributions from the participant's voluntary contributions if certain criteria are met.

Forfeitures

At December 31, 2018 and 2017, forfeited nonvested accounts totaled $11,048 and $16,536, respectively. These accounts will be used to pay administrative expenses of the Plan in accordance with the Plan document. During the year ended December 31, 2018, Plan administrative expenses totaling $15,000 were paid from forfeited nonvested accounts.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States (GAAP).

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Note 2: Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition (Continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Management fees for investments in mutual funds are deducted from income earned on a daily basis and, therefore, are reflected as a reduction of investment return for those mutual funds. Revenue sharing related to certain management fees is credited back to the individual participant account. These amounts are offset against administrative expenses in the accompanying statement of changes in net assets. Substantially all other expenses incurred in connection with the administration of the Plan are paid by the Company and excluded from these financial statements.

Subsequent Events

The Plan has evaluated subsequent events through September 25, 2019, which is the date the financial statements were available to be issued.

Note 3: Summary of Information Prepared and Certified by Trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA. Certain information disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2018 and 2017, and net investment loss for the year ended December 31, 2018, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity Management Trust Company, the trustee of the Plan.

Note 4: Fair Value Measurements

GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority level. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no Plan

Note 4: Fair Value Measurements (Continued)

assets requiring the use of Level 3 inputs for the periods presented.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable value collective trust fund: Fair value of the stable value collective trust fund is estimated using the unit value of the fund as reported to the trustee by the collective trust fund. The unit value is based on the value of the underlying investment assets held in the fund at year-end. The fund primarily invests in high-quality guaranteed investment contracts and similar contracts issued by insurance companies, banks, and other financial institutions. The fund also invests in security-backed investment contracts, including separate account products of insurance companies. The collective trust transacts daily at the reported unit value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2018 and 2017. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

	Assets at Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 16,099,027	$ -	$ -	$ 16,099,027
Stable value collective trust fund	-	517,472	-	517,472
Total investment assets at fair value	$ 16,099,027	$ 517,472	$ -	$ 16,616,499

Note 4: Fair Value Measurements (Continued)

	Assets at Fair Value as of December 31, 2017			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 17,461,406	$ -	$ -	$ 17,461,406
Stable value collective trust fund	-	1,471,474	-	1,471,474
Total investment assets at fair value	17,461,406	1,471,474	-	18,932,880

Note 5: Tax Status

The Plan has adopted a Volume Submitter Plan sponsored by Fidelity Management & Research Company. The IRS has determined and informed the Plan sponsor by a letter dated March 31, 2014, that the Volume Submitter Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan itself has not received a determination letter from the IRS. The Plan has been amended since receiving the determination letter, however, the plan administrator believes the Plan is designed and being operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 6: Risks and Uncertainties

The Plan investments in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 7: Related-Party Transactions and Party-in-Interest Transactions

Certain Plan investments are managed by FMR LLC and its affiliated entities. Fidelity Management Trust Company, the trustee of the Plan, is an affiliated entity of FMR LLC and, therefore, these transactions qualify as party-in-interest transactions. In addition, the Plan pays certain service providers for record keeping and investment advisory services. These transactions also qualify as party-in-interest transactions.

Note 8: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Company discretionary profit sharing contributions.
