To the Investment Committee of
Aeris Communications, Inc. 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Aeris Communications, Inc. 401(k) Plan (the "Plan"), which comprise the statement of net assets available for plan benefits as of December 31, 2018 and 2017, and the related statement of changes in net assets available for plan benefits for the year ended December 31, 2018, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Principal Life Insurance Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of December 31, 2018 and 2017 and for the year ended December 31, 2018, that the information provided to the Plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule H, line 4i – schedule of assets (held at end of year) as of December 31, 2018 is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

AERIS COMMUNICATIONS, INC. 401(k) PLAN

Notes to Financial Statements

December 31, 2018

Note 1 - Description of Plan:

The following description of the Aeris Communications, Inc. (the "Company") 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan established on January 1, 1998, amended and restated on January 1, 2015 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan provides benefits for all eligible employees of the Company.

The Company is the Plan administrator and retains the services of a third party to assist in the administration of the Plan. Through December 31, 2018, the Plan's record keeper was Principal Financial Group ("PFG") and Principal Life Insurance Company ("Principal"), a subsidiary of PFG, is the Plan's trustee. VRS Pension acts as the Plan's third party administrator.

Eligibility - Except for excluded employees, all employees are eligible to participate in the Plan upon hire. Employees may enter the Plan immediately upon meeting the Plan's eligibility requirements. Upon entry request, participants must be enrolled within the earlier of (1) six months after eligibility requirements are satisfied or (2) the first day of the first Plan year after such requirements are satisfied. An employee may elect not to participate in the Plan.

Participant contributions - Each year, participants may elect to defer a portion of eligible compensation to the Plan, up to the maximum allowed under section 401(k) of the Internal Revenue Code. Participants who have attained age 50 before the end of the Plan year are eligible to make "catch-up" contributions, subject to statutory limits. Participants may also contribute amounts representing distributions from other qualified retirement plans. Participants direct the allocation of their contributions to various investment options offered by the Plan.

Employer matching contributions - The Company may, at their sole discretion, make employer matching contributions at the option of the Company. Participants must be employed on the last day of the Plan year to receive employer contributions, if any. The Company did not make discretionary contributions for the Plan year ended December 31, 2018.

Participant accounts - Each participant's account is credited with the participant's contribution and Company contributions and allocations of Plan earnings. Allocations are based on participant compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1 - Description of Plan (continued):

Investment options - The Plan provides for investments to be directed by participants into a number of investment options held by the trustee. Some Plan investments are units of funds managed by the trustee, therefore, these investments and most investment transactions are party-in-interest transactions. Earnings of each investment fund are allocated to participants' accounts in proportion to each participant's share of that fund.

Vesting - Participants are immediately vested in their contributions, including rollovers of funds from other qualified retirement plans and earnings thereon. Participants become vested in the Company's contributions based upon years of service. Vesting occurs over a four-year graded vesting schedule.

Notes receivable from participants - Participants may borrow from their vested account balance for a maximum amount of 50% of their vested account balance, up to $50,000. Loan terms range from 1-5 years, but may not exceed 5 years, except for loans used for a purchase of a primary residence, which may be repaid over a longer period but not to exceed 10 years. The loans are secured by the balance in the participant's account and bear interest at a rate of the prime rate plus 2% (5.50% at December 31, 2018). Principal and interest are paid ratably through payroll deductions. The Plan also will charge the participant's account balances with expenses directly related to the origination, maintenance and collection of the note.

Payment of benefits - The Plan provides for the payment of benefits to the participant (or, if applicable, the beneficiary) at retirement, disability, death, financial hardship (as defined in the Plan), or termination of employment. In service distributions of a participant's vested account balance are permitted providing the participant has attained early retirement age (age 59 1/2). Upon termination, the participants or beneficiaries may elect to leave their account balance in the Plan, or receive their total benefits in a lump sum amount equal to the value of the participant's vested interest in their account. Unless otherwise instructed by the participant, participants with vested account balances of $1,000 or less upon separation will receive a lump sum cash payout and participants with vested account balances ranging from $1,000 to $5,000 will automatically be rolled over to an individual retirement account ("IRA").

Forfeitures - Forfeitures are retained in the Plan and will first be made available to reinstate previously forfeited account balances of participants. Any remaining forfeitures are then used to reduce employer contributions or to pay administrative expenses. There were no forfeitures remaining in the Plan as of December 31, 2018 and 2017.

Administrative expense - Substantially all administrative expenses of the Plan are paid by the Plan. Separate fees for loan processing and account maintenance as specified in the service agreement, are charged to individual participant's accounts.

Note 2 - Significant accounting policies:

Basis of accounting - The accompanying financial statements of the Plan have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. Contributions from participants are recorded when withheld from the participant. Benefit payments to participants are recorded when paid.

Investment valuation and income recognition - As described by accounting principles generally accepted in the United States of America ("GAAP"), the Plan's investments are stated at their fair values. The shares of registered investment companies (mutual funds) are valued at quoted market prices. Common collective trust and pooled separate accounts are valued at net asset values ("NAV") of shares held by the Plan at year-end. The fully benefit-responsive investment contract is presented at contract value which is the aggregation of contributions, plus interest, less withdrawals, if any. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation included the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of estimates - The preparation of financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes and schedule. Actual results could differ from those estimates.

