NOTES TO FINANCIAL STATEMENTS
December 31, 2018 and 2017

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Decorative Panels 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering substantially all non-union employees of Decorative Panels International, Inc. (the "Company"). Employees are eligible at their date of hire. Eligible employees may enter the Plan on the first day on which they have met the eligibility requirement and are automatically enrolled at a deferral rate of 6% of eligible wages. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions: Each year, participants may contribute up to 50% of their pretax annual compensation to the Plan. Any participant who is age 50 by the end of the Plan year may contribute additional "catch-up" contributions. Participants may also contribute in the form of a direct rollover, amounts representing distributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company contributes a safe harbor matching contribution equal to 100% of the first 4% of pretax contributions. The Company may also make discretionary profit sharing contributions equal to a percentage, to be determined by the Company, of the participant's compensation. During the year ended December 31, 2018, the Company made safe harbor matching contributions of \$257,271 to the Plan.

Participant Accounts: Each participant's account is credited with the participant's contribution and allocation of (a) the Company's contribution and (b) Plan earnings and charged with withdrawals and an allocation of Plan losses and administrative expenses. Allocations are based on participant earnings, participant contributions or account balances, as defined. The benefit to which a participant is entitled is the vested benefit from the participant's account.

Retirement, Death, and Disability: A participant, or beneficiary, is entitled to a distribution of 100% of his or her account balance upon retirement, death, or disability.

Vesting: Participants are immediately vested in their voluntary contributions, employer matching contributions, profit sharing and rollover contributions plus actual earnings thereon.

Payment of Benefits: Upon termination of service, a participant may elect to receive the value of the vested portion of their account as a lump-sum amount. Active participants who have attained the age of 59 ½ may elect an in-service distribution. As of December 31, 2018, there were no distributions that had been requested that had not been paid.

Notes Receivable from Participants: Participants may borrow from their accounts in amounts up to a maximum of \$50,000 or 50% of the participants vested account balance, whichever is less. The notes receivable from participants are secured by the balance in the participant's account and bear varying rates of interest, which are commensurate with local prevailing rates as determined by the plan administrator. Principal and interest are paid through payroll deductions.

Administrative and Investment Management Expenses: Loan origination fees associated with notes receivable from participants and the Plan's record keeping and trustee fees are paid by the Plan and are reflected in the financial statements as administrative expenses of the Plan. Investment management fees are charged to the Plan as a reduction of investment return and included in the investment income (loss) reported by the Plan. All other expenses of the Plan are paid by the Company.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The principles and policies which significantly affect the determination of net assets available for benefits and results of operations are summarized below.

Basis of Accounting: The financial statements of the Plan are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value. Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. The effect of a change in valuation technique or its application on a fair value estimate is accounted for prospectively as a change in accounting estimate. When evaluating indications of fair value resulting from the use of multiple valuation techniques, the Plan is to select the point within the resulting range of reasonable estimates of fair value that is most representative of fair value under current market conditions.

Purchases and sales of securities are recorded on a trade-date basis. Gain or losses on sales of securities are accounted for on the trade date, when the order to buy or sell is executed. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants: Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits: Benefits are recorded when paid.

Risks and Uncertainties: The Plan provides for various investment options. The underlying investments are exposed to various risks, such as interest rate, market, liquidity and credit risks. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Subsequent Events: Management has performed an analysis of the activities and transactions subsequent to December 31, 2018 to determine the need for any adjustment to and/or disclosures within the financial statements for the year ended December 31, 2018. Management has performed their analysis through September 23, 2019, the date the financial statements were available to be issued.

NOTE 3 - UNAUDITED INFORMATION - CERTIFIED INVESTMENTS AND NOTES RECEIVABLE FROM PARTICIPANTS

Substantially all information in the financial statements relating to investments and notes receivable from participants, including the related interest and dividend income, net depreciation in fair value of investments, and interest earned on notes receivable from participants, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Reliance Trust Company, the trustee of the Plan, in accordance with 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. This information has not been audited by independent accountants.

NOTE 4 - FAIR VALUE MEASUREMENTS

The Plan uses the following fair value hierarchy which requires it to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

- Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.
- Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.
- Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following descriptions of the valuation methods and assumptions used by the trustee and the Plan administrator to estimate the fair values of investments apply to investments held directly by the Plan:

Mutual funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

DECORATIVE PANELS 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2018 and 2017

NOTE 4 - FAIR VALUE MEASUREMENTS (Continued)

Collective trust: The fair values of interests in the Stable Value Common Trust are based upon the net asset values of such funds reflecting all investments at fair value, including direct and indirect interests in fully benefit-responsive contracts, as reported in the audited financial statements of the fund as of the Plan's financial statement date. The fund invests in guaranteed investment contracts issued by insurance companies; investment contracts issued by banks; structured or synthetic investment contracts issued by banks, insurance companies and other issues; as well as the securities supporting the underlying assets, with the objective of providing a high level of return that is consistent with also providing stability of investment return, preservation of capital and liquidity to pay plan benefits for withdrawals for certain participant initiated transactions. The fund provides for daily redemptions by the Plan at reported net asset value per share, with no advance notification requirements or redemption restrictions.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments stated at fair value on a recurring basis are summarized below:

	Fair Value Measurements as of December 31, 2018 Using	
		Quoted Prices in Active Markets For Identical Assets (Level 1)
	<u>Total</u>	
Mutual funds	\$ 9,076,335	\$ 9,076,355
Collective trust*	<u>1,222,066</u>	<u>-</u>
	<u>\$ 10,298,401</u>	<u>\$ 9,076,355</u>

	Fair Value Measurements as of December 31, 2017 Using	
		Quoted Prices in Active Markets For Identical Assets (Level 1)
	<u>Total</u>	
Mutual funds	\$ 10,780,272	\$ 10,780,272
Collective trust*	<u>1,226,353</u>	<u>-</u>
	<u>\$ 12,006,625</u>	<u>\$ 10,780,272</u>

* Investments measured at fair value using net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the hierarchy tables for such investments are intended to permit reconciliation of the fair value hierarchy to the investments at fair value line item presented in the statements of net assets available for benefits.

NOTE 5 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan subject to the provisions of ERISA.

NOTE 6 - INCOME TAX STATUS

The Company has adopted a standardized prototype plan. This prototype plan has received a favorable opinion letter from the Internal Revenue Service dated June 1, 2015, stating that the form of the document is acceptable under Internal Revenue Code ("IRC") Section 401. Plans that adopt prototype documents are not required to file for an individual determination letter. Although the Plan has been amended from the applicable prototype plan document that received the opinion letter, the Plan Administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018 and 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2015.

NOTE 7 - PARTIES-IN-INTEREST

Parties-in-interest are defined under DOL Rules and Regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer and certain others. Certain Plan investments are in T. Rowe Price funds or funds issued by T. Rowe Price Trust Company. T. Rowe Price Retirement Plan Services, Inc. serves as relationship manager to the Plan and is considered a party-in-interest. In addition, notes receivable from participants are considered parties-in-interest. Investments in T. Rowe Price funds or funds issued by T. Rowe Price Trust Company and notes receivable from participants aggregated \$10,338,882 and \$12,038,732 at December 31, 2018 and 2017, respectively.

The Company provides certain administrative services to the Plan for which it receives no compensation. The Company also pays for certain professional services to the Plan.
