ASSOCIATED GENERAL CONTRACTORS OF MISSISSIPPI 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1 – Description of Plan

The following description of the Associated General Contractors of Mississippi 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General and eligibility

The Plan was established on January 1, 2015 as a defined contribution plan and is available to members of Associated General Contractors of Mississippi (the Sponsor) and Participating Employers. The Plan qualifies as a multiple employer plan as described in Section 413(c) of the Internal Revenue Code (IRC). With the consent of the Sponsor, a Participating Employer may adopt the Plan and become part of the Plan by executing an adoption agreement. Participating Employers in a multiple employer plan may have different benefit formulas for their participating employees. Accordingly, each Adopting Employer executes an adoption agreement with the terms and conditions specific to such employer. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

A Participating Employer or Adopting Employer is an employer who has adopted this Plan. Each Participating Employer may designate the parameters for eligibility requirements and participation in the Plan as well as employer contributions, if any.

The Plan is administered by designated management of the Sponsor. Transamerica Financial Life Insurance Company (the Custodian), serves as the trustee of the Plan, processes and maintains the records of the participant data and holds the Plan assets.

Contributions

Participants in the Plan may contribute an amount of annual compensation as elected by their Participating Employer up to the maximum allowed by the IRC. Participants may also contribute amounts representing distributions from other qualified defined-benefit or contribution plans. For the year ended December 31, 2018, individual participants' contributions were limited to \$18,500. Participants who are age 50 and older may also contribute an additional \$6,000 each year. Participants direct the investment of their contributions into various investment options offered by the Plan.

Each Participating Employer elects the level of the matching contribution and a discretionary profit sharing contribution computed as a percentage of the participants' elective contributions. For the year ended December 31, 2018, aggregate discretionary Participating Employer contributions were \$535,358.

Participant accounts

Each participants account is credited with the participant's contributions, and the Participating Employer's discretionary matching contribution (if any), and Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. All participant contributions are participant-directed and may be invested in one fund or allocated among different funds. Participants may change the allocation of contributions among funds pursuant to Plan provisions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1 – Description of Plan, Continued

Allocation and vesting of benefits

Participants are vested immediately in their contributions, and the Participating Employer's safe harbor contributions, plus actual earnings thereon. Vesting in the Participating Employer's discretionary matching contributions made on behalf of a participant, and earnings thereon, vest in accordance with the schedule specified in the corresponding Participating Employer's adoption agreement. Participating Employers may also elect to make safe harbor contributions with automatic enrollment.

Participant accounts become fully vested upon death, disability, attainment of normal retirement age (defined by the Plan as 65), or upon termination of the Plan. Participants who terminate for any other reason are entitled to the vested amount of their accounts.

Forfeitures

Non-vested Participating Employer contributions forfeited by participants are used to reduce future Employer contributions. Forfeitures utilized to reduce Employer contributions for the year ended December 31, 2018 amounted to \$20,623.

Payment of benefits

On termination of service due to death, disability, retirement, or other reasons, or qualifying under certain "hardship" rules, as prescribed by the Internal Revenue Service (IRS), a participant may receive distributions from the Plan equal to the value of the participant's vested interest in his or her account. Distributions may be in the form of a lump-sum payment, or a rollover into another qualified plan. Additionally, participants reaching 59½ years of age may receive in-service distributions from the Plan.

Participant notes receivable

Plan participants may borrow from their fund accounts a minimum of \$1,000 and up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans, which are collateralized by the balance in the participant's account, bear interest at prime, determined as of the date of the loan request, ranging from 4.25% - 6.25% as of December 31, 2018. Principal and interest are paid ratably through monthly payroll deductions. All loans are required to be repaid within a period of five years, except loans to acquire the participant's principal residence which must be repaid in a reasonable period of time, not to exceed fifteen years.

Administrative expenses

The Plan allows certain administrative expenses to be paid from Plan assets.

