1. DESCRIPTION OF THE PLAN

The following description of the Hicks 401k Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering all eligible employees of Hicks Nurseries, Inc. (the "Company" or "Employer"). An eligible employee is one who has completed twelve consecutive months with 1,000 hours of service and is age twenty-one or older. The Plan was established and implemented on January 1, 1980. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. Effective March 1, 2018, the Plan was amended to include employees of Mytek Network Solutions LLC and change the plan's name to Hicks 401K Plan. In April 2018, in connection with the amendment, $109,961 of assets previously held in another plan on behalf of these employees were transferred into the Plan.

Contributions - Participants may elect to defer up to 90% of their covered compensation subject to certain limitations. In addition, the Plan permits after tax contributions and eligible participants may make catch-up contributions in amounts pursuant to the Internal Revenue Code.

The Company may elect to make a matching contribution on behalf of participants who are eligible, as defined, equal to a uniform percentage, to be determined each year by the Company, of each participant's deferral amount subject to certain limitations. For the year ended December 31, 2018, the Employer made matching contributions on behalf of each eligible participant in an amount equal to fifty percent of the employee's contribution. Employee contributions in excess of 6% of the employee's eligible compensation shall not be considered for matching contributions. To obtain matching contributions, a participant must be employed by the Company on the last day of the Plan year and have made elective contributions to the Plan during the Plan year.

Participants may make rollover contributions, in cash, from an eligible retirement plan, as defined in the Plan.

Participant accounts - Each participant's account is credited with the participant's contribution, the Company's matching contributions and allocations of Plan earnings after administrative expenses. Allocations of earnings are based on account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account. Forfeitures of terminated participant's nonvested Employer contribution accounts are used to reduce future Employer contributions payable under the Plan. In 2018, the Employer contribution was reduced by $7,993.

Vesting - Vesting in the Company's matching contributions in the participants' accounts is based on years of continuous service. A participant will be 100% vested in the Company's matching contributions after six years of credited service, based on the following:

Years of Service	Vested Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Participants are immediately vested in their elective deferral contributions and rollover contributions.

Payment of benefits - On termination of service, a participant may elect to receive either a lump-sum payment or installment payments of the value of their vested percentage in their account subject to Plan provisions. On termination of service before retirement, a participant with a vested interest in their account balance of $5,000 or greater will receive the value of the vested interest in their account upon giving written consent to the Plan Trustee. Participants with a vested interest in their account balance of less than $5,000 may receive the value of the vested interest in their account in a lump-sum payment as soon as feasible following the date of termination.

Termination of Plan - While the Company has not expressed any intent to terminate the Plan, it has the right to do so subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in all amounts credited to their individual participant accounts.

Notes receivable from participants - Participants may borrow from their accounts a minimum of $500 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. All loans require repayment within five years except in the case of a loan used to acquire a principal residence. Loans are secured by the balance in the participant's account and bear interest at a commercially reasonable rate commensurate with the prevailing interest rate charged by other lenders for similar types of loans. Loan repayments of principal and interest must be in level payments not less than quarterly.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting - The Plan prepares its financial statements on the accrual basis of accounting.

Investment valuation and income recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends on mutual funds are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation or depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants - Participant loans are classified as notes receivable from participants and are measured at their unpaid principal balance plus any accrued but unpaid interest. Notes receivable from participants are reported as investments on Form 5500. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

Payment of benefits - Benefits are recorded when paid.

Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and the accompanying notes. Actual results could differ from those estimates.

Subsequent events - The Plan has evaluated events and transactions for potential recognition or disclosure through September 20, 2019, the date the financial statements were available to be issued.

3. INVESTMENTS

Participants direct the investment of amounts credited to their accounts among various funds having different investment objectives. The Plan's investment programs are with Reliance Trust Company, the trustee of the Plan.

Reliance Trust Company has certified to the accuracy and completeness of the investments and notes receivable from participants, and related investment income and interest income on notes receivable from participants, as reported in the accompanying financial statements and supplemental schedule.

4. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, "Fair Value Measurement," establishes a framework for measuring fair value that provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are summarized as follows:

Level 1 - Valuations based on unadjusted quoted prices in active markets for identical assets or liabilities that the Plan can access. Since valuations are based on quoted prices that are readily and regularly available in an active market, valuation of these securities does not entail a significant degree of judgment. Level 1 investments of the Plan consist of registered investment companies (mutual funds, including a money market fund) which are valued at the net asset value ("NAV") of shares held by the Plan at year end where NAV is publicly available.

Level 2 - Valuations based on quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active or inputs other than quoted prices that are observable, either directly or indirectly.

Level 3 - Valuations based on inputs that are unobservable and significant to the overall fair value measurement that reflect the assumptions that market participants would use.

In certain cases, the inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, for disclosure purposes, the level in the fair value hierarchy within which the fair value measurement falls in its entirety is determined by the lowest level input that is significant to the fair value measurement. Although the degree of judgment exercised by the Plan in determining fair value is greatest for investments categorized in Level 3, the inputs or methodology used for valuing investments are not necessarily an indication of the risk associated with those investments.

All investments measured at fair value at December 31, 2018 and 2017 are mutual funds and fall within Level 1 of the fair value hierarchy.

5. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits between that shown on the financial statements and on Form 5500:

	December 31, 2018	December 31, 2017
Net Assets Available for Benefits per the Financial Statements	$ 5,933,240	$ 5,966,605
Less: Employer contributions receivable	(135,372)	(104,568)
Participant contributions receivable	-	(7,217)
Add: Excess contributions payable	5,316	3,529
Net Assets Available for Benefits per Form 5500	$ 5,803,184	$ 5,858,349

The following is a reconciliation for the year ended December 31, 2018 of the net decrease in net assets available for benefits between that shown on the financial statements and on Form 5500:

Net decrease in net assets available for benefits per the financial statements	$	(143,326)
Less: Contributions receivable December 31, 2018		(135,372)
Add: Contributions receivable December 31, 2017		111,785
Add: Excess contributions payable December 31, 2018		5,316
Less: Excess contributions payable December 31, 2017		(3,529)
Net decrease in net assets available for benefits per Form 5500	$	(165,126)

6. EXCESS CONTRIBUTIONS PAYABLE

Contributions received from employees for 2018 and 2017 are reported net of excess deferral contributions of $5,316 and $3,529, respectively, which were refunded to certain active participants in the subsequent year as required to satisfy the relevant nondiscrimination provisions of the Plan. These amounts are reported in the Plan's statements of net assets available for benefits as excess contributions payable to participants at December 31, 2018 and 2017.

7. TAX STATUS

The plan administrator adopted a prototype 401k plan that received a favorable determination letter from the Internal Revenue Service dated July 8, 2014. Although the Plan has been subsequently amended, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of ERISA and the Internal Revenue Code and therefore fulfills the criteria for exemption from federal and state income taxes.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2018, there are no uncertain positions taken or expected to be taken by the Plan that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2016.

8. PARTY-IN-INTEREST TRANSACTIONS

The Employer pays certain administrative expenses of the Plan. Certain services are rendered to the Plan by the Employer at no cost to the Plan. ADP, LLC is the recordkeeper of the Plan. Reliance Trust Company is the trustee of the Plan and executes the investment transactions. The charges by the recordkeeper and trustee for their services and charges by an investment advisor for investment advisory fees are paid directly from mutual fund companies whose investments are held by the Plan. Certain other costs incurred by the Plan in connection with administering the Plan are reported as administrative expenses on the statement of changes in net assets available for benefits.

9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