Fair value measurements - The Plan performs fair value measurements in accordance with Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*. Refer to Note 3 for the fair value measurement disclosures associated with the Plan's investments.

Net depreciation in fair value of investments - The earnings, expenses, realized gains and losses, and unrealized appreciation (depreciation) in registered investments companies and other investments are recorded in the accompanying financial statements as net depreciation in fair value of investments.

Investment management fees and operating expenses - Investment management fees and operating expenses charged to the Plan for investments in the various funds are deducted from income earned on a daily basis and are reflected as a component of net depreciation in fair value of investments.

Subsequent events - The Plan has evaluated subsequent events through the date that the financial statements were available to be issued which is the date of the independent auditors' report.

Note 3 - Fair value:

The Plan performs fair value measurement in accordance with ASC 820. ASC 820 defines fair value as the price that would be received from selling an asset in an orderly transaction between market participants at the measurement date. The accounting guidance for fair value measurement requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The standard establishes a fair value hierarchy based on the level of independent, objective evidence surrounding the inputs used to measure fair value. A financial instrument's categorization within the fair value hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

The fair value hierarchy is as follows:

- Level 1: quoted prices in active markets for identical assets or liabilities that the entity has the ability to access;

- Level 2: inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities; or

- Level 3: unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 3 - Fair value (continued):

Investments measured at fair value on a recurring basis consisted of the following types of instruments as of December 31, 2018 as determined by the Plan administrator is as follows:

	Fair Value Measurements Using Input Type			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 4,199,930	$ -	$ -	$ 4,199,930
Total investments in the fair value hierarchy	$ 4,199,930	$ -	$ -	4,199,930
Investments measured at NAV				2,054,460
Total investments measured at fair value				$ 6,254,390

Investments measured at fair value on a recurring basis consisted of the following types of instruments as of December 31, 2017 as determined by the Plan administrator is as follows:

	Fair Value Measurements Using Input Type			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 4,285,510	$ -	$ -	$ 4,285,510
Total investments in the fair value hierarchy	$ 4,285,510	$ -	$ -	4,285,510
Investments measured at NAV				1,770,097
Total investments measured at fair value				$ 6,055,607

In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for Plan benefits.

Note 3 - Fair value (continued):

The Plan's valuation methodology for each investment type is as follows for the years ended December 31, 2018 and 2017.

Mutual funds - Investments in mutual funds were derived from quoted market prices as substantially all of these instruments have active markets.

Pooled separate accounts - Investments in pooled separate accounts are valued using the unadjusted NAV as of the reporting date, which is the basis for current transactions. The NAV is used as a practical expedient to estimate fair value. Pooled separate accounts are valued based on the underlying investments (i.e., common stock, mutual funds, and short-term securities) in the separate account as reported by Principal. While the majority of the underlying assets values are based on quoted prices, NAV of the pooled separate accounts are not publicly quoted.

Common collective trusts - Investments in common investment trusts are valued at the NAV of units of the collective investment trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the account less its liabilities.

Notes 4 - Investment contract:

The Plan invests in a guaranteed investment contract administered by PFG. The investment contract is a fully benefit-responsive contract entered into with Principal. Principal maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

The guaranteed investment contract is valued at contract value for presentation in the Plan's net assets available for benefits. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to fully benefit-responsive investment contracts, because contract value is that amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The contract has a surrender fee should the Plan discontinue without proper notification as prescribed in the contract. Currently, Plan management believes that the occurrence of an event that would cause the Plan to transact at less than contract value is not probable. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Note 5 - Investments:

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The Plan's independent accountants did not perform any auditing procedures with respect to this information certified by Principal Life Insurance Company, the trustee of the Plan, except for comparing such information to the related information included in the financial statements and supplemental schedule.

The following information, included in the financial statements and supplemental schedule was provided by and certified by the Plan's trustee as complete and accurate:

- Investments as shown in the Statement of Net Assets Available for Plan Benefits as of December 31, 2018 and 2017.

- Investment loss as shown in the Statement of Changes in Net Assets Available for Plan Benefits for the year ended December 31, 2018.

- Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2018.

Note 6 - Party-in-interest transactions:

At December 31, 2018 and 2017, the Plan held for investment with PFG, the Plan's investment broker and custodian approximately $3,202,000 and $2,895,000, respectively, in PFG's common collective trusts, pooled separate accounts, and guaranteed investment contract.

Note 7 - Plan termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer matching account balances.

Note 8 - Income tax status:

The prototype plan obtained its latest opinion letter on March 31, 2014, in which the Internal Revenue Service stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. Subsequent to receiving this determination letter, the prototype plan was amended. The Plan administrator believes that the amended prototype plan, as adopted by the Company, is operating in compliance with the requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 9 - Risks and uncertainties:

The Plan provides for investments in various investment securities which, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for Plan benefits and participant account balances.