Plan administration

The Plan is administered by 3(16) Fiduciary Services Corporation pursuant to the terms and conditions of the Plan and trust. Under the terms of the Plan, designated employees of the Sponsor act as trustees.

The Employer has contracted with Transamerica under a group variable annuity contract to act as the Custodian. Transamerica will invest each participant's account balance in pooled separate accounts and a guaranteed account, as instructed by each participant.

Note 2 – Summary of Significant Accounting Policies

Basis of accounting

The financial statements of the Plan have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment valuation and income recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts which are at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisor and the Custodian. See Note 4 for discussion of fair value measurements.

Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Purchases and sales of securities are recorded on a trade-date basis. Net depreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. No allowance for credit losses has been recorded as of December 31, 2018 and 2017. Delinquent notes receivable from participants are recorded as distributions based upon the terms of the Plan Document.

Administrative expenses

Administrative expenses for the year ended December 31, 2018 totaled \$99,218.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts of assets and changes in net assets and disclosure of contingent assets and liabilities. Actual results could differ from those estimates and such differences could be material.

Risks and uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the high level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near-term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Concentration of credit risk

The Custodian maintains the Plan's investments with high credit-quality institutions and attempts to limit the credit exposure of any particular investment. Management retains a third party investment advisory group to review investment performance and risk.

ASSOCIATED GENERAL CONTRACTORS OF MISSISSIPPI 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS, CONTINUED

Note 2 – Summary of Significant Accounting Policies, Continued

Unit values

Individual participant accounts for the pooled separate accounts are maintained on a unit value basis. Participants do not have beneficial ownership in the specific underlying securities or other assets in the funds, but do have an interest therein represented by units valued daily. The funds earn dividends and interest which are automatically reinvested in additional units. Generally, contributions to and withdrawals from each fund are converted to units by dividing the amounts of such transactions by the unit values as last determined, and the participants' accounts are charged or credited with the number of units properly attributable to each participant.

Payment of benefits

The Plan records benefits when paid.

Excess contributions payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan subsequently refunded the 2018 and 2017 excess contributions to the applicable participants.

New accounting pronouncement

In August 2018, the FASB issued ASU 2018-13, *Fair Value Measurement* (Topic 820), *Disclosure Framework – Changes to Disclosure Requirements for Fair Value Measurement* (ASU 2018-13). The amendments in ASU 2018-13 modify the disclosure requirements in Topic 820 of the disclosure framework. The modifications include the removal of the requirement to disclose the amount of and reason for transfers between Level 1 and Level 2 of the fair value hierarchy, the policy of timing between levels, the valuation processes for Level 3 fair value measurements, and the changes in unrealized gains and losses for the period included in earnings for recurring Level 3 fair value measurements held at the end of the reporting period.

Also, in lieu of a roll forward for Level 3 fair value measurements, a nonpublic entity is required to disclose transfers into and out of Level 3 of the fair value hierarchy and purchases and issues of Level 3 assets and liabilities. Additionally, for certain entities that calculate net asset value, an entity is required to disclose the timing of an investee's assets and the date when restrictions from redemptions lapse only if the investee has communicated the timing to the entity or announced the timing publicly. ASU 2018-13 is effective for fiscal years beginning December 15, 2019 with early adoption permitted to any removed or modified disclosures of this update. Plan management is evaluating the effect of ASU 2018-13 on its financial statements and related disclosures.

Note 3 – Information Certified by the Custodian

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Custodian has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and participant notes receivable as shown on the statements of net assets available for benefits as of December 31, 2018 and 2017;
- Net investment activity and interest income on participant notes receivable as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2018;

ASSOCIATED GENERAL CONTRACTORS OF MISSISSIPPI 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS, CONTINUED

Note 3 – Information Certified by the Custodian

- Investment information included in the footnotes and supplemental schedule of assets (held at end of year) as of December 31, 2018.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 4 – Fair Value Measurements

Accounting guidance provides a framework for measuring fair value and provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described as follows:

Level 1	Unadjusted quoted prices for identical, unrestricted assets or liabilities in active markets that a plan has the ability to access.
Level 2	Quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means for substantially the full term of the assets or liabilities.
Level 3	Significant unobservable inputs.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the applicable methodologies used at December 31, 2018 and 2017. During the year ended December 31, 2018, there were no transfers of financial instruments into or out of Level 3. The following is a description of the valuation methodologies used for assets measured at fair value:

Pooled separate accounts - Valued based upon the units of such pooled separate accounts held by the Plan at year-end multiplied by the respective unit value. The unit values of the pooled separate accounts are based upon significant observable inputs, but are not based upon quoted market prices in an active market and are therefore considered Level 2 investments within the fair value hierarchy.

Guaranteed fund - Valued at NAV based on contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

The preceding methods described may produce a fair value calculation that may not be indicative of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTES TO FINANCIAL STATEMENTS, CONTINUED

Note 4 – Fair Value Measurements, Continued

Investments measured at fair value on a recurring basis consist of the following types of instruments as of December 31, 2018 and 2017:

Fair Value Measurements at December 31, 2018				
	Level 1	Level 2	Level 3	Total
Pooled separate accounts and total in the fair value hierarchy	\$ -	\$ 14,794,432	\$ -	\$ 14,794,432
Guaranteed fund *	-	-	-	1,641,984
Investments, at fair value	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 16,436,416</u>

Fair Value Measurements at December 31, 2017				
	Level 1	Level 2	Level 3	Total
Pooled separate accounts and total in the fair value hierarchy	\$ -	\$ 15,635,116	\$ -	\$ 15,635,116
Guaranteed fund *	-	-	-	545,175
Investments, at fair value	<u>\$ -</u>	<u>\$ 15,635,116</u>	<u>\$ -</u>	<u>\$ 16,180,291</u>

* In accordance with subtopic 820-10, certain investments that were measured at contract value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to present the reconciliation of the fair value hierarchy to line items presented on the statements of net assets available for benefits.

Note 5 - Group Annuity Contract with Insurance Company

The Plan has a fully benefit-responsive guaranteed investment contract with Transamerica Financial Life Insurance Company totaling \$1,641,984 in 2018 and \$545,175 in 2017. Transamerica maintains the contributions in a general account. The Transamerica Stable Value Core Account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer. The average crediting rate for the year ended December 31, 2018, was 0.75%. The crediting rate is reviewed twice a year for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date. The account can be redeemed daily. The Plan has no unfunded commitments.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Transamerica, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

ASSOCIATED GENERAL CONTRACTORS OF MISSISSIPPI 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS, CONTINUED

Note 5 - Group Annuity Contract with Insurance Company, Continued

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Sponsor or other Sponsor events that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of a material obligation under the contract, (3) a material misrepresentation, and (4) a material amendment to the agreement without the consent of the issuer.

Note 6 – Party-In-Interest Transactions

The Plan's investments include shares of pooled separate accounts and a guaranteed fund managed and administered by Transamerica. Transamerica is the Custodian and recordkeeper for the Plan and, therefore, these transactions qualify as party-in-interest transactions.

Note 7 – Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 8 – Plan Transfers

In the normal course of business, the Sponsor adds Participating Employers, and assets from the individual qualified plans that the added employers previously sponsored are transferred into the Plan, when administratively feasible to do so. Likewise, as Participating Employers leave the Plan and adopt different qualified plans, assets attributable to these outgoing employers are transferred out of the Plan.

Note 9 – Tax Status

On March 31, 2014, the IRS stated that the volume submitter profit sharing plan adopted by the Plan, as then designed, qualifies under Section 401(a) of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Note 10 – Subsequent Events

The Plan evaluated events occurring subsequent to December 31, 2018 through September 25, 2019, the date on which the financial statements were available to be issued, for matters that should be recorded in the financial statements or disclosed in the footnotes thereto.
